NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the AMERICAN HEALTH IMAGING, INC. 401(k) PROFIT SHARING PLAN (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all full-time employees of American Health Imaging, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Custodian and Trustee: As of the September 14, 2019 the plan switched from MassMutual to Empower, as the custodian and trustee of record. Empower Retirement ("Empower"), the brand name of Great-West Life & Annuity Insurance Company ("GWL&A") and its subsidiary, provides all administrative services to support the insurance contracts issued by GWL&A. FASCore, LLC ("FASCore"), a wholly owned subsidiary of GWL&A, in its capacity as recordkeeper and directed services provider, does not hold plan assets or initiate transaction processing. Great-West Trust ("GWT"), a Colorado based trust company and a wholly owned subsidiary of GWL&A, provides trust and custodial services to the Plan as a directed trustee, that is, GWT may only invest Plan assets as directed by the Company.

Contributions: Each year, participants may contribute pre-tax annual compensation, as defined in the Plan, or the maximum statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as provided by the Economic Growth and Tax Relief Reconciliation Act of 2001.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan, as described above. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a Qualified

NOTE 1 - DESCRIPTION OF PLAN (continued)

Default Investment Alternative, Fidelity Freedom Index Funds. The specific fund that the participant is automatically invested depends on the date of birth of the participant and remains in the fund until changed by the participant. At its discretion, the Company may make a matching contribution and may also make discretionary contributions. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

No matching contributions or discretionary contributions were made by the Company for the years ended December 31, 2021 or 2020.

The Company may make a qualified non-elective contribution ("QNEC") which would be allocated to non-highly compensated eligible employees, subject to certain limitations. No QNECs were made during the years ended December 31, 2021 or 2020.

Participant Accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, rollover contributions, QNEC's and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on five years of continuous service at 20 percent each year.

Loans to participants: Participants may borrow from their fund accounts a minimum of $1.000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. The loan interest rate as of December 31, 2021 and 2020 was approximately 6.00% and 4.25%, respectively. Principal and interest is paid ratably through monthly payroll deductions, and the repayment term may not exceed five years. Loans become due and payable in full upon the participant's termination of employment. Interest accrued on loans to participants is included in notes receivable to participants as of December 31, 2021 and 2020.

Beginning in the year ended December 31, 2020, for participants who meet the coronavirus eligibility requirements, the Plan offers a one-year suspension of outstanding loan payments due from March 27, 2020 to December 31, 2020. The Plan also provides for delayed repayment options for new coronavirus-related loans taken prior to September 23, 2020. Subsequent payments will be adjusted to reflect such delay in due dates and the delay will be disregarded for purposes of determining the 60-month maximum repayment period.

Payment of Benefits: Plan benefits are available on termination of service due to death, disability, or retirement. The normal retirement age is 65. A participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service withdrawals of all or a portion of a participant's vested account balance are allowed for participants reaching the age of 59 ½, for hardships (under IRS safe-harbor hardship rules), for participants becoming disabled, and upon reaching normal retirement age.

Beginning in the year ended December 31, 2020, the Plan offers coronavirus-related distributions to participants who meet certain coronavirus eligibility requirements. These distributions include a waiver of the 10% early distribution penalty tax (for distributions before age 59 1/2), as well as provisions for a 3-year repayment of the distribution. Participants can elect to have the regular income taxes on the distribution spread over three years and the standard 20% withholding tax is not required.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Administrative Expenses: The Company, at its discretion, may pay any or all of the administrative expenses on behalf of the Plan. Otherwise, the administrative expenses are paid from the Plan assets allocated among Plan participants or from forfeited account balances or a combination thereof. Fees related to the administration of notes receivable from participants are charged directly to the participant's account.

Forfeited Accounts: Upon withdrawal of a participant's vested balance, any non-vested balance is forfeited. Forfeited balances are used to reduce future Company contributions or to pay Plan expenses. As of December 31, 2021 and 2020, the forfeiture account balances were $0.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The COVID-19 pandemic has negatively impacted the world economy and generated volatility in the financial markets, including with respect to the market price of the Plan assets. These economic and market conditions and other effects of the COVID-19 pandemic may continue to adversely affect the Plan. The extent to which the COVID-19 pandemic will ultimately impact the Plan's participants' account balances and the amounts reported in the 2020 and 2019 Statements of Net Assets Available for Benefits cannot be predicted at this time.

Classification and Measurement of Financial Instruments: As of December 31, 2019, the Plan adopted Accounting Standards Update (ASU) 2016-01, "Recognition and Measurement of Financial Assets and Financial Liabilities." This ASU amends certain aspects of current guidance on the recognition, measurement and disclosure of financial instruments. Among other changes, this ASU requires most equity investments to be measured at fair value. Additionally, the ASU eliminates the requirement to disclose the method and significant assumptions used to estimate the fair value for instruments not recognized at fair value in the Plan's financial statements. The adoption of this standard did not have a material impact on the Plan's financial statements and related disclosures.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Accounting Standards Pending Adoption Credit Losses: In June 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-13, "Measurement of Credit Losses on Financial Instruments," which amends guidance on the impairment of financial instruments. The new guidance estimates credit losses based on expected losses, modifies the impairment model for available-for-sale debt securities and provides a simplified accounting model for purchased financial assets with credit deterioration. ASU 2016-13 is effective for annual reporting periods beginning after December 15, 2020. Early adoption is permitted for annual reporting periods beginning after December 15, 2018. The Plan is currently evaluating the impact that the adoption of this standard will have on its financial statements and related disclosures.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Excess Contributions Payable: The Plan is required to return contributions received during the Plan year in excess of the IRC limits. As of December 31, 2021 and 2020, the excess account balances were $7,321 and $19,672, respectively.

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments in pooled separate account funds and common collective trust funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fixed Account is considered to be a fully benefit-responsive contract and is reported at contract value, rather than fair value. The contract value is generally the amount that a participant would receive in a transaction, and so it is the most relevant value for participant and plan information purposes.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements: Financial Accounting Standards Board Statement (FASB) Accounting Standards Codification (ASC) Topic 820 (Fair Value Measurement), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability.

Level 3 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Account Funds and Common I Collective Trust Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV is determined daily based on fair value published by the issuer. Quoted prices are determined daily based on the fair value of the mutual funds and other securities in the accounts. These accounts can be traded daily at their NAV. (Level 2)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements (continued):

Fixed Account: Valued at liquidation value which is based on actuarial formula as defined under the terms of the contract. No unobservable inputs. (Level 2)

Participant loans: Valued at amortized cost, which approximates fair value. (Level 3)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

NOTE 3 - INVESTMENTS

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated $468,258 and $494,528 during the years ended December 31, 2021 and 2020, respectively.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of pooled separate accounts managed by Empower, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments in 2021 and 2020 to Empower and/or MassMutual of $37,497 and $35,027, respectively, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 5 - PLAN TERMINATIONS

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2021 and 2020, and investment income and interest income on notes receivable from participants for the year ended December 31, 2021, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
