Notes to Financial Statements
For the Year Ended December 31, 2021

1. Description of the Plan

The following description of the Nexdine, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Nexdine, LLC (the “Employer”). Employees are eligible to voluntarily participate in the Plan after completing three (3) months of service and have attained the age of 21 years. After completing one year of eligible service, employees are eligible for the employer matching contribution. After completing two years of eligible service, employees are eligible for the employer profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each participant may contribute up to 100% of his or her compensation as defined in the Plan, or the amount allowed by the Internal Revenue Service (up to a maximum of \$19,500 in 2021 or \$26,000 for participants who are at least fifty years of age). On behalf of each participant, the Employer makes a fixed matching contribution equal to 15% of each participant’s elective deferral not exceeding 5% of the participant’s compensation. Contributions are subject to certain limitations and are recorded on a pre-tax or post-tax basis.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, and allocations of (a) the Employer’s contribution and (b) plan earnings, and charged with an allocation of administrative expenses.

Employer Profit Sharing Contributions

The Employer has a discretionary profit-sharing plan and the contribution is at the complete and sole discretion of the Employer and may vary from year to year.

Forfeitures

The Plan provides that forfeited non-vested accounts are used to offset Employer contributions. Forfeitures were immaterial to the plan as a whole as of December 31, 2021 and for the year then ended.

Vesting

Participants are vested immediately in their contributions, any Qualified Non-Elective Employer Contributions and discretionary profit-sharing contributions, plus actual earnings thereon. Vesting in the employer’s discretionary matching contribution portion of their accounts is based on years of service. A participant is 100% vested after 5 or more years of credited service in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1 year	0%
1 year but less than 2 years	20%
2 years but less than 3 years	40%
3 years but less than 4 years	60%
4 years but less than 5 years	80%
5 years or more	100%

1. Description of the Plan (Continued)

Participant Notes Receivable

Participants may borrow from their fund accounts to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Interest rates on outstanding loan balances are 4.25 percent at December 31, 2021. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to retirement, termination of employment, death or permanent or total disability, a participant will receive a lump sum distribution or installment payments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The following accounting policies, which conform with accounting principles generally accepted in the United States of America ("GAAP"), have been used consistently in the preparation of the Plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Loans to participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make a loan repayment and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits to Participants

Benefits are recorded when paid.

2. Summary of Accounting Policies (Continued)

Basis of Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurements and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the prices that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements.

For the Year Ended December 31, 2021

3. Fair Value Measurements

Investments in registered investment companies of \$1,348,832 and \$930,940 at December 31, 2021 and 2020, respectively, are measured at fair value using the daily closing price as reported by the investment. The registered investment companies are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded. As such, investments in registered investment companies are included in Level 1 of the fair value hierarchy described in Note 2, *Basis of Fair Value Measurement*.

Investments in pooled separate accounts of \$151,971 and \$137,767 at December 31, 2021 and 2020, respectively, are measured at fair value using net asset value per share based on the fair value of the underlying investments. In accordance with Financial Accounting Standards Board Standards Codification Topic 820-10, such investments are not required to be classified within the fair value hierarchy described in Note 2, *Basis of Fair Value Measurement*.

4. Information Prepared and Certified by Trustee

The following is a summary of investment information regarding the Plan as of December 31, 2021 and 2020 and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information prepared by Principal Life Insurance Company ("Principal") and Delaware Charter Guarantee and Trust Company, the trustees of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certification from the trustees that such information is complete and accurate.

	<u>2021</u>	<u>2020</u>
Investments, at fair value		
Pooled separate accounts	\$ 151,971	\$ 137,767
Registered investment companies	1,348,832	930,940
 Net appreciation in fair value of pooled separate accounts	 9,828	
Net appreciation in fair value of registered investment companies	136,428	
Dividend income	-	

5. Party-in-Interest Transactions

Certain plan investments are shares of pooled separate accounts managed by Principal. Additionally, the Plan makes loans to participants. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Tax Status

Pursuant to an adoption agreement of the prototype plan offered by The MandMarblestone Group, LLC (the "TPA"), on which the Internal Revenue Service determined and informed the TPA by letter dated March 31, 2014 that the prototype plan was qualified under IRC Section 401(a), the Plan administrator and the Plan's tax counsel believe that the Plan is qualified under IRC Section 401(a). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Plan Termination and Amendment

Although the Employer has not expressed any intent to do so, the Employer has the right, under the Plan agreement, to discontinue contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

9. Subsequent Events

Nexdine, LLC 401(k) Profit Sharing Plan did not have any recognized or non-recognized subsequent events after December 31, 2021, the date of the statement of net assets available for benefits. Subsequent events have been evaluated through October 7, 2022, the date the financial statements were available to be issued.
