Part I	Service Provider Information (see instructions)
---------------	--

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No

b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

SCHEDULE H (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2021 This Form is Open to Public Inspection
--	--	---

For calendar plan year 2021 or fiscal plan year beginning 01/01/2021 and ending 12/31/2021		
A Name of plan KEURIG DR PEPPER 401(K) PLAN	B Three-digit plan number (PN) ►	010
C Plan sponsor's name as shown on line 2a of Form 5500 KEURIG DR PEPPER INC.	D Employer Identification Number (EIN) 98-0517725	

Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash.....	1a	0	0
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions	1b(1)	0	0
(2) Participant contributions.....	1b(2)	0	0
(3) Other	1b(3)	0	0
c General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit)	1c(1)	979579	596444
(2) U.S. Government securities	1c(2)	0	0
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred	1c(3)(A)	0	0
(B) All other	1c(3)(B)	0	0
(4) Corporate stocks (other than employer securities):			
(A) Preferred	1c(4)(A)	54669	52034
(B) Common	1c(4)(B)	1192567	1393818
(5) Partnership/joint venture interests	1c(5)	0	0
(6) Real estate (other than employer real property)	1c(6)	0	0

(8) Participant loans	1c(8)	32836891	32903292
(9) Value of interest in common/collective trusts	1c(9)	1393535348	1526030919
(10) Value of interest in pooled separate accounts	1c(10)	0	0
(11) Value of interest in master trust investment accounts	1c(11)	0	0
(12) Value of interest in 103-12 investment entities	1c(12)	0	0
(13) Value of interest in registered investment companies (e.g., mutual funds)	1c(13)	169422921	202755871
(14) Value of funds held in insurance company general account (unallocated contracts).....	1c(14)	0	0
(15) Other.....	1c(15)	0	0

		(a) Beginning of Year	(b) End of Year
1d	Employer-related investments:		
(1)	Employer securities.....	1d(1) 0	0
(2)	Employer real property.....	1d(2) 0	0
e	Buildings and other property used in plan operation	1e 0	0
f	Total assets (add all amounts in lines 1a through 1e)	1f 1598021975	1763732378
Liabilities			
g	Benefit claims payable	1g 0	0
h	Operating payables	1h 0	0
i	Acquisition indebtedness.....	1i 0	0
j	Other liabilities.....	1j 0	0
k	Total liabilities (add all amounts in lines 1g through 1j)	1k 0	0
Net Assets			
l	Net assets (subtract line 1k from line 1f)	1l 1598021975	1763732378

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

		(a) Amount	(b) Total
Income			
a	Contributions:		
(1)	Received or receivable in cash from: (A) Employers	2a(1)(A) 56501761	
	(B) Participants	2a(1)(B) 77704159	
	(C) Others (including rollovers).....	2a(1)(C) 16046098	
(2)	Noncash contributions.....	2a(2) 0	150252018
(3)	Total contributions. Add lines 2a(1)(A), (B), (C), and line 2a(2)	2a(3)	
b	Earnings on investments:		
(1)	Interest:		1715225
(A)	Interest-bearing cash (including money market accounts and certificates of deposit).....	2b(1)(A) 62	
(B)	U.S. Government securities	2b(1)(B) 0	
(C)	Corporate debt instruments	2b(1)(C) 0	
(D)	Loans (other than to participants)	2b(1)(D) 0	
(E)	Participant loans.....	2b(1)(E) 1715163	
(F)	Other	2b(1)(F) 0	
(G)	Total interest. Add lines 2b(1)(A) through (F).....	2b(1)(G)	1715225
(2)	Dividends: (A) Preferred stock.....	2b(2)(A) 2610	8230647
	(B) Common stock	2b(2)(B) 4846	
	(C) Registered investment company shares (e.g. mutual funds).....	2b(2)(C) 8223191	
(D)	Total dividends. Add lines 2b(2)(A), (B), and (C)	2b(2)(D)	8230647
(3)	Rents	2b(3)	0
(4)	Net gain (loss) on sale of assets: (A) Aggregate proceeds	2b(4)(A) 575567	46295
	(B) Aggregate carrying amount (see instructions).....	2b(4)(B) 529272	
	(C) Subtract line 2b(4)(B) from line 2b(4)(A) and enter result	2b(4)(C)	
(5)	Unrealized appreciation (depreciation) of assets: (A) Real estate	2b(5)(A) 0	299447
	(B) Other	2b(5)(B) 299447	
	(C) Total unrealized appreciation of assets. Add lines 2b(5)(A) and (B)	2b(5)(C)	

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts.....	2b(6)		171914964
(7) Net investment gain (loss) from pooled separate accounts.....	2b(7)		0
(8) Net investment gain (loss) from master trust investment accounts.....	2b(8)		0
(9) Net investment gain (loss) from 103-12 investment entities.....	2b(9)		0
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds).....	2b(10)		20877785
c Other income.....	2c		0
d Total income. Add all income amounts in column (b) and enter total.....	2d		353336381
Expenses			
e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers.....	2e(1)	186090381

(5) Total administrative expenses. Add lines 2i(1) through (4).....	2i(5)		1149904
j Total expenses. Add all expense amounts in column (b) and enter total.....	2j		187625978
Net Income and Reconciliation			
k Net income (loss). Subtract line 2j from line 2d.....	2k		165710403
l Transfers of assets:			
(1) To this plan.....	2l(1)		0
(2) From this plan.....	2l(2)		0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: ARMANINO LLP

(2) EIN: 94-6214841

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

	Yes	No	Amount
4a	X		845003

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		25000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?	X		711
4l	X		711
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500. INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
Keurig Dr Pepper 401(k) Plan
Plano, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Keurig Dr Pepper 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Keurig Dr Pepper 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Keurig Dr Pepper 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keurig Dr Pepper 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keurig Dr Pepper 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keurig Dr Pepper 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of the year) as of December 31, 2021, and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Keurig Dr Pepper 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective January 1, 2008 and restated effective January 1, 2020.

Substantially all domestic employees of the Company are eligible to participate in the Plan, except for leased employees and certain employees covered by a collective bargaining agreement which does not provide for participation in the Plan.

All covered employees are eligible to participate in the Plan once they complete 60 days of employment, except for certain union employees whose eligibility is determined under their respective collective bargaining agreements, and certain temporary employees who commence participation after the first anniversary of their hire date. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, as well as the Code.

Administration

The Plan Sponsor is responsible for the administration and operation of the Plan. The Trustee is responsible for the custody and management of the Plan's assets. Fidelity Workplace Services LLC, an affiliate of the Trustee, provides record keeping and administrative services to the Plan.

Contributions

Each year, participants may contribute, through payroll deductions, up to 75% of their eligible compensation, as defined by the plan document and limited by Sections 402(g) and 415(c) of the Code. In 2021, the limitation on pre-tax contributions was \$19.5 thousand. For the purpose of determining contributions, compensation in 2021 was limited to \$290 thousand. Eligible participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, limited to \$6.5 thousand in 2021.

Covered employees who do not make affirmative elections for pre-tax contributions or who do not decline participation in the Plan are automatically enrolled in the Plan upon completion of 60 days of employment with a pre-tax contribution of 3%.

For each payroll period, the Company contributes an employer match of 100% of a participant's contributions up to an amount equal to 6% of the participant's eligible compensation. At the end of the plan year, the Company makes an additional matching contribution for each participant who is active on the last day of the plan year equal to the difference, if any, between i) 100% of the first 6% of the participant's compensation contributed as before and after tax contributions for the plan year, and ii) the sum of the matching contributions made for active participants for all payroll periods during the plan year. Certain employees covered by a collective bargaining agreement have different matching contribution formulas, as detailed in the plan document.

The Company may offer discretionary contributions each plan year. Participants are eligible for the discretionary contributions if they are a covered employee of the Plan, hold a position or title below the level of Director, have completed one year of service and are active participants on the last day of the plan year. The Company may make discretionary contributions in an amount equal to a certain percentage of eligible compensation for non-union employees, as determined by the Company. The Company made discretionary contributions of \$8,898 thousand for the 2021 plan year.

Participants may also make rollover contributions, which are distributions from other qualified retirement plans into the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions; the Company's contributions; and investment earnings or losses, which are based upon the participant's investment direction; and charged with direct expenses or an allocation of administrative expenses, as applicable. The amounts of investment earnings or losses are allocated to participants' accounts based on each participant's pro-rata mix of investments or the NAV of the funds in which the participant invests. The benefit to which the participant is entitled is limited to the vested amount of the participant's individual account.

Vesting

Participants are immediately vested in their contributions and the employer matching contributions made under the Plan to their respective plan accounts. The Company's discretionary contributions vest under the Plan when the participant has been employed by the Company for three years. Certain employees covered by collective bargaining agreements have different vesting periods, as detailed in the plan document.

Payment of Benefits

Withdrawals from the Plan are governed by applicable Code regulations and provisions of ERISA. No amounts may be withdrawn from a participant's pre-tax account before termination of employment with the Company unless the participant has either reached the age 59½ or is able to demonstrate financial hardship, as defined. The Plan permits withdrawals from after-tax contributions without proving financial hardship. Participants may withdraw their vested account balances in a lump sum upon termination of employment, full and permanent disability, death or retirement.

The Plan allowed impacted participants, as defined by the U.S. Treasury Department, to take COVID-19 related distributions according to the CARES Act provisions.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested under the Plan. Forfeitures are first applied to pay expenses related to the Plan, which would otherwise be paid by the Company. Forfeitures not used to pay expenses are applied to reduce Company contributions. For the year ended December 31, 2021, forfeitures totaling \$931 thousand were used to reduce Company contributions and pay plan expenses. Unallocated forfeitures totaled \$1,227 thousand and \$592 thousand as of December 31, 2021 and 2020, respectively.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$500 and up to a maximum equal to the lesser of \$50 thousand or 50% of their vested account balance minus the outstanding balance of any existing loans. Loan transactions are treated as a transfer between the investment fund and the participant loan fund. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Interest rates are fixed. Principal and interest are paid ratably through bi-weekly or weekly payroll deductions. A participant can make a one-time, lump sum repayment of their outstanding loan principal and accrued interest at any time without penalty.

As a result of the CARES Act, qualifying participants were able to borrow up to the lesser of \$100 thousand or 100% of their vested account balance. This increase was available through September 22, 2020. Additionally, repayments of outstanding notes receivable for qualifying participants were able to be suspended for up to one year for payments due from March 27, 2020 through December 31, 2020.

As of December 31, 2021 and 2020, interest rates on outstanding loans ranged from 4.25% to 10.75%.

Fidelity BrokerageLink

For the year ended December 31, 2021, participants may invest in certain mutual funds and exchange-traded funds not offered directly through the Plan, through participant-directed brokerage accounts held in Fidelity BrokerageLink.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with U.S. GAAP and under the requirements of ERISA.

Investment Valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Following is a description of the valuation methodologies used for assets measured at fair value.

CCT Funds: The NAV, as provided by the trustee of the CCT funds, is used as a practical expedient to estimate fair value. The NAV as a practical expedient is based on the fair value of the underlying investments held by the fund less its liabilities. The CCT funds are direct filing entities.

One of the CCT funds, the MIP, invests in fully benefit-responsive contracts. These contracts are benefit-responsive in that participants withdraw at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The MIP is reported at its fair value determined by quoted prices on similar investments in active markets.

Certain events (plan terminations and changes in laws and regulations, among others) may limit the ability of participants to access their investments at contract value. The likelihood of such events limiting the ability of the Plan to transact at contract value is not probable. Certain investments offered by the Plan may be deemed to compete with the MIP. Participants are prohibited from making a direct exchange from the MIP to such competing funds and must first exchange to a non-competing fund for 90 days.

Mutual Funds: The fair value of mutual fund investments is determined by obtaining quoted prices on nationally recognized securities exchanges.

Participant-Directed Brokerage Accounts: The fair value of investments in participant-directed brokerage accounts through Fidelity BrokerageLink is dependent on the nature of the underlying investment. The Plan generally allows for investment in Fidelity and non-Fidelity mutual funds, for which the fair value is determined by obtaining quoted prices on nationally recognized securities exchanges.

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of investments is comprised of realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to or on Behalf of Participants

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative Expenses

The Company incurs certain professional fees and payroll costs associated with plan administration. Other third-party administrative expenses are paid by the Plan. Each fund bears its own applicable expenses for investment management fees.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Presentation of Financial Statements

Effective January 1, 2021, the Company updated its presentation of certain CCT Funds investing in fully benefit-responsive contracts to be presented at estimated fair value, as opposed to NAV. The following table summarizes the revised and prior presentation of the Statement of Net Assets for the year ended December 31, 2020:

<i>(in thousands)</i>	Current Presentation	Prior Presentation
Investments, at fair value	1,565,185	1,561,269
Receivables:		
Notes receivable from participants	32,837	32,837
Participant contributions	1,852	1,852
Employer contributions	10,295	10,295
Total receivables	44,984	44,984
Net assets available for benefits	<u>\$ 1,610,169</u>	<u>\$ 1,606,253</u>

3. Fair Value Measurements

U.S. GAAP defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and the lowest priority to unobservable inputs (level 3 inputs). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations in which all significant input and significant value drivers are observable in active markets.

Level 3 - Valuations with one or more unobservable significant inputs that reflect the reporting entity's own assumptions.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

The methods used to value investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2021 and 2020, there were no restrictions on redemption or unfunded commitments for any of the major types of assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<i>(in thousands)</i>	Fair Value Hierarchy Level	December 31,	
		2021	2020
Mutual funds ⁽¹⁾	Level 1	\$ 185,221	\$ 150,061
MIP ⁽²⁾	Level 2	96,798	109,620
Participant-directed brokerage accounts ⁽³⁾	Level 1	5,174	4,314
CCT funds measured at NAV ⁽⁴⁾	n/a	1,443,636	1,301,190
Total investments at fair value		<u>\$ 1,730,829</u>	<u>\$ 1,565,185</u>

(1) Investments in mutual funds are valued based on quoted market prices multiplied by the number of shares held.

(2) The underlying investments held in the MIP are valued based on the quoted market prices of similar investments.

(3) Investments in self-directed brokerage accounts through Fidelity BrokerageLink are generally investments in mutual funds, which are valued based on quoted market prices multiplied by the number of shares held.

(4) The underlying investments held in the CCT funds were actively managed investment vehicles that were valued using NAV as a practical expedient to estimate fair value.

4. Information Certified by the Trustee (unaudited)

The Plan Sponsor has elected the method of annual reporting permitted by Section 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under this election, the Plan Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to investments and related investment income, or notes receivable from participants and related interest on such notes, reflected in the accompanying financial statements as of December 31, 2021 and 2020, and for the year ended December 31, 2021, and in the schedule of assets (held at end of year) (the "schedule") as of December 31, 2021, certified by the Trustee as complete and accurate, except for comparing such information to the information included in the Plan's financial statements and schedule. All other information included in the financial statements has been audited by the Plan's independent auditors.

The Trustee has certified that the following data included in the accompanying financial statements and schedule is complete and accurate as of December 31, 2021 and 2020, and for the year ended December 31, 2021:

<i>(in thousands)</i>	December 31,	
	2021	2020
Investments, at fair value	\$ 1,730,829	\$ 1,565,185
Notes receivable from participants	32,903	32,837

<i>(in thousands)</i>	For the Year Ended December 31, 2021
Interest and dividends	\$ 10,057
Interest on notes receivable from participants	1,715
Net appreciation in fair value of investments	191,312

5. Tax Status

The Plan received a favorable determination letter regarding the Plan's tax exempt status under Section 401(a) of the Code in May 2017. No provision for income taxes has been included in the Plan's financial statements. The Plan Sponsor believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

6. Plan Termination

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to amend or discontinue the Plan at any time. In the event the Plan is discontinued, the Plan's assets will be distributed to the participants in accordance with the Plan's provisions and subject to the provisions of ERISA. In the event of the Plan's termination, participants would be fully vested in their accounts.

7. Party-in-Interest Transactions

The Plan's investments are managed by the Trustee. For the year ended December 31, 2021, the Plan paid the Trustee investment and management fees totaling \$1,150 thousand. Also, the Plan Sponsor pays certain fees on behalf of the Plan. The Trustee additionally receives payments, directly from the Plan's investments, for investment option fees as part of the Plan's fee arrangement. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. All such transactions are considered "exempt" transactions under ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and changes therein.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020 to the Form 5500:

<i>(in thousands)</i>	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 1,776,368	\$ 1,610,169
Employer contributions receivable	(10,358)	(10,295)
Employee contributions receivable	(2,278)	(1,852)
Net assets available for benefits per the Form 5500	<u>\$ 1,763,732</u>	<u>\$ 1,598,022</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Form 5500:

<i>(in thousands)</i>	For the Year Ended December 31, 2021
Change in net assets available for benefits per the financial statements	\$ 166,199
Change in employer contributions receivable	(63)
Change in employee contributions receivable	(426)
Change in net assets available for benefits per the Form 5500	<u>\$ 165,710</u>

10. Subsequent Events

Plan management has evaluated subsequent events through September 14, 2022, which is the date these financial statements were available for issuance.

INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
Keurig Dr Pepper 401(k) Plan
Plano, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Keurig Dr Pepper 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Keurig Dr Pepper 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Keurig Dr Pepper 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keurig Dr Pepper 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keurig Dr Pepper 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keurig Dr Pepper 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of the year) as of December 31, 2021, and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Keurig Dr Pepper 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective January 1, 2008 and restated effective January 1, 2020.

Substantially all domestic employees of the Company are eligible to participate in the Plan, except for leased employees and certain employees covered by a collective bargaining agreement which does not provide for participation in the Plan.

All covered employees are eligible to participate in the Plan once they complete 60 days of employment, except for certain union employees whose eligibility is determined under their respective collective bargaining agreements, and certain temporary employees who commence participation after the first anniversary of their hire date. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, as well as the Code.

Administration

The Plan Sponsor is responsible for the administration and operation of the Plan. The Trustee is responsible for the custody and management of the Plan's assets. Fidelity Workplace Services LLC, an affiliate of the Trustee, provides record keeping and administrative services to the Plan.

Contributions

Each year, participants may contribute, through payroll deductions, up to 75% of their eligible compensation, as defined by the plan document and limited by Sections 402(g) and 415(c) of the Code. In 2021, the limitation on pre-tax contributions was \$19.5 thousand. For the purpose of determining contributions, compensation in 2021 was limited to \$290 thousand. Eligible participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, limited to \$6.5 thousand in 2021.

Covered employees who do not make affirmative elections for pre-tax contributions or who do not decline participation in the Plan are automatically enrolled in the Plan upon completion of 60 days of employment with a pre-tax contribution of 3%.

For each payroll period, the Company contributes an employer match of 100% of a participant's contributions up to an amount equal to 6% of the participant's eligible compensation. At the end of the plan year, the Company makes an additional matching contribution for each participant who is active on the last day of the plan year equal to the difference, if any, between i) 100% of the first 6% of the participant's compensation contributed as before and after tax contributions for the plan year, and ii) the sum of the matching contributions made for active participants for all payroll periods during the plan year. Certain employees covered by a collective bargaining agreement have different matching contribution formulas, as detailed in the plan document.

The Company may offer discretionary contributions each plan year. Participants are eligible for the discretionary contributions if they are a covered employee of the Plan, hold a position or title below the level of Director, have completed one year of service and are active participants on the last day of the plan year. The Company may make discretionary contributions in an amount equal to a certain percentage of eligible compensation for non-union employees, as determined by the Company. The Company made discretionary contributions of \$8,898 thousand for the 2021 plan year.

Participants may also make rollover contributions, which are distributions from other qualified retirement plans into the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions; the Company's contributions; and investment earnings or losses, which are based upon the participant's investment direction; and charged with direct expenses or an allocation of administrative expenses, as applicable. The amounts of investment earnings or losses are allocated to participants' accounts based on each participant's pro-rata mix of investments or the NAV of the funds in which the participant invests. The benefit to which the participant is entitled is limited to the vested amount of the participant's individual account.

Vesting

Participants are immediately vested in their contributions and the employer matching contributions made under the Plan to their respective plan accounts. The Company's discretionary contributions vest under the Plan when the participant has been employed by the Company for three years. Certain employees covered by collective bargaining agreements have different vesting periods, as detailed in the plan document.

Payment of Benefits

Withdrawals from the Plan are governed by applicable Code regulations and provisions of ERISA. No amounts may be withdrawn from a participant's pre-tax account before termination of employment with the Company unless the participant has either reached the age 59½ or is able to demonstrate financial hardship, as defined. The Plan permits withdrawals from after-tax contributions without proving financial hardship. Participants may withdraw their vested account balances in a lump sum upon termination of employment, full and permanent disability, death or retirement.

The Plan allowed impacted participants, as defined by the U.S. Treasury Department, to take COVID-19 related distributions according to the CARES Act provisions.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested under the Plan. Forfeitures are first applied to pay expenses related to the Plan, which would otherwise be paid by the Company. Forfeitures not used to pay expenses are applied to reduce Company contributions. For the year ended December 31, 2021, forfeitures totaling \$931 thousand were used to reduce Company contributions and pay plan expenses. Unallocated forfeitures totaled \$1,227 thousand and \$592 thousand as of December 31, 2021 and 2020, respectively.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$500 and up to a maximum equal to the lesser of \$50 thousand or 50% of their vested account balance minus the outstanding balance of any existing loans. Loan transactions are treated as a transfer between the investment fund and the participant loan fund. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Interest rates are fixed. Principal and interest are paid ratably through bi-weekly or weekly payroll deductions. A participant can make a one-time, lump sum repayment of their outstanding loan principal and accrued interest at any time without penalty.

As a result of the CARES Act, qualifying participants were able to borrow up to the lesser of \$100 thousand or 100% of their vested account balance. This increase was available through September 22, 2020. Additionally, repayments of outstanding notes receivable for qualifying participants were able to be suspended for up to one year for payments due from March 27, 2020 through December 31, 2020.

As of December 31, 2021 and 2020, interest rates on outstanding loans ranged from 4.25% to 10.75%.

Fidelity BrokerageLink

For the year ended December 31, 2021, participants may invest in certain mutual funds and exchange-traded funds not offered directly through the Plan, through participant-directed brokerage accounts held in Fidelity BrokerageLink.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with U.S. GAAP and under the requirements of ERISA.

Investment Valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Following is a description of the valuation methodologies used for assets measured at fair value.

CCT Funds: The NAV, as provided by the trustee of the CCT funds, is used as a practical expedient to estimate fair value. The NAV as a practical expedient is based on the fair value of the underlying investments held by the fund less its liabilities. The CCT funds are direct filing entities.

One of the CCT funds, the MIP, invests in fully benefit-responsive contracts. These contracts are benefit-responsive in that participants withdraw at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The MIP is reported at its fair value determined by quoted prices on similar investments in active markets.

Certain events (plan terminations and changes in laws and regulations, among others) may limit the ability of participants to access their investments at contract value. The likelihood of such events limiting the ability of the Plan to transact at contract value is not probable. Certain investments offered by the Plan may be deemed to compete with the MIP. Participants are prohibited from making a direct exchange from the MIP to such competing funds and must first exchange to a non-competing fund for 90 days.

Mutual Funds: The fair value of mutual fund investments is determined by obtaining quoted prices on nationally recognized securities exchanges.

Participant-Directed Brokerage Accounts: The fair value of investments in participant-directed brokerage accounts through Fidelity BrokerageLink is dependent on the nature of the underlying investment. The Plan generally allows for investment in Fidelity and non-Fidelity mutual funds, for which the fair value is determined by obtaining quoted prices on nationally recognized securities exchanges.

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of investments is comprised of realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to or on Behalf of Participants

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative Expenses

The Company incurs certain professional fees and payroll costs associated with plan administration. Other third-party administrative expenses are paid by the Plan. Each fund bears its own applicable expenses for investment management fees.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Presentation of Financial Statements

Effective January 1, 2021, the Company updated its presentation of certain CCT Funds investing in fully benefit-responsive contracts to be presented at estimated fair value, as opposed to NAV. The following table summarizes the revised and prior presentation of the Statement of Net Assets for the year ended December 31, 2020:

<i>(in thousands)</i>	Current Presentation	Prior Presentation
Investments, at fair value	1,565,185	1,561,269
Receivables:		
Notes receivable from participants	32,837	32,837
Participant contributions	1,852	1,852
Employer contributions	10,295	10,295
Total receivables	44,984	44,984
Net assets available for benefits	<u>\$ 1,610,169</u>	<u>\$ 1,606,253</u>

3. Fair Value Measurements

U.S. GAAP defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and the lowest priority to unobservable inputs (level 3 inputs). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations in which all significant input and significant value drivers are observable in active markets.

Level 3 - Valuations with one or more unobservable significant inputs that reflect the reporting entity's own assumptions.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

The methods used to value investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2021 and 2020, there were no restrictions on redemption or unfunded commitments for any of the major types of assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<i>(in thousands)</i>	Fair Value Hierarchy Level	December 31,	
		2021	2020
Mutual funds ⁽¹⁾	Level 1	\$ 185,221	\$ 150,061
MIP ⁽²⁾	Level 2	96,798	109,620
Participant-directed brokerage accounts ⁽³⁾	Level 1	5,174	4,314
CCT funds measured at NAV ⁽⁴⁾	n/a	1,443,636	1,301,190
Total investments at fair value		<u>\$ 1,730,829</u>	<u>\$ 1,565,185</u>

(1) Investments in mutual funds are valued based on quoted market prices multiplied by the number of shares held.

(2) The underlying investments held in the MIP are valued based on the quoted market prices of similar investments.

(3) Investments in self-directed brokerage accounts through Fidelity BrokerageLink are generally investments in mutual funds, which are valued based on quoted market prices multiplied by the number of shares held.

(4) The underlying investments held in the CCT funds were actively managed investment vehicles that were valued using NAV as a practical expedient to estimate fair value.

4. Information Certified by the Trustee (unaudited)

The Plan Sponsor has elected the method of annual reporting permitted by Section 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under this election, the Plan Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to investments and related investment income, or notes receivable from participants and related interest on such notes, reflected in the accompanying financial statements as of December 31, 2021 and 2020, and for the year ended December 31, 2021, and in the schedule of assets (held at end of year) (the "schedule") as of December 31, 2021, certified by the Trustee as complete and accurate, except for comparing such information to the information included in the Plan's financial statements and schedule. All other information included in the financial statements has been audited by the Plan's independent auditors.

The Trustee has certified that the following data included in the accompanying financial statements and schedule is complete and accurate as of December 31, 2021 and 2020, and for the year ended December 31, 2021:

<i>(in thousands)</i>	December 31,	
	2021	2020
Investments, at fair value	\$ 1,730,829	\$ 1,565,185
Notes receivable from participants	32,903	32,837

<i>(in thousands)</i>	For the Year Ended December 31, 2021
Interest and dividends	\$ 10,057
Interest on notes receivable from participants	1,715
Net appreciation in fair value of investments	191,312

5. Tax Status

The Plan received a favorable determination letter regarding the Plan's tax exempt status under Section 401(a) of the Code in May 2017. No provision for income taxes has been included in the Plan's financial statements. The Plan Sponsor believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

6. Plan Termination

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to amend or discontinue the Plan at any time. In the event the Plan is discontinued, the Plan's assets will be distributed to the participants in accordance with the Plan's provisions and subject to the provisions of ERISA. In the event of the Plan's termination, participants would be fully vested in their accounts.

7. Party-in-Interest Transactions

The Plan's investments are managed by the Trustee. For the year ended December 31, 2021, the Plan paid the Trustee investment and management fees totaling \$1,150 thousand. Also, the Plan Sponsor pays certain fees on behalf of the Plan. The Trustee additionally receives payments, directly from the Plan's investments, for investment option fees as part of the Plan's fee arrangement. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. All such transactions are considered "exempt" transactions under ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and changes therein.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020 to the Form 5500:

<i>(in thousands)</i>	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 1,776,368	\$ 1,610,169
Employer contributions receivable	(10,358)	(10,295)
Employee contributions receivable	(2,278)	(1,852)
Net assets available for benefits per the Form 5500	<u>\$ 1,763,732</u>	<u>\$ 1,598,022</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Form 5500:

<i>(in thousands)</i>	For the Year Ended December 31, 2021
Change in net assets available for benefits per the financial statements	\$ 166,199
Change in employer contributions receivable	(63)
Change in employee contributions receivable	(426)
Change in net assets available for benefits per the Form 5500	<u>\$ 165,710</u>

10. Subsequent Events

Plan management has evaluated subsequent events through September 14, 2022, which is the date these financial statements were available for issuance.

INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
Keurig Dr Pepper 401(k) Plan
Plano, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Keurig Dr Pepper 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Keurig Dr Pepper 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Keurig Dr Pepper 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keurig Dr Pepper 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keurig Dr Pepper 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keurig Dr Pepper 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of the year) as of December 31, 2021, and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Keurig Dr Pepper 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Please see accompanying notes to financial statements.

Notes to Financial Statements

1. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective January 1, 2008 and restated effective January 1, 2020.

Substantially all domestic employees of the Company are eligible to participate in the Plan, except for leased employees and certain employees covered by a collective bargaining agreement which does not provide for participation in the Plan.

All covered employees are eligible to participate in the Plan once they complete 60 days of employment, except for certain union employees whose eligibility is determined under their respective collective bargaining agreements, and certain temporary employees who commence participation after the first anniversary of their hire date. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, as well as the Code.

Administration

The Plan Sponsor is responsible for the administration and operation of the Plan. The Trustee is responsible for the custody and management of the Plan's assets. Fidelity Workplace Services LLC, an affiliate of the Trustee, provides record keeping and administrative services to the Plan.

Contributions

Each year, participants may contribute, through payroll deductions, up to 75% of their eligible compensation, as defined by the plan document and limited by Sections 402(g) and 415(c) of the Code. In 2021, the limitation on pre-tax contributions was \$19.5 thousand. For the purpose of determining contributions, compensation in 2021 was limited to \$290 thousand. Eligible participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, limited to \$6.5 thousand in 2021.

Covered employees who do not make affirmative elections for pre-tax contributions or who do not decline participation in the Plan are automatically enrolled in the Plan upon completion of 60 days of employment with a pre-tax contribution of 3%.

For each payroll period, the Company contributes an employer match of 100% of a participant's contributions up to an amount equal to 6% of the participant's eligible compensation. At the end of the plan year, the Company makes an additional matching contribution for each participant who is active on the last day of the plan year equal to the difference, if any, between i) 100% of the first 6% of the participant's compensation contributed as before and after tax contributions for the plan year, and ii) the sum of the matching contributions made for active participants for all payroll periods during the plan year. Certain employees covered by a collective bargaining agreement have different matching contribution formulas, as detailed in the plan document.

The Company may offer discretionary contributions each plan year. Participants are eligible for the discretionary contributions if they are a covered employee of the Plan, hold a position or title below the level of Director, have completed one year of service and are active participants on the last day of the plan year. The Company may make discretionary contributions in an amount equal to a certain percentage of eligible compensation for non-union employees, as determined by the Company. The Company made discretionary contributions of \$8,898 thousand for the 2021 plan year.

Participants may also make rollover contributions, which are distributions from other qualified retirement plans into the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions; the Company's contributions; and investment earnings or losses, which are based upon the participant's investment direction; and charged with direct expenses or an allocation of administrative expenses, as applicable. The amounts of investment earnings or losses are allocated to participants' accounts based on each participant's pro-rata mix of investments or the NAV of the funds in which the participant invests. The benefit to which the participant is entitled is limited to the vested amount of the participant's individual account.

Vesting

Participants are immediately vested in their contributions and the employer matching contributions made under the Plan to their respective plan accounts. The Company's discretionary contributions vest under the Plan when the participant has been employed by the Company for three years. Certain employees covered by collective bargaining agreements have different vesting periods, as detailed in the plan document.

Payment of Benefits

Withdrawals from the Plan are governed by applicable Code regulations and provisions of ERISA. No amounts may be withdrawn from a participant's pre-tax account before termination of employment with the Company unless the participant has either reached the age 59½ or is able to demonstrate financial hardship, as defined. The Plan permits withdrawals from after-tax contributions without proving financial hardship. Participants may withdraw their vested account balances in a lump sum upon termination of employment, full and permanent disability, death or retirement.

The Plan allowed impacted participants, as defined by the U.S. Treasury Department, to take COVID-19 related distributions according to the CARES Act provisions.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested under the Plan. Forfeitures are first applied to pay expenses related to the Plan, which would otherwise be paid by the Company. Forfeitures not used to pay expenses are applied to reduce Company contributions. For the year ended December 31, 2021, forfeitures totaling \$931 thousand were used to reduce Company contributions and pay plan expenses. Unallocated forfeitures totaled \$1,227 thousand and \$592 thousand as of December 31, 2021 and 2020, respectively.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$500 and up to a maximum equal to the lesser of \$50 thousand or 50% of their vested account balance minus the outstanding balance of any existing loans. Loan transactions are treated as a transfer between the investment fund and the participant loan fund. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Interest rates are fixed. Principal and interest are paid ratably through bi-weekly or weekly payroll deductions. A participant can make a one-time, lump sum repayment of their outstanding loan principal and accrued interest at any time without penalty.

As a result of the CARES Act, qualifying participants were able to borrow up to the lesser of \$100 thousand or 100% of their vested account balance. This increase was available through September 22, 2020. Additionally, repayments of outstanding notes receivable for qualifying participants were able to be suspended for up to one year for payments due from March 27, 2020 through December 31, 2020.

As of December 31, 2021 and 2020, interest rates on outstanding loans ranged from 4.25% to 10.75%.

Fidelity BrokerageLink

For the year ended December 31, 2021, participants may invest in certain mutual funds and exchange-traded funds not offered directly through the Plan, through participant-directed brokerage accounts held in Fidelity BrokerageLink.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with U.S. GAAP and under the requirements of ERISA.

Investment Valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Following is a description of the valuation methodologies used for assets measured at fair value.

CCT Funds: The NAV, as provided by the trustee of the CCT funds, is used as a practical expedient to estimate fair value. The NAV as a practical expedient is based on the fair value of the underlying investments held by the fund less its liabilities. The CCT funds are direct filing entities.

One of the CCT funds, the MIP, invests in fully benefit-responsive contracts. These contracts are benefit-responsive in that participants withdraw at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The MIP is reported at its fair value determined by quoted prices on similar investments in active markets.

Certain events (plan terminations and changes in laws and regulations, among others) may limit the ability of participants to access their investments at contract value. The likelihood of such events limiting the ability of the Plan to transact at contract value is not probable. Certain investments offered by the Plan may be deemed to compete with the MIP. Participants are prohibited from making a direct exchange from the MIP to such competing funds and must first exchange to a non-competing fund for 90 days.

Mutual Funds: The fair value of mutual fund investments is determined by obtaining quoted prices on nationally recognized securities exchanges.

Participant-Directed Brokerage Accounts: The fair value of investments in participant-directed brokerage accounts through Fidelity BrokerageLink is dependent on the nature of the underlying investment. The Plan generally allows for investment in Fidelity and non-Fidelity mutual funds, for which the fair value is determined by obtaining quoted prices on nationally recognized securities exchanges.

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of investments is comprised of realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to or on Behalf of Participants

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative Expenses

The Company incurs certain professional fees and payroll costs associated with plan administration. Other third-party administrative expenses are paid by the Plan. Each fund bears its own applicable expenses for investment management fees.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Presentation of Financial Statements

Effective January 1, 2021, the Company updated its presentation of certain CCT Funds investing in fully benefit-responsive contracts to be presented at estimated fair value, as opposed to NAV. The following table summarizes the revised and prior presentation of the Statement of Net Assets for the year ended December 31, 2020:

<i>(in thousands)</i>	Current Presentation	Prior Presentation
Investments, at fair value	1,565,185	1,561,269
Receivables:		
Notes receivable from participants	32,837	32,837
Participant contributions	1,852	1,852
Employer contributions	10,295	10,295
Total receivables	44,984	44,984
Net assets available for benefits	<u>\$ 1,610,169</u>	<u>\$ 1,606,253</u>

3. Fair Value Measurements

U.S. GAAP defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and the lowest priority to unobservable inputs (level 3 inputs). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations in which all significant input and significant value drivers are observable in active markets.

Level 3 - Valuations with one or more unobservable significant inputs that reflect the reporting entity's own assumptions.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

The methods used to value investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2021 and 2020, there were no restrictions on redemption or unfunded commitments for any of the major types of assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<i>(in thousands)</i>	Fair Value Hierarchy Level	December 31,	
		2021	2020
Mutual funds ⁽¹⁾	Level 1	\$ 185,221	\$ 150,061
MIP ⁽²⁾	Level 2	96,798	109,620
Participant-directed brokerage accounts ⁽³⁾	Level 1	5,174	4,314
CCT funds measured at NAV ⁽⁴⁾	n/a	1,443,636	1,301,190
Total investments at fair value		<u>\$ 1,730,829</u>	<u>\$ 1,565,185</u>

(1) Investments in mutual funds are valued based on quoted market prices multiplied by the number of shares held.

(2) The underlying investments held in the MIP are valued based on the quoted market prices of similar investments.

(3) Investments in self-directed brokerage accounts through Fidelity BrokerageLink are generally investments in mutual funds, which are valued based on quoted market prices multiplied by the number of shares held.

(4) The underlying investments held in the CCT funds were actively managed investment vehicles that were valued using NAV as a practical expedient to estimate fair value.

4. Information Certified by the Trustee (unaudited)

The Plan Sponsor has elected the method of annual reporting permitted by Section 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under this election, the Plan Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to investments and related investment income, or notes receivable from participants and related interest on such notes, reflected in the accompanying financial statements as of December 31, 2021 and 2020, and for the year ended December 31, 2021, and in the schedule of assets (held at end of year) (the "schedule") as of December 31, 2021, certified by the Trustee as complete and accurate, except for comparing such information to the information included in the Plan's financial statements and schedule. All other information included in the financial statements has been audited by the Plan's independent auditors.

The Trustee has certified that the following data included in the accompanying financial statements and schedule is complete and accurate as of December 31, 2021 and 2020, and for the year ended December 31, 2021:

<i>(in thousands)</i>	December 31,	
	2021	2020
Investments, at fair value	\$ 1,730,829	\$ 1,565,185
Notes receivable from participants	32,903	32,837
<i>(in thousands)</i>	For the Year Ended December 31, 2021	
Interest and dividends	\$	10,057
Interest on notes receivable from participants		1,715
Net appreciation in fair value of investments		191,312

5. Tax Status

The Plan received a favorable determination letter regarding the Plan's tax exempt status under Section 401(a) of the Code in May 2017. No provision for income taxes has been included in the Plan's financial statements. The Plan Sponsor believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

6. Plan Termination

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to amend or discontinue the Plan at any time. In the event the Plan is discontinued, the Plan's assets will be distributed to the participants in accordance with the Plan's provisions and subject to the provisions of ERISA. In the event of the Plan's termination, participants would be fully vested in their accounts.

7. Party-in-Interest Transactions

The Plan's investments are managed by the Trustee. For the year ended December 31, 2021, the Plan paid the Trustee investment and management fees totaling \$1,150 thousand. Also, the Plan Sponsor pays certain fees on behalf of the Plan. The Trustee additionally receives payments, directly from the Plan's investments, for investment option fees as part of the Plan's fee arrangement. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. All such transactions are considered "exempt" transactions under ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and changes therein.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020 to the Form 5500:

<i>(in thousands)</i>	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 1,776,368	\$ 1,610,169
Employer contributions receivable	(10,358)	(10,295)
Employee contributions receivable	(2,278)	(1,852)
Net assets available for benefits per the Form 5500	<u>\$ 1,763,732</u>	<u>\$ 1,598,022</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Form 5500:

<i>(in thousands)</i>	For the Year Ended December 31, 2021
Change in net assets available for benefits per the financial statements	\$ 166,199
Change in employer contributions receivable	(63)
Change in employee contributions receivable	(426)
Change in net assets available for benefits per the Form 5500	<u>\$ 165,710</u>

10. Subsequent Events

Plan management has evaluated subsequent events through September 14, 2022, which is the date these financial statements were available for issuance.
