Report of Independent Auditors

To the Plan Administrator and Participants of
AssuranceAmerica Corporation 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of AssuranceAmerica Corporation 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the 2021 financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AssuranceAmerica Corporation 401(k) Retirement Plan

Notes to the Financial Statements

As of and for the years ended December 31, 2021 and 2020

Note A - Description of Plan

The following description of AssuranceAmerica Corporation 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is AssuranceAmerica Corporation (the Company, Plan sponsor, or Plan administrator). The Plan is a defined contribution plan covering substantially all employees of the Company and related employers who have attained the age of 21 and have worked at least 6 months with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

From time to time, the Plan administrator adopts amendments to the Plan, which are not expected to affect the Plan's qualified status under ERISA. Substantially all amendments become effective in the year of adoption.

Contributions

Each year, participants may contribute up to 100% of eligible compensation as defined in the Plan document, on a pre-tax basis or Roth after-tax basis, subject to certain Internal Revenue Code (the Code or IRC) limits. In addition, participants who have attained age 50 before the end of the plan year are permitted to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan with a 4% deferral unless they affirmatively elect not to participate in the Plan or elect to enroll at a different percentage than the automatic deferral rate. Automatically enrolled participant deferrals are invested in a designated default investment fund until changed by the participant. The Plan has an auto escalation feature that requires the Plan to raise automatically enrolled participants' contributions each year by 1% until they reach a maximum of 10%.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes a non-discretionary matching contribution equal to 100% of each participant's elected salary deferral, up to 4% of the participant's compensation. The Company may make additional discretionary matching and profit-sharing contributions. No discretionary match or profit-sharing contributions were made for 2021 or 2020.

Upon enrollment, participants may direct the investment of their account balances into any of the Plan's investment options. Participants may change their investment options daily.

Notes to the Financial Statements (Continued)

Note A - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions and Plan earnings, and is charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and in Company safe harbor matching contributions, plus actual earnings thereon. The Plan provides for vesting of discretionary amounts contributed by the Company as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0 %
1	20 %
2	40 %
3	60 %
4	80 %
5 or more	100 %

Participants are immediately vested upon termination of the Plan, reaching normal retirement age, reaching the early retirement age of 55 with no service requirement, or upon disability or death while an employee of the Plan sponsor. Forfeitures of terminated participants' non-vested accounts are first used to pay Plan administrative expenses and then to reduce the employer's contribution for the plan year.

Forfeitures

Forfeiture balances can be used to reduce Plan administrative expenses or employer contributions. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$1,577 and \$1,543, respectively. During 2021 and 2020, forfeitures of \$0 and \$848 were used to offset the Company match.

Payment of Benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account balance upon attainment of age 59 ½, termination of service, early retirement, retirement at age 65, disability, or death. In-service withdrawals of a participant's elective deferral contribution amounts are permitted, subject to a \$500 minimum amount, in cases of proven financial hardship.

AssuranceAmerica Corporation 401(k) Retirement Plan

Notes to the Financial Statements (Continued)

Note A - Description of Plan (Continued)

If a participant's account balance is less than \$1,000 upon retirement or termination, and the participant does not elect a direct rollover, a distribution of the participant's account will be made automatically in a single lump-sum cash distribution. If a participant's account balance is greater than \$1,000 but less than \$5,000 upon retirement or termination, and the participant does not elect a lump-sum cash distribution or direct rollover, a distribution of the participant's account will be made automatically into an individual retirement account.

Notes Receivable from Participants

Participants may borrow from their accounts in any amount greater than \$1,000 up to 50% of their vested account balance, not to exceed \$50,000. Note receivable terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the payment period may not extend beyond 10 years. Notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with prevailing market rates. Interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2021. Principal and interest are paid ratably through bi-weekly payroll deductions. Participants are allowed one outstanding note receivable.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment advisory fees are charged directly to the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan document and ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

AssuranceAmerica Corporation 401(k) Retirement Plan

Notes to the Financial Statements (Continued)

Note B - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Risks and Uncertainties

The Plan offers a number of investment options that are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits and participant account balances.

The ongoing COVID-19 coronavirus pandemic (COVID-19) continues to have a global impact creating uncertainty, volatility, and disruption across economies and financial markets. The Plan's operational and financial performance will depend on certain developments, including the duration and spread of COVID-19 and its impact on the Plan and its Sponsor, participants and vendors. As such, COVID-19 could have a material adverse effect on the Plan's financial position in the future. The ultimate duration and impact of the COVID-19 outbreak on the Plan's financial position cannot be reasonably estimated at this time.

AssuranceAmerica Corporation 401(k) Retirement Plan

Notes to the Financial Statements (Continued)

Note B - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has performed an evaluation of subsequent events through October 10, 2022 which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and note disclosures.

Note C - Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the plan, has certified the completeness and accuracy of the below information.

Fidelity, as trustee, certified all information related to the notes receivable from participants disclosed in the accompanying financial statements and notes to the financial statements for the years ended December 31, 2021, and 2020, respectively, and the supplemental schedule as of and for the year ended December 31, 2021. Fidelity, as trustee, certified investment balances which are reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, respectively, the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2021 and the related investment activity reflected in the statement of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, respectively.

Note D - Fair Value Measurement

The Plan utilizes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

AssuranceAmerica Corporation 401(k) Retirement Plan

Notes to the Financial Statements (Continued)

Note D - Fair Value Measurement (Continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for substantially the entire period for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Valuations based on models where significant inputs are not observable. The unobservable inputs reflect the Plan's own assumptions about the inputs that market participants would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. Shares of registered investment companies (mutual funds) are valued by obtaining quoted prices on nationally recognized securities exchanges.

The Plan's interest in collective trusts are valued based on the net asset value (NAV) of shares held by the Plan at year end, which is used as a practical expedient to estimate fair value. The NAV is determined by dividing the fund's net assets at fair value by its units outstanding at each valuation date. The Plan's interest in these funds are valued based on information reported by the investment advisor using the audited financial statements of the collective trust at December 31, 2021 and 2020.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

<u>2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Registered investment companies	\$ 4,225,995	\$ -	\$ -	\$ 4,225,995
Common/collective trusts, NAV (a)	-	-	-	8,930,138
Total	<u>\$ 4,225,995</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,156,133</u>

Total	<u>\$ 2,907,376</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,741,769</u>

(a) Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Notes to the Financial Statements (Continued)

Note E - Investments at Net Asset Value (Continued)

Occurrence of certain events may limit the ability of the Plan to transact at NAV with the Fidelity Advisor Stable Value Portfolio (Stable Value Fund). These events include any communication given to unitholders by the Plan administrator that is designed to induce or influence unitholders not to invest in the Stable Value Fund or to transfer assets out of the Stable Value Fund. Withdrawals initiated by the Plan administrator will normally be provided at NAV as soon as practicable within twelve months following written notice to the trustee. Plan participants are not permitted to make a direct exchange from the Stable Value Fund to a competing fund (e.g., money market fund, short term bond fund), as defined by the Stable Value Fund.

Note F - Tax Status

The Plan, as adopted, is a volume submitter plan of Fidelity, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received an opinion letter from the IRS dated June 30, 2020 stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note G - Related Party and Party-in-Interest Transactions

The Plan invests in mutual funds and a common/collective trust fund managed by an affiliate of Fidelity. Fidelity serves as the trustee for the Plan. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA.

Participating employers include AssuranceAmerica Insurance Company, AssuranceAmerica Managing General Agency, LLC, and Trustway Services, LLC.

The Plan allows loans to certain participants that are secured by the balances in the participants' accounts. As such, loans to participants represent transactions with parties-in-interest.
