INDEPENDENT AUDITORS' REPORT

Administrative Committee
Rodgers Builders, Inc.
401(k) Profit Sharing Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Rodgers Builders, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Rodgers Builders, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520-103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note J to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rodgers Builders, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rodgers Builders, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rodgers Builders, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rodgers Builders, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

The Administrative Committee has obtained a certification from Fidelity Management Trust Company as of December 31, 2020, that the information provided to the Administrative Committee by Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. NOTE A - DESCRIPTION OF THE PLAN - CONTINUED

Fair Value Measurements: Generally accepted accounting principals (“GAAP”) defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value, as defined under GAAP, is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. The Plan utilizes market data or assumptions that market participants would use in pricing the asset or liability. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: **Level 1**, defined as observable inputs such as quoted prices in active markets; **Level 2**, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and **Level 3**, defined as unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investments: The Plan’s investments are held in Fidelity (or other) registered mutual funds – open-end investment companies subject to the Investment Company Act of 1940, as amended, and are managed by Fidelity Management & Research Company (FMR) and its affiliates.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

- The Plan’s **mutual fund investments** are stated at fair value which is based on the per share net asset value, as calculated in an active market by each respective fund within each fund **equity securities** for which market quotations are available are valued at the last sale price or official closing price (closing bid price or last evaluated quote if no sale has occurred) on the primary market or exchange on which they trade. **Debt securities** for which quotations are readily available are valued at their most recent bid prices (sales prices if the principal market is an exchange) in the principal market in which such securities are normally traded, as determined by recognized dealers in such securities, or securities are valued on the basis of information provide by a pricing service. Pricing services use valuation matrices that incorporate both dealer-supplied valuations and electronic data processing techniques.
- The Plan’s **stable value investment** is a “fully benefit-responsive” investment contract that is reported at contract value, as provided by the FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*. Contract value is considered the relevant accounting measurement because it is the amount participants in the fund would receive when they initiate permitted transactions under the terms of the contract. If the Plan has insufficient liquidity, the following rules will apply to withdrawal requests:

The contract permits the deferral of honoring any payment request if it is unable to settle the necessary transactions prudently due to the closing or disruption of financial markets.

Withdrawal requests may be deferred for up to 12 months if the Plan terminates.

These events are not probable of occurring. There are no events or circumstances that would permit issuers to terminate contracts and settle at amounts different from contract value.

A summary of the Plan’s interest in the stable value investment is as follows:

	December 31,	
	2021	2020
• Fair value	<u>\$ 2,702,002</u>	<u>\$ 2,888,875</u>
• Contract value @ \$1 per unit	<u>\$ 2,674,282</u>	<u>\$ 2,787,727</u>
• Adjustment from fair value to contract value (decrease)/increase	<u>\$ (27,720)</u>	<u>\$ (101,148)</u>

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Estimates in Financial Statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management to make informed estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Accounting principles generally accepted in the United States of America require realized gains and losses to be calculated on a historical cost basis rather than the method used in Form 5500 Schedule H. However, the financial statements for the Plan are not required to separately present realized and unrealized gains and losses in order for them to be in conformity with these principles.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, Rodgers Builders, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100 percent vested in their accounts. Plan benefits are not guaranteed by the Pension Benefit Guarantee Corporation.

NOTE E - TAX STATUS

The Plan is a prototype non-standardized profit-sharing plan sponsored by Fidelity Investments Institutional Services Company, Inc. who obtained a favorable tax determination letter, dated June 30, 2020 from the Internal Revenue Service. The Plan trustees and administrative committee have not requested a separate letter for the Plan; however, they believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes is provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. IRS Form 5500 is also subject to routine examination by the Internal Revenue Service and/or the Department of Labor. Forms for 2021, 2020, and 2019 remain open for examination. All other years have been closed by statute.

NOTE M - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE N - FAIR VALUE MEASUREMENTS

FASB Codification defines fair value, establishes a framework for measuring fair value as generally accepted accounting principles ("GAAP"), and expands financial statement disclosures about fair value measurements for financial assets and liabilities.

Financial assets are cash, evidence of an ownership interest in an entity, or a contract that conveys to one entity a right (1) to receive cash or another financial instrument from a second entity or (2) to exchange other financial instruments on potentially favorable terms with the second entity.

Financial liabilities are contracts that impose on one entity an obligation (1) to deliver cash or another financial instrument to a second entity or (2) to exchange other financial instruments on potentially unfavorable terms with the second entity.

FINANCIAL ASSETS AND LIABILITIES

The following table sets forth by level within the fair value hierarchy the Plan's financial assets and liabilities accounted for at fair value on a recurring basis. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note J to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rodgers Builders, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rodgers Builders, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rodgers Builders, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rodgers Builders, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

We have been informed by the Administrative Committee that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The Administrative Committee has obtained a certification from Fidelity Management Trust Company as of December 31, 2020, that the information provided to the Administrative Committee by Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Principal and interest are paid ratably through payroll deductions. At December 31, 2021 and 2020, the Plan did not deem it necessary to record an allowance for uncollectible balances. There were no loans in default or non-accrual status at December 31, 2021 or 2020. Loans that become uncollectible are charged off and reported as deemed distributions to the participants. NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE A - DESCRIPTION OF THE PLAN - CONTINUED

Fair Value Measurements: Generally accepted accounting principals (“GAAP”) defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value, as defined under GAAP, is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. The Plan utilizes market data or assumptions that market participants would use in pricing the asset or liability. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: **Level 1**, defined as observable inputs such as quoted prices in active markets; **Level 2**, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and **Level 3**, defined as unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investments: The Plan’s investments are held in Fidelity (or other) registered mutual funds – open-end investment companies subject to the Investment Company Act of 1940, as amended, and are managed by Fidelity Management & Research Company (FMR) and its affiliates.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

- The Plan’s **mutual fund investments** are stated at fair value which is based on the per share net asset value, as calculated in an active market by each respective fund within each fund **equity securities** for which market quotations are available are valued at the last sale price or official closing price (closing bid price or last evaluated quote if no sale has occurred) on the primary market or exchange on which they trade. **Debt securities** for which quotations are readily available are valued at their most recent bid prices (sales prices if the principal market is an exchange) in the principal market in which such securities are normally traded, as determined by recognized dealers in such securities, or securities are valued on the basis of information provide by a pricing service. Pricing services use valuation matrices that incorporate both dealer-supplied valuations and electronic data processing techniques.
- The Plan’s **stable value investment** is a “fully benefit-responsive” investment contract that is reported at contract value, as provided by the FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*. Contract value is considered the relevant accounting measurement because it is the amount participants in the fund would receive when they initiate permitted transactions under the terms of the contract. If the Plan has insufficient liquidity, the following rules will apply to withdrawal requests:

The contract permits the deferral of honoring any payment request if it is unable to settle the necessary transactions prudently due to the closing or disruption of financial markets.

Withdrawal requests may be deferred for up to 12 months if the Plan terminates.

These events are not probable of occurring. There are no events or circumstances that would permit issuers to terminate contracts and settle at amounts different from contract value.

A summary of the Plan’s interest in the stable value investment is as follows:

	December 31,	
	2021	2020
• Fair value	<u>\$ 2,702,002</u>	<u>\$ 2,888,875</u>
• Contract value @ \$1 per unit	<u>\$ 2,674,282</u>	<u>\$ 2,787,727</u>
• Adjustment from fair value to contract value (decrease)/increase	<u>\$ (27,720)</u>	<u>\$ (101,148)</u>

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Estimates in Financial Statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management to make informed estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE C - INVESTMENTS

Accounting principles generally accepted in the United States of America require realized gains and losses to be calculated on a historical cost basis rather than the method used in Form 5500 Schedule H. However, the financial statements for the Plan are not required to separately present realized and unrealized gains and losses in order for them to be in conformity with these principles.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, Rodgers Builders, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100 percent vested in their accounts. Plan benefits are not guaranteed by the Pension Benefit Guarantee Corporation.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE E - TAX STATUS

The Plan is a prototype non-standardized profit-sharing plan sponsored by Fidelity Investments Institutional Services Company, Inc. who obtained a favorable tax determination letter, dated June 30, 2020 from the Internal Revenue Service. The Plan trustees and administrative committee have not requested a separate letter for the Plan; however, they believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes is provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. IRS Form 5500 is also subject to routine examination by the Internal Revenue Service and/or the Department of Labor. Forms for 2021, 2020, and 2019 remain open for examination. All other years have been closed by statute.

NOTE M - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE N - FAIR VALUE MEASUREMENTS

FASB Codification defines fair value, establishes a framework for measuring fair value as generally accepted accounting principles ("GAAP"), and expands financial statement disclosures about fair value measurements for financial assets and liabilities.

Financial assets are cash, evidence of an ownership interest in an entity, or a contract that conveys to one entity a right (1) to receive cash or another financial instrument from a second entity or (2) to exchange other financial instruments on potentially favorable terms with the second entity.

Financial liabilities are contracts that impose on one entity an obligation (1) to deliver cash or another financial instrument to a second entity or (2) to exchange other financial instruments on potentially unfavorable terms with the second entity.

FINANCIAL ASSETS AND LIABILITIES

The following table sets forth by level within the fair value hierarchy the Plan's financial assets and liabilities accounted for at fair value on a recurring basis. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.
