INDEPENDENT AUDITOR'S REPORT

To the Administrators, Advisory Committee and Participants of the
McGrath Automotive Group, Inc. 401(k) Plan
Cedar Rapids, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of McGrath Automotive Group, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of McGrath Automotive Group, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McGrath Automotive Group, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McGrath Automotive Group, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McGrath Automotive Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of McGrath Automotive Group, Inc. 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 13, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedules, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedules other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MCGRATH AUTOMOTIVE GROUP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

1. Description of the plan

The following brief description of the McGrath Automotive Group, Inc. 401(k) Plan (the “Plan”), a contributory defined contribution plan, is provided for general information purposes only. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

The Plan covers all non-union employees of McGrath Automotive Group, Inc. and affiliates (collectively, the “Company” or “Plan Sponsor”) who are at least twenty years of age and have completed one year of service, defined as 1,000 hours of service during any consecutive twelve-month period. Employees become participants on January 1, April 1, July 1 or October 1 following meeting age and service eligibility requirements. Effective December 31, 2021, the Plan allows participants to designate all or a portion of their elective deferrals as Roth elective deferrals. Roth elective deferrals are accounted for separately in the respective participant’s account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On March 27, 2020, The Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was passed by Congress. The CARES Act provided fast and temporary relief for retirement plan sponsors and their participants. The provisions of the CARES Act were allowed to be effective and implemented immediately, prior to amending the plan document. The Plan implemented the following relief provisions, which did not have a significant impact on the Plan’s net assets available for benefits. Impacted participants were allowed to make Coronavirus-related distributions of up to \$100,000 before December 31, 2020. In addition, required minimum distributions were waived for the 2020 calendar year. Plan management intends to formally amend the Plan for these provisions.

Contributions

The Plan is funded by contributions from participants in amounts up to 100% of eligible compensation limited to the maximum amount deductible by employee salary reduction under the Internal Revenue Code. Participants are automatically enrolled with a 3% deferral rate on the first day of the quarter following meeting the age and service requirements, if no election is made by the participant. The deferral rate for those automatically enrolled increases 1% each year thereafter until the maximum deferral rate of 6% is reached. Effective December 31, 2021, the maximum deferral rate was changed to 10%. Participants who attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan is also funded by Company matching contributions and discretionary contributions. During 2021 and 2020, the Company made matching contributions equal to 50% of each participant’s elected salary deferral up to 6% of the participant’s compensation for the Plan year, also limited. There were no discretionary employer contributions during 2021 or 2020. Participants may also rollover or transfer amounts representing distributions from other qualified retirement plans.

1. Description of the plan, continued

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions, an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferrals and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. Participants vest 20% after two years of service and 20% for each year of service thereafter becoming 100% vested after six years of service or upon the participant's death, disability or attaining normal retirement age, as defined in the Plan Agreement.

Investment options

Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan. For participant who are automatically enrolled, their contributions are invested in default investments as defined in the Plan Agreement. Participants may change their investment options at their discretion; changes become effective the next business day.

During 2021, Plan management made changes to the Plan's investment options. Any assets invested in a fund removed from the Plan were transferred to a corresponding new fund, unless otherwise directed by the participant. These investment changes were made to achieve better long-term performance and decrease costs.

Forfeited and unallocated funds

During 2021 and 2020, forfeited nonvested accounts totaled \$87,171 and \$71,629, respectively. Forfeitures, to the extent available, may be used reduce Company matching contributions and then to pay administrative expenses of the Plan. Unallocated funds are a result of excess matching contributions removed from participant accounts that will be used to reduce future Company matching contributions. During 2021 and 2020, the Company used forfeitures and unallocated funds in the amount of \$82,932 and \$70,941, respectively, to pay Company matching contributions and \$12,171 and \$-0-, respectively, to pay administrative expenses. As of December 31, 2021 and 2020, there were \$19 and \$900, respectively, of forfeitures available for future use.

Note receivable from participant

The Plan does not allow new loans; however, certain loans were transferred into the Plan during the years ended December 31, 2019 and 2018 as a result of plan mergers. These loans were administered based on their original terms. There are no outstanding participant loan balances as of December 31, 2021.

1. Description of the plan, continued

Payment of benefits

Upon retirement, death, disability or termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested benefit or installment payments over a certain period as defined in the Plan Agreement. Participants receive automatic lump-sum distributions for accounts with a value of \$1,000 or less. In addition, participants automatically have balances rolled into an individual retirement account with an affiliate of Principal for accounts with balances between \$1,000 and \$5,000.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepting in the United States of America using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Concentrations of investment risk

As of December 31, 2021 and 2020, substantially all of the Plan's pooled separate investment accounts and common investment trusts were in Principal sponsored or affiliated investments. As of December 31, 2021, 21% of the Plan's investments were in two mutual funds. In addition, approximately 49% of the Plan's investments were held in one mutual fund family as of December 31, 2021. Each mutual fund family as well as the mutual funds held in excess of 10% of the Plan's total investments. As of December 31, 2020, there was no mutual fund family or mutual fund held in excess of 10% of the Plan's total investments.

Investment valuation and income recognition

Investments are reported at fair value. Collective investment trusts and pooled separate investment accounts are valued at net asset value which is used as a practical expedient to estimate fair value. Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of investment valuation.

2. Summary of significant accounting policies, continued

Investment valuation and income recognition, continued

Net appreciation in fair value of investments includes the sum of undistributed net investment income, undistributed realized gain or loss and the unrealized appreciation or depreciation of investment securities held in the collective investment trusts and the pooled separate investment accounts. Net appreciation also includes the Plan's gains and losses on mutual funds bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note receivable from participant

Loan to participant was reported at its unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. No allowance for credit losses was recorded as of December 31, 2020.

Payment of benefits

Benefits are recorded when paid.

Income tax status

The Plan is a nonstandardized prototype plan. The Internal Revenue Service ("IRS") has determined and informed the custodian by a letter dated August 8, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events

Management has evaluated subsequent events through October 3, 2022, the date the financial statements were available to be issued.

3. Information prepared and certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"), a party-in-interest

All assets of the Plan were held by Principal, a party-in-interest, as of December 31, 2021 and 2020. All transactions during the years ended December 31, 2021 and 2020 were executed under formal custody agreements between the Plan and Principal. All securities bought, sold or exchanged were executed under these agreements. Such financial information has not been audited by independent auditors.

3. Information prepared and certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (“Principal”), a party-in-interest

In accordance with the provisions of Section 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, Principal has certified the following unaudited financial information to be complete and accurate with respect to the Plan’s assets held by them as of December 31, 2021 and 2020 and activity for the years then ended, respectively:

	2021	2020
Investments at fair value:		
Collective investment trust	\$ 620,766	\$ 20,390,870
Mutual funds	24,437,178	2,402,849
Pooled separate investment accounts	16,920,223	14,065,566
Self-directed accounts	1,905,471	1,684,961
Total investments	<u>\$ 43,883,638</u>	<u>\$ 38,544,246</u>
Notes receivable from participants	<u>\$ -</u>	<u>\$ 7,570</u>
Investment income:		
Net appreciation in the fair value of investments	\$ 6,511,901	\$ 5,167,736
Interest and dividends	281,501	31,906
	<u>\$ 6,793,402</u>	<u>\$ 5,199,642</u>
Interest income on notes receivable from participants	<u>\$ 84</u>	<u>\$ 385</u>

4. Risks and uncertainties

The Plan invests in various investments securities, which in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In addition, the novel coronavirus (“COVID-19”) outbreak, which was declared a pandemic by the World Health Organization on March 11, 2020, has negatively affected the world economy. The outbreak of COVID-19 is still on-going and the extent of the impact of COVID-19 on the Plan’s net assets available for benefits and changes in net assets available is uncertain.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Collective investment trusts: Valued at the NAV of units of a common collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust, up to 12 months, in order to ensure that securities liquidations will be carried out in an orderly business manner. The trust does not have a finite life and the Plan has no unfunded commitments.

5. Fair value measurements, continued

Pooled separate investment accounts: Valued at the NAV of shares held by the Plan in the pooled separate account at year-end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments. Investments in the pooled separate accounts can be redeemed immediately at the current net asset value per share. There are no unfunded commitments or significant restrictions on redemptions.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed accounts: These accounts include various assets self-directed by participants and primarily include mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020, respectively:

	<u>2021</u>	<u>2020</u>
Investments in the fair value hierarchy:		
Level 1 - mutual funds	\$ 24,437,178	\$ 2,402,849
Level 1 - self directed brokerage accounts	<u>1,905,471</u>	<u>1,684,961</u>
Total investments in the fair value hierarchy	<u>26,342,649</u>	<u>4,087,810</u>
Investments valued at net asset value:		
Collective investment trusts	620,766	20,390,870
Pooled separate investment accounts	<u>16,920,223</u>	<u>14,065,566</u>
Total investments valued at net asset value	<u>17,540,989</u>	<u>34,456,436</u>
Total investments	<u><u>\$ 43,883,638</u></u>	<u><u>\$ 38,544,246</u></u>

The Plan's policy is to recognize transfers between Levels as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2021 and 2020, there were no transfers between Levels.

6. Administrative expenses

The Plan pays substantially all administrative fees to Principal, a party-in-interest, for the maintenance of investments, contributions and distributions records, and the processing of related transactions. Prior to July 1, 2021, total fees paid by the Plan were reduced by 12b-1 payments and similar compensation (“revenue-sharing credits”) received by Principal. Effective July 1, 2021, revenue-sharing credits were suspended to provide greater transparency of administrative expenses. Total fees, net of revenue-sharing credits, paid to Principal during 2021 and 2020 were \$92,676 and \$8,992, respectively. Distribution fees are charged directly to the respective participant accounts when incurred and are included in administrative expenses. Other administrative expenses, including audit fees, are paid by the Plan Sponsor.

7. Related party and party-in-interest transactions

The Company has an agreement with Principal Life Insurance Company to provide record-keeping, administrative, custodial, and transaction processing services for the Plan’s investments. The Company also utilizes Strategic Financial Solutions, LLC for investment advisory services. Other party-in-interest transactions are described in Notes 3 and 6.

During 2021 and 2020, the Company failed to remit employee contributions totaling \$1,238 and \$1,001, respectively, to the trust within the time frame required by the Department of Labor under the plan asset rules.
