Independent Auditors' Report

Plan Participants and Plan Administrator
Old World 401(k) Plan
Northbrook, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Old World 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Old World 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Old World 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Dufek & Company, LLC

Chicago, IL 60603
Telephone: (312) 848-7616
www.5500audit.com

In performing an audit in accordance with GAAS, we:

- exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures including examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Old World 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Old World 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been

subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Old World 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Old World 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan with a 401(k) salary reduction arrangement covering all employees of Old World Industries, LLC (Sponsor or Company) except employees subject to a collective bargaining agreement and non-resident aliens. Employees must be 18 years of age or older to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Upon satisfying eligibility requirements, employees are automatically enrolled in the Plan and contribute 6% of compensation unless an alternate election is made. Unless an affirmative election is made, the participant's deferral percentage will increase annually by 2% each year, not to exceed 10%. Participants may make pre-tax and Roth elective deferrals and contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

The Company may make discretionary matching contributions. For the year ended December 31, 2021, the Company matching contribution was equal to 50% of the first 6% of eligible compensation that a participant contributed to the Plan. Matching contributions equaling \$993,315 were funded each payroll period by cash contributions. At year end, a true up calculation identified an additional \$129,463 of matching contributions which were funded in February of 2022. Discretionary matching contributions attributable to 2021 totaled \$1,122,778.

In addition, the Company may make discretionary profit-sharing contributions, which are not dependent upon employee contributions. Discretionary profit-sharing contributions are allocated, based upon compensation, to those participants who are employed on the last day of the Plan year or were terminated during the Plan year due to normal retirement, death or disability. The Company did not make a profit-sharing contribution to the Plan for 2021.

Participants direct the investment of both employee and employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a collective trust fund and a self-directed brokerage account as investment options for participants.

Participant Accounts: Each participant's account is credited with the participant's contributions, rollover contributions, the Company's matching contributions, allocations of Company profit-sharing contributions and Plan earnings. Plan earnings are allocated based upon participant account balances. The benefit to which a participant is entitled is the balance that can be provided from the participant's vested accounts.

Vesting: Participants are 100% vested in their contributions, together with actual earnings thereon. Discretionary employer matching and discretionary profit-sharing contributions and earnings thereon vest based on years of service: 0-1 year-0%; 2 years-20%; 3 years-40%; 4 years-75%; 5 years-100%.

Any participant who dies while employed, terminates employment due to disability, or reaches normal retirement age (65) is automatically fully vested, without regard to length of service.

Notes to Financial Statements

Note 1. Description of Plan (cont.)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan's policy. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Distributions are permitted in the event of retirement, death, disability or termination of employment. Upon termination of service, a participant may elect to receive a lump-sum amount or installments equivalent to the value of the participant's vested interest in his or her account. In addition, in-service withdrawals are allowed after participants reach age 59 ½ or in cases of financial hardship. The Plan also allows in-kind distributions of assets held within the self-directed accounts as a type of payment.

The Plan has the ability to make automatic distributions without participant consent for terminated participants that fail to affirmatively elect a distribution and have a vested account balance under \$5,000.

Forfeited Accounts: At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$89,455 and \$64,339, respectively. These amounts may be used to offset Plan expenses. Remaining amounts are available to reduce future employer contributions. For the year ended December 31, 2021, forfeitures of \$85,265 and \$68,981 were used to reduce employer contributions and eligible expenses, respectively.

Note 2. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies. These policies were utilized to report the information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Old World 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies (cont.)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Old World 401(k) Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds and money market fund: Valued at the quoted net asset value of shares held by Plan at year-end.

Self-directed accounts: The self-directed accounts consist of common stock and mutual funds which are stated at fair value, based on quoted market prices.

Collective trust fund: Valued at the net asset value of the Plan's interest in the collective trust fund (Fund) based on information reported by the investment manager using audited financial statements of the collective trust at year-end. Participants' transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the Fund, the Fund would need at least 30 days' notice to carry out the transaction. However, the Fund may require 12 months' notice if it believes that the withdrawal will be detrimental to the best interest of the Fund. The Plan Administrator does not believe that any event that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total

Note 3. Fair Value Measurements (cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,550,523	\$ -	\$ -	\$ 45,550,523

Investments measured at NAV*				<u>3,831,134</u>
Total investments at fair value				<u>\$ 55,194,330</u>

* In accordance with ASU 2015-07, Subtopic 820-10, certain investments that were measured at net asset value (NAV), or its equivalent, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth disclosures of the Plan's investments whose fair value is measured using NAV as a practical expedient as of December 31, 2021 and 2020:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Common Collective Trust (CCT)	\$ 5,159,621	\$ 3,831,134	N/A	Daily	1 Day

The CCT's objective is to maximize returns while maintaining an acceptable level of risk.

Note 4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street Bank and Trust Company, the Plan's trustee.

Old World 401(k) Plan

Notes to Financial Statements

Note 5. Related-Party Transactions and Party in Interest Transactions

Administrative and recordkeeping fees of \$79,309 were paid to the Plan record keeper, Transamerica Retirement Solutions, LLC, for the year ended December 31, 2021. In addition, certain Plan investments are in a money market fund managed by State Street Bank, the Trustee of the Plan. These transactions qualify as exempt party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Internal Revenue Service ruled on March 31, 2014 that the Volume Submitter Defined Contribution Plan document utilized by the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Net assets available for benefits per Form 5500	<u>\$ 62,127,053</u>	<u>\$ 55,851,491</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2021, to the Form 5500:

<u>Year ended December 31,</u>	<u>2021</u>
Change in net assets available for benefits per the financial statements	\$ 6,291,837
Change in accrued expenses	<u>(16,275)</u>
Change in net assets available for benefits per Form 5500	<u>\$ 6,275,562</u>

Note 10. Subsequent Event – Plan Restatement

Every six years, qualified retirement plans are required to restate plan documents to incorporate legislative and regulatory changes that occurred since the documents were last rewritten. The current restatement window (Cycle 3 Restatement) opened August 1, 2020 and closed on July 31, 2022.

The Plan uses a non-standardized plan document which was restated and submitted to the IRS for review. The IRS determined and issued a letter dated June 30, 2020 stating that the plan document is qualified under the appropriate sections of the IRC.

Effective January 1, 2022, the Plan completed the Cycle 3 Restatement by adopting the non-standardized plan document. There were no significant changes to the Plan provisions.

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were issued.
