Independent Auditors' Report

To the Plan Administrator of
Connexity, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Connexity, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedules Required by ERISA

The supplemental schedule, *Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year)*, as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Connexity, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of The Plan

The following description of the Connexity, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was originally established effective January 1, 2012 by Shopzilla, Inc. and was named the Shopzilla, Inc. 401(k) Plan. On September 22, 2014, the Plan was amended to change the name of the Plan Sponsor from Shopzilla, Inc. to Connexity, Inc. (the Company or Plan Sponsor) and to change the name of the Plan to Connexity, Inc. 401(k) Plan. The Plan is a qualified defined contribution plan under the provisions of Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's management.

Effective April 1, 2021, the Plan was amended and restated pursuant to the Cycle 3 Restatement requirements of the Internal Revenue Service.

Eligibility

New employees not designated as collective bargaining, nonresident alien, seasonal or temporary employees are eligible to participate in the Plan after completion of at least one month of service. Seasonal, temporary, or part-time employees are eligible to participate in the Plan upon completion of at least 1,000 hours of service during the 12 consecutive month period beginning on the date he or she first completes a month of service or any Plan year beginning after that date.

Contributions

Participants may contribute up to 90 percent of eligible annual compensation, as defined in the Plan, limited to the maximum amount permitted under federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions can be made either on a pre-tax basis, or participants may elect to designate some or all of their contributions as Roth Contributions which are made on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions are invested in a designated investment until changed by the participant.

The Plan Sponsor may elect to make discretionary matching contributions that are determined as a percentage of the salary deferrals participants make during the Plan year. During the year ended December 31, 2021, the Sponsor elected to match fifty percent of each participant's contribution up to a maximum of six percent of the participant's salary. Discretionary matching contributions of \$472,491 were contributed for the year ended December 31, 2021. In addition, the Plan Sponsor may make discretionary profit-sharing contributions at the option of the Company as determined annually. The Company may also make qualified matching contributions which are additional matching contributions for which participants are immediately fully vested. The Company elected not to make profit-sharing or qualified matching contributions for the year ended December 31, 2021. Participants may direct their contributions and their allocated share of employer contributions into a variety of investment options as offered by the Plan and can change their investment options at any time.

Connexity, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

Participant Accounts-

Each participant's account is composed of the participant's contributions, allocations of the Company matching contributions (subject to vesting) and Plan earnings and is offset each period with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their salary reduction and rollover accounts plus actual earnings thereon. Vesting in the Company's matching contributions is achieved as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	33.33%
2	66.67%
3 or more	100%

A year of qualified service, for vesting purposes, is based on the completion of 1,000 hours of service during the plan year. Nonvested balances of employees who terminate prior to becoming fully vested are forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 7.00% at December 31, 2021, which are commensurate with local prevailing rates at inception of the loan as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years for personal loans, and up to ten years as established by the Plan document for the purchase of a primary residence. Notes receivables from participants mature through 2031.

Payment of Benefits

Distributions of the participant's vested interest in their account are generally made upon termination of employment, death, disability or retirement. Participants, or their beneficiary, may receive payment in the form of a lump-sum distribution, rollover to IRA accounts or rollover to another qualified plan. Participants with account balances of \$1,000 or less may receive a lump sum distribution upon termination of service with the Company at the discretion of the Company. Distributions made during a participant's employment are limited to either hardship distributions or upon attainment of age 59 and one half, if certain requirements are met. In-service withdrawals are permitted for hardship or financial reasons limited to the participant's elective deferrals and earnings thereon, rollover contributions or vested portion of employer discretionary contributions. These withdrawals are included with benefits paid and cannot exceed the participant's voluntary contributions and their vested portion of employer contributions and earnings.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$39,624 and \$14,092, respectively. These accounts are expected to be used to reduce future company contributions or to pay plan fees and expenses. In 2021, funds totaling \$32,341 from the forfeited nonvested accounts were applied to the Company's contributions for the plan year.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and Investment Committee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Principal and interest are paid ratably through payroll deductions. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 11, 2022, the date the financial statements were available to be issued.

Connexity, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed portfolio fund: Valued at fair value based on daily valuation methods disclosed in the annuity contract as calculated by the annuity provider.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Connexity, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

The following tables set forth the Plan's investments at fair value by level within the valuation hierarchy as of December 31, 2021 and 2020:

Fair Value Measurements at December 31, 2021			
	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Total
Mutual funds	\$ 52,258,305	\$ -	\$ 52,258,305
Guaranteed portfolio fund	-	1,500,365	1,500,365
Investments at fair value	<u>\$ 52,258,305</u>	<u>\$ 1,500,365</u>	<u>\$ 53,758,670</u>

Fair Value Measurements at December 31, 2020			
	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Total
Mutual funds	\$ 48,468,597	\$ -	\$ 48,468,597
Guaranteed portfolio fund	-	1,976,390	1,976,390
Investments at fair value	<u>\$ 48,468,597</u>	<u>\$ 1,976,390</u>	<u>\$ 50,444,987</u>

4. Guaranteed Portfolio Fund

The Plan is a party to a guaranteed portfolio fund with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains contributions to this fund in general accounts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed portfolio fund provides a guaranteed interest rate for various specified periods of time as determined, or allowed, by the Plan. The rate credited is the rate in effect on the day when each deposit is directed to the account. The contract promises contract value for a benefit event. However, there is a possible market value adjustment when funds are withdrawn prior to their maturity, and thus, the guaranteed portfolio fund is not considered to be fully benefit responsive. The contract is included in the accompanying financial statements at its estimated fair value, which according to Great-West Life & Annuity Insurance Company, equals its contract value.

There are no reserves against contract value for credit risk of contract issuer or otherwise. Such interest rates are reviewed on a quarterly basis for resetting. The actual average yield and crediting interest rate was approximately .95% for the year ended December 31, 2021. There is no guaranteed rate of return on future resets of these contracts.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Great-West Trust Company, LLC, a custodian of the Plan. The custodian invests funds received from contributions, investment sales, interest and dividend income, and makes distribution payments to participants.

Connexity, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

6. Related Party and Party-In-Interest Transactions

Certain of the Plan's investments are managed by the custodians, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their company contributions.

8. Tax Status

Effective April 1, 2021, the Plan adopted a non-standardized pre-approved plan offered by Great-West Trust Company, LLC. The non-standardized pre-approved plan received an advisory letter dated June 30, 2020, that indicated that the Plan and the related trust, are designed in accordance with the applicable sections of the Internal Revenue Code. Previously, the Plan was based on a volume submitter plan which received a favorable opinion letter dated March 31, 2014. The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2021 and 2020, the Plan had investments of \$12,704,123 and \$10,741,318, respectively, that were concentrated in 1 fund, the Vanguard 500 Index Admiral fund, which exceeded over ten percent of net assets available for benefits.

10. Information Certified by Custodians

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the custodians, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment income reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
