INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Steelville Manufacturing Co. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Steelville Manufacturing Co. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by BWTP P.C., whose practice was combined with Marcum LLP as of December 1, 2021. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed BWTP P.C. not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated August 26, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STEELVILLE MANUFACTURING CO. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of Steelville Manufacturing Co. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete description of the Plan’s provisions.

The Plan was established on February 1, 1998 and restated on January 1, 2021. Subsequent to year-end, the Plan was restated effective January 1, 2022 to bring the plan in compliance with legislative and regulatory changes.

GENERAL

The Plan is a defined contribution plan, covering substantially all employees of Steelville Manufacturing Co. (the “Sponsor”) who have obtained one year of service and are nineteen years of age or older. Employees become participants in the Plan as soon as the first day of the Plan year quarter coinciding with or next following the date that eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Sponsor is responsible for oversight of the Plan, for determining the appropriateness of the Plan’s investment offerings, and for monitoring investment performance.

CONTRIBUTIONS

Each year, participants may contribute the maximum amount allowable, not to exceed the limits of the Internal Revenue Code (“IRC”), of pre-tax or after-tax (“Roth 401(k)”) contributions, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor makes a safe harbor match totaling 100% of an employee’s elective deferral contributions which do not exceed 6% of the employee’s eligible compensation. The Sponsor has the option of making an additional discretionary matching contribution on elective deferrals which do not exceed 6% of a participant’s compensation. The Sponsor also has the option of making an annual discretionary non-elective contribution.

PARTICIPANTS INVESTMENT ACCOUNT OPTIONS

Participants currently direct the investment of their contributions into various investment options offered by the Plan which include common collective trusts and a group annuity contract.

STEELVILLE MANUFACTURING CO. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of the Sponsor safe harbor match contributions, additional discretionary matching contributions and annual discretionary non-elective contributions, if any, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their elective deferrals including catch-up contributions, rollover contributions and safe harbor match contributions, plus actual earnings thereon. Vesting in the Sponsor's additional discretionary matching contributions and the Sponsor's discretionary non-elective contributions is based on years of continuous service. A participant is 100% vested after three years of credited service.

A participant is automatically 100% vested if employed on or after their normal retirement age or if employment is terminated due to death or disability.

PAYMENT OF BENEFITS

On termination of service due to death, disability, retirement, or reasons of proven financial hardship, participants or their beneficiaries may receive a lump-sum amount equal to the value of their vested account or have it all rolled into another qualified institution if the participant's account is in excess of \$5,000. If a participant's balance does not exceed \$5,000, the participant may only receive a lump sum distribution. Upon termination of service for other reasons, a participant will receive the value of the vested interest in his or her account in the same manner as above.

In-service distributions may be made to a participant who has not separated from service provided that the participant has attained age 59 ½. Hardship distributions are also allowed provided that the minimum amount of a distribution is \$1,000.

FORFEITURES

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. The forfeitures may be used to offset Sponsor contributions or administrative expenses. During the year ended December 31, 2021, forfeitures of \$19 were used to offset administrative expenses. There are no forfeitures available at December 31, 2021 and 2020.

STEELVILLE MANUFACTURING CO. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

CARES ACT

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") which included several relief provisions to tax qualified plans and their participants. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the Plan document on April 3, 2020. The Plan adopted certain measures in the CARES Act which allowed qualified participants to receive coronavirus-related distributions without penalty. Additionally, minimum required distributions in 2020 could have been delayed by one year, but may still be received at the request of the participant.

The Consolidated Appropriations Act of 2021 provided similar withdrawal exemptions and extended the timeline for penalty-free distributions through June 25, 2021.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are stated at fair value (except for the group annuity contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Sponsor determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are not permitted under the Plan.

STEELVILLE MANUFACTURING CO. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued. No events requiring recognition or disclosure in the financial statements were identified, except as disclosed in Note 1.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2021, and net appreciation in fair value of investments, interest and dividends for the year the ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company and Transamerica Life Insurance Company, the custodians of the Plan during 2021. Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held as of December 31, 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Sentry Life Insurance Company, the custodian of the Plan as of December 31, 2020. The information has not been audited by the Plan's independent auditors.

STEELVILLE MANUFACTURING CO. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 4 - FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020. The Plan does not hold any investments for which leveling is required.

Pooled separate accounts

Valued at the net asset value (“NAV”) of units held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

STEELVILLE MANUFACTURING CO. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Common/Collective Trusts

Valued at the NAV of units of a bank collective trust. As noted above, in “Pooled Separate Accounts”, the NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Certain investments valued at NAV and the group annuity contract at December 31, 2020 were incorrectly included in the fair value table. In addition, the group annuity contract was shown at fair value on the statement of net assets available for benefits at December 31, 2020. Those investments were corrected on this financial statement. There were no changes to the investment total at December 31, 2020. This restatement had no effect on previously reported net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020:

Investment	Fair Value at December 31, 2021	Fair Value at December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

DECEMBER 31, 2021 AND 2020

NOTE 5 – INVESTMENT CONTRACTS

Transamerica Retirement Solutions offers a stable value core option fund into which participants may elect to transfer all or part of their fund. The stable value core option fund is considered to be a fully benefit-responsive investment contract and therefore reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported by Transamerica Retirement Solutions, is the beginning balance, plus any deposits and credited interest, less any withdrawals, charges, or expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Transamerica Retirement Solutions or otherwise. The contract value of the investment contract at December 31, 2021 was \$1,067,937. The stable value core option fund invests in Guaranteed Investment Contracts (GICs). This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, on a daily basis, and with no set maturity. The effective credited interest rate is set semi-annually and effective on the first day of the semiannual period. Contract charges may reduce this return. The Transamerica stable value core option fund is not a separate account investment choice - it is an investment in Transamerica's general account.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by the future economic and regulatory developments.

The Plan also invests its cash reserve in a fully benefit-responsive GIC with Transamerica Financial Life Insurance Company (TFLIC), where TFLIC maintains the contributions in unallocated contracts in a general account ("Stable Fund"). TFLIC credits the account with participant contributions and earnings and charges the account for participant withdrawals and administrative expenses. The GIC issuer contractually must repay the principal and a specified interest rate that the issuer guarantees to the Plan. The GIC is reported at contract value because it meets the criteria of a fully benefit-responsive contract. At December 31, 2021, \$7,878 was invested in this stable fund.

In 2020, the Plan had a full benefit-responsive guaranteed investment contract with Sentry as part of its investment options for participants. The contract value as of December 31, 2020, was \$1,201,315. The following are key terms of the investment contract ("Guaranteed Fund"): (1) The investment contract qualifies as benefit-responsive, insofar as the contract does not restrict the frequency or amount of participant-directed exchanges. (2) The investment contract is recorded at contract value at December 31, 2020. (3) Sentry maintains the contributions in a general account.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 5 – INVESTMENT CONTRACTS (CONTINUED)

The Plan's asset is not the underlying assets in the Guaranteed Fund, but rather, the contract. Therefore, the plan does not own such underlying assets, but rather owns a series of promises or guarantees that are embedded in the contract. (4) The crediting interest rate is reset at least annually and is based on the performance of investments held by Sentry. However, the crediting interest rate set by Sentry, and agreed upon by the Plan, is discretionary. The crediting interest rate was fixed at 2.65% for the year December 31, 2020. (5) The investment contract does not have a maturity date. (6) The assets held in the Guaranteed Fund may be subject to surrender charges or a market value adjustment upon withdrawal.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the Participants.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the DOL's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Sponsor, certain participants, and others. Certain Plan investments are shared pooled separate accounts and common collective investment trusts managed by the custodians and their affiliates, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and administrative expenses qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Plan has adopted a volume submitter plan of Transamerica Retirement Solutions Corporation. The volume submitter plan has received an advisory letter from the Internal Revenue Service (“IRS”) dated March 31, 2014, stating that the written form of the underlying volume submitter document is qualified under Section 401(a) of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related plan is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - PROHIBITED OR NON-EXEMPT TRANSACTIONS

During 2021, the Sponsor failed to timely remit participant contributions of \$84 to the Plan pursuant to 29 CFR 2510.3-102 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 10 - PROHIBITED OR NON-EXEMPT TRANSACTIONS (CONTINUED)

Under the regulation, amounts paid by a Plan participant or withheld by the Sponsor from a participant's wages for contribution to the Plan are Plan assets on the earliest date they can reasonably be segregated from the Sponsor's general assets, but in no event later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Sponsor. As a result, the Sponsor has engaged in a non-exempt prohibited transaction under ERISA Section 406. The Sponsor has remitted these non-timely participant contributions in 2021. Lost earnings on \$84 of these contributions have not been paid yet.
