INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Consolidated Precision Products Corporation
Retirement and Savings Plan, Plan II
Cleveland, OH

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Consolidated Precision Products Retirement and Savings Plan, Plan II, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of May 3, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period of January 1, 2022 through May 3, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 3, 2022 and December 31, 2021, and for the period of January 1, 2022 through May 3, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS
May 3, 2022 and December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Consolidated Precision Products Corp Retirement and Savings Plan, Plan II (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a 401(k) salary deferral plan covering substantially all full-time employees of Selmet, Inc. and Pacific Cast Technologies, Inc., wholly owned subsidiaries of Consolidated Precision Products Corp. (the “Company”).

The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Company is the Plan’s sponsor and serves as plan administrator.

Eligibility

Eligible employees may begin participation in the Plan on the first entry date following their date of hire. Participants may enter the Plan on the first day of each month. Additionally, employees who are union employees are not eligible to participate in the Plan.

Employee Contributions

Participants may contribute between 1% and 75% of their annual pretax compensation. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation, with the exception of employees of Pacific Cast Technologies who are automatically enrolled at deferral rate of 5%.

Employer Contributions

The Employer may make discretionary matching or discretionary contributions. The amount of the Company’s contribution for any period will be determined at the sole discretion of the Company. In July 2021, the Plan implemented a discretionary matching contribution of 50% of the first 6% of eligible compensation contributed to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s voluntary contributions and employer contributions, if any, and allocations of the Plan’s earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account

CONSOLIDATED PRECISION PRODUCTS CORP
RETIREMENT AND SAVINGS PLAN, PLAN II
NOTES TO FINANCIAL STATEMENTS
May 3, 2022 and December 31, 2021

Investment Options

Participants must direct contributions into various investment options as made available and determined by the Plan Administrator, which are more fully described in the Plan's literature. Participants may change their investment options any time throughout the year via telephone and/or Internet access to Prudential Bank and Trust, F.S.B. ("Prudential").

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the Company's discretionary matching and discretionary contributions are based on years of continuous service. Participants become 25% vested after one year of service, 50% vested after two years of service, and are fully vested after completing three years of service. Upon death or disability, participants become 100% vested.

Forfeitures

The Plan provides for forfeitures of terminating participants' non-vested accounts to be used to pay any administrative expenses or reduce discretionary matching or nonelective contributions, with any remaining amount used to restore previous forfeitures or participants' accounts. For the period of January 1, 2022 through May 3, 2022, there were no forfeitures used to offset discretionary matching contributions. At May 3, 2022 there were no unallocated forfeitures. At December 31, 2021, there were approximately \$16,400 of unallocated forfeitures.

Payment of Benefits

Upon termination of employment with the Company due to death, disability, retirement or other reasons, a participant, or their designated beneficiary, will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial withdrawals provided a minimum withdrawal of \$1,000. For termination of service for other reasons, if a participant's vested interest in his or her account exceeds \$5,000, the participant may receive the value of the vested interest in his or her account as a lump-sum distribution, which may be rolled over to another qualified plan. If the participant's vested account balance exceeds \$1,000, but does not exceed \$5,000, the vested portion will automatically be rolled over to an individual retirement account. Distribution of the value of the participant's vested interest can also be elected by a participant who has attained age 59 ½ and has not separated from service. In the event of financial hardship, participants may apply to receive a distribution from their vested accounts, subject to Internal Revenue Service ("IRS") mandated rules for hardship withdrawals.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Notes bear interest at a rate based on the prime rate as of the date of the loan request. Note payments are to be made at least quarterly over a period not to exceed five years or, in the event the note is used to acquire a principal residence, the repayment period may be extended up to 10 years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS
May 3, 2022 and December 31, 2021

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company. Any non-settlor expenses incurred by the Plan Administrator, the Committee or any party that the plan sponsor elects not to pay will be reimbursed from trust fund assets. Any expenses paid from the trust fund will be charged to each plan in the ratio that each plan's participants' accounts bear to the total of all the participants' accounts maintained by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued daily. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in fair value of its investments, which consists of the realized gains or losses and unrealized appreciation or depreciation on those investments.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. See Note 8.

NOTES TO FINANCIAL STATEMENTS
May 3, 2022 and December 31, 2021

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

NOTE 3 – FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of May 3, 2022 and December 31, 2021, and for the year ended May 3, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided Prudential (the "Trustee") and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets.

	May 3, 2022	December 31, 2021
Registered investment companies	\$ -	\$ 55,245,543
Pooled separate account	\$ -	\$ 4,112,595
Guaranteed income fund	\$ -	\$ 4,614,380
Notes receivable from participants	\$ -	\$ 1,443,017

The Trustee also certified to the completeness and accuracy of the following for the period of January 1, 2022 through May 3, 2022:

Net depreciation in fair value of investments	\$ 7,918,152
Interest income on notes receivable from participants	\$ 20,886
Interest and dividends	\$ 99,391

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Company uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Valuation is based upon quoted prices for identical assets or liabilities in active markets;
- Level 2 – Valuation is based upon quoted prices for similar assets or liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly for substantially the full term of the financial instrument; and
- Level 3 – Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. The valuation methodologies used for assets and liabilities measured at fair value are as follows:

Registered investment companies: Valued at the daily closing price as reported by the fund.

Pooled separate account: Valued daily based on the market value of the underlying net assets in each separate account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets at fair value at May 3, 2022. The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 55,245,543	\$ -	\$ -	\$ 55,245,543
Pooled separate account	\$ -	\$ 4,112,595	\$ -	\$ 4,112,595
Total investments at fair value	\$ 55,245,543	\$ 4,112,595	\$ -	\$ 59,358,138

CONSOLIDATED PRECISION PRODUCTS CORP
RETIREMENT AND SAVINGS PLAN, PLAN II
NOTES TO FINANCIAL STATEMENTS
May 3, 2022 and December 31, 2021

NOTE 5 – TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are shares of registered investment companies, a guaranteed income fund managed by an affiliate of Prudential, and therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses for the Plan are paid directly by the Company.

NOTE 6 – TAX STATUS OF THE PLAN

The plan document is a non-standardized form of a prototype plan that received a favorable opinion letter from the IRS dated April 29, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – INVESTMENTS AT CONTRACT VALUE

The Plan entered into a traditional investment contract with Prudential Retirement Insurance & Annuity Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if there were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. There were no assets held at contract value at May 3, 2022. The contract value of the investment contract was \$4,614,380 as of December 31, 2021. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a semiannual basis for resetting.

CONSOLIDATED PRECISION PRODUCTS CORP
RETIREMENT AND SAVINGS PLAN, PLAN II
NOTES TO FINANCIAL STATEMENTS
May 3, 2022 and December 31, 2021

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
2. Premature termination of the contract;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment;
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures of spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation;
4. A material amendment to the agreement without the consent of the issue.

NOTE 8 – PLAN TERMINATION

Effective May 3, 2022, the Plan terminated and all assets and participant accounts were merged into the Consolidated Precision Products Retirement and Savings Plan, another qualified plan sponsored by the Company.

Plan Administrator and Participants
Consolidated Precision Products Corporation
Retirement and Savings Plan, Plan II
Cleveland, OH

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Consolidated Precision Products Retirement and Savings Plan, Plan II, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of May 3, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period of January 1, 2022 through May 3, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 3, 2022 and December 31, 2021, and for the period of January 1, 2022 through May 3, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CONSOLIDATED PRECISION PRODUCTS CORP
RETIREMENT AND SAVINGS PLAN, PLAN II
NOTES TO FINANCIAL STATEMENTS
May 3, 2022 and December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Consolidated Precision Products Corp Retirement and Savings Plan, Plan II (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a 401(k) salary deferral plan covering substantially all full-time employees of Selmet, Inc. and Pacific Cast Technologies, Inc., wholly owned subsidiaries of Consolidated Precision Products Corp. (the “Company”).

The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Company is the Plan’s sponsor and serves as plan administrator.

Eligibility

Eligible employees may begin participation in the Plan on the first entry date following their date of hire. Participants may enter the Plan on the first day of each month. Additionally, employees who are union employees are not eligible to participate in the Plan.

Employee Contributions

Participants may contribute between 1% and 75% of their annual pretax compensation. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation, with the exception of employees of Pacific Cast Technologies who are automatically enrolled at deferral rate of 5%.

Employer Contributions

The Employer may make discretionary matching or discretionary contributions. The amount of the Company’s contribution for any period will be determined at the sole discretion of the Company. In July 2021, the Plan implemented a discretionary matching contribution of 50% of the first 6% of eligible compensation contributed to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s voluntary contributions and employer contributions, if any, and allocations of the Plan’s earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account

Investment Options

Participants must direct contributions into various investment options as made available and determined by the Plan Administrator, which are more fully described in the Plan's literature. Participants may change their investment options any time throughout the year via telephone and/or Internet access to Prudential Bank and Trust, F.S.B. ("Prudential").

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the Company's discretionary matching and discretionary contributions are based on years of continuous service. Participants become 25% vested after one year of service, 50% vested after two years of service, and are fully vested after completing three years of service. Upon death or disability, participants become 100% vested.

Forfeitures

The Plan provides for forfeitures of terminating participants' non-vested accounts to be used to pay any administrative expenses or reduce discretionary matching or nonelective contributions, with any remaining amount used to restore previous forfeitures or participants' accounts. For the period of January 1, 2022 through May 3, 2022, there were no forfeitures used to offset discretionary matching contributions. At May 3, 2022 there were no unallocated forfeitures. At December 31, 2021, there were approximately \$16,400 of unallocated forfeitures.

Payment of Benefits

Upon termination of employment with the Company due to death, disability, retirement or other reasons, a participant, or their designated beneficiary, will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial withdrawals provided a minimum withdrawal of \$1,000. For termination of service for other reasons, if a participant's vested interest in his or her account exceeds \$5,000, the participant may receive the value of the vested interest in his or her account as a lump-sum distribution, which may be rolled over to another qualified plan. If the participant's vested account balance exceeds \$1,000, but does not exceed \$5,000, the vested portion will automatically be rolled over to an individual retirement account. Distribution of the value of the participant's vested interest can also be elected by a participant who has attained age 59 ½ and has not separated from service. In the event of financial hardship, participants may apply to receive a distribution from their vested accounts, subject to Internal Revenue Service ("IRS") mandated rules for hardship withdrawals.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Notes bear interest at a rate based on the prime rate as of the date of the loan request. Note payments are to be made at least quarterly over a period not to exceed five years or, in the event the note is used to acquire a principal residence, the repayment period may be extended up to 10 years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company. Any non-settlor expenses incurred by the Plan Administrator, the Committee or any party that the plan sponsor elects not to pay will be reimbursed from trust fund assets. Any expenses paid from the trust fund will be charged to each plan in the ratio that each plan's participants' accounts bear to the total of all the participants' accounts maintained by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued daily. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in fair value of its investments, which consists of the realized gains or losses and unrealized appreciation or depreciation on those investments.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. See Note 8.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

NOTE 3 – FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of May 3, 2022 and December 31, 2021, and for the year ended May 3, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided Prudential (the "Trustee") and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets.

	May 3, 2022	December 31, 2021
Registered investment companies	\$ -	\$ 55,245,543
Pooled separate account	\$ -	\$ 4,112,595
Guaranteed income fund	\$ -	\$ 4,614,380
Notes receivable from participants	\$ -	\$ 1,443,017

The Trustee also certified to the completeness and accuracy of the following for the period of January 1, 2022 through May 3, 2022:

Net depreciation in fair value of investments	\$ 7,918,152
Interest income on notes receivable from participants	\$ 20,886
Interest and dividends	\$ 99,391

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Company uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Valuation is based upon quoted prices for identical assets or liabilities in active markets;
- Level 2 – Valuation is based upon quoted prices for similar assets or liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly for substantially the full term of the financial instrument; and
- Level 3 – Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. The valuation methodologies used for assets and liabilities measured at fair value are as follows:

Registered investment companies: Valued at the daily closing price as reported by the fund.

Pooled separate account: Valued daily based on the market value of the underlying net assets in each separate account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets at fair value at May 3, 2022. The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 55,245,543	\$ -	\$ -	\$ 55,245,543
Pooled separate account	\$ -	\$ 4,112,595	\$ -	\$ 4,112,595
Total investments at fair value	\$ 55,245,543	\$ 4,112,595	\$ -	\$ 59,358,138

NOTE 5 – TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are shares of registered investment companies, a guaranteed income fund managed by an affiliate of Prudential, and therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses for the Plan are paid directly by the Company.

NOTE 6 – TAX STATUS OF THE PLAN

The plan document is a non-standardized form of a prototype plan that received a favorable opinion letter from the IRS dated April 29, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – INVESTMENTS AT CONTRACT VALUE

The Plan entered into a traditional investment contract with Prudential Retirement Insurance & Annuity Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if there were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. There were no assets held at contract value at May 3, 2022. The contract value of the investment contract was \$4,614,380 as of December 31, 2021. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a semiannual basis for resetting.

CONSOLIDATED PRECISION PRODUCTS CORP
RETIREMENT AND SAVINGS PLAN, PLAN II
NOTES TO FINANCIAL STATEMENTS
May 3, 2022 and December 31, 2021

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
2. Premature termination of the contract;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment;
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures of spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation;
4. A material amendment to the agreement without the consent of the issue.

NOTE 8 – PLAN TERMINATION

Effective May 3, 2022, the Plan terminated and all assets and participant accounts were merged into the Consolidated Precision Products Retirement and Savings Plan, another qualified plan sponsored by the Company.
