Independent Auditor's Report

Participants and Plan Administrator
Kickstarter PBC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Kickstarter PBC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, schedule H, Line 4a—schedule of delinquent participant contributions for the year ended December 31, 2021, and schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Kickstarter PBC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Kickstarter PBC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the basic Plan document and the latest adoption agreement for a complete description of Plan provisions.

General: Effective January 1, 2014, Kickstarter PBC (the Company or Sponsor) established the Plan for eligible employees of the Company. The Plan was most recently amended, effective July 1, 2021, through a new adoption agreement to bring the plan into compliance with the legislative and regulatory changes set forth in the IRS Notice 2017-37 (i.e., the 6-year pre-approved plan restatement cycle). The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: All employees are immediately eligible to participate in the Plan, except for union employees, nonresident aliens, part-time/temporary and leased employees.

On February 26, 2020, the Plan amended its eligibility rules to permit any employee who is represented by a Collective Bargaining Agreement (CBA) to participate in the Plan if his or her participation has been negotiated by his or her union representative, and ratified in a CBA.

Employees who make salary deferrals are eligible for the safe harbor contribution. Employees must complete a year of service (1,000 hours) during the Plan year and must be employed on the last day of the Plan year to be eligible for the discretionary profit-sharing contribution.

Contributions: Participants may contribute any portion of their gross eligible compensation (as defined in the Plan) on a before-tax and post-tax basis, limited to a maximum amount in any calendar year, as adjusted annually pursuant to Section 402(g) of the Internal Revenue Code (IRC) (\$19,500 in both 2021 and 2020). Participants age 50 and above that have contributed the maximum contributions for that year may make catch-up contributions (\$6,500 in both 2021 and 2020).

The Plan Sponsor also makes contributions to the Plan, known as the safe harbor non-elective contribution, on behalf of those participants who have made salary deferral contributions. Employees who have no elective salary deferral contribution will receive the safe harbor non-elective contribution. The safe harbor non-elective contribution will be an amount equal to 3% of eligible employee compensation. Annually, the Plan's trustee performs an analysis to determine any over or underfunding of the employer's safe harbor non-elective contributions. For the year ended December 31, 2021, the Plan Sponsor made total safe harbor non-elective contributions of \$341,384, which includes a contribution receivable of \$3,535 related to the safe harbor true up.

The Plan provisions state that the Plan Sponsor may also make an additional discretionary profit-sharing contribution and discretionary company match contribution. There were no discretionary contributions in 2021.

Participant accounts: Each participant's account is credited and debited with the participant's contributions, company safe harbor non-elective contributions and withdrawals, as applicable, and an allocation of the Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Investments: Participants' direct contributions to various investment options offered by the Plan. The Plan currently offers one stable value fund and 33 mutual funds as investment options for participants.

Note 1. Description of Plan (Continued)

Vesting: Participants are vested immediately in their elective contributions, rollover contributions, and safe harbor non-elective contributions, plus actual earnings thereon.

Participants attain a vested interest in 20% of the Company's discretionary profit-sharing contributions and earnings after one year of service, and an additional 20% per year thereafter.

Forfeitures: Forfeited balances of terminated participants' non-vested accounts are used to pay Plan expenses. There were no forfeitures as of December 31, 2021, and 2020.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from a minimum of one month to a maximum of 60 months unless the loan qualifies as a home loan. A home loan is a loan used to acquire a dwelling unit, which within a reasonable time period, the participant will use as a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a commercially reasonable rate. The loans provide quarterly payments under a level amortization through payroll deductions or an automated clearing house (ACH) agreement.

Payment of benefits: Upon termination of employment, after the attainment of age 59½ or a normal retirement age of 65, or for reasons of disability or death, the participant or his or her beneficiary shall receive the value of his or her account. However, if termination of employment is for reasons other than the attainment of age 59½ or normal retirement of 65, disability, or death, the participant shall receive only the value of the vested funds in his or her account. In accordance with the Plan provisions, participants may receive their participating interest in a lump sum equal to the value of their account. Hardship distributions are also permitted under the Plan agreement.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates and assumptions used.

Administrative expenses: Administrative expenses are paid by the Plan or the Company, as provided in the Plan document.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Gains or losses on investments bought or sold, as well as held during the year, are included in net appreciation/depreciation in fair value of investments and included in the statement of changes in net assets available for benefits. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Rebates received on investments are included in net appreciation/depreciation in fair value of investments on the statement of changes in net assets available for benefits. These rebates are generally used to pay administrative expenses.

Payment of benefits: Benefit payments to the participants are recorded when paid.

Subsequent Events: For the year ended December 31, 2021, subsequent events were evaluated through October 11, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Ascensus as Agent for Ascensus Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, that was prepared by or derived from information provided by the trustee, Ascensus Trust Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the agent, Ascensus, that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information related to the certified assets at December 31, 2021 and 2020. The trustee certified the following assets on December 31, 2021 and 2020:

	2021	2020
Investments:		
Registered investment companies, at fair value	\$ 9,541,715	\$ 7,077,128
Collective trust fund, at fair value	72,671	84,131
Total investments	<u>\$ 9,614,386</u>	<u>\$ 7,161,259</u>
 Total loan receivable from participant	 <u>\$ 2,920</u>	 <u>\$ 11,730</u>

Ascensus Trust Company also certified the completeness and accuracy of \$1,354,535 of net appreciation in fair value of investments, \$147,282 of interest and dividend income and \$60 of other income for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Collective trust fund: Valued based on the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,541,715	\$ -	\$ -	\$ 9,541,715
Total assets in the fair value hierarchy	\$ 9,541,715	\$ -	\$ -	9,541,715
Investment measured at NAV (a)				72,671
Total investments at fair value				\$ 9,614,386

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 7,077,128	\$ -	\$ -	\$ 7,077,128
Total assets in the fair value hierarchy	\$ 7,077,128	\$ -	\$ -	7,077,128
Investment measured at NAV (a)				84,131
Total investments at fair value				\$ 7,161,259

- (a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or model-based valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. There were no transfers noted during the year ended December 31, 2021.

The following table sets forth disclosure of the Plan's investment whose fair value is estimated using NAV per share as of December 31, 2021 and 2020:

Investment	2021 Fair Value	2020 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Morley Stable Value Fund (b)	\$ 72,671	\$ 84,131	\$ -	Daily	30 days

- (b) The investment in the Morley Stable Value Fund (Morley), a collective trust, is designed to provide a diversified group of investments with book value accounting methodology. Morley seeks to achieve this objective by investing in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions.

Note 5. Tax Status

The Plan has adopted a defined contribution volume submitter plan and trust sponsored by Ascensus. The Plan has not obtained a determination letter directly from the Internal Revenue Service (IRS), as it relies on IRS approval of the volume submitter plan and trust being utilized. The IRS has determined and informed the volume submitter plan and trust sponsor by an opinion letter dated March 31, 2014, that the prototype plan was designed in accordance with applicable sections of the IRC. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2021.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although the Company expects to continue the Plan indefinitely, it has the right to amend or terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of Plan termination, each participant and the beneficiaries of each deceased participant shall have a fully vested and nonforfeitable interest in any values held in his or her account as of the date of termination.

Note 7. Risk and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 8. Exempt Party-in-Interest Transactions

Certain officers and employees of the Company who are participants in the Plan perform administrative services related to the operation, record keeping and financial reporting of the Plan. The Company, at its option, pays these and other administrative expenses on behalf of the Plan. Fees paid by the Plan for investment management services are included as a reduction of the return on each fund. The Plan would pay such expenses if the Company discontinued its practice of paying them. No such officers or employees receives compensation from the Plan.
