Independent Auditor's Report

To the Participants and Administrator of
Interventional Spine and Pain Management Centers, PC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of financial statements of Interventional Spine and Pain Management Centers, PC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Interventional Spine and Pain Management Centers, PC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Interventional Spine and Pain Management Centers, P.C. 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of Plan

The following description of the Interventional Spine and Pain Management Centers, P.C. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit-sharing plan, covering substantially all employees of Interventional Spine and Pain Management Centers, P.C. (the Plan Sponsor or the Company), excluding union and non-resident aliens. In order to participate in the Plan, employees must complete 350 hours of service during the first three months of employment. If an employee does not complete 350 hours of service in the first three months, the employee can participate in the Plan after one year of service. Employees are permitted to enter the Plan on the first day of the month coinciding with, or subsequent to, the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor established the Plan effective January 1, 2015. Effective January 1, 2016, the Plan was amended to change the Plan name from Alliance Spine and Pain 401(k) Plan to Interventional Spine and Pain Management Centers, P.C. 401(k) Plan.

Administration

The Company serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits.

The Company has engaged SunTrust Bank (SunTrust or the Trustee) as the Trustee and third-party administrator of the Plan. SunTrust receives all contributions made under the Plan, holds Plan assets, pays benefits as directed by the Plan Administrator and assists in the administration of the Plan. SunTrust serves as the intermediary for all asset purchases and redemptions. Additionally, SunTrust manages certain investment options of the Plan.

Contributions

Participants may make pre-tax and Roth contributions through payroll deductions up to 100% of their Plan compensation, as defined in the Plan Document, subject to the statutory limit set by the Internal Revenue Code (IRC). Participants who have attained at least age fifty are eligible to defer additional amounts (catch-up contributions). Aggregate limits as prescribed by the Internal Revenue Service (IRS) were \$19,500 for participants under the age of fifty and \$26,000 for participants age fifty and older in 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

The Plan Sponsor is required to make a safe harbor matching contribution equal to 100% of salary deferrals up to 3% of Plan compensation plus 50% of salary deferrals between 3% and 5%. The Plan Sponsor's matching contribution totaled \$ 706,333 for the year ended December 31, 2021.

The Plan Sponsor may make a discretionary profit-sharing contribution to eligible participants who are employed on the last day of the Plan year and have worked 1,000 hours during the year. The contribution is allocated to participants proportionally based on the participant's Plan compensation compared to the total compensation of all participants in a particular group. Groups consist of physicians, administrators, and all other eligible employees. A discretionary profit sharing contribution was not made for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's voluntary and rollover contributions, an allocation of the Plan Sponsor's safe harbor matching contribution, an allocation of any profit-sharing contributions and actual Plan earnings thereon. The participant's account is also charged with withdrawals, applicable allocations of investment gains/losses and administrative expenses. Allocations are based on participant earnings, participant groups, account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are 100% vested at all times in their voluntary and rollover contributions, the Plan Sponsor's safe harbor matching contributions and actual Plan earnings thereon. Vesting in the Plan Sponsor's discretionary profit-sharing contributions, plus earnings thereon, is based on years of continuous service. The vesting percentages are as follows:

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants also become 100% vested upon termination of the Plan, reaching the normal retirement age of sixty-five, disability, or death while an employee of the Plan Sponsor.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options offered by the Trustee and selected by the Plan Administrator, including certain options for which the Trustee or its affiliates serve as investment advisors (Note 5). Participants are allowed to change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the highest outstanding loan balance during the previous twelve months, or 50% of their vested account balance. Participants are limited to one loan outstanding at a time. Loans are secured by the participant's vested account balance and bear interest at the prime rate plus 1%. The loan repayment period must be between one and five years, unless the loan is taken out for the purchase of a primary residence, which may exceed five years, as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Benefits are paid according to the vested interest in the account that the participant is entitled to upon retirement (age 65), termination, disability, death or (upon participant request) attainment of age 59 ½. Benefits are distributed to the participant or beneficiary in cash in a lump sum, as defined in the Plan Document.

In general, a participant may withdraw 100% of the vested account balance, excluding certain Plan Sponsor contributions, in the event of a participant's heavy and immediate financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified Plan or individual retirement account, through a lump sum distribution, or through a single sum distribution of a portion of the account balance. The Plan may, upon termination of service of a participant for any reason, automatically distribute the benefits owed if no alternative election has been made and the account balance is \$5,000 or less, as defined in the Plan Document.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account, subject to the possibility of reinstatement before the end of five consecutive breaks in service, as defined in the Plan Document. Forfeitures of terminated employees' non-vested accounts are used to reduce Plan Sponsor contributions and pay Plan expenses, as defined in the Plan Document. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$21,295 and \$15,078, respectively. Forfeitures of non-vested accounts and interest earned thereon totaled \$11,768 in 2021. During 2021, forfeitures totaling \$3,647 were used to pay Plan expenses.

CARES Act

Effective March 27, 2020, the Plan adopted the distribution and loan rules of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The CARES Act permitted retirement plans to provide qualified individuals (as defined in the CARES Act) who were impacted by the novel coronavirus (COVID-19) expanded distribution options and certain loan relief. Participants should refer to plan documents for specific changes made to the Plan. Written amendments to the Plan to reflect those operational changes will be adopted at a later date in accordance with applicable laws and IRS guidance.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan also has an investment in a common collective trust, which is reported at fair value using net asset value (NAV) as a practical expedient. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities, including gains and losses, are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

At times, the Plan will reimburse the Plan Sponsor for certain Plan expenses that are paid directly by the Plan Sponsor, which include, but are not limited to, legal and accounting fees and investment management fees. During 2021, the Plan reimbursed the Plan Sponsor for approximately \$46,000 of such expenses. In addition, individual transaction fees for participant directed transactions including, but not limited to, distributions and notes receivable from participants are charged to the participant's account and included in administrative expenses. Investment related expenses are included in net appreciation in the fair value of investments.

Payments of Benefits

Benefit payments are recorded when paid.

Note 3: Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information to information included in the Plan's financial statements and supplemental information:

	2021	2020
Statements of net assets available for benefits:		
Investments, at fair value	\$ 14,685,787	\$ 11,593,744
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	\$ 95,637	
Interest and dividends	1,609,691	

Note 4: Fair Value Measurements

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund: The stable value fund is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of the units of the collective trust. The Plan has concluded that the NAV reported by the Trustee is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it was determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant-directed transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no unfunded commitments on this investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 14,409,774	\$ -	\$ -	\$ 14,409,774
Stable value collective trust fund (a)	-	-	-	276,013
Total investments at fair value	<u>\$ 14,409,774</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,685,787</u>

Investments at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 11,375,005	\$ -	\$ -	\$ 11,375,005
Stable value collective trust fund (a)	-	-	-	218,739
Total investments at fair value	<u>\$ 11,375,005</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,593,744</u>

- (a) This investment is measured using NAV as a practical expedient and is not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statements of net assets available for benefits as of December 31, 2021 and 2020.

Note 5: Party-in-Interest Transactions

SunTrust and its affiliates perform services for, sell products to and manage and maintain certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 6: Tax Status

Effective January 1, 2015, the Company adopted the SunTrust Bank Defined Contribution Prototype Plan (the Prototype Plan). The Prototype Plan received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the Prototype Plan, as then designed, was acceptable in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, the Plan was qualified and the related trust was tax-exempt as of December 31, 2021.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to an income tax examination for the years beginning after 2018.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances, and the assets of the Plan would be distributed to the participants in accordance with the Plan provisions.

Note 8: Match Correction Receivable

During 2021 and 2020, the Plan Sponsor did not properly calculate the safe harbor matching contributions for certain participants. As a result, additional Plan Sponsor matching contributions totaling \$13,101 and \$21,657 were payable to the Plan at December 31, 2021 and 2020, respectively. Such amounts are included in Plan Sponsor contributions receivable in the accompanying statements of net assets available for benefits.

Note 9: Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. Below is a reconciliation of amounts appearing on the 2021 Form 5500 to the accompanying 2021 financial statements:

	2021	2020

Note 10: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the date of the statement of net assets available for benefits as of December 31, 2021, and the report date, which is the date these financial statements were available for issuance. Management has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
