INDEPENDENT AUDITORS' REPORT

To the Participants and the Board of Trustees
Area Agency on Aging District 7 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Area Agency on Aging District 7 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Area Agency on Aging District 7 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Area Agency on Aging District 7 403(b) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance, is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Area Agency on Aging District 7 403(b) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Area Agency on Aging District 7 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Area Agency on Aging District 7 403(b) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN:

The following description of the Area Agency on Aging District 7 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of plan provisions.

General

The Plan is a defined contribution 403(b) plan covering all employees of the Area Agency on Aging District 7, Inc. (the Employer) who normally work more than 20 hours per week. There is no age requirement to begin making Participant deferrals. Employees who have attained age 18 are eligible for Employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of eligible compensation, as defined, to the Plan, subject to certain limitations established by law. Participants are also permitted to deposit into the Plan distributions from other qualified plans. Participants who have attained age 50 can make catch-up contributions. Participants with fifteen years of service can make special Code 403(b) catch-up contributions.

The Plan provides for a discretionary Employer contribution and a discretionary Employer annual fixed amount contribution. For the year ended December 31, 2021, the discretionary Employer contribution was equal to 4.5% of an employee's eligible compensation. During the period beginning January 1, 2020 through November 15, 2020, the discretionary Employer contribution was 4.5% of an employee's eligible compensation. During the period beginning November 16, 2020 through December 31, 2020, the discretionary Employer contribution was 3.5% of an employee's eligible compensation. There was no discretionary Employer annual fixed amount contributed for the years ended December 31, 2021 and 2020.

Participant accounts

Each participant's account is credited with the participant's contribution and, if eligible, an allocation of the Employer's contributions, if any, and an allocation of plan earnings (including appreciation in fair value of investments) and administrative expenses. Allocations are based on participant earnings, compensation or account balances, as defined. The Plan's investments are participant-directed, and allocations of plan earnings are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon and Employer contributions and earnings.

Plan loans

Participants with funds held by Lincoln Financial Group (Lincoln) may obtain a plan loan for a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Such loans are obtained directly from Lincoln and are collateralized by a portion of the participant's account balance. Upon the execution of a plan loan agreement, a portion of the participant's account balance is transferred into the guaranteed interest contract offered by Lincoln. Loan repayments are made by participants directly to Lincoln. As loan payments are received by Lincoln, a portion of the funds held as collateral are released.

Defaults are determined in accordance with the terms of the plan loan agreements between Lincoln and the participant. Upon default, the plan loan becomes taxable to the participant; however, the collateral remains in the participant's account until the participant reaches a distributable event such as retirement or termination. Plan loans outstanding at December 31, 2021 and 2020 were \$28,899 and \$27,473, respectively.

Participant notes receivable

Participants with funds held by Nationwide Trust Company, FSB (Nationwide) are permitted to borrow from their vested account. Participants may borrow the lesser of \$1,000 or 50% of their vested account balances up to \$50,000. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate. Notes are payable within five years or a reasonable time longer than 5 years for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Participants are eligible to receive benefit payments upon termination of service or termination due to death, disability or retirement. Normal retirement age is 65 years and in-service withdrawals are allowed when a participant's age is 55 years or older. Participants may receive a single sum payment or various annuity payments. The participant may also elect to withdraw before tax contributions in the event of financial hardship, as defined by the Plan. In the event of a participant's death, any remaining balance will be paid to designated beneficiaries.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefit distributions are recorded when paid.

Administrative expenses

Certain administrative expenses are paid by the Employer and are excluded from these financial statements. Fees for other administrative transactions charged directly to the participant's account are included in administrative expenses.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The plan has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE CUSTODIANS:

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB and Lincoln National Life Insurance Company, the custodians, have certified to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental schedule of assets (held at end of year) as of December 31, 2021, and the related investment activity and interest income from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.

4. INVESTMENT WITH INSURANCE COMPANY:

The Plan entered into a traditional fully benefit-responsive group annuity investment contract issued by Nationwide. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings at the guaranteed interest rate, less participant withdrawals, transfers and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Plan may transact according to the terms defined in the contract at any time, however certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or

deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant and immediate withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date, unless no current deposit arrangements have been made and there are no guaranteed interest funds with a value greater than zero under the contract.

5. GUARANTEED INTEREST ACCOUNT:

Participants have the option to invest in a Lincoln Financial Group guaranteed interest account, which is backed by the general assets of Lincoln. The principal is guaranteed as long as the contract is in effect. The account is credited with interest daily and charged for participant withdrawals and administrative expenses. The contract is not considered fully benefit-responsive and is included in the financial statements at fair value.

6. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Mutual funds:* The fair values of these securities are based on the net asset value (NAV) of shares held by the plan at year end which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.
- *Guaranteed interest account:* Valued at fair value, which equals cash value plus interest credited at a guaranteed rate times a market value adjustment. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments and overall credit ratings. The valuation of the investment considers prices from prior transactions; therefore, additional disclosure of quantitative unobservable inputs is not necessary.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain plan investments are managed by Nationwide Financial Services, Inc. or Lincoln Financial Services (affiliates of Nationwide Trust Company, FSB and Lincoln National Life Insurance Company, respectively, the custodians of the Plan). These transactions qualify as party-in-interest transactions.

8. RISKS AND UNCERTAINTIES:

Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the

values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

10. INCOME TAX STATUS:

The Plan adopted a volume submitter plan which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

11. PLAN OPERATIONS:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

The plan administrator adopted the distribution and loan relief provisions included in the CARES Act which permitted qualified individuals to request a pre-approved distribution up to \$100,000 through December 30, 2020, through participant self-certification of eligibility, and permitted qualified individuals to defer repayments of an outstanding loan for one year. The CARES Act also permitted the Employer to increase the maximum loan amount available to qualified individuals up to \$100,000 per participant. The Employer intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.
