Plan Administrative Committee
Cobb EMC 401(k) Plan

We have conducted an ERISA Section 103(a)(3)(c) audit of the financial statements of Cobb EMC 401(k) Plan (the Plan) as of and for the year ended December 31, 2021, and have issued our report thereon dated September 29, 2022. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated June 23, 2022, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(c), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For and ERISA Section 103(a)(3)(c) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Cobb EMC 401(k) Plan solely for the purpose of determining our audit procedures, and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

We have identified the following significant risks:

- Management Override - Management override of internal controls.
- COVID-19 - The COVID-19 pandemic impacted the working environment for all industries. Certain relief notices were passed to assist with trying to offset any participant hardships and difficulties related to management's limited resources and capabilities.
- Improper Revenue Recognition - Contributions are recorded in the proper period, are calculated in accordance with the Plan document and the participants' requests, all contributions that should have been recorded under the terms of the Plan have been recorded and are applicable to the Plan year.
- Benefit Payments - Risk of unauthorized distributions.
- Participant Data - Accuracy and completeness of participant data and transactions, including those initiated by telephone or electronic means.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Cobb EMC 401(k) Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2021. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgements. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most significant accounting estimates affecting the financial statements were the fair value measurements of the Plan's investment information.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgement and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Cobb EMC 401(k) Plan's financial statements relate to: Note 3, Separate Account Guaranteed Interest Contract, and Note 5, Fair Value Measurements.

Significant Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no misstatements noted.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Cobb EMC 401(k) Plan's financial statements or the auditor's report. No such disagreements arose during the course of our audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated September 29, 2022

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Cobb EMC 401(k) Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Cobb EMC 401(k) Plan's auditors.

Other Matters

The ERISA-required supplemental schedules, other than that agreed to or derived from the certified information, were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Pension and Retirement Committee, and management of Cobb EMC 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.

Cobb EMC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Cobb EMC 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Cobb EMC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cobb EMC 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cobb EMC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cobb EMC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Cobb EMC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 29, 2022, we indicated that (a) because of significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis of opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

COBB EMC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan

The following description of the Cobb EMC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the exclusive benefit of eligible employees and their beneficiaries. Employees are eligible to enter the Plan when they have completed at least one month of service and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Cobb Electric Membership Corporation (the Company) is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors the investment performance, and reports to the Company. The Company absorbs certain costs of the Plan.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act allowed qualifying COVID-19 pandemic impacted participants to defer loan payments by 12 months. The CARES Act also provided qualifying COVID-19 pandemic impacted participants with the option to take a coronavirus-related distribution from retirement savings that previously would have been inaccessible or subject to early withdrawal penalties. The CARES Act eliminated the need to take a required minimum distribution in calendar year 2020.

Contributions

Each year, participants may contribute up to 100 percent of the annual compensation, as defined by the Plan or the maximum allowable by law. Participant contributions may be traditional elective deferrals (pre-tax) or Roth elective deferrals (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

For employees hired on or after January 1, 2012, the Company contributes 50 percent of the first 6 percent of compensation that a participant contributes pre-tax to the Plan. Also, after one month of service, a 7 percent nondiscretionary contribution is made whether or not employees contribute to the Plan.

(1) Description of Plan (Continued)

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and qualified rollover contributions, adjusted for gains and losses based on the investment performance of a participant's account, less any withdrawals, distributions, and allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the investment earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, excluding employer matching contributions. The loans are secured by the balance in the participant's account. A participant may have only two outstanding loans at any time. Loan terms generally may not exceed five years. The loan interest rate is set at an agreed-upon percentage based on prevailing market rates. Scheduled principal and interest payments are to be made by payroll deduction.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reason, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his/her account. A participant who is still employed by the Company and has attained age 59½ may make an election to withdraw all or a portion of his or her entire account balance. No such withdrawal shall be made more than twice during any calendar year.

Hardship Withdrawals

In the event funds are needed because of extreme financial hardship, as defined by the law, the participant may be allowed to make a withdrawal from his/her vested account balance from eligible accounts, as defined by the Plan. In accordance with the Internal Revenue Code (IRC), benefits withdrawn prior to age 59½ may be subject to additional taxes.

In accordance with the CARES Act, the Plan permitted eligible participants to request penalty-free distributions of up to \$20,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, or being unable to work due to a lack of childcare due to COVID-19. The Plan made \$-0- and \$24,046 of CARES Act distributions during the year ended December 31, 2021 and 2020, respectively.

(1) Description of Plan (Continued)

Forfeited Accounts

Forfeitures are created when excess employer contributions are determined to have been made under the Plan. These forfeited amounts will be held in a money market fund and may be used to reduce nonelective contributions or to pay reasonable Plan expenses. Forfeited nonvested amounts as of December 31, 2021 and 2020 were \$49,211 and \$24,618, respectively. During 2021, forfeited nonvested amounts totaling \$126,512 were used to reduce employer contributions.

Investment Options and Investments

Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options at any time. As of December 31, 2021, the Plan offered more than 15 diversified investments consisting of mutual funds, one pooled separate account, and one guaranteed interest account as investment options for participants.

(2) Summary of Significant Accounting Policies

The accounting policies of the Plan are maintained in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The following describes the more significant of those policies:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and recordkeeper. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. For notes receivable from participants, the portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

(2) Description of Plan (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Recently Issued Accounting Pronouncement - Adopted

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU removes, modifies, and adds certain disclosure requirements of *Topic 820*. ASU 2018-13 is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. There was no effect on total net assets available for benefits as previously reported.

(3) Guaranteed Interest Account with Mass Mutual

The Plan entered into a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (Mass Mutual) totaling \$34,151,775 for 2021 and \$29,801,479 for 2020. The separate account guaranteed interest contract (SAGIC) is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The SAGIC invests in a diversified portfolio of primarily investment-grade fixed income securities, using a core-plus fixed income strategy.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the Plan. Contract value as reported to the Plan by Mass Mutual represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

(3) Guaranteed Interest Account with Mass Mutual (Continued)

Under the terms of the SAGIC, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. Contract value represents contributions, plus credited interest, less participant withdrawals and fees. Certain events may limit the ability of the Plan to transact at contract value and include, but are not limited to, the following: (1) partial or complete termination of the Plan or (2) material changes in any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from eligibility in the Plan as a result of the sale or liquidation of a subsidiary or division or as a result of layoffs or early retirement programs. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring. The SAGIC agreement does not permit the insurance company to terminate the agreement prior to effective communication from the Plan of a termination date. If the Plan terminates the SAGIC as an investment option within the Plan or if the Plan terminates entirely, the SAGIC would be subject to market value analysis which may affect the amount.

The crediting rate is determined for each individual Plan contract based on anticipated market returns. The SAGIC guaranteed rate is reset periodically, typically quarterly, and in no instance will the interest rate fall below zero percent.

The average yield earned by the Plan, calculated by dividing the annual interest credited to the Plan during the year by the average annual fair value, was 3.00 percent and 3.36 percent as of December 31, 2021 and 2020, respectively.

In addition, certain events, such as Plan terminations, allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

(4) Information Prepared and Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the trustee as complete and accurate as of December 31, 2021 and 2020 and for the year ended December 31, 2021, except for comparing such information to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

(4) Information Prepared and Certified by the Trustee (Unaudited) (Continued)

Investments and notes receivable from participants as of December 31, as certified by the trustee are as follows:

	<u>2021</u>	<u>2020</u>
Mutual Funds	\$ 42,212,827	\$ 35,627,454
Pooled Separate Account	13,710	13,600
Guaranteed Interest Account	<u>34,151,775</u>	<u>29,801,479</u>
	<u>\$ 76,378,312</u>	<u>\$ 65,442,533</u>
Notes Receivable from Participants	<u>\$ 899,568</u>	<u>\$ 904,892</u>

Investment income and interest income on notes receivable from participants for the year ended December 31, 2021, as certified by the trustee is as follows:

Net Appreciation in Fair Value of Investments	\$ 5,996,854
Interest and Dividends	<u>2,637,147</u>
	<u>\$ 8,634,001</u>
Interest Income on Notes Receivable from Participants	<u>\$ 44,819</u>

(5) Fair Value Measurements

The FASB issued a statement that defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(5) Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end. There are currently no redemption restrictions on these investments.

Pooled Separate Account: Valued at the NAV of shares held by the Plan at year-end through sub-accounts of an insurance company. The underlying securities of the pooled separate account are listed on national securities and valued on the basis of closing prices. There are currently no redemption restrictions on the investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2021	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 42,212,827	\$ -	\$ -	\$ 42,212,827
Pooled Separate Account	-	13,710	-	13,710
	<u>\$ 42,212,827</u>	<u>\$ 13,710</u>	<u>\$ -</u>	
Total Investments at Fair Value				<u>\$ 42,226,537</u>
2020

(6) Income Tax Status

The Plan has received a determination letter from the IRS dated October 11, 2017, stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. Although the Plan has been amended since receiving this determination letter, the Company and the Company's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Party-in-Interest Transactions

Certain Plan assets are investment options offered through the Plan recordkeeper and investment advisors or affiliates and, therefore, these transactions qualify as party-in-interest transactions.

Administrative expenses on the statement of changes in net assets available for benefits include amounts paid by the Plan to the trustee, advisors, and recordkeeper for administrative services. Fees paid for these services amount to \$72,145 for the year ended December 31, 2021. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempted from the prohibition of party-in-interest transactions under ERISA.

(8) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(10) COVID-19

The Coronavirus pandemic (COVID-19) remains a rapidly evolving situation. The extent of the impact of COVID-19 on the Plan and the Plan Sponsor will depend on future developments, including the duration and spread of the outbreak, which continues to be uncertain. As the situation continues to evolve, management is closely monitoring the impact of COVID-19 on all aspects of the Plan, including investment returns.

(11) Subsequent Events

Changes in investment returns can have a significant effect on the Plan. Management is monitoring investment market conditions and the impact such fluctuations are having on the Plan's investment portfolio. Due to the volatility of the financial markets as of the date of this report, there is uncertainty regarding the impact which continued volatility may have on the Plan's investment portfolio.

Management has evaluated events subsequent to December 31, 2021 through September 29, 2022, the date these financial statements were available to be issued.
