INDEPENDENT AUDITORS' REPORT

To the Trustees
Fairfax Radiological Consultants Employees' Profit Sharing Plan
Fairfax, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Fairfax Radiological Consultants Employees' Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Fairfax Radiological Consultants Employees' Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fairfax Radiological Consultants Employees' Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fairfax Radiological Consultants Employees' Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fairfax Radiological Consultants Employees' Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 – Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Fairfax Radiological Consultants Employees' Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FAIRFAX RADIOLOGICAL CONSULTANTS EMPLOYEES' PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The following description of the Fairfax Radiological Consultants Employees' Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Fairfax Radiological Consultants, PLLC (formerly Fairfax Radiological Consultants P.C.) (the Company) established a profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC), effective March 1, 1989. The Plan is a defined contribution plan covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020, the Company was restructured. A new employer, Fairfax Radiology Centers, LLC (CTR) was created. CTR is an Affiliated Employer of Fairfax Radiological Consultants, PLLC and employees of CTR were incorporated within the Fairfax Radiological Consultants Employees' Profit Sharing Plan. With the creation of CTR, most of the staff of Fairfax Radiological Consultants, PLLC were reemployed by CTR with all benefits, vesting and seniority transferred to the new employer. Simultaneously, CTR became the employer for over two hundred employees formerly employed by Inova Health Systems. These employees retained their seniority and vesting from the prior employer plan and were automatically enrolled in the Fairfax Radiological Consultants Employees' Profit Sharing Plan with a 62-day default process.

The Company has responsibility for remittance of participant and employer contributions, appointing a committee to administer the Plan, and determining funds available for investment under the Plan. The Company pays for certain administrative expenses and provides administrative and accounting services for the Plan.

Eligibility Requirements

Effective January 1, 2020, employees become eligible to participate in the Plan immediately on date of hire.

Contributions

Participants may contribute to the profit sharing plan in the form of a salary reduction arrangement, which complies with Section 401(k) of the IRC. The Plan automatically enrolls certain participants for a three percent pre-tax salary deferral under its automatic enrollment feature, unless the participant elects to increase/decrease the percentage. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money deposit account, exchange-traded funds, and self-directed brokerage accounts as investment options for participants. The Company may make a base profit sharing contribution to be allocated among eligible participants on an integrated basis. The Company may optionally make additional subsidizing Company profit sharing contributions on a uniform basis for the benefit of non-highly compensated employees to meet certain coverage tests. The Company may also make additional profit sharing contributions for the benefit of shareholders of the Company. Contributions are subject to certain limitations.

Participants may elect to transfer all or a portion of their pre-tax 401(k) contribution account to their Roth 401(k) contribution account. The in-plan rollover contributions will be treated as distributions and be considered qualified rollover contributions within Sections 402A and 408A of the IRC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN (continued)

Contributions (continued)

The Plan automatically increases each participant's deferral percentage by 1 percent per year until the participant's combined contribution percentage equals 10 percent. Participants are given the opportunity to reject or override this increase each September.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and earnings on each participant's investments. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, and on the subsidizing Company profit sharing account. A participant becomes fully vested in the base profit sharing and supplemental profit sharing after three years of credited service as follows:

Less than one year	0%
1 year	5%
2 years	20%
3 years or more	100%

Forfeited Accounts

At December 31, 2021 and 2020, there were no forfeited nonvested accounts. Forfeited balances of terminated participants' nonvested accounts are used to reduce the current or the following year's base profit sharing plan contribution. For the years ended December 31, 2021 and 2020, the Plan Sponsor's profit sharing contributions were reduced by \$111,489 and \$64,158, respectively, from forfeited nonvested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan is made. The interest rates range from 5.25 to 7.50 percent. Principal and interest are paid ratably through payroll deductions. In addition, participants may obtain loans and defer loan repayments under the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) (see Note 9).

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

1. DESCRIPTION OF PLAN (continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement or withdrawal from service, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants older than 59½ years may elect to make an in-service distribution of their vested balance. During the year ended December 31, 2020, participants could also take special coronavirus-related distributions under the CARES Act (see Note 9).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Financial Statement Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

As permitted by U.S. generally accepted accounting principles, the Plan uses net asset value (NAV) as a practical expedient to determine the fair value of certain investments, and these investments have not been classified in the fair value hierarchy.

Payments of Benefits

Payment of benefits are recorded when paid.

Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees for managed account services are charged directly to the participant's account and are included in administrative expenses. Participants are automatically enrolled in a managed accounts service; however, there is an option to opt out at any time. The fees for the managed accounts service, which range between .25 percent and .35 percent, are based on the participant's average daily balance of eligible assets.

Subsequent Events

The Plan has evaluated subsequent events for possible adjustment to the financial statements or disclosure through October 12, 2022, the date the financial statements were available to be issued.

3. CERTIFIED FINANCIAL INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements as of December 31, 2021 and 2020, the ERISA-required supplemental schedule of Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the custodian of the Plan.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – inputs to the valuation methodology are based upon unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

FAIRFAX RADIOLOGICAL CONSULTANTS EMPLOYEES' PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. FAIR VALUE MEASUREMENTS (continued)

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of three valuation techniques (market, cost, or income approach). The market approach evaluates prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The cost approach evaluates the amount that would be required to replace the service capacity of an asset (i.e., replacement cost). The income approach uses techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing models, and lattice models).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money deposit account: Valued at cost, which approximates fair value.

Exchange-traded funds: Exchange-traded funds are baskets of securities designed to replicate various indices and whose value is determined through daily market action in the shares of the exchange-traded fund. Fair market value is determined by obtaining prices from quoted market sources.

Self-directed brokerage (SDA) accounts: SDA accounts include investments in interest and non-interest bearing cash, CDs, common stock, preferred stock, mutual funds, U.S. Government securities, corporate bonds, unit investment trusts and other assets. Interest, non-interest bearing cash and CDs are recorded at cost, plus accrued interest. Common stock and preferred stock traded in active markets on national securities exchanges are valued at closing prices on the last business day of each period presented. Mutual funds in registered investment companies are valued as mentioned above. U.S. Government securities, corporate bonds and other assets are valued at the closing price reported on the active market on which the individual securities are traded.

Self-directed brokerage (SDA) accounts - unit investment trust: The unit investment trust is valued at the NAV of shares held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan also holds other assets not measured at fair value on a recurring basis, including employer contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. FAIR VALUE MEASUREMENTS (continued)

The Unit Investment Trust funds primarily consist of investments that seek to provide total return primarily through capital appreciation and dividend income by investing in portfolios of common stock.

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

6. RELATED PARTY TRANSACTIONS

Plan assets include investments in funds managed by Charles Schwab Bank. Charles Schwab Bank is the Plan's custodian. Schwab Retirement Plan Services, Inc. (SRPS) is the third party Plan administrator. SRPS is an affiliate of Charles Schwab Bank and, as such, transactions between the custodian and Plan administrator qualify as party-in-interest transactions under ERISA.

Under an agreement between SRPS and the Company, effective October 21, 2014, SRPS receives revenue from exchange-traded fund service providers, which are netted against the net appreciation in fair value of investments on the statements of changes in net assets available for benefits. SRPS is not required to remit any of the revenue received back to the Plan. In addition, as disclosed in Note 2, managed accounts service fees are charged directly to participant accounts and are included in administrative expenses on the statements of changes in net assets available for benefits.

Administrative expenses paid by the Plan are included in administrative expenses on the statements of changes in net assets available for benefits. The administrative expenses include managed account service fees, self-directed brokerage account fees and other administrative expenses.

7. TAX STATUS

The Plan obtained its latest determination letter on August 1, 2014. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**FAIRFAX RADIOLOGICAL CONSULTANTS
EMPLOYEES' PROFIT SHARING PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

9. PLAN AMENDMENTS

During 2020, the Plan adopted various provisions of the CARES Act which permitted: increasing the loan distribution amounts to \$100,000, or 100 percent of account balances, for loans taken during the six months following March 27, 2020; suspending loan payments for the period of March 27, 2020 through December 31, 2020 upon request; allowing participants to take a coronavirus-related distribution of up to \$100,000 without a 10 percent early withdrawal penalty with the option to repay the distribution over a three-year period beginning on the day after the distribution; and allowing the suspension of 2020 required minimum distributions. The Plan will execute any applicable formal Plan amendments within the timeframe required by law.
