INDEPENDENT AUDITORS' REPORT

To the Plan Administrator

INDIAN RIVER MEMORIAL HOSPITAL, INC. PENSION PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of the Indian River Memorial Hospital, Inc. Pension Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,

forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our

report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of the Indian River Memorial Hospital, Inc. Pension Plan (the Plan) as amended and restated, effective October 1, 2014, provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. Copies of these documents are available from the Total Rewards Department at The Cleveland Clinic Foundation ("Foundation").

General: The Plan is a noncontributory defined benefit pension plan covering certain employees of Indian River Memorial Hospital, Inc. (the Hospital, Employer or Sponsor). Employees of the Hospital were eligible to participate in the Plan upon attainment of age 21 and completion of one year of service, during which an employee had at least 1,000 hours of service with the Hospital. As of December 31, 2002, entry to the Plan was frozen and benefits stopped accruing to all employees, except for a select group of collectively bargained employees. As of December 31, 2005, entry to the Plan was frozen and benefits stopped accruing to all collectively bargained employees regardless of age.

Participants are eligible for normal retirement payments upon reaching age 65. The amount of individual pensions is based upon several factors including, among other items, compensation, years of service and age. The Plan also provides for payment of early retirement benefits (at reduced amounts), as well as the payment of benefits to the surviving spouse of a participant or participants who become totally disabled. Participants are fully vested upon completion of five years of credited service. Participants with less than five years of credited service are not vested. The Plan allows participants the option of a lump sum benefit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2019, the Foundation became the full member of the Hospital pursuant to a member substitution agreement.

The Retirement Committee of the Foundation acts on behalf of the Hospital to perform its duties as Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Master Trust - The investments of the Plan, along with the investments of certain other defined benefit plans sponsored by the Foundation and its affiliates were pooled for investment purposes into a master trust effective January 1, 2020 pursuant to an agreement between The Bank of New York/BNY Mellon N.A. and the Foundation – The Cleveland Clinic Health System Pension Trust ("Master Trust"). The Plan's interest in the Master Trust and all changes in that interest are presented in separate line items in both the statements of net assets available for benefits and the statements of changes in net assets available for benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Benefit*

(2) Summary of significant accounting policies (continued)

Pension Plans (Topic 960): Employee Benefit Master Trust Reporting. ASU 2017-16 also requires that the Plan disclose the general types of investments held by the Master Trust and also the dollar amount of the Plan's interest in each of those general types of investments. These disclosures are provided in Note 4. The pooling of the Plan's assets into the Master Trust had no impact on the Plan's net assets available for benefits.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - The Plan's expenses are paid either by the Plan or the Hospital, as provided by the Plan document. Expenses that are paid directly by the Hospital are excluded from these financial statements. The Hospital may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net investment income – participation in Master Trust presented in the accompanying statements of changes in net assets available for benefits.

Valuation of investments held by the Master Trust – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 5 for discussion of fair value measurements.

The Master Trust also holds investments in privately held registered investment company funds, common collective trusts and alternative investments which are valued using, as a practical expedient, the Net Asset Value (NAV) per share as provided by the respective investment companies, partnerships or third-party fund administrators.

Recognition of income by the Master Trust – Purchases and sales of securities are recorded on a trade-date basis. Interest is accrued when earned. Dividends are recorded on the ex-dividend date. Net investment income – participation in Master Trust includes gains and losses on investments bought and sold, as well as held during the year.

(2) Summary of significant accounting policies (continued)

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits (see Note 6) are those future periodic payments, including lump-sum, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits are based on plan provisions in effect at the time of the employee's service, and consider compensation, age, and years of service. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Bank of New York Mellon/BNY Mellon, N.A., ("BNY Mellon") the trustee of the Plan, certified that the following data included in the accompanying financial statements are complete and accurate with respect to investments:

- Plan interest in Master Trust
- Net investment income – participation in Master Trust

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Master Trust

The following is financial information with respect to the Master Trust:

The Plan's investments are held in the Cleveland Clinic Health System Pension Trust, which was established for the investment of assets of the Plan and several other Foundation sponsored defined benefit retirement plans. Each participating plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by BNY Mellon, the trustee.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocation investment income (loss), less actual distributions and allocated administrative expenses. The Plan's interest in the Net Assets of Master Trust was approximately 4.89% and 4.92% at December 31, 2021 and 2020, respectively.

(5) Fair value measurements

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

(5) Fair value measurements (continued)

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at December 31, 2021:

	Master Trust Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 73,732,867	$ 35,919	$ -	$ 73,768,786

Registered investment companies	84	-	-	84
Investments measured at fair value	$ 474,187,790	$ 655,450,448	$ -	$ 1,129,638,238

Total Master Trust investments at fair value at December 31, 2021 are comprised of the following:

Investments measured at fair value	$ 1,129,638,238
Investments measured at net asset value[(a)]	
Privately held registered investment company funds	217,970,286
Common collective trust funds	102,184,034
Alternative investments:	
Hedge funds	182,101,548
Private equity funds	83,095,492
Total investments at fair value	$ 1,714,989,598

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total investments at fair value held by the Master Trust.

(5) Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at December 31, 2020:

	Master Trust Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 56,122,461	$ 36,001	$ -	$ 56,158,462

Investments measured at fair value	$ 607,406,290	$ 304,130,088	$ -	$ 911,536,378

Total Master Trust investments at fair value at December 31, 2020 are comprised of the following:

Investments measured at fair value	$ 911,536,378
Investments measured at net asset value[(a)]	
Privately held registered investment company funds	235,469,675
Common collective trust funds	338,481,986
Alternative investments:	
Hedge funds	269,107,261
Private equity funds	72,399,512
Total investments at fair value	$ 1,826,994,812

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total investments at fair value held by the Master Trust.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments which were measured at fair value on a recurring basis:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual fund	$ 3,022	$ -	$ -	$ 3,022

Fair value for Level 1 investments is based upon quoted market prices. Level 1 investments are actively-traded, liquid securities that are traded on many of the world's major exchanges, and fair value is determined at the closing prices on the respective exchange or market. Level 1 investments in registered investment companies are open-end mutual funds that are registered with the Securities and Exchange Commission, and are required to publish and transact at their daily NAV.

(5) Fair value measurements (continued)

Fair value for Level 2 investments for fixed income securities and common and preferred stocks is primarily determined using techniques that are consistent with the market approach. Valuations are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs include broker/dealer quotes, reported/comparable trades, and benchmark yields. These inputs are obtained from various sources including market participants, dealers, and brokers.

Hedge funds generally contain lock-up provisions that do not allow for redemption of investments for up to 2 years after acquisition. Following the lock-up period, the funds can generally be redeemed providing there are no restrictions on the underlying securities. Redemptions are determined by the fund's management and have redemption frequencies ranging from monthly to annually which require redemption notifications that range from 10 to 120 days. The Master Trust had unfunded commitments in these funds totaling $1,678,500 as of December 31, 2021.

Private equity funds do not have redemption rights. Distribution from such funds will be received as the underlying investments in the fund are liquidated. It is estimated that the investments in these funds would be liquidated over a weighted average period of approximately 4 years. The Master Trust had unfunded commitments in these funds totaling $49,468,192 as of December 31, 2021.

(6) Actuarial present value of accumulated plan benefits

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The actuarial present value of accumulated plan benefits is presented based on a beginning-of-year benefit information date.

The significant assumptions underlying the actuarial computations are as follows:

Long-term rate of return	5.79% per year
Mortality	IRS prescribed mortality (PRI-2012) (75% blue collar, 25% white collar) (Scale MP 2020)
Retirement	Rates varying by age (55 to 70)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

(6) Actuarial present value of accumulated plan benefits (continued)

A summary of the actuarial present value of accumulated plan benefits as of January 1, 2021 is as follows:

Vested benefits		
Participants currently receiving payments	$	51,356,683
Other participants		14,162,763
Total vested benefits		65,519,446
Nonvested benefits		140,278
Total actuarial present value of accumulated plan benefits	$	65,659,724

The change in the actuarial present value of accumulated plan benefits for the year ending January 1, 2021 consists of the following:

Actuarial present value of accumulated plan benefits at January 1, 2020	$	81,461,183
Change in acturial assumptions		(13,278,629)
Actuarial losses		1,430,235
Increase due to passage of time		2,605,299
Decrease due to benefits paid		(6,558,364)
Actuarial present value of accumulated plan benefits at January 1, 2021	$	65,659,724

(7) Funding policy

The Hospital has voluntarily agreed to contribute such amounts as are necessary to provide assets sufficient to meet the benefits to be paid to plan participants. The contributions of the Hospital are made in amounts sufficient to fund the Plan's current service cost on a current basis and to fund past service cost plus interest thereon over a period of 30 years. The Hospital may elect to increase its contributions above the minimum amount required by ERISA. The Plan has met the ERISA minimum funding requirements in 2021 and 2020.

(8) Related party transactions and party-in-interest transactions

Certain plan investments are managed by BNY Mellon. BNY Mellon is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees for legal, accounting and other services are paid by the Hospital. Administrative and trustee fees are paid by the Plan. Other party-in-interest transactions include the purchase and sale of investments through the trustee. Such transactions are exempt from being prohibited transactions. Certain fees incurred by the Plan for the investment management services are included in net investment income – participation in master trust, as they are deducted from the NAV of the respective investment, rather than through a direct payment.

(9) Plan termination

Although it has not expressed any intention to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency of the Plan's net assets to provide those benefits, the financial condition of the Hospital, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

(10) Tax status

The Plan obtained a determination letter from the Internal Revenue Service (IRS) dated November 17, 2015, stating that the Plan, is qualified under Section 401(a) of the Internal Revenue Code (Code) and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter and the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

(10) Tax status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no tax audits for any periods.

(11) Risks and uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

(12) Subsequent events

The Plan has evaluated events that have occurred subsequent to the year ended December 31, 2021 through September 26, 2022, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Benefit commencement date:

- Preretirement death benefit — The later of the death of the active participant or the date the participant would have attained age 55 with 5 years of vesting service.
- Deferred vested benefit — For actives, the later of age 55 with 5 years of vesting service or termination of employment
- Disability benefit — Upon disablement and 5 years of vesting service

■ Retirement benefit	Upon termination of employment and the later of age 55 with 5 years of vesting service
Form of payment	Retirement: 75% for single lump sum distribution, 11.25% for straight life annuity, 3.75% for 50% joint and survivor annuity, 6.25% for 100% joint and survivor annuity and 3.75% for 10-year certain and life annuity. Termination: 50% single lump sum distribution assumed upon termination, 42.5% single lump sum distribution at normal retirement, 3.375% for straight life annuity, 1.125% for 50% joint and survivor annuity, 1.875% for 100% joint and survivor annuity and 1.125% for 10-year certain and life annuity.
Percent married and spouse age	For purposes of valuing the pre-retirement surviving spouse's benefit, 100% of eligible participants are assumed to be married and male spouses are assumed to be 3 years older than female spouses.
Covered pay	Not applicable.
Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets	The actuarial value of assets is equal to the market value of assets as of the valuation date plus the discounted present value of contributions made after the valuation date for the prior plan year, discounted using the effective interest rate for the prior plan year.

SCHEDULE SB ATTACHMENTS

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued based on discussions with the plan sponsor regarding the likelihood that these benefits will be paid. Willis Towers Watson has reviewed the plan provisions with the plan sponsor and, based on that review, is not aware of any significant benefits required to be valued that were not.

The plan pays small benefits (with a present value up to $5,000 in a single lump sum payment). Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.

Sources of Data and Other Information

Alight furnished participant data as of January 1, 2021. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. No data adjustments were made and we are unaware of any data adjustment made by the data provider.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale – Significant Economic Assumptions

Discount rate

The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.

Lump sum conversion rate

As required by IRC §430, lump sum benefits are valued using "annuity substitution," so the interest rates assumed are effectively the same as described above for the discount rate.

Plan-related expenses

As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example, actuarial, accounting, legal, administration and trustee fees to be paid from the trust).

SCHEDULE SB ATTACHMENTS

Assumptions Rationale – Significant Demographic Assumptions

Healthy mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were selected by the plan sponsor and represent their best estimate of future experience.
Disability	Disability rates were selected by the plan sponsor and represent their best estimate of future experience.
Retirement	Retirement rates were selected by the plan sponsor and represent their best estimate of future experience.

Source of Prescribed Methods

Funding methods

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions and methods since prior valuation

- The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430. Segment interest rates under ARPA were first reflected with the January 1, 2021 valuation.
- The mortality projection scale used to calculate the funding target and target normal cost was updated from Scale MP-2018 to Scale MP-2019, as required by IRC §430.
- The mortality table used to determine §417(e) lump sum conversions when calculating the funding target were revised from the IRS table applicable for plan year 2020 to the IRS table applicable for plan year 2021.
- The assumed plan-related expenses added to the target normal cost were changed from $290,000 for the prior valuation to $851,325 for the current valuation.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V
Summary of Plan Provisions

Plan Provisions

The plan was originally effective February 1, 1972. The plan was most recently restated and renamed effective October 1, 2014, and most recently amended by the Fifth Amendment signed October 21, 2019.

Effective December 31, 2002, benefits stopped accruing for all highly compensated employees and any non-highly compensated employees who had not attained age 60 as of December 31, 2002, except for a select group of collectively bargained employees.

Effective December 31, 2005, benefits stopped accruing for the collectively bargained employees.

Effective October 21, 2019, the plan year was changed to a calendar year.

Effective January 1, 2020, the plan was changed to allow for a single lump sum distribution as an optional form of payment.

Covered employees	All employees hired on or before December 31, 2002.
Participation date	Effective December 31, 2002, no new participants are allowed to enter the plan.

Definitions

Credited/Vesting service

One year of service shall be credited for each Plan Year an employee completes at least 1,000 hours of service. Service before January 1, 1985 is credited based on years and completed months. Hours of service are not counted toward Credited Service, only Vesting Service, for the following:

(a) Fixed rate employees.

(b) Effective October 1, 1995, pooled, temporary, or per diem employees.

(c) Prior to October 1, 1995, employees who opted out of participation.

Credited service is not earned after 12/31/2002 for non-grandfathered employees and not after 12/31/2005 for union employees.

SCHEDULE SB ATTACHMENTS

Pensionable pay

Total Compensation is reported on the federal W-2 form plus any contributions made on a salary reduction basis under Code section 125, 401(k), or 403(b). Pay cannot exceed $270,000 indexed according to applicable statutes. Pay does not include compensation given to those below:

(a) Fixed rate employees.

(b) Effective October 1, 1995, pooled, temporary, or per diem employees.

(c) Prior to October 1, 1995, employees who opted out of participation.

Average monthly earnings

The monthly average is the highest 60 consecutive months of a participant's pay out of the last 120 consecutive months preceding termination for grandfathered participants, 12/31/2005 for union participants and 12/31/2002 for non-grandfathered participants.

Covered compensation

The average (without indexing) of the Taxable Wage Bases in effect for each calendar year during the 35-year period ending with the last day of the calendar year in which the Participant attains (or will attain) Social Security Retirement Age.

Normal retirement date (NRD)

The first day of the month coincident with or next following attainment of age 65 if hired prior to January 1, 1988. Otherwise, the first day of the month coincident with or next following the later of 1) attainment of age 65 and 2) earlier of 5th anniversary of participation or five years of Vesting Service.

Monthly pension benefit

Greater of (a) or (b)

(a) 1.5% multiplied by Average Monthly Earnings times Credited Service; minimum benefit of $10 multiplied by Credited Service.

(b) 1.45% multiplied by Average Monthly Earnings up to Covered Compensation multiplied by Credited Service, plus 2.10% multiplied by Average Monthly Earnings in excess of Covered Compensation multiplied by Credited Service up to 35 years.

SCHEDULE SB ATTACHMENTS

Monthly preretirement death benefit	50% of the monthly pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday

SCHEDULE SB ATTACHMENTS

Eligibility for Benefits	
Normal retirement	Retirement on NRD
Early retirement	The first day of the month coincident with or next following the attainment of age 55 and the completion of five years of Vesting Service
Postponed retirement	Retirement after NRD
Disability	Totally and permanently disabled prior to NRD after completion of five years of Vesting Service while an active employee. No service requirement for occupational disability. Participant must be eligible for disability benefits under the federal Social Security act.
Deferred vested termination	Termination for reasons other than death or retirement after completing five years of vesting service
Preretirement death benefit	Death while eligible for normal, early, postponed, or deferred vested retirement benefits

SCHEDULE SB ATTACHMENTS

Benefits Paid Upon the Following Events

Normal retirement

The monthly pension benefit determined as of NRD

Early retirement

Greater of (a) or (b)

(a) 1.5% multiplied by Average Monthly Earnings times Credited Service; minimum benefit of $10 multiplied by Credited Service. The benefit is reduced by 0.25 percent for each month by which benefit commencement precedes Normal Retirement.

(b) 1.45% multiplied by Average Monthly Earnings up to Covered Compensation times Credited Service reduced by .25 percent for each month by which benefit commencement precedes normal retirement, plus 2.10% multiplied by Average Monthly Earnings in excess of Covered Compensation multiplied by Credited Service up to 35 years, multiplied by the appropriate factor shown below.

Age at Commencement	Factor
55	0.6380
56	0.6692
57	0.7000
58	0.7311
59	0.7623
60	0.7930
61	0.8347
62	0.8759
63	0.9171
64	0.9588

Postponed retirement

The monthly pension benefit determined as of actual retirement date, adjusted to reflect actuarial increases for deferral

Deferred vested termination

The monthly pension benefit determined as of the termination date payable at the normal retirement age or as early as age 55. The benefit payable is reduced by the same factors presented in the Early Retirement Benefit section.

SCHEDULE SB ATTACHMENTS

Disablement	The lesser of (a) or (b): (a) 20% of monthly base pay rate at disability, or (b) Benefit based on Credited Service projected to Normal Retirement and Average Monthly Earnings at time of disability.
Preretirement death	The monthly preretirement death benefit; in lieu of a monthly benefit, a lump sum equal to the greater of (a) or (b) may be payable: (a) 50% of the present value of the participant's monthly pension benefit, or (b) Actuarial equivalent of the benefit paid to surviving spouse.

Other Plan Provisions

Forms of payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of a 50% joint and survivor annuity or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a lump sum, a 50%, 75%, or 100% joint and survivor annuity, a ten-year certain and life annuity, or (for married participants) a life annuity.
Pension increases	None
Plan participants' contributions	None
Maximum limits on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes take effect. Increases in the dollar limits are assumed for determining pension cost but are not assumed for funding or AFTAP purposes.

SCHEDULE SB ATTACHMENTS

Lump sum window offerings

A one-time lump sum window was offered to terminated vested participants as of October 1, 2015 whose accrued benefit amounts were less than or equal to $500 per month. Participants had a one-time opportunity to elect an unlimited lump sum form of payment that was paid in September 2016. 178 participants elected lump sums through this one-time offer.

A one-time lump sum window was offered to terminated vested participants as of October 1, 2016 who accrued benefit amounts were less than or equal to $800 per month and who were not part of the previous bulk lump sum offering. Participants had a one-time opportunity to elect an unlimited lump sum form of payment that was paid in September 2017. 65 participants elected lump sums through this one-time offer.

Future Plan Changes

No future plan changes were recognized in determining funding requirements. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior valuation.
