| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

**Part I Service Provider Information (continued)**

**3.** If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## INDEPENDENT AUDITORS' REPORT

To the Trustees of the  
Central Methodist University DC Retirement Plan and Tax Deferred Annuity Plan  
Fayette, Missouri

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements***

We were engaged to perform an audit of the financial statements of the Central Methodist University DC Retirement Plan and Tax Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### ***Disclaimer of Opinion on the 2021 Financial Statements***

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### ***Basis for Disclaimer of Opinion on the 2021 Financial Statements***

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2008. As further discussed in Note 3, because of inadequacies in the Plan's records prior to 2008, we were unable to perform sufficient auditing procedures with respect to participants' individual account balances totaling approximately \$15,200,000 accumulated from the inception of the Plan through December 31, 2007, or to satisfy ourselves as to the basis on which participants' equity was stated as of December 31, 2007, or the propriety of the distributions to participants who terminated during the years then ended. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions. The estimated remaining unaudited balance of participants' individual accounts prior to 2008 was approximately \$3,902,000 as of December 31, 2021.

### ***Responsibilities of Management for the 2021 Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the 2021 Financial Statements***

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with U.S. generally accepted auditing standards and to issue an auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

### ***Other Matters***

#### ***2021 Supplemental Schedule Required by ERISA***

The supplemental schedule of assets held at year end as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

#### ***Auditors' Report on the 2020 Financial Statements***

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institutions. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2008. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our report dated September 30, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

**CENTRAL METHODIST UNIVERSITY  
DC RETIREMENT PLAN AND TAX DEFERRED ANNUITY PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**1. DESCRIPTION OF THE PLAN**

The following description of the Central Methodist University DC Retirement Plan and Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

*General:* The Plan is a 403(b) defined contribution plan covering employees of Central Methodist University (the University). The Plan was established January 1, 1976, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Eligibility:* All employees, except students and non-resident aliens, are eligible to participate in the Plan. To be eligible for employer contributions, employees must have attained age 18 and have completed one year of service. Adjunct instructors, clergy, and missionaries are excluded from employer contributions. Part-time employees must complete at least 1,000 hours during the plan year and be employed on the last day of the plan year to receive employer contributions.

*Contributions:* Participants may contribute a portion of pre-tax or post-tax annual compensation, as defined in the Plan, not to exceed 100% of compensation or maximum amounts specified by the IRS, in accordance with a participant salary deferral agreement. Participants who are at least 50 years of age may make an additional contribution to the Plan not to exceed \$6,500 in 2021 and 2020, under certain conditions. Participants may also contribute amounts representing rollover distributions from other qualified plans. The University is required to contribute 3% of eligible compensation, plus a match equal to 100% of each participant's deferral contributions up to 1% of eligible compensation, plus 50% of each participant's deferral contributions between 1% and 8% of eligible compensation. Participants direct the investment of contributions into various investment options offered by the Plan.

*Participant accounts:* Each participant's account is credited with the participant's contributions and allocations of (a) the University's contributions, and (b) Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting:* Participants are automatically 100% vested in their accounts.

*Notes receivable from participants:* Participants may borrow from their TIAA accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance with TIAA. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus one percent. Principal and interest are payable ratably through ACH deductions.

*Payment of benefits:* Distributions to plan participants are generally made to a participant after the participant's termination of employment. A participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, a partial payment, an annuity, or installment payments.

*Administration:* Teachers Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF) is the Plan's third-party administrator and provides general professional and administrative services related to the Plan. TIAA-CREF also functions as one of the Plan's record-keepers and custodians. The Variable Annuity Life Insurance Company (VALIC) and Newport Trust Company (Newport) also function as the Plan's record-keepers and custodians. TIAA, FSB, a federal saving association also serves as custodian of certain investments that are record-kept by TIAA-CREF.

The University has entered into an agreement with PlanPilot, LLC to act as an investment fiduciary and provide other administration services to the Plan. The Plan has also instituted a \$7.50 per quarter service fee to participants invested in TIAA-CREF Retirement Choice contracts. In addition, certain administrative and record-keeping costs are being absorbed by the University. The University's Board of Trustees is responsible for the oversight of the Plan. The Plan's Retirement Plan Review Committee determines the appropriateness of the Plan's investment offerings, monitors the investment performance, and reports to the University's Board of Trustees as needed.

## **2. SIGNIFICANT ACCOUNTING POLICIES**

*Basis of accounting:* The financial statements of the Plan are prepared under the accrual basis of accounting.

*Valuation of investments:* Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade date basis. Realized investment gains and losses are determined on the specific identification basis. Dividends are recorded on the declaration date. Interest is recorded when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities of the Plan are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

*Notes receivable from participants:* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

*Payment of benefits:* Benefits are recorded when paid.

*Expenses:* Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the University. Expenses that are paid by the University are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the University. No officer or employee receives compensation from the Plan for these services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

*Estimates:* The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Subsequent events:* Events that have occurred subsequent to December 31, 2021, have been evaluated through October 6, 2022, which represents the date the Plan's financial statements were approved by management and, therefore, available to be issued.

### **3. TAX STATUS**

The Plan was originally effective on January 1, 1976. Effective October 1, 2018, the Plan was amended and restated to adopt a volume submitter 403(b) plan sponsored by TIAA. The IRS has determined and informed TIAA by a letter dated August 8, 2017 that the volume submitter 403(b) plan sponsored by TIAA as amended through May 1, 2015, is in a form acceptable under section 403(b) of the Internal Revenue Code (IRC). An adopting sponsor may rely on the opinion letter issued by the IRS as evidence that the Plan is qualified under the applicable sections of the IRC. The Plan is relying on the opinion letter. Effective January 1, 2020, the Plan was amended to clarify certain compensation exclusions and automatic escalation provisions. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified as of the financial statement date.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

In 2007, the DOL, the IRS and the Pension Benefit Guaranty Corporation published final regulations significantly changing rules and regulations governing 403(b) plans. One of the key changes eliminated the limited reporting previously allowed. Prior to 2009, Plan level records were not required to be maintained. Effective in 2009, 403(b) plans are required to submit plan level financial information and are subject to audit. As a result of the regulations in effect prior to 2009, the Plan did not maintain sufficient records to provide evidence to support its balances as of December 31, 2007.

### **4. PLAN TERMINATION**

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

### **5. TERMINATED PARTICIPANTS**

Net assets available for benefits at December 31, 2021 and 2020, included approximately \$17,054,000 and \$13,470,000, respectively, allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from actively participating in the operations of the Plan, generally as a result of terminating employment. These amounts may be paid after year-end, at the request of the participant. These participants receive no further contributions but do receive allocations of investment income and Plan expenses.

## 6. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF, VALIC, and Newport, the Plan's custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments at fair value as shown in the statements of net assets available for benefits.
- Investments at contract value as shown in the statements of net assets available for benefits.
- Investment income as shown in the statements of changes in net assets available for benefits.
- Schedule of assets held at year end.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## 7. FAIR VALUE OF INVESTMENTS

Plan investments are held in custodial accounts managed by TIAA-CREF, VALIC, and Newport, the Plan's custodians, and are unsecured. Therefore, these qualify as party-in-interest transactions.

A fair value hierarchy is used that prioritizes the inputs to valuation techniques used to measure fair value of balances that are required or permitted to be measured at fair value for reporting in financial statements. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

|         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Valuation is based upon quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                 |
| Level 2 | Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals. |
| Level 3 | Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.                                                                                                                                                      |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

*Mutual funds:* Valued at the daily closing price as reported by the fund on an active market which is based on the underlying net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Insurance company general accounts:* Valued at contract value, which approximates fair value based on analysis performed by the insurance company. Contract value equals the amounts contributed or transferred, less any withdrawals or transfers out, plus accrued interest. Liquidity restrictions apply to the TIAA Traditional Annuity account such that transfers and distributions must be made over a period of up to 10 annual installments.

*Pooled separate account:* The unit value of TIAA Real Estate pooled separate account is calculated daily and is derived from the market value of the underlying real estate holdings or other real estate-related investments. The TIAA Real Estate pooled separate account is registered with the SEC.

The TIAA Real Estate pooled separate account invests in real estate and real estate related investments. Its investments are valued at NAV. Although the underlying investments of the pooled separate account cannot be quickly sold and converted to liquid asset, the TIAA general account provides a liquidity guarantee to meet participant redemption, transfer or cash withdrawal requests varying from one to three days. Redemptions out of the investment are limited to once per quarter.

*Variable annuity contracts:* Valued at the NAV of shares held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no conditions or terms limiting redemption of these funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present the Plan's assets measured at fair value on a recurring basis as of December 31, aggregated by the level in the fair value hierarchy within which those measurements fall:

Level 3 Quantitative Information - The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

| Instrument               | Fair Value   | Valuation Technique                                          | Significant Unobservable Inputs        | Range         |

| TIAA Traditional Annuity | \$ 8,029,597 | Discounted cash flow<br>Theoretical transfer<br>(exit value) | Risk-adjusted discount<br>rate applied | 3.00% - 4.45% |

Level 3 Qualitative Information – The Plan has processes and controls in place to ensure that fair value is reasonably estimated. The custodian provides a fair value estimate for these investments as described above. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31:

| December 31, 2021          | Fair Value        | Unfunded Commitments | Redemption Frequency (if Currently Eligible) | Redemption Notice Period |
|----------------------------|-------------------|----------------------|----------------------------------------------|--------------------------|

| December 31, 2020          | Fair Value        | Unfunded Commitments | Redemption Frequency (if Currently Eligible) | Redemption Notice Period |
| Variable annuity contracts | <u>\$ 177,684</u> | n/a                  | Daily                                        | None                     |

## 8. PLAN LOANS

Participants are allowed to borrow directly from the Plan's custodians. Plan loans are issued directly from funds owned by a custodian and not directly from a participant's account. Adequate security is required, and a portion of the participant's account is reserved, or held in collateral, to cover the outstanding loan in case of default. The collateral is held in the VALIC Fixed Account Plus account and the TIAA Traditional Account. The outstanding balance of these loans was \$266,035 and \$127,484 at December 31, 2021 and 2020, respectively. Principal and interest are paid directly to the custodian, and these plan loans are not reflected in the Plan's financial statements.

## **9. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES**

The Plan holds traditional investment contracts with TIAA-CREF and VALIC through the TIAA Traditional – Benefit Responsive Accounts, the VALIC Fixed Account Plus, and the VALIC Short Term Fixed Account. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code; premature termination of the contracts; Plan termination or merger; changes to the Plan's prohibition on competing investment options; and bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: an uncured violation of the Plan's investment guidelines; a breach of material obligation under the contract; a material misrepresentation; and a material amendment to the agreement without the consent of the issuer.

## **10. CARES ACT**

In response to the COVID-19 outbreak during 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act made certain provisions available to qualified plans. During 2020, the University elected to allow qualified individuals to take COVID-19 related distributions, loans, and loan payment suspensions until December 31, 2020, under the provisions of the CARES Act.
