Independent Auditor's Report

To the Plan Administrator
Crystal Cabinet Works, Inc. Salary Savings Plan
Princeton, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Crystal Cabinet Works, Inc. Salary Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Crystal Cabinet Works, Inc. Salary Savings Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Crystal Cabinet Works, Inc. Salary Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Crystal Cabinet Works, Inc. Salary Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Crystal Cabinet Works, Inc. Salary Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Other Matters (Continued)

2021 Supplemental Schedule Required by ERISA (Continued)

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Crystal Cabinet Works, Inc. Salary Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Crystal Cabinet Works, Inc. Salary Savings Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Crystal Cabinet Works, Inc. Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan, under section 401(k) of the internal revenue code (IRC), covering all full-time employees of Crystal Cabinet Works, Inc. (the "Company") who have completed six months of service, are at least 18 years of age, and are not covered by a collective bargaining agreement, a nonresident alien who received no earned income, a leased employee, or part-time/temporary/seasonal employee regularly scheduled to work less than 1,000 hours. Entry dates are quarterly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may, after meeting eligibility requirements, contribute between 1% and 75%, or as law provides, of their total compensation. Participants will be automatically enrolled to withhold 4% of their compensation if they have not completed a salary deferral agreement by the time they are eligible to make deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute for each participant a matching contribution equal to a percentage of the elective contributions made by the participants. The decision to make matching contributions and the amount of such contributions are made each year by the Company. During 2021 and 2020, the Company contributed a matching contribution equal to 50% up to the first 4% of compensation the employee contributes to the Plan through salary deferral. The Company may also contribute a qualified nonelective contribution in an amount to be determined by the Company to all non-highly compensated employees eligible to share in the allocation. These amounts are nonforfeitable when made. Finally, the Company may make an annual discretionary profit sharing contribution that is based on current year net income.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions. Vesting in the remainder of their accounts is based on years of continuous service. Participants become fully vested in employer matching contributions after they complete three years of service. Participants vest ratably in employer nonelective contributions after they complete two years of service and are fully vested at the end of six years of service.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Participants may receive distributions from the Plan upon disability, retirement (age 65), termination of service, and hardship. The Plan also allows in-service withdrawals upon reaching age 59½ from any fully vested accounts. A participant shall receive a lump sum amount or installments equal to the value of his or her account. Participants may leave their account under the Plan if their vested account is more than \$5,000.

On January 1, 2021, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 increased the age limit for required minimum distributions from 70½ to 72. Terminated participants may elect to have the Plan hold their accounts for distribution to them at a date not later than April 1 of the calendar year after which they attain age 72 (age 70½ if prior to January 1, 2020). Terminated participants who elect this will continue to share in the income, expenses, gains, and losses of the Plan until their accounts are distributed.

Notes Receivable from Participants

Any participant in the Plan may apply for a loan from the Plan. Loans are allowed for any purpose and are available from all accounts. The total number of loans allowed at one time is two and shall be limited to the lesser of one-half of the participant's vested balance or \$50,000. The \$50,000 maximum loan amount is reduced by the highest loan balance during the past 12 months minus the loan balance on the date the new loan is made. The minimum principal amount for any loan is \$1,000. The participant requesting a loan must have a minimum vested balance of \$2,000 to be eligible. The loans bear interest at the prime rate plus 2.0%. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures resulting from a terminated participant's failure to be fully vested in the Company's contributions may be used to reduce the Plan's ordinary and necessary administrative expenses or reduce any matching or nonelective contributions. The amount of forfeitures available to reduce future expenses or matching or nonelective contributions were \$97,211 and \$61,519 as of December 31, 2021 and 2020, respectively. During 2020, forfeitures totaling \$23,269 were allocated to remaining participants and no forfeitures were used to pay Plan expenses or reduce matching contributions.

Coronavirus Aid, Relief, and Economic Security (CARES) Act

On March 27, 2020, the CARES Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants who were adversely impacted by COVID-19. The provisions of CARES Act were effective and operationalized immediately, prior to amending the Plan Document.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Coronavirus Aid, Relief, and Economic Security (CARES) Act (Continued)

The Plan has implemented the following relief provisions:

- Coronavirus-related distributions: Qualified participants could take a coronavirus-related distribution of up to \$100,000 from their Plan without a 10% early withdrawal penalty. Eligible distributions could be taken up to December 31, 2020. Coronavirus-related distributions may be repaid within three years.
- Participant loans: Increase loan amounts up to the lesser of \$100,000 or 100% of eligible vested balances from March 27, 2020 to September 22, 2020. In addition, qualified participants may elect to suspend loan repayments due through December 31, 2020. Repayments must resume in January 2021. Loans will be re-amortized to extend payoff period by one year and will include accrued interest for suspension period.
- Required minimum distributions (RMDs): RMDs were waived for 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reflected at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants valued at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor, custodian, and trustee.

Purchases and sales of securities are recorded on a trade date basis. Investment income is recorded using the accrual basis of accounting. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation represents the Plan's gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Funding Policy

Company matching contributions are generally remitted to the Plan at the same time as employee deferrals. Discretionary profit sharing contributions are remitted to the Plan on an annual basis in the year following the end of the plan year.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

The Plan maintains a plan expense account whereby participants' accounts are charged a percentage quarterly and the amounts are used to pay necessary Plan expenses. Amounts charged to participants' accounts in excess of plan expenses as of December 31, 2021 and 2020, totaled \$31,364 and \$21,131 respectively. These amounts will be used to offset future Plan expenses or reallocated to participants. During 2020, excess amounts were reallocated to participants from the plan expense account totaling \$85,000.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2022, the date which the financial statements were available to be issued.

NOTE 3 – CERTIFICATIONS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Life & Annuity Insurance Company, the custodian, and Great-West Trust Company, LLC, the trustee, of the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Registered investment companies: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fair values of assets measured on a recurring basis are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2021				
Registered investment companies	<u>\$ 52,023,687</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 52,023,687</u>

NOTE 5 – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan adopted the provisions of ASC 946-210 with respect to the fully benefit-responsive investment contract held by the GWI Fixed Account – Series Class IV, which is provided as a core investment option to participants in the Plan. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The GWI Fixed Account – Series Class IV is a general account product of Great-West Life & Annuity Insurance Company. The contract issuer is contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and will be determined by the issuer prior to the last day of the previous calendar quarter, and the effective rate will never be less than 0%. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan's documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA, or (e) premature termination of the contract. The plan administrator believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the plan to transact at contract value with the participants.

The average and actual yield earned by the GWI Fixed Account – Series Class IV for 2021 and 2020 was 1.65% and 1.79%, respectively.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Crystal Cabinet Works, Inc. Salary Savings Plan
Notes to Financial Statements

NOTE 7 – TAX STATUS

The plan was restated effective June 24, 2021, and has adopted a prototype plan document. The plan is relying on the prototype sponsor's opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. Prior to June 24, 2021, the plan relied on a prototype sponsor's opinion letter from the IRS dated March 31, 2014. The letters state that the prototype plans are designed in accordance with applicable sections of the IRC. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of American requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no reconciling items for 2021 and 2020 between the financial statements and Schedule H of Form 5500.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

The custodian and trustee provide custodial and trustee services to the Plan. In addition, certain Plan investments are issued by the custodian of the Plan. These transactions qualify as party-in-interest transactions.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
