INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Local Government Corporation Retirement Plan
Columbia, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of the Local Government Corporation Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Local Government Corporation Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the years ended, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Local Government Corporation Retirement Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Local Government Corporation Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Local Government Corporation Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Local Government Corporation Retirement Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LOCAL GOVERNMENT CORPORATION RETIREMENT PLAN
NOTES TO THE PLAN FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Local Government Corporation Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and the Summary Plan Description, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The qualified retirement plan (the Plan) is a tax deferred annuity contract plan under code 403(b)(1) covering eligible employees of the Sponsor (the organization). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

At December 31, 2021 there were 161 participants with account balances, of which 150 were active participants and 18 retired or separated participants entitled to future benefits.

The Plan is funded with a group annuity contract (the Contract) issued by American United Life Insurance Company (AUL). The Contract offers a fixed interest investment option (the Fixed Option) through AUL's general account and a number of variable investment options through an AUL separate account. Thus, participants and/or the trustee can select the options that reflect their individual investment style and risk tolerance. Under the Contract, it is possible to make transfers between the various options and to redirect the investment of future contributions as specified by the governing Plan documents and Contract provisions.

Funds allocated to the Fixed Option are placed in the AUL general account where they are invested in accordance with AUL's general account investment policy. The objective of that investment policy is to maximize long-term, risk-adjusted returns. AUL's general account assets are predominately fixed-income investments (bonds, mortgages, and private placements). The average maturity for these assets is nearly 10 years, and the average duration is between 5 and 6 years. The quality of these investments is high. See Note F for a description of features and characteristics of the Fixed Option.

The Plan includes a second trustee, Lincoln National Life Insurance Company (Lincoln), which holds some investments (group variable annuity contracts) for long time participants who have not transferred them to the current trustee or did not take the assets as a distribution. The Sponsor requested that the assets be moved to the current trustee, but some participants did not move them. Since the participant directs what and where the investments are, the plan administrator cannot eliminate the second trustee as long as the participant leaves the assets with them. Less than 1% of the assets are held by the second trustee. No contributions are allowed to be made to the Lincoln National Life Insurance Company.

Contributions

Eligible employees may contribute, under traditional or Roth provisions, up to 100% of pre-tax annual compensation, as defined in the plan. Contributions are limited, in total, by certain provisions of the Internal Revenue Code, which are subject to change from time to time. Employees are eligible to receive a corporate discretionary contribution to the plan when they are 21 years of age, have completed 12 months of employment with the company and have worked at least 1,000 hours for the company during the plan year. The employer contributes an amount equal to 3% of each eligible employee's base wage to the plan and will match employee voluntary contributions up to 3% for a total possible employer contribution of 6% of their base wage.

LOCAL GOVERNMENT CORPORATION RETIREMENT PLAN
NOTES TO THE PLAN FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (continued)

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds (held in a group account) as investment options for participants.

Participant Accounts and Vesting

All participant contributions are held in group accounts. Each participant's account is credited with the participant's contribution and Plan earnings and is charged with the proportionate share of administrative expenses. Allocations are based on the participant's proportionate ownership of the Group Investment. All amounts credited to a participant's account are 100% vested and the benefit to which a participant is entitled is the balance in the participant's account.

Participant Loans

Participant loans are not permitted by the plan.

Payment of Benefits

Normal retirement age is 59 1/2. On termination of service due to health, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or other payment options. Immediate distribution is made upon the issuance of a Qualified Domestic Relations Order (QDRO).

Forfeited Accounts

These accounts are used to reduce future employer contributions. There were no forfeitures for the years ended December 31, 2021 and 2020.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statement Presentation

The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of the group account are valued at the net asset value of shares held by the Plan at yearend.

LOCAL GOVERNMENT CORPORATION RETIREMENT PLAN
NOTES TO THE PLAN FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (continued)

All financial information related to the Contract's Fixed Option is reported to a Plan participant at contract value (principal invested plus interest earned) (also known as the participant's Fixed Option "Account Value"). Pursuant to professional standards, AUL believes contract value is an appropriate determination of fair value for the Fixed Option. Participant-initiated benefit-responsive Plan withdrawals from the Fixed Option and transfers between the Fixed Option and the variable investment options as allowed under the terms of the Plan and the Contract, are performed at contract value.

The Contract's Fixed Option has no liquid market value because it is not tradable or assignable, and there are no defined maturities of the cash flows. Liquidation of the entire Contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the Plan participants, and can only be initiated by the Plan Trustee(s) upon termination of the Plan or complete termination of the Contract.

Date of Management's Review

Subsequent events were evaluated through October 13, 2022, which is the date the financial statements were available to be issued.

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would receive their account balance in a manner of their choosing, such as cash, rollover to another plan, annuity, etc.

NOTE D – RELATED PARTY TRANSACTIONS

Plan investments are shares of a group account managed by American United Life Insurance Company (AUL) a division of One America Financial Partners, Inc. AUL is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Plan investments are also managed by Lincoln National Life Insurance Company (See Note A). Lincoln is also a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for the investment management services amounted to \$305 and \$90 for 2021 and 2020, respectively. The Plan sponsor pays for the preparation of the annual audit and preparation of the Form 5500 on behalf of the Plan each year.

LOCAL GOVERNMENT CORPORATION RETIREMENT PLAN
NOTES TO THE PLAN FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE E – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE/CUSTODIAN

An authorized representative of the American United Life Insurance Company and Lincoln National Life Insurance Company, in accordance with 29 CFR 2520.1 03-5(c), has certified to the accuracy and completeness of the following information contained in the Financial Statements and Supplemental Schedule:

<u>Description</u>	<u>2021</u>	<u>2020</u>
Investments, at fair value	\$ 22,792,661	\$ 19,113,200
Investment gain or (loss) – net	2,595,350	2,593,312
Interest from fixed accounts	4,687	5,032

NOTE F – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The following are some features and characteristics of the Fixed Option:

- Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return expected on new investments made and held within the general account, and it will always equal or exceed the contractually guaranteed rate.
- All contributions received during the quarter will earn that declared interest rate until the end of the calendar year next following the current year. Each quarter's contributions and the corresponding interest rate are tracked together administratively in a separate quarterly interest rate pocket (Quarterly Pocket). At the end of the calendar year next following the current year, the Quarterly Pockets established in the current year are converted to an annual interest rate pocket (Annual Pocket).
- At the beginning of each year, a new interest rate is established and declared for each Annual Pocket. This rate is based on past general account investments, adjusted for portfolio turnover and withdrawals for benefit payments.

NOTE F – FAIR VALUE MEASUREMENTS (CONTINUED)

- All benefit-responsive Plan benefit payments (as outlined in the Contract) made prior to Contract liquidation are made at book value (principal invested plus interest earned).
- The Fixed Option restricts transfers from the fund during the Contract year to no more than 20% of the participant's Fixed Option Account Value as of the first day of that Contract year. If the Fixed Option Account Value is less than \$2,500 on the first day of that Contract year, then the participant may transfer any amount from the Fixed Option during the Contract year.

The three levels of the fair value hierarchy under the Fair Value Measurement topic of the FASB Standards Board Accounting Standards Codification are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Contract's value consists entirely of Level 2 inputs with the observable inputs for the portion held in the AUL separate account being the accumulation units in the investment account, and for the portion of the Contract held in the Fixed Option, the inputs being the amounts contributed or transferred to the Fixed Option less any withdrawals or transfers out, plus all accrued interest.

All financial information is reported to a Plan participant at contract value.

NOTE F – FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

		Fair Value Measurements at the End of the Reporting Period Using Significant Other Observable Inputs (Level 2)
<u>2021</u>	<u>Fair Value</u>	
Fixed option	\$ 483,117	\$ 483,117
Mutual funds	<u>22,309,544</u>	<u>22,309,544</u>
	<u>\$ 22,792,661</u>	<u>\$ 22,792,661</u>
<u>2020</u>		
Fixed option	\$ 460,889	\$ 460,889
Mutual funds	<u>18,652,311</u>	<u>18,652,311</u>
	<u>\$ 19,113,200</u>	<u>\$ 19,113,200</u>

In 2021 and 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by \$2,600,037 and \$2,598,344, respectively.

NOTE G – TAX STATUS

The Internal Revenue Service does not require a 403(b) plan to have an IRS determination letter issued. However, the plan administrator has stated to the plan sponsor that the corporation's plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's Form 5500, Annual Return/Report of Employee Benefit Plan, for the years ending December 31, 2019, 2020, and 2021 are subject to examination by the IRS, generally for 3 years after they are filed. There are no tax examinations currently in process. Plan management has concluded that the Plan has taken no uncertain tax positions as of December 31, 2021. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – ERISA BOND REQUIREMENT

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the plan year or \$500,000. For 2021 and 2020, the Plan's sponsor-maintained bond coverage in the amount of \$500,000.
