INDEPENDENT AUDITORS' REPORT

To the Plan Investment Committee of the
Pivot Interiors, Inc. Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Pivot Interiors, Inc. Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters - Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 27, 2021 we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (*b*) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PIVOT INTERIORS, INC. SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2021

Note 1 - Description of plan:

The following description of the Pivot Interiors, Inc. (the "Company") Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established on January 1, 1988, was merged on April 1, 2000 with the plan of Coordinated Resources, Inc. ("CRI") and was last amended on March 19, 2020. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of the Company.

The Plan Sponsor is Pivot Interiors, Inc. ("Plan Sponsor").

The Company retains the services of third parties to assist in the administration of the Plan. Through December 31, 2021, the Plan's trustee and third-party administrator was Fidelity Management Trust Company ("Fidelity").

Eligibility - Except for excluded employees, all employees who have reached twenty-one years of age are eligible to participate in the Plan. New employees are automatically enrolled into the Plan within 35 days following the participant's date of hire. An employee may elect not to participate in the Plan.

Effective as of January 1, 2020, eligibility was amended to exclude interns, flexible schedule, and temporary employee classes. To align Plan administration with the Plan document and in conjunction with the amendment, the Plan Sponsor submitted an application through the Internal Revenue Service's Voluntary Correction Program to remediate the discrepancy. In July 2020, the Internal Revenue Service approved the Plan's retroactive amendment of the definition of participant eligibility for all Plan years.

Participant contributions - Each year participants are eligible to contribute up to 100 percent of pre or post tax annual compensation, as defined in the Plan and subject to statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Automatically enrolled participants have their deferral rates set initially at 5% of eligible compensation and their contributions are invested in a balanced fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investment options daily.

Note 1 - Description of plan (continued):

Employer matching contributions - Through April 2020, the Company contributed an amount equal to 50% of elective deferrals up to a maximum matching contribution of $3,000. In April 2020, the Company suspended employer matching contributions due to the outbreak of novel coronavirus disease ("COVID-19") until September 2021. Upon reinstatement of the employer match, the Company retroactively paid out participants back to January 1, 2021. For the years ended December 31, 2021 and 2020, the Company did made employer matching contributions of approximately $477,000, and $380,000 respectively.

The Company may also contribute an additional amount determined at its sole judgment, which will be allocated to all participants, and is distributed based on the participants' compensation as a ratio of all other eligible participants' compensation. For the years ended December 31, 2021 and 2020, the Company did not make any discretionary contributions.

Participant accounts - Each participant's account is credited with the participant's contribution, employer's contribution, and allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled to is the valuation of the participant's vested account at the date immediately preceding the commencement of processing the distribution.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Some Plan investments are units of funds managed by the trustee, therefore, these investments and all related investment transactions were party-in-interest transactions. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund. Participants may change their elections at any time.

Vesting - Participants' contributions and rollovers from other qualified plans are always 100% vested. The Company's matching contributions are also 100% vested upon the participants' entry date. The Company's discretionary profit sharing contributions vest at a rate of 20% per year starting with the second full year of service. A full year of service is defined as completing 1,000 hours of service at any time during a Plan year.

At December 31, 2021 and 2020, forfeited non-vested accounts remaining in the Plan were immaterial. These accounts may be used to reduce administrative fees and future employer contributions. For the years ended December 31, 2021 and 2020, no forfeited funds were used to reduce administrative fees or employer contributions.

Note 1 - Description of plan (continued):

Benefits paid to participants - The Plan provides for the payments of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined by the Plan), or termination of employment. Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump sum, partial, or installments equal to the value of the participant's vested interest in their account. The Plan allows for automatic lump sum distributions of participant's vested account balances that do not exceed $5,000.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms may not exceed five years, except for loans used for a purchase of a primary residence, which may be repaid over a longer period, as defined by the Plan. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, which are commensurate with prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Investment management fees and operating expenses - Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Administration and other costs - Substantially all administrative expenses of the Plan are paid by the Company.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 2 - Significant accounting policies (continued):

Investment valuation and income recognition - The Plan's investments in all of the funds, except the guaranteed investment contract, are presented at fair value, based on the quoted market prices of the underlying securities within each fund as of December 31, 2021 and 2020. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The stable value fund is fully benefit-responsive and is reported at contract value, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net appreciation in fair value of investments - The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value measurements:

The Plan performs fair value measurement in accordance with ASC 820 which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Note 3 - Fair value measurements (continued):

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2021 and 2020 and have all been determined to be Level 1 by the Plan administrator:

	2021	2020
Mutual funds	$ 42,478,099	$ 38,216,273
Total investments, at fair value	$ 42,478,099	$ 38,216,273

The Plan's valuation methodology used to measure the fair values of the mutual funds were derived from quoted market prices of the underlying assets in the mutual funds as substantially all of these instruments have active markets.

Note 4 - Investments:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, the trustee of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Investments (continued):

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2021 and 2020.

- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2021 and 2020.

- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the years presented.

- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021.

Note 5 - Stable value fund:

During the years ended December 31, 2021 and 2020, the Plan held an investment in the New York Life Anchor Account, a stable value fund ("SVF") that is a pooled account with New York Life Insurance Company, made available to participating plans through a group annuity contract. Contributions to the SVF are directed to a New York Life pooled separate account that invests primarily in a diversified portfolio of high quality, fixed income securities, which are owned by New York Life Insurance Company. The SVF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer, New York Life, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The SVF is a fully benefit-responsive investment contract and is reported at contract value in the statement of net assets available for benefits. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6 - Income tax status:

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code 401(a). Subsequent to receiving this opinion letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 - Party-in-interest transactions:

Fidelity, the Plan's trustee, serves as Plan fiduciary, investment manager, and custodian to the Plan and, therefore, these transactions qualify as party-in-interest transactions. At December 31, 2021 and 2020, the Plan held for investment approximately $6,091,000 and $4,636,000, respectively, in Fidelity.

Note 8 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will automatically become fully vested in their accounts.

During 2020, the Plan experienced a partial plan termination defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the plan participants are terminated because of an action taken by the plan sponsor. If a partial plan termination occurs, full vesting of all employer contributions account balances is required for the terminated participants, but the remaining participants' vesting continues according to the Plan provisions. The Company's discretionary profit sharing contributions are subject to vesting; however discretionary profit sharing contributions were 100% vested and there was no effect on the terminated participants due to the partial plan termination.

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 9 - Risks and uncertainties (continued):

Impact of COVID-19 - In March 2020, the World Health Organization declared the outbreak of novel COVID-19 as a pandemic. The COVID-19 outbreak in the United States did cause business disruption to the Plan Sponsor and throughout its customer base and supply chain through mandated and voluntary closings of many businesses. While the disruption was temporary, there are considerable uncertainties surrounding the duration and extent of the long-term effects of these business disruptions. Therefore, while the Plan Sponsor expects this matter to have a financial impact on its operating results, the financial impact to the Plan would be a possible significant depreciation of investments, due to market volatility, however given the fluid nature of the outcome of the pandemic, the ultimate impact and duration cannot be reasonably estimated at this time.
