Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plant of NCI Group, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plant of NCI Group, Inc., formerly Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plant of CENTRIA, formerly Smith Steelite (the “Plan”), as amended, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a noncontributory defined benefit pension plan covering substantially all bargaining unit employees of Local 1825, International Union, United Automobile, Aerospace and Agricultural Implement Workers of America, who were in the active employment of NCI Group, Inc. (the “Company”), formerly CENTRIA, formerly Smith Steelite, on or after February 12, 1993 and prior to June 11, 2005. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). On June 28, 1996, Smith Steelite combined with H.H. Robertson and E.G. Smith Construction Products, Inc. and changed its name to CENTRIA. The benefits for participants of this Plan were not affected by this combination. In connection with the purchase by Smith Steelite of certain net assets of E.G. Smith Construction Products, Inc., a subsidiary of Armco, Inc. (the “Subsidiary”), the accrued pension benefits for employees of the Subsidiary for service through the acquisition date remained the responsibility of the Subsidiary. In May 1999, the Subsidiary was acquired by AK Steel Holding Corporation. The Company is responsible for pension costs incurred for service subsequent to the acquisition date which essentially provides benefits similar to the former plan. On January 15, 2015, CENTRIA was acquired by NCI Building Systems, Inc. and on June 26, 2017, the plan sponsorship was transferred to NCI Group, Inc. Effective May 23, 2019, the Company changed its name from NCI Building Systems, Inc. to Cornerstone Building Brands, Inc. The Plan was renamed at various points during these transactions.

The Plan has been amended and restated over the years to comply with various regulatory requirements.

Trustee and Administration of the Plan

The trustee of the Plan is Fidelity Management Trust Company (“Fidelity” or “Trustee”). Fidelity Workplace Services LLC provides benefits administration services and Fidelity Workplace Investing LLC is the Plan’s actuary.

The administrator of the Plan is the Cornerstone Building Brands Benefits Committee (“Committee”). The Committee establishes, amends and monitors compliance with investment policies, and selects and monitors the trustee, investment managers, and outside investment advisors and consultants to the Plan.

Notes to Financial Statements

Eligibility

The Plan was amended effective June 11, 2005 in which no individual whose hiring date with the Company on or after June 11, 2005 ("Freeze Date"), shall become a participant under the Plan nor shall they be eligible to accrue or be entitled to payment of any benefits under the Plan. Additionally, no individual who previously participated in the Plan and who is reemployed by the Company shall be eligible to accrue additional benefits under the Plan after the date of their reemployment, and any continuous service completed after such reemployment date shall not be taken into account in determining the amount of any benefits payable under the Plan to such individual.

Pension Benefits and Vesting

Participants with five or more years of service are eligible for benefit payments upon reaching age 65. Monthly payments are determined by application of the life income benefit rate applicable at retirement multiplied by the number of years of continuous service, as defined in the Plan Document. Certain early retirement options are available, reduced for certain early retirement factors, as further described in the Plan Document.

In general, benefits are a monthly annuity payment. Lump sum payments are permitted prior to commencement of pension payments where the actuarial equivalent of such pension does not exceed \$5,000.

In the event of a participant's death, a death benefit, as defined in the Plan Document, based on the value of the participant's accumulated pension benefit is paid to the participant's beneficiary. Active participants who become totally disabled and have completed 10 years of service receive their normal pension benefit plus a disability benefit. The disability benefit is paid to the participant until the earlier of the participant being awarded Social Security disability benefits or attaining age 65.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires plan management to make estimates and assumptions that affect the accompanying reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates and such differences could be material.

Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plant of NCI Group, Inc.

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6, Fair Value Measurements, for a discussion of fair value measurements.

Interest and dividend income (if any) is recorded when earned or on the ex-dividend date, respectively. Net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments. Purchases and sales are recorded on a trade-date basis.

Administrative Expenses

The Plan's operating, investment, and administrative expenses are generally paid as provided for in the Plan Document. Expenses for trustee, investment management, actuarial, and auditing services are paid through the Plan. Other administrative functions are performed by employees of the Company or its subsidiaries at no cost to the Plan. All other costs not paid by the Plan are paid by the Company and are excluded from these financial statements.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Funding Policy

The Company's policy is to make contributions to meet the minimum funding requirements as specified by ERISA and determined under Internal Revenue Code ("IRC") section 430(a). The minimum contribution is determined as of the end of the plan year. The Plan has currently met all minimum funding requirements. There were no employer contributions made for the year ended December 31, 2021, which was within the minimum funding requirements as calculated by the Plan's actuary.

4. Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions for services rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries; (2) beneficiaries of employees who have died; and (3) present employees or their beneficiaries. Benefits for retired, terminated and disabled employees or their beneficiaries are based on each former employee's credited service prior to his or her termination or retirement date or Freeze Date (whichever is earlier). Accumulated plan benefits for active employees are based on each employee's credited service as of the Freeze Date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are deemed included to the extent they are attributable to employee service prior to the Freeze Date.

Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plant of NCI Group, Inc.

Notes to Financial Statements

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of benefit payments (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The effect of Plan amendments on accumulated plan benefits is recognized during the year in which such amendments are adopted.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2022 and 2021. Had the valuations been performed as of December 31, there would be no material differences.

The present value of accumulated Plan benefits as determined by the actuary as of December 31, 2021 and 2020 is as follows:

December 31,	2021	2020
Vested benefits:		
Participants currently receiving payments	\$ 10,816,164	\$ 11,372,456
Current and terminated employees with vested benefits	1,309,632	1,182,152
Total vested benefits	12,125,796	12,554,608
Non-vested benefits	12,246	10,156
Total actuarial present value of accumulated Plan benefits	\$ 12,138,042	\$ 12,564,764

The following comprises the changes in accumulated Plan benefits:

Actuarial present value of accumulated Plan benefits as of December 31, 2020	\$ 12,564,764
Increase (decrease) during the year attributable to:	
Decrease in discount period	425,909
Benefits paid	(798,765)
Changes in actuarial assumptions (a)	(14,883)
Benefits accumulated and plan experience	(38,983)
Actuarial present value of accumulated Plan benefits as of December 31, 2021	\$ 12,138,042

(a) The following actuarial assumptions remain comparable to those used in previous valuations except for the mortality table assumptions have been updated. See significant assumptions below.

Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plant of NCI Group, Inc.

Notes to Financial Statements

Significant assumptions and methods underlying the actuarial computations for 2021 and 2020 are as follows:

	2021	2020
Mortality	2022 Small Plan Combined Annuitant and Non-Annuitant IRS Static Mortality Tables	2021 Small Plan Combined Annuitant and Non-Annuitant IRS Static Mortality Tables
Interest and expected rate of return	3.50%	3.50%
Actuarial Assumed Retirement Age	Age 62 or attained age if later	Age 62 or attained age if later
Payment Form Election	Immediate Single Life Annuity	Immediate Single Life Annuity

The assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

5. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA required supplemental schedule as complete and accurate:

- Investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Net depreciation in the fair value of investments and accrued income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- Investment amounts included in Note 6 related to the domestic fixed income commingled pools;
- Investment information included in the accompanying supplemental schedule as of December 31, 2021.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Fair Value Measurements

Accounting Standards Codification (“ASC”) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Domestic Fixed Income Commingled Pools: Valued at the beneficial interest in the net asset of each pool which is represented by units. Net asset value (“NAV”) per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of the unitholder’s instructions in good order, based on the next determined NAV per unit, normally each day. In unusual market conditions, in accordance with the Declaration of Trust, the trustee of the pool may in its sole discretion, impose restrictions on issues and redemptions of units. The issuance and redemption provisions of the underlying funds are consistent with those of the pool. In certain circumstances units may be purchased or redeemed through the exchange of securities, the fair value of which is used to determine the number of units issued or redeemed.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plant of NCI Group, Inc.

Notes to Financial Statements

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2021 and 2020:

<i>As of December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Domestic Fixed Income Commingled Pools	\$ -	\$16,719,427	\$ -	\$16,719,427
Total investments at fair value	\$ -	\$16,719,427	\$ -	\$16,719,427

<i>As of December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Domestic Fixed Income Commingled Pools	\$ -	\$ 17,892,231	\$ -	\$ 17,892,231
Total investments at fair value	\$ -	\$ 17,892,231	\$ -	\$ 17,892,231

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right, under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the assets of the Plan will be allocated to Plan participants and beneficiaries in accordance with applicable provisions of ERISA and the Plan Document. Should unfunded vested benefits exist, such benefits will be provided up to specified limitations as described in ERISA and by the Pension Benefit Guaranty Corporation ("PBGC").

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated plan benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Additional information regarding the priority of participants' claims to the assets of the Plan upon termination and benefits guaranteed by the PBGC is available from the Plan Administrator.

8. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service ("IRS") dated June 18, 2014, indicating the Plan is designed in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and plan administrator believe the Plan is being operated in compliance with the applicable requirements of the IRC and the Plan and related trust are tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

Notes to Financial Statements

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Concentrations, Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are subject to various risks, such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in the economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such investment securities, it is possible that changes in the value of investment securities could occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the funded status of the Plan. At December 31, 2021 and 2020 there were four investments, respectively, which individually represented more than 10% of investments held.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

Plan contributions are determined and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is possible that changes in these estimates and assumptions in the near term could impact the amounts reported in the financial statements and accompanying notes and could be material to the Plan's financial statements.

10. Related Party and Party-In-Interest Transactions

Certain Plan investments were units of funds managed by Fidelity and its affiliates. Fidelity also provides trustee and other administrative and actuarial services to the Plan during the plan year. Certain expenses related to audit, custody, asset management and actuarial services are paid from Plan assets. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

11. Subsequent Events

The Company has evaluated subsequent events through October 12, 2022 which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements other than described below.

On June 28, 2022 the Company sold its Coil Coating businesses known as Metal Coaters and Metal Prep to BlueScope Steel North America Corporation ("BlueScope"). Included in the terms of the sale, the Plan conveyed to BlueScope.

Actuarial Assumptions and Methods

ERISA Interest Rates as required by IRC Section 430 based on plan sponsor election of the look-back month for the segment rates:

“Minimum” means for the purpose of calculating the PPA funding liability and normal cost for the minimum required contribution.

“Maximum” means for the purpose of calculating the PPA funding liability and normal cost for the maximum tax-deductible contribution.

	2021 Plan Year		2020 Plan Year	
Purpose	Minimum	Maximum	Minimum	Maximum
Segment rates or full yield curve	Segment	Segment	Segment	Segment
Look-back months	0	0	0	0
First 5 years	4.75%	1.75%	3.64%	2.77%
Next 15 years	5.36%	3.04%	5.21%	3.83%
Over 20 years	6.11%	3.65%	5.94%	4.28%
Applicable Law for the segment rates corridor	ARPA	Not Applicable	BBA	Not Applicable

Interest Rate for FASB ASC 960: 3.50% (previously 3.91%).

Administrative Expenses: Estimated based on an underlying non-investment related expense assumption of \$35,000 plus PBGC premiums for the current year.

Mortality:

ERISA: IRS 2021 Small Plan Static Mortality Table using separate tables for annuitants and non-annuitants as prescribed by IRC Section 430 (previously IRS 2020 Small Plan Static Mortality Table using separate tables for annuitants and non-annuitants)

FASB ASC 960: Same as ERISA

Actuarial Assumptions and Methods (continued)

Assumed Retirement Age: Age 62, or attained age if later

Termination: T-4 Table. Rates varying by age, based on the assumption used by the prior actuary for this plan.

Sample rates are shown below.

<u>Age</u>	<u>Termination Rate</u>
20	5.50%

Marital Status: 80% of males and females are assumed married, with females 3 years younger than males.

Maximum Benefit: \$235,000 for 2021. For determining limitations under funding amounts and liabilities under FASB ASC 960, no future increases in the IRC Section 415 limit have been reflected.

Maximum Salary: \$290,000 for 2021. For determining limitations under funding amounts and liabilities under FASB ASC 960, no future increases in the salary limit have been reflected.

Form of Payment: It has been assumed that participants will elect to take their benefit as an immediate single life annuity.

Actuarial Assumptions and Methods (continued)

Actuarial Value of Plan Assets for Funding Purposes:

The actuarial value of assets is equal to:

- a) the market value of assets, including discounted receivables, on the valuation date, less
- b) the following percentages of prior years' investment gains (losses):
 - i) 67% of the prior year, and
 - ii) 33% of the second prior year,

Investment gains and losses are defined as the excess or deficiency of the expected return on the market value (at an assumed rate of 6.50%, not to exceed the third segment rate for that year) over the actual return on the market value of assets, including discounted receivables, for any given year.

- c) The actuarial value of assets can be neither less than 90% nor greater than 110% of the market value of assets, including discounted receivables.

Actuarial Assumptions and Methods (continued)

Shortfall Amortization Charge for ERISA Funding Purposes: Per IRC Section 430(c), the shortfall amortization charge for any plan year is the aggregate total (not less than zero) of the shortfall amortization installments for such plan year with respect to any shortfall amortization base which has not been fully amortized. The shortfall amortization installments are the amounts necessary to amortize the shortfall amortization base of the plan for any plan year in level annual installments over the 15-year period beginning with such plan year.

Actuarial Cost Method: The unit credit cost method is used for ERISA funding target (FT). Under this method, accrued pension benefits are determined for all eligible active participants. These benefits reflect service, salary and negotiated benefit increases to date. The liability is then equal to the present value of all benefits (PVAB) for inactive participants plus the PVAB for active participants.

The normal cost is determined on an individual basis for all active participants who have not attained the assumed retirement age and is equal to the present value of the difference between the current accrued benefit and the anticipated accrued benefit one year later, with the accrued benefit based upon earnings, or negotiated benefit increases, to date in both cases. The total normal cost is based upon the sum of the individual normal costs. The target normal cost for funding is equal to the total normal cost plus assumed administrative expenses expected to be paid from the trust.

The projected unit credit method is used for IRS maximum deductible limit cushion amount. Under this method, accrued pension benefits are determined for all eligible active participants reflecting service to date and anticipated salary and negotiated benefit increases to the assumed retirement age. This liability for active participants is then added to the present value of all benefits for inactive participants to determine the total liability under this method.

The normal cost is determined on an individual basis for all active participants who have not attained the assumed retirement age and is equal to the present value of the difference between the current accrued benefit and the anticipated accrued benefit one year later, with the accrued benefit based upon earnings and negotiated benefit increases projected to assumed retirement age in both cases. The total normal cost is based upon the sum of the individual normal costs.

From 06/09/2001 to 09/15/2001	\$2.00

Eligibility for Benefits:

Normal Retirement: NRD

55/15 Retirement: Participants who have attained age 55 and at least 15 years of continuous service.

55/10 Retirement: Participants who have attained age 55 and at least 10 years of continuous service. Participants can only retire under this option except for benefits accrued prior to December 21, 2001.

60/15 Retirement: Participants who have attained age 60 and at least 15 years of continuous service.

30-year Retirement: Participants who have completed 30 Years of Continuous Service are eligible to retire.

Plan Provisions (continued)

60/20 Retirement: Participants who have attained 60 and at least 20 years of continuous service. This option is limited to participants who perform an hour of service on or after June 9, 2001 and prior to June 11, 2005. These participants are not eligible to retire under 55/15; 55/10, 60/15- and 30-Year Retirements.

Disability: After 10 years of Continuous Service, an employee is considered to be permanently incapacitated only if totally disabled so as to be prevented from engaging in any employment of the type covered by the collective bargaining agreement.

Deferred vested: Terminations for reasons other than death, disability, or retirement after completing five years of Continuous Service.

Monthly Benefits Paid Upon the Following Events:

60/15, 60/20, and 30-year Retirement: A monthly amount equal to (A) less (B) below (note that the benefit is unreduced for early retirement under these cases):

(A) Accrued Benefit

(B) monthly benefit amount as specified in Appendix B of the plan document (related to Continuous Service with prior employer through February 11, 1993)

Early Retirement:

- **55/15 Retirement Pension:** A monthly amount equal to the participant's Accrued Benefit. The Accrued Benefit is reduced by 0.45% per month prior to age 60.
- **55/10 Retirement Pension:** A monthly amount equal to the participant's Accrued Benefit. The Accrued Benefit is reduced by 0.45% per month prior to age 62.

Disability: A monthly amount equal to (A) or (B) as follows:

(A) Before eligibility for Social Security benefits amount shall be the sum of (1) and (2) where:

(1) is the participant's Accrued Benefit determined as of the date of the permanent incapacity, and

(2) is equal to the Benefit Rate in effect at the date of permanent incapacity multiplied by the participant's Continuous Service at the date of permanent incapacity up to a maximum of 25 years.

(B) After eligibility for Social Security benefits amount shall be the participant's Accrued Benefit determined as of the date of permanent incapacity.

Plan Provisions (continued)

Termination with deferred vested benefit: A monthly amount equal to the participant's Accrued Benefit. Payments are deferred to age 65. An immediate pension may be elected prior to age 65 (after age 55 and 5 years of Continuous Service) but reduced by 0.45% per month prior to age 65.

Death with pre-retirement spouse benefit: After 5 years of Continuous Service and prior to actual retirement. In event of the participant's death, the surviving spouse is eligible for monthly income for his/her life only commencing on the later of the date of the participant's death or the date the deceased participant would have attained age 55. The benefit is equal to the Accrued Benefit payable in the form of an automatic surviving spouse benefit option and reduced for early payment.

Automatic Surviving Spouse Benefit Option: The participant's monthly pension times 95% (+ 0.5% for each year in excess of five that the spouse is younger/older than the participant, minimum/maximum adjustments = 90% and 100%). After the participant's death, 70% of the reduced pension is payable to the surviving spouse.

Forms of Payment:

Normal form (single participants): Single life annuity.

Normal form (married participants): Actuarially reduced 75% joint and survivor annuity with spouse as beneficiary.

Optional forms: Participants who retire under the plan may elect a Single Life Annuity, a 75% Joint and Survivor Annuity, or a Lump Sum (where payments do not exceed \$5,000).

Actuarial Equivalence: Lump Sums – Applicable Mortality and Interest under §417(e)(3). Optional forms – UP-84 mortality and the applicable interest rates applied by the PBGC.

Maximum on Benefits and Pay: All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes: No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.
