Independent Auditors' Report

To the Plan Administrator
Burris Company Profit Sharing Plan and Trust
Greeley, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Burris Company 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Alerus, Inc., as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held for Investment Purposes at End of Year December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of Plan:

The following description of Burris Company 401(K) Plan (the Plan) provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan document and *Summary Plan Description*, which are available from the Plan Administrator.

General:

The Plan is a defined contribution plan sponsored by Burris Company, Incorporated (the Organization) covering all employees who are age eighteen or older and have completed three months of service. Employees become eligible on the first day of the month coinciding with or next following the date they satisfy the eligibility requirements. The Plan is subject to the provisions of ERISA. Alerus, Inc. serves as the Plan's record keeper. Alerus Trust, a wholly owned subsidiary of Alerus, Inc., serves as Plan custodian. Alerus Financial, N.A. serves as Plan trustee.

The Plan began May 1, 1989 and was amended effective January 1, 2021. The Plan qualifies as a safe harbor 401(k) plan, which is a plan design where Burris Company, Incorporated commits to making certain contributions which enables Burris Company, Incorporated to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met.

Contributions:

Each year, participants may contribute up to the maximum annual amount established by the IRS of pre-tax annual compensation, as defined in the Plan, currently \$19,500 in 2021. Participants may also elect to make Roth deferrals up to the same amount, which are subject to federal income taxes in the year of the deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (which are not subject to employer matching contributions). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

The Plan's safe harbor provisions commit Burris Company, Incorporated to make a nonelective contribution equal to 4% of the participant's compensation. In addition, Burris Company, Incorporated may annually determine whether to make a discretionary matching contribution equal to a uniform percentage of each tier of the compensation deferrals.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of Plan - Continued:

Participant Accounts:

Each participant's account is credited with the participant's contribution, the Plan Sponsor's contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Account Options:

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily. The Plan accounts of participants not electing to direct the investment of their Plan accounts will be invested with the default investment alternatives established under the Plan.

Vesting:

Participants are immediately vested in their voluntary contributions and the safe harbor matching contributions from Burris Company, Incorporated plus actual earnings thereon.

Vesting in Burris Company, Incorporated's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service and is determined as follows:

Years of Service	Vested Percentage
1	50%
2	80%
3 or more	100%

Under the Plan, a year of service is earned by working at least 1,000 hours during a plan year. A participant is fully vested after three years of continuous service. Participants are 100% vested if they are employed on or after their normal retirement age or if they die or become disabled.

The nonvested balance is forfeited upon termination of service. Forfeitures are used to pay plan expenses or reduce organization contributions.

Forfeited Accounts:

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$21,681 and \$10,419. These accounts will be used to reduce future employer contributions or pay plan expenses. In 2021 and 2020, employer contributions were reduced by \$-- and \$--, respectively, from forfeited nonvested accounts.

NOTE 1 - Description of Plan - Continued:

Payment of Benefits:

Upon severance from employment with the employer, disability, or death an employee or their beneficiary may elect to receive either a lump-sum amount equal to the vested value of his or her account, or a joint and survivor annuity. In-service distributions are also available to participants who have reached age 59½. Hardship distributions of vested amounts may be made in the event of hardship, defined as an immediate and heavy financial need where the participant lacks other available resources.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' account. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence, which should not exceed 15 years) through payroll withholdings, unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

NOTE 2 - Summary of Significant Accounting Policies:

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Valuation of Investments and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - Summary of Significant Accounting Policies - Continued:

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events:

The Plan Administrator has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

NOTE 3 – Certified Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from the information certified as complete and accurate by Alerus (the trustee of the Plan).

NOTE 4 – Disclosures About Fair Value of Plan Assets and Liabilities:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs.

There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the valuation techniques during the year ended December 31, 2021.

Mutual Funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5– Investment Contract with Vanguard:

The Plan has a fully benefit-responsive investment contract with Vanguard Fiduciary Trust Company. Vanguard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. For the years ended December 31, 2021 and 2020, the total return from the fund was 1.33% and 2.06%, respectively.

BURRIS COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5— Investment Contract with Vanguard - Continued:

This contract meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Vanguard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing plan investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6— Related Party Transactions and Party-in Interest Transactions:

Certain Plan investments are managed by Alerus. Alerus is the trustee and recordkeeper for the Plan, and therefore, these transactions qualify as party-in interest transactions.

Alerus provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Alerus. Alerus receives revenue from mutual fund service providers for services Alerus provides to the funds. This revenue is used to offset certain amounts owed to Alerus for its administrative services to the Plan.

BURRIS COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6– Related Party Transactions and Party-in Interest Transactions – Continued:

If the revenue received by Alerus from such mutual fund service providers exceeds the amount owed under the MSA, Alerus remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2021, there were no excess amounts. The Plan or Plan Sponsor may make a payment to Alerus for administrative expenses not covered by revenue sharing.

NOTE 7 – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 8 – Reconciliation with Form 5500:

Investments for financial reporting purposes do not include participant loans receivable, while investments reported on the Form 5500 return are required to include participant loans receivable. The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

December 31	2021	2020
Net Assets Available for Benefits per Financial Statements:	\$ 12,986,338	\$ 11,456,619

BURRIS COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 9 – Tax Status:

Effective January 1, 2021, the plan adopted a volume submitter money purchase pension plan sponsored by Alerus Financial, N.A. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 11 – Cares Act:

During 2020, the Plan implemented the following CARES Act provisions:

- Special coronavirus distributions up to \$100,000 were permitted beginning on or after January 1, 2020 and before December 31, 2021.
- The available loan amount increased to the lesser of \$100,000 or 100% of the participant's vested account balance.
- The loan repayments period was extended, if applicable, up to one year.

BURRIS COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 12 – Subsequent Event:

Effective July 7, 2022, the Plan adopted an amendment to implement the SECURE Act provisions, as required by law. Key takeaways are these:

- Long-Term Part-time (LTPT) employees will now be eligible to make elective deferrals to the Plan.
 - The minimum age for required minimum distributions (RMDs) is now 72, up from 70½.
 - Penalty-free withdrawals of \$5,000 from accounts to defray the costs of having or adopting a child are permitted.
