INDEPENDENT AUDITORS' REPORT

To the Trustees
Guaranty Bank & Trust of Belzoni, MS 401(k) Plan
Belzoni, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Guaranty Bank & Trust of Belzoni, MS 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Trustees
Guaranty Bank & Trust of Belzoni, MS 401(k) Plan
Belzoni, Mississippi

We were engaged to audit the accompanying statement of net assets available for benefits of Guaranty Bank & Trust of Belzoni, MS 401(k) Plan (the "Plan"), as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) Plan
Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN

The following description of the Guaranty Bank & Trust of Belzoni, MS 401(k) Plan (the "Plan") provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant directed, defined contribution plan covering full-time employees of Guaranty Bank & Trust (the "Company"), meeting the service requirements of the Plan. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held and managed by Minnesota Life Insurance Company, which invests contributions and Plan earnings, executes investment transactions and provides certain recordkeeping services. They also perform certain plan administration and annual ERISA compliance testing.

Eligibility

Employees may become a participant of the Plan when they have reached three months of service and are age 21 or older. An eligible employee may enter the Plan on the first day of the next month after all entry requirements have been met.

Contributions

Participants may make contributions to the Plan in the form of salary reductions subject to a maximum dollar limitation as determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. Employer contributions include matching contributions wherein the Company provides a contribution for an eligible participant equal to 50% of the elective deferral, up to a maximum of 6% of a participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions and related earnings. Each participant acquires a vested and non-forfeitable percentage in his or her account balance attributable to the Company contributions and earnings thereon based on twenty percent per year after the first year of employment and becoming fully vested after six years of employment based on an hours of service method.

Guaranty Bank & Trust of Belzoni, MS
401(k) Plan
Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

The Plan allows participants to take out a loan not to exceed the lower of half of the vested balance of the participant's account or \$50,000. No loan in an amount less than \$1,000 will be made. The loans are secured by the balance in the participant's account and bear interest rates ranging from 5.25% to 7.50%. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum payment equal to the total vested account balance. Other methods of payment are permitted by the Plan.

Forfeited Accounts

Forfeitures may be applied first to payment of Plan administration expenses. Any remaining forfeitures will be allocated to the remaining Plan participants. During 2021 and 2020 there were no forfeitures.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Guaranty Bank & Trust of Belzoni, MS
401(k) Plan
Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value, with the exception of the fully benefit-responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Fully benefit-responsive investment contracts, which are included in the Minnesota Life Guaranteed Return Account, are reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less losses, participant withdrawals, and administrative expenses. See Note 5 for discussion of fully benefit-responsive contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Distributions to participants are recorded when paid.

Expenses

Expenses attributable to general Plan administration were paid by the Company. Expenses paid by the Plan are allocated among accounts of participants in proportion to their account balances. During the year ended December 31, 2021, expenses of \$3,800 were paid by the Plan and allocated to participant accounts.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Risks and Uncertainties

The Plan provides for various investment options in several investment securities and instruments. Investment securities and instruments are exposed to various risks, such as interest rate, market and credit risks.

Guaranty Bank & Trust of Belzoni, MS
401(k) Plan
Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties (continued)

Due to the level of risks associated with certain investment securities and instruments and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in risks and values in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform with the current year method of presentation.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 12, 2022, and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by Minnesota Life Insurance Company, the custodian of the Plan, under such regulation:

- a) Total investments, at fair value and contract value, included in the statements of net assets available for benefits at December 31, 2021 and 2020.
- b) Notes receivable from participants, included in the statements of net assets available for benefits at December 31, 2021 and 2020.
- c) Investment income and interest income on notes receivable information included in the statements of changes in net assets available for benefits for the year ended December 31, 2021.
- d) All amounts included in Note 4, *Fair Value Measurements (Unaudited)*.
- e) All amounts included in Note 5, *Investments Reported at Contract Value (Unaudited)*.
- f) All information included in the supplementary schedule of assets (held at end of year) as of December 31, 2021.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan uses GAAP's three-level hierarchy for the recognition and disclosure of fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements)

Guaranty Bank & Trust of Belzoni, MS
401(k) Plan
Notes to Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Investments in pooled separate accounts are stated at the corresponding unit value of the pooled separate account. The estimated fair value of pooled accounts are based on fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs that are classified within level 2. Assets within the pooled separate account include fixed maturity securities, equity securities and cash and cash equivalents.

The methods described above may produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<i>December 31, 2021</i>

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED)

On January 1, 2013, the Plan invested in a Minnesota Life Guaranteed Return Account (GRA), which is a custom investment vehicle that invests solely in fully benefit-responsive investment contracts. Contributions are maintained in a general account backed by the general assets of the issuer for the benefit of the investors. The total return of the account assets supports the return of the GRA. As of December 31, 2021 and 2020, the crediting rate was 1.18% and 1.58%, respectively.

The investment contract issuer agrees to guarantee the principal and provide the fund with a stated interest rate on the fund's investment. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The credited rate on this product resets quarterly at an interest rate of not less than zero. There are no reserves against contract value for credit risk of the contract issuers. Contract value is the amount received by participants if they were to initiate permitted transactions under the agreement.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

401(k) Plan
Notes to Financial Statements

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED) (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 6: INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable Section 401-1(b)(3) of the Internal Revenue Service Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC as of the financial statement dates. Plan management believes the Plan is no longer subject to income tax examinations for tax returns filed in years prior to 2018.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: PARTIES-IN-INTEREST TRANSACTIONS

Certain expenses of the Plan, including legal and accounting fees, are paid by the Company. In addition, certain services to the Plan provided by the Company were performed at no charge. Expenses of \$3,800 were paid to parties-in-interest in 2021.

Note 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their employer contributions.
