Report of Independent Auditors

To the Plan Retirement Committee and Participants
Loma Linda University Faculty Medical Group TSA Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of Loma Linda University Faculty Medical Group TSA Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying 2021 financial statements of Loma Linda University Faculty Medical Group TSA Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Loma Linda University Faculty Medical Group TSA Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions. As described in Note 8, Loma Linda University Faculty Medical Group TSA Plan has excluded from investments from the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. The amounts of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Loma Linda University Faculty Medical Group TSA Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Loma Linda University Faculty Medical Group TSA Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Loma Linda University Faculty Medical Group TSA Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets as of December 31, 2021, and Schedule H, Line 4(a) – Schedule of Delinquent Contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Loma Linda University Faculty Medical Group TSA Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. Further, Loma Linda University Faculty Medical Group TSA Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Loma Linda University Faculty Medical Group TSA Plan has excluded from investments from the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*.

In our report dated October 12, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

Loma Linda University Faculty Medical Group TSA Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Loma Linda University Faculty Medical Group TSA Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

General – The Plan is a 403(b) defined contribution plan covering substantially all employees of the participating organizations listed below (collectively, the “Organization”).

- Faculty Physicians and Surgeons of Loma Linda University School of Medicine
- Loma Linda University Pathology Medical Group, Inc.
- Loma Linda University Health Care
- Loma Linda Inland Empire Consortium for Healthcare Education

The Plan’s sponsor is Loma Linda University Faculty Medical Group, which serves as plan administrator. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan’s recordkeeper and custodian are T. Rowe Price Retirement Plan Services, Inc. and T. Rowe Price Trust Company, respectively.

Eligibility – Employees of the Organization are eligible to participate in the Plan’s elective contributions upon employment.

Participant contributions – Each year, participants may contribute between 1% to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified 403(b) plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant’s account is credited with the participant’s contributions and allocations of plan earnings and is charged with allocations of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon.

Notes receivable from participants – Participants are not permitted to take loans from the Plan.

Loma Linda University Faculty Medical Group TSA Plan

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period no longer than the participant's and designated beneficiary's life expectancies. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are stated at fair value. The Plan's custodians certify the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits – Benefits are recorded when paid.

Expenses – General plan administrative expenses may be paid out of the forfeiture account or paid by the Organization. Distribution transaction fees are paid by the plan participants. Investment management fees are paid by the plan participants and netted within investment earnings.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Loma Linda University Faculty Medical Group TSA Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation techniques are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation techniques include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation techniques are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Money market fund – Money market fund is carried at cost plus interest, which approximates fair value.

Registered investment companies (mutual funds) – Shares of registered investment company funds (or mutual funds) are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market in which the individual securities are traded.

The following table discloses by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2021 and 2020:

Fair Value Measurement as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 18,152,837	\$ -	\$ -	\$ 18,152,837

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service (IRS). The Plan is required to operate in conformity with the IRC to maintain the tax exempt status for participants under Section 403(b). The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan's assets are invested at participants' discretion in various investment fund options offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible that values of investment securities could decline in the near term and that such declines could materially affect a participants' account balances and the amounts reported in the financial statements. Given recent volatility in the financial markets, it is reasonably possible that investment values could decline significantly in subsequent periods.

Note 6 – Information Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company, the custodian of the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, has certified to the completeness and accuracy of:

- Investments and cash reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.

Note 6 – Information Certified by the Custodians (continued)

- Net appreciation in fair value of investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 7 – Plan Termination

Although it has not expressed any intention to do so, the Organization has the right to terminate the Plan and discontinue its contributions at any time.

Note 8 – Excluded Contracts and Accounts

The plan administrator has elected to exclude certain annuity and custodial accounts from plan assets in accordance with Department of Labor Field Assistance Bulletin No. 2009-02 due to the fact that prior to October 1, 2008, each participating medical group had its own payroll process and allowed participants to direct contributions to more than 20 vendors. The plan administrator has been unable to obtain historical payroll records and annual contribution details to support participant account balances prior to the plan year beginning January 1, 2009.

Note 9 – Party-in-Interest Transactions

Certain plan investments are managed by the custodians or its affiliates. Any purchases and sales of these investments, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibitions of party-in-interest transactions under ERISA.

Note 10 – Prior Year Delinquent Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor as reported in 2020 and 2019. In February 2022, the Organization determined the amount of related lost earnings on 2020 delinquent contributions and remitted the amounts to participant accounts. The Organization is in the process of determining the amount of related lost earnings on 2019 delinquent contributions and will remit the amounts to participant accounts as soon as administratively feasible.

Note 11 – Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements.

The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 12, 2022, which is the date the financial statements were available to be issued.
