INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Tom Peacock Nissan/Cadillac, Inc. 401(k) Profit Sharing Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tom Peacock Nissan/Cadillac, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Tom Peacock Nissan/Cadillac, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tom Peacock Nissan/Cadillac, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tom Peacock Nissan/Cadillac, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tom Peacock Nissan/Cadillac, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tom Peacock Nissan/Cadillac, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at plan year end and schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TOM PEACOCK NISSAN/CADILLAC, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Plan description, eligibility and funding policies:

General

The following description of the Tom Peacock Nissan/Cadillac, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a self-directed, defined contribution plan, covering all full-time employees of the Company who meet the eligibility requirements detailed below. It is subject to the provisions of the Employee Retirement Income Act of 1974 (ERISA).

Employees

The employees of Tom Peacock Nissan/Cadillac, Inc. (the Company) are covered by the Plan. Employees, should they wish to do so, should obtain a copy of the Plan from the sponsors for further detail and analysis of features of the Plan.

Eligibility

Any employee of the Company is eligible to participate in the Plan provided that they are at least age 18 and have completed one year of service. A year of service is defined as a 12-consecutive month period which an employee has worked at least 1,000 hours. Once an employee becomes an eligible employee he is able to become a participant in the Plan quarterly entrance dates, starting as of January 1 or whichever date coincides with or following the date eligibility requirements are met.

A participant can elect to make contributions of a portion of their compensation to the Plan by completing and filing an enrollment form with the Company. The completed enrollment form must indicate the percentage of compensation wanted to be contributed to the Plan, as well as the way the participants want their contributions invested in the trust fund.

Contributions

The Company may contribute to the Plan any amount which can be deducted from taxable income for that year. Employer contributions will be non-elective contributions, elective deferrals, or employer matching contributions as described below.

Non-elective contributions are contributions that the employer makes to the Plan, without participant election.

TOM PEACOCK NISSAN/CADILLAC, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Plan description, eligibility and funding policies: (cont'd.)

Participant contributions consist of pretax elective deferrals and rollover contributions. Participants may contribute to pre-tax and after-tax (Roth) elective deferrals up to the dollar limitation provided by law. The Plan has an auto enrollment feature, which provides that newly eligible employees that do not affirmatively elect to contribute or not to contribute to the Plan will be automatically enrolled in the Plan at a deferral rate of 2%, unless the employee elects in writing either a different deferral percentage or not to participate. Participants may modify elective deferral elections on the first day of each Plan year quarter. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are allowed subject to conditions set forth in the Plan agreement.

The Company may make discretionary matching contributions. During 2021, the Company made discretionary matching contributions of 25% of each participant's elective deferrals up to 1.25% of the participant's compensation. Participants must be eligible to participate in the Plan to receive discretionary matching contributions. The Company may also make an annual discretionary non-elective contribution to the Plan. To be eligible to receive discretionary non-elective contributions, participants must be employed on the last day of the Plan year unless termination during the year is a result of death, total and permanent disability, or retirement. The Company did not make a discretionary non-elective contribution in 2021.

Participants may change their level of payroll deduction at the time established by the Company.

The amount of any matching contributions by the Company shall be decided annually by the Board of Directors.

Participants are at all times vested in their deferral and rollover contributions and the appreciation or depreciation thereon. Vesting in the Company's contributions portion of their account plus earnings thereon is based on years of continuous service. Participants are 20% vested after two years of service and vest an additional 20% each year, becoming 100% vested after the completion of six years of service.

Allocation of forfeitures

Forfeitures of matching contributions will be allocated at the earlier of the end of the Plan year in which a distribution to a participant occurs or at the end of the Plan year after five (5) consecutive one-year breaks in service. Forfeitures will be used to reduce any employer's matching contribution. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$48,790 and \$30,001, respectively. In 2021, no forfeitures were allocated to the participants' accounts.

Loans to participants

Participants may borrow the lesser of one-half of their vested account balance or \$50,000. The minimum loan available is \$1,000. A participant may have only one loan outstanding at one time. Loans to participants are carried at face value and are generally repaid through payroll deductions with after-tax dollars over a period up to 5 years. At termination of employment, the loan will become due.

TOM PEACOCK NISSAN/CADILLAC, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Plan description, eligibility and funding policies: (cont'd.)

Hardship withdrawals

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. A hardship distribution can also be made from the employer's non-elective accounts out of funds which are fully vested.

Distributions to participants

Participants' accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan agreement, or in the event of death or total and permanent disability. After a participant reaches age 59 1/2, they may request an in-service distribution from accounts the participant is fully vested. There is no minimum in-service distribution amount. In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited to accounts which are fully vested. There is no minimum hardship distribution. Benefits payments upon termination of employment are to be distributed as soon as administratively feasible. Distributions may be deferred until the participant reaches the age of 70 1/2 if the value of the distribution is not less than \$5,000. However, the Plan agreement stipulates that minimum distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 72.

Plan termination

Although they have not expressed any interest to do so, should the Plan sponsor discontinue its operations, the Plan would also be terminated, and each participant would receive their individual plan account balance as adjusted by vesting of the sponsor's contributions.

2. Summary of significant accounting policies:

Date of Management's review

Subsequent events were evaluated through September 30, 2022, which is the date the financial statements were available to be issued.

Accounting basis

The financial statements of the Plan have been prepared on an accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

TOM PEACOCK NISSAN/CADILLAC, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

2. Summary of significant accounting policies: (cont'd.)

Use of estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the Plan administrator to use estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment valuation and income recognition

Investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measure date. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Risk and uncertainties

The Plan provides for investments in various investment securities. In general, investment securities are exposed to various risks, such as interest rate, credit, and overall volatility risks. Market risk include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Investment and administrative expenses

Investment expenses and plan servicing fees are charged to participants based on their investment elections. The investment expenses vary between the various investment options and funds selected. Fees are charged to individual participant's accounts base upon services provided. Certain administrative fees including a base rate per plan, a charge per participant, service fees, and audit fees are paid by the Company.

Federal income taxes

The Plan has adopted a non-standardized profit sharing plan, which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype document satisfied the applicable provisions of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

TOM PEACOCK NISSAN/CADILLAC, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

2. Summary of significant accounting policies: (cont'd.)

Federal income taxes (cont'd.)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has conclude that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The federal income tax returns of the Plan are subject to examination by the IRS, generally for three years after they were filed.

3. Parties-in-interest:

The Plan invests in various mutual funds and pooled separate accounts offered by Massachusetts Mutual Life Insurance Company, the trustee of the Plan. These investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC.

4. Commitments and contingencies:

The administrative committee has represented to us that there are no legal or un-asserted claims against the Plan, no unfulfilled commitments, the Plan has been properly administered and all documents have been properly updated to reflect all current requirements and regulations to keep the Plan qualified. There are no irregularities, errors or illegal acts involving management or employees that could have a material adverse effect on the Plan. There are no unusual or extraordinary transactions with related parties nor are there any items pending that would represent a contingent loss.

5. Information not covered by auditor's report:

Pursuant to the terms of the Plan, Tom Peacock Nissan/Cadillac, Inc. 401(k) Profit Sharing Plan has entered into a trust agreement with Massachusetts Mutual Life Insurance Company for the years ended December 31, 2021 and 2020, respectively, whereby the trustee holds the Plan's investment assets and executes transactions therein, including the receipt of income earned, participant's contributions and payment of withdrawals. For financial reporting and disclosure purposes under the Employee Retirement Income Security Act of 1974, the administrative committee has elected the method for compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations which permits the Plan's administrative committee to rely on financial statement information certified by the plan trustee and provides that the independent public accountant need not perform auditing procedures with respect to information certified to by the trustee of the Plan, Massachusetts Mutual Life Insurance Company, whereby the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, in the Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

Fair value measurements

ASC 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable. A summary of the fair value hierarchy under ASC 820 is described below.

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Registered investment companies (mutual funds): Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements (cont'd.)

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	December 31, 2021		
	Level 1	Level 2	Total
Registered investment companies	\$ 5,469,697	\$ -	\$ 5,469,697
Total investments at fair value:	<u>\$ 5,469,697</u>	<u>\$ -</u>	<u>\$ 5,469,697</u>

	December 31, 2020		
	Level 1	Level 2	Total
Registered investment companies	\$ 4,477,214	\$ -	\$ 4,477,214
Total investments at fair value:	<u>\$ 4,477,214</u>	<u>\$ -</u>	<u>\$ 4,477,214</u>

During 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in fair value as follows:

Registered investment companies	<u>\$ 686,372</u>
---------------------------------	-------------------

Investments at contract value

As described in the Financial Accounting Standards Board ASC 962-325, Plan Accounting-Defined Contribution Pension Plans investment contracts held by a defined-contribution plans are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully benefit-responsive investment contract. Contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. Investments: (cont'd.)

Investments at contract value (cont'd.)

The Plans assets are invested in in a group annuity contract with Massachusetts Mutual Life Insurance Company (MassMutual) that allows for contributions to be allocated among investment options which include the Guaranteed Fund.

The Plan's asset is not the underlying asset of the Guaranteed Fund, but rather, the contract. Therefore, the Plan does not own such underlying assets, but rather owns a series of promises or guarantees that are embedded in the contract.

The contract between the Plan and MassMutual does not obligate MassMutual to segregate or otherwise identify specific securities withing the Guaranteed Fund an attribute them to any specific contract-holder.

MassMutual does not segregate underlying assets of the Guaranteed Fund in a separate account for each contract-holder. Specific securities within the general account are not carved out and attributed to any specific contract holder.

Crediting rates are not based directly on the actual performance of the underlying securities in the Guaranteed Fund, but rather determined in the contract.

Crediting interest rates are reset at least as frequently as quarterly.

The Guaranteed Fund contains securities not only to support liabilities, but also supporting disparate insurance businesses, reserve requirements and general expense payments.

The Guaranteed Fund provides a guaranteed rate of return at the rate and the duration that is communicated to the Plan. The assets held in the Guaranteed Fund may be subject to surrender charges or market value adjustment upon withdrawal as described in the contract.

The guaranteed rate of return is based on the performance of the investments held by MassMutual which may consist primarily of fixed return instruments such as corporate bonds. The guaranteed interest rate set by MassMutual is discretionary. The Guaranteed Fund is designed to offer a fixed rate of return with no risk of loss of principal except as subject to charges upon withdrawal as described in the contract. The rate could be influenced by the performance of the underling investments held by MassMutual. Corporate bond yields and the return on other possible investments supporting the Guarantee Fund are subject to forces in the economy.

6. Investments: (cont'd.)

Investments at contract value (cont'd.)

The underlying risks of the Guaranteed Fund are assumed by MassMutual who is obligated to support the interest guarantees. The only risks passed on are MassMutual's discretion to set the guaranteed rate of return, enforcement of surrender charges or market value charges that may be triggered if the funds are withdrawn. The contract allows for withdrawals for benefit payments under the Company's plan without penalty.

The interest crediting rate for the Guaranteed Fund for the years ending December 31, 2021 and 2020 are 1.25% and 1.55%, respectively.

7. Nondiscriminatory refunds payable:

At December 31, 2021 and 2020, the Plan owed \$22,276 and \$10,477, respectively, to certain participants for salary deferral contributions in excess of amounts allowed by law.

8. Reconciliation of financial statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020 and change in net assets available for benefits for the year ending December 31, 2021:

9. Prohibited transactions:

The Department of Labor regulations require employers to remit employee contributions to the Plan on a timely basis. During the year ending December 31, 2021, employee contributions totaling \$404,081 were not remitted on a timely basis. Loss earnings totaling \$291 has been credited to the participants' accounts and associated excise tax was paid in 2022.
