INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Cowles Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Cowles Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Cowles Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cowles Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cowles Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cowles Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cowles Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters – Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Cowles Company 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Cowles Company 401(k) Plan Notes to Financial Statements

1. Description of the Plan

General

The Cowles Company 401(k) Plan (the Plan) is a defined contribution plan covering virtually all employees of Cowles Company (the Plan Sponsor), Cowles Publishing Company (dba The Spokesman-Review); Inland Empire Paper Company (excluding union employees); Cowles Real Estate Company; River Park Square, LLC; Centennial Property Management Company; KHQ, Incorporated; Nickel's Worth Publications, Inc.; Fiber Reclaim, Inc.; Northwest Business Press, Inc. and Cowles Montana Media Company (collectively referred to as the Company).

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code which includes a qualified deferred arrangement as defined in Section 401(k) thereof. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees who have completed three (3) months of continuous service and attained age 21 are eligible to participate.

Contributions and Participant Accounts

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan, not to exceed annual limitations prescribed by the Internal Revenue Service. Employer matching and other contributions may be made each Plan year at the Company's discretion, in an amount determined by the Company. The Company has elected not to make any other discretionary contributions beyond the employer match for the year ended December 31, 2021.

Cowles Company 401(k) Plan Notes to Financial Statements

1. Description of the Plan (continued)

Contributions and Participant Accounts (continued)

The Company makes employer matching contributions equal to 100% of participant contributions up to the first 6% of eligible compensation for participants. The match described in this paragraph excludes participants of Cowles Montana Media Company.

The Company makes employer matching contributions equal to 50% of participant contributions, up to the first 3% of eligible compensation, for participants employed by Cowles Montana Media Company.

Each participant account is credited directly with the participant's and employer matching contributions, allocations of the Company's other discretionary contributions and each participant's investment earnings. Administrative expenses not paid for by the Company are charged to individual participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants direct the investment of their contributions and any Company contributions to any of the Plan's fund options.

Vesting of Contributions

Participants are immediately 100% vested in their contributions and their actual earnings thereon. Effective January 1, 2020, vesting in the Company's contributions was amended from 100% vesting after three years of service to a graded vesting of 25% after one year of service, 50% after two years of service, and 100% after three years of service.

Forfeitures

The non-vested portion of a participant's account is forfeited upon termination of employment, and is used to reduce the Company's future contributions. The forfeited amounts used to reduce 2021 Company contributions totaled \$94,596. At December 31, 2021 there was \$22,992 of unused forfeitures available to offset future employer contributions.

Cowles Company 401(k) Plan Notes to Financial Statements

1. Description of the Plan (continued)

Payment of Benefits

On termination of service due to retirement, death, disability or termination of employment, a participant may elect to receive either periodic installments, or a lump-sum amount equal to the value of the participant's account. Normal retirement age is 65. A participant may withdraw their account at age 59-1/2 if certain conditions are met. Withdrawals due to "financial hardship" are permitted under certain circumstances.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, benefits under the Plan would be distributed based upon participant account balances accumulated on the date of termination of the Plan.

Notes Receivable from Participants

Participants in the Plan may receive loans secured by their respective account balances, subject to certain limitations. Participant loan amounts may not exceed the lesser of \$50,000 or 50% of the participant's account balance. Interest on the loan is accrued annually at a rate of 2% above the established prime lending rate in effect as of the date of the loan application. Principal and interest payments are paid ratably through payroll deductions, over a period not to exceed five years.

Administrative Expenses

Participant loan fees and certain other individually generated transaction fees are paid by the Plan, by charging that specific participant's account balance. All other costs associated with administering the Plan are paid by Plan Sponsor.

2. Summary of Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the guaranteed interest accounts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan held guaranteed interest accounts (GIAs) under a group annuity contract issued by Principal Life Insurance Company (Principal Life). The accounts provided for a guarantee of principal and interest. Contributions and transfers allocated to this investment option were credited interest at a guaranteed interest rate that Principal Life declared for a set period of time. Guarantees were supported by the General Account of Principal Life. A surrender charge applied to transfers or withdrawals from a GIA that had not matured.

These GIAs meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Cowles Company 401(k) Plan Notes to Financial Statements

2. Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance, plus any accrued but unpaid interest.

Subsequent Events

The Plan has evaluated all subsequent events through October 7, 2022 which is the date as of which the Plan's financial statements are available to be issued.

3. Investments

All investment and notes receivable information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2021 and 2020, and interest and dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian, Principal Trust Company.

Individual investments held by Principal Trust Company that represent 5% or more of the Plan's net assets at December 31, 2021 or 2020 are as follows:

	2021	2020
Principal Life Insurance Company pooled separate accounts:		
Lifetime 2010-2065 Accounts	\$ 28,568,654	\$ 25,930,960

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy for those assets and liabilities measured at fair value, that distinguishes between assumptions based on market data (observable inputs) and the Plan's own assumptions (unobservable inputs). The hierarchy consists of: Level 1 – quoted market prices in active markets for identical instruments; Level 2 – inputs other than Level 1 inputs that are observable; and Level 3 – unobservable inputs developed using estimates and assumptions determined by the Plan and Principal Trust Company, the custodian of the Plan.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts (PSA): Valued at net asset value (NAV). The majority of the underlying securities in which the PSA invests have observable Level 1 quoted pricing inputs. The NAV of the PSA is not publicly quoted, but is available to current investors via the custodian website or when Plan participants access their account values. The NAV is the basis for current transactions and the PSA can be redeemed at NAV as of the measurement date. Therefore, the Plan believes that this investment has a "readily determinable fair value". Most of the underlying security prices were obtained from a pricing service. Because the PSAs are valued similarly to mutual funds, the Plan believes they should be Level 1 assets to allow for consistent disclosure. PSAs typically can be redeemed on a daily basis. Unfunded commitments are typically found only in private equity funds, and are not applicable to PSAs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cowles Company 401(k) Plan
Notes to Financial Statements

4. Fair Value Measurements (continued)

Common/collective trust funds (CCT): Valued at net asset value (NAV). The majority of the underlying securities in which the CCTs invest are fully benefit-responsive investment contracts. Even though the CCTs hold fully benefit-responsive investment contracts, the Plan's investments in the CCTs are not considered fully benefit-responsive investment contracts, and are reported at fair value. NAV is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The NAV of the CCT is not publicly quoted, but is available to current investors via the custodian website or when Plan participants access their account values. The NAV is the basis for current transactions and the CCT can be redeemed at NAV as of the measurement date. Therefore, the Plan believes that this investment has a "readily determinable fair value". Because the CCTs are valued similarly to mutual funds, the Plan believes they should be Level 1 assets to allow for consistent disclosure. Unfunded commitments are typically found only in private equity funds, and are not applicable to CCTs.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

Cowles Company 401(k) Plan Notes to Financial Statements

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by affiliates of Principal Trust Company. Since Principal Trust Company is also the custodian for the Plan, these transactions qualify as party-in-interest transactions.

6. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service (IRS) dated September 15, 2017 stating that the Plan is qualified under applicable sections of the Internal Revenue Code (the Code) and, therefore, the Plan is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, remains qualified and tax exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods.

7. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Reconciliation of Financial Statements to Form 5500

Although there were minor offsetting differences between individual assets, additions and deductions, there were no differences in net assets available for benefits or net increase in net assets available for benefits between the financial statements and the Form 5500 as of or for the year ended December 31, 2021 and 2020.
