INDEPENDENT AUDITOR'S REPORT

**Board of Directors
Sacramento Native American Health Center
403(b) Plan
Sacramento, California**

Opinion

We have audited the accompanying financial statements of Sacramento Native American Health Center 403(b) Employee Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the change in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is

supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SACRAMENTO NATIVE AMERICAN HEALTH CENTER 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of Sacramento Native American Health Center 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering the employees of Sacramento Native American Health Center (the Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Sponsor is the administrator of the Plan and, as such, carries out the duties imposed under ERISA. The Sponsor has delegated certain responsibilities for the operation and administration of the Plan. The Newport Trust Company and American Funds of Capital Group Companies, Inc. (collectively, the Trustees) are the appointed custodians of the Plan's assets. Administrative and recordkeeping services are provided by Bidwell Consulting Services, Inc. American Funds of Capital Group Companies, Inc. manages all of the investment funds that it holds as a trustee for the Plan; therefore, the related transactions are party-in-interest transactions (see supplemental schedule following).

Eligibility – For elective contributions, employees at least 18 years old whose compensation is greater than \$200 annually, who are not non-resident aliens or students providing services to Sacramento Native American Health Center, and who regularly work more than 20 hours per week are eligible to begin participating in the Plan immediately upon satisfaction of these requirements.

Prior to October 15, 2021, to be eligible for non-elective and matching contributions, an employee must have been at least 21 years of age and had completed 3 months of service. Starting October 15, 2021, to be eligible for non-elective and matching contributions, an employee must be 18 years of age and have completed 3 months of service. Eligible employees will begin receiving these benefits on the first day of each calendar month upon satisfaction of these requirements.

Contributions – Participants may contribute up to the maximum amount allowed by IRS limitations through salary deferrals. Participants may also contribute amounts representing distributions from other qualified retirement plans. Contributions are subject to certain limitations. The employer may make discretionary contributions of a specific amount or based on a matching formula. Specific discretionary employer contributions are allocated on the basis of either a uniform percentage of Plan compensation or as a uniform dollar amount. Allocations of specific discretionary amounts are only made for participants who are credited with at least three months of service during the Plan year. Matching contributions are determined either as a uniform percentage of deferrals or as a flat dollar amount for each participant. The employer makes a matching contribution of 100% of the participant's salary deferral, not to exceed 3% of the participant's compensation if they have been employed for less than 5 years, or 4% of the participant's compensation if they have been employed for 5 years or more.

Investment election – The Plan offers various investment alternatives through the Trustees. Plan participants direct their contributions among these investment alternatives.

SACRAMENTO NATIVE AMERICAN HEALTH CENTER

403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021

Participant accounts – Employee and matching contributions are credited to participants' accounts following each pay period. In addition, participant accounts are credited with the earnings on their investments as earned. The vested balance in a participant's account is the benefit to which the participant would be entitled upon termination or retirement.

Vesting – Participants' contributions and rollovers from other qualified plans are 100% vested at all times. Nonelective and matching contributions are subject to a three year cliff vesting schedule.

Payment of benefits – Upon termination of employment, a participant may be entitled to a distribution from the Plan as soon as administratively feasible. Generally, the only distribution option under the Plan is a lump sum distribution which can be received in cash or rolled over to an IRA or to another qualified plan. All or a portion of an employee's salary deferral, matching, or employer contribution may be withdrawn while still employed if the participant is at least age 59½ years at the time of distribution.

Administrative expenses – The expenses associated with administering the Plan are paid from the Plan net assets and therefore, are reflected in the Plan's financial statements.

Notes receivable from participants – Under the terms of the Plan, participants may borrow from their accounts up to 50% of their vested account balance. Notes receivable must be for a minimum of \$1,000 and are capped at the lesser of one-half of the participant's vested account balance or \$50,000. All notes receivable must bear a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates. A participant may have one loan outstanding at any time.

Forfeitures – Upon termination of employment, the unvested portion of a participant's employer contributions account is forfeited. Forfeitures are kept in a separate investment account and are applied first to reduce the employer paid administrative expenses and then employer contributions. The forfeiture account balance was \$81,066 and \$22,951 at December 31, 2021 and 2020 respectively. In the year ending December 31, \$527 of forfeitures were used to pay for administrative expenses.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

SACRAMENTO NATIVE AMERICAN HEALTH CENTER

403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021

Investment valuation and income recognition – The Plan’s investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains (losses) are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants – Notes receivable are valued at the outstanding note balance, plus accrued unpaid interest, which approximates fair market value. Interest income is recorded on an accrual basis and recognized in the period it is assessed. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan payments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions – Employee contributions are recorded in the period payroll deductions are made. Matching contributions from the Sponsor are recorded in the period when the related employee contributions are recorded.

Benefit payments – Benefits are recorded when paid.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

Income taxes – The Plan received a determination letter from the IRS dated March 31, 2017 stating that the Plan was designed in accordance with the provisions of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Subsequent events have been reviewed through September 29, 2022, the date the financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2021, that require recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in inactive markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from, or corroborated by, observable market data by correlation or other means
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued using inputs other than quoted prices that are observable for the asset or liability.
