INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
AFGE Employees 401(k) Plan

Opinion

We have audited the accompanying financial statements of the AFGE Employees 401(K) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AFGE Employees 401(K) Plan

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investments Valuation and Income Recognition - AFGE Employees 401(K) Plan (the Plan) investments in mutual funds are stated at quoted market values (except for fully benefit-responsive investments contracts, which are reported at contract values). Quoted market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines its valuation policies utilizing information provided by its investment advisers and custodians. Purchases and sales of securities are recognized on a trade-date basis. Interest income is reported on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully benefit-responsive contracts are valued at contract value. The Plan's guaranteed income account with Mass Mutual is valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to purchase annuities and pay administration expenses charged by Mass Mutual. Contract value is the amount participant would normally receive if they were to initiate permitted transaction under the terms of the Plan.

Payment of Benefits - Upon termination of service due to death, disability, retirement or termination of service due to other reasons, a participant or the participants' estate or beneficiary will receive a lump-sum amount equal to the value of the participants' vested interest in the participants' account or an annuity. Partial, systematic and hardship withdrawals are permitted by the Plan, subject to Plan provisions and Internal Revenue Service (IRS) guidelines.

Loans to Participants - Loans to participants are carried at their unpaid principal balances, plus any accrued and unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Contributions to the Plan - Participants may elect to contribute to their participant accounts via payroll deductions; all amounts withheld as of year-end but not yet transferred to the Plan at that date, if any, are recorded as receivable.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Each year, participants may make voluntary contributions to the Plan on a before tax basis up to the maximum allowed by the Internal Revenue Service (IRS). The contribution limit for 2021 under Internal Revenue Code (IRC) was \$19,500 for participants under age 50 plus a \$6,500 catch up contribution for those 50 or older.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 2. DESCRIPTION OF THE PLAN

The Plan was established June 11, 1998 by AFGE to provide a retirement plan for its eligible employees effective as of January 1, 1998. It is a single employer defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. All employees of AFGE may become participants in the Plan immediately upon employment. All employees hired on or after January 1, 2008 are automatically enrolled in the Plan, with contributions of 1% of their compensation. Any employee contributing less than 4% of their compensation will automatically have their contribution increased by 1% each year until it equals 4% or more of their compensation. Each participant may elect to contribute 1% to 15% of their earnings to the Plan. Employees may elect to opt out of the automatic enrollment and automatic increases, change the contribution amount or stop contributing at any time.

During 2014, the Plan sponsor elected to make a new contribution to the Plan to satisfy the legal requirements to be a 401(k) safe harbor plan under the IRC and automatically be treated as satisfying certain non-discrimination requirements under the IRC. This contribution was equal to 3% of each plan participant's compensation during the year.

During the year ended December 31, 2020, the Plan did allow for participants to utilize the aid from the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). This act provided for Coronavirus-related distributions, increases in loan limits, loan payment suspensions, and changes to the required minimum distribution administration. The Plan adopted Coronavirus-related distributions up to \$50,000, increased loan limits to \$100,000 or 50% of participants vested balance, suspended participant loan payments on outstanding loans and suspended minimum distribution payments in response.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Each participant is fully vested with respect to the safe harbor contributions made on his or her behalf. The total amount of safe harbor contributions made during December 31, 2021 and 2020 was \$987,491 and \$961,294, respectively. The Plan sponsor separately matched employee deferrals to the Plan totaling \$428,356 and \$415,449 during December 31, 2021 and 2020, respectively.

Participants are always 100% vested as to all elective deferrals, rollover contributions, safe harbor employer contributions, employer matching contributions and non-safe harbor discretionary employer contributions. For other contribution types, participants are vested after five years of vesting service. Benefits are generally payable under this plan upon a participant's retirement, death or termination of their employment with AFGE.

Contributions to the Plan are invested as directed by the participant. Participants must evaluate their own investment goals and objectives and choose the mutual funds best suited to achieve those goals and objectives. Poor investment performance by investment vehicles selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants may elect to borrow the lesser of 50% of their account balances or \$50,000 from the Plan; these loans are secured by the value of the participants' vested benefit. Such loans must generally be repaid within five years. Each loan is treated as a directed investment of the participant who receives the loan proceeds, and all loan repayments received by the Plan are credited to that participant's account. The loans bear interest at rates established by the Plan administrator, based on a review of prevailing interest rates.

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$56,213 and \$56,213, respectively. These accounts will be used to reduce future Sponsor contributions. During the year ended December 31, 2021, \$74,075 was used to reduce Sponsor discretionary profit-sharing plan contributions.

Participants should refer to the Summary Plan Description for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

It is the expressed intention and expectation of the sponsor that it will continue the Plan in full force and effect. However, in the unlikely event of termination, the interests of participants under the Plan shall be non-forfeitable to the extent funded. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the beneficiaries and participants. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

NOTE 4. TAX STATUS

In a letter dated February 20, 2015, the IRS stated that an employer who adopts this plan will be considered to have a plan qualified under IRC Section 401(a). The Plan has been amended since the receipt of the determination letter; Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. As of December 31, 2021, the statute of limitations for tax years 2018 through 2020 remains open with the U.S. Federal jurisdiction in which the Plan files returns.

NOTE 5. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual funds: Valued at the quoted market price of shares held by the Plan at year end.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	2021			
	Total Investment at Fair Value	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	<u>\$ 44,899,233</u>	<u>\$ 44,899,233</u>	<u>\$ -</u>	<u>\$ -</u>

Description	2020			
	Total Investment at Fair Value	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	<u>\$ 37,525,144</u>	<u>\$ 37,525,144</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a fully benefit-responsive guaranteed investment contract with Mass Mutual Retirement Services (MMRS). The fully benefit-responsive investment (SAGIC) is held by MMRS in a separate account. The SAGIC is a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market and that is backed by MMRS. SAGIC is a fully benefit-responsive general investment account contract. Under the contract a crediting rate is established for a six-month period of time and all assets invested in the account are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. Mass Mutual assumes market, credit, and interest rate risks for the assets supporting the account.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by MMRS, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan

NOTE 6. INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

or a change in the administration or operation of the plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract with participants are unlikely to occur.

The interest crediting rate history for the contract is as follows.

	<u>2021</u>	<u>2020</u>
Average yield earned by the plan and average interest rate credited to participants	2.51%	3.13%

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are mutual funds managed by Mass Mutual. MassMutual Retirement Services (MMRS) provides the recordkeeping services for the Plan. MMRS is an affiliate of the Trustee, as defined by the Plan and, therefore, transactions between Mass Mutual and its affiliate qualify as party-in-interest transactions.

NOTE 8. SIGNIFICANT UNCERTAINTIES

The COVID-19 pandemic, whose effects first became known in January 2020, is having a broad and negative impact on commerce and financial markets around the world. The extent of the impact of the pandemic on the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on the Plan's sponsor(s), participants, and vendors, all of which, at present, cannot be determined. Accordingly, the extent to which the pandemic may impact the Plan's net assets available for benefits and changes in net assets available for benefits is uncertain, and the accompanying financial statements include no adjustments relating to the effects of this pandemic.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 6, 2022, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
