Independent Auditors' Report

To the Participants and Plan Administrator of
Wiley Rein LLP Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Wiley Rein LLP Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Wiley Rein LLP Retirement Plan

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The Wiley Rein LLP Retirement Plan (the Plan) is a defined contribution plan for eligible employees of Wiley Rein LLP (the Firm and Plan Sponsor). All employees and partners who are 21 years of age are eligible to participate in the Plan immediately upon hire. The following plan description provides general information only. Participants should refer to the plan agreement for a more comprehensive description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Contributions

A participant in the Plan may elect to enter into a salary reduction agreement (Agreement) with the Firm. The Agreement allows participants to reduce their earnings from the Firm and contribute them to the Plan. If the participant fails to enter into an Agreement with the Firm, default pre-tax elective deferrals will be made on behalf of the participant equal to 3% of compensation each pay period. Participants may contribute up to 100% of their eligible compensation on an annual basis, not to exceed that allowable by the Internal Revenue Service (the IRS) as established under the Internal Revenue Code (the IRC). For 2021, the maximum contribution allowable under the IRC was \$19,500, except for participants age 50 or older who were permitted to contribute an additional \$6,500. The Plan permits employees to designate deferral contributions as regular pre-tax or Roth 401(k) after-tax contributions.

Employer Contributions

The Firm may make a discretionary profit-sharing contribution (Profit-Sharing Contribution) on an annual basis. All participants, other than staff attorneys, associates, of counsel, special counsel, consulting counsel, summer associates, law clerks, and advisors and analysts, as defined, who have been employed for at least two years by September 30 of the plan year and are employed on the last day of the plan year, are eligible to receive the Profit-Sharing Contribution. A participant is eligible to receive this contribution on the first day of the quarter after eligibility requirements are met. For the 2021 plan year, the Firm made a Profit-Sharing Contribution of participants' eligible compensation, subject to the limitation of IRC section 401(a)(17), equal to: (i) 8% for eligible participants who are not attorneys; (ii) 13.1% for eligible participants who are attorneys whose compensation is less than or equal to the limitation under IRC section 401(a)(17); and (iii) 13.28% for eligible participants who are attorneys whose compensation is in excess of the limitation under IRC section 401(a)(17). For the year ended December 31, 2021, the total Profit-Sharing Contribution was \$5,340,225.

Investment Options

Participants direct the investment of all contributions into the various investment options offered by the Plan. Participants may change their investment options at any time. The Plan currently offers investments in registered investment companies, a common/collective trust and a self-directed brokerage account (SDBA) option managed by Fidelity Management Trust Company (Trustee).

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Firm's contributions, and (b) plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Wiley Rein LLP Retirement Plan

Notes to Financial Statements
December 31, 2021 and 2020

Vesting

All participant deferral contributions and all earnings on those contributions are fully vested at all times. A participant's interest in the Firm's matching contributions, which were suspended in 2020, becomes vested and nonforfeitable based on completion of years of service as follows: two years - 20%, three years - 40%, four years - 80% and five years - 100%. Profit-Sharing Contributions are 100% vested at all times.

Forfeitures

Upon termination for reasons other than retirement upon or after age 59½, death or disability, the nonvested portion of a participant's account shall be forfeited upon the close of the plan year when either a cash-out distribution is made or the participant has been separated from employment for at least five consecutive years. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$22,873 and \$25,006, respectively. These forfeitures are used to reduce future employer contributions or pay administrative expenses. During 2021, forfeitures of \$21,187 were used to pay administrative expenses.

Notes Receivable From Participants

Participants may borrow from their plan account. Borrowings from the Plan may be made in any amount greater than \$1,000, but may not exceed the lesser of (a) \$50,000 reduced by the excess of the highest outstanding loan balance to that participant during the preceding one-year period over the outstanding loan balance for the participant on the date the loan is made, or (b) 50% of the participant's vested account balance. Loan terms are for a period not to exceed five years unless the loan is used to purchase the participant's principal residence in which case the loan term may exceed five years but no more than ten years. Loans bear interest as determined by the Firm and are currently set at the prime rate as published in the Wall Street Journal at the point the loan is initiated. Participants can have a maximum of two notes outstanding at any given time. As of December 31, 2021 and 2020, the interest rates charged on outstanding notes receivable ranged between 3.25% and 5.50%. Principal and interest are paid ratably through monthly payroll deductions for partners and semi-monthly payroll deductions for associates and staff.

Payment of Benefits

The Plan provides for distributions to participants or their beneficiaries upon retirement, death, disability or termination of employment and participants may elect to receive the value of their vested account in a lump-sum distribution or other form of payment as provided under the Plan. In the case of normal retirement, retirement due to permanent disability or death, the participant becomes 100% vested in his or her account. In addition, the Plan generally allows for in-service withdrawals for participants age 59½ or older as well as hardship withdrawals, with certain restrictions as defined by the Plan.

Administrative Expenses

Administrative expenses paid from the Plan consist primarily of transaction processing fees. The Firm pays substantially all expenses of plan administration and operation, and such expenses are not reflected in the accompanying financial statements. Recordkeeping and investment management fees are netted with net appreciation in fair value of investments on the accompanying Statement of Changes in Net Assets Available for Benefits.

Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and/or to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

Coronavirus Aid Relief and Economic Security Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans - Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted). These repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 72 in 2020 and 72 in 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3, Fair Value Measurements, for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation in fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments, unrealized appreciation in fair value of investments and fees charged by the Trustee and sponsoring investment companies for services provided in connection with recordkeeping and investment management. Net unrealized appreciation (depreciation) in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, the date that the accompanying financial statements were approved and available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Wiley Rein LLP Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following is a description of the methodologies used in valuing investments at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds are based on the quoted market prices of the shares held by the Plan at year-end.

The common/collective trust invests primarily in short-term and long-term investment contracts issued by insurance companies and commercial banks and synthetic investments contracts comprising underlying fixed income assets and wrap contracts. The common/collective trust fund is valued based on the net asset value (NAV) of its underlying securities as a practical expedient. This fund does not have requirements regarding redemption frequency or a redemption notice period. Participant transactions (purchases and sales) may occur daily. Withdrawals directed by the Plan Sponsor must be preceded by 12 months written notice to the fund. No unfunded commitments existed as of December 31, 2021 and 2020.

Self-directed brokerage accounts include investments in mutual funds, common stock, preferred stock, corporate bonds, U.S. government securities and cash. The fair values of mutual funds, common stocks and preferred stocks are based on the quoted market prices of the shares held by the Plan at year-end. Corporate bonds are valued using pricing models that maximize the use of observable inputs for similar securities. This includes basing values on yields currently available on comparable securities of issuers with similar credit ratings. U.S. government securities are valued using pricing models maximizing the use of observable inputs for similar securities. Cash is reported at carrying value which approximates fair value.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis, at December 31, 2021 and 2020:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 253,443,223	\$ -	\$ -	\$ 253,443,223

	2020			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 222,482,741	\$ -	\$ -	\$ 222,482,741
Self-directed brokerage accounts	38,145,321	284,130	-	38,429,451
Total assets in the fair value hierarchy	<u>\$ 260,628,062</u>	<u>\$ 284,130</u>	<u>\$ -</u>	260,912,192
Investments measured at net asset value (a)				<u>11,952,321</u>
Total investments at fair value				<u>\$ 272,864,513</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

5. Related-Party and Party In Interest Transactions

Certain plan investments are managed by an affiliate of the Trustee. Therefore, these investment transactions qualify as party in interest transactions for which a statutory exemption exists. Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as exempt party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Firm. No such officer or employee receives compensation from the Plan.

6. Tax Status

The Plan has adopted a volume submitter plan offered by Fidelity. The volume submitter plan received an advisory letter dated May 31, 2017, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements
December 31, 2021 and 2020

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

As of December 31, 2021 and 2020, 17% and 16%, respectively, of net assets available for benefits were held in the Fidelity 500 Index Fund, representing a significant concentration.
