INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Alliance Precision Plastics Corp. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Alliance Precision Plastics Corp. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Alliance Precision Plastics Corp. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment purposes of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined to meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alliance Precision Plastics Corp. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alliance Precision Plastics Corp. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements and are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Alliance Precision Plastics Corp. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alliance Precision Plastics Corp. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope of timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplementary Information Required by ERISA

The supplementary information of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALLIANCE PRECISION PLASTICS CORP. 401(k) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following brief description of the Alliance Precision Plastics Corp. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code, established on April 1, 1992. It covers substantially all employees of Alliance Precision Plastics Corp. (the Company) who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Eligible employees may become participants commencing on the first day of the next calendar quarter following the attainment of both the age of 21 and completion of three months of service with the Company.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each participant who has an executed salary reduction agreement in effect with the Company. The maximum contribution each participant may make each year is subject to federal limits.

The Plan has an automatic enrollment policy. Under this policy, employees who meet eligibility requirements are automatically enrolled to defer 4% into the Plan unless they have an executed opt-out agreement with the Company. Eligible participants may also elect to defer a portion of their total annual compensation into the Plan as elective after-tax Roth contributions. During 2021 and 2020, the qualified pre-tax contributions totaled \$531,759 and \$563,867, respectively. During 2021 and 2020, the elective after-tax Roth contributions totaled \$41,470 and \$31,998, respectively.

Each year, the Company may make discretionary matching contributions on behalf of each participant equal to a discretionary percentage of participant deferrals to be determined by the Company each year. In both 2021 and 2020, discretionary matching contributions were equal to 25% of the first 4% of employee deferrals, calculated on a weekly basis. Matching contributions, net of forfeitures used towards employer match, amounted to \$86,698 and \$84,309 for the years ended December 31, 2021 and 2020, respectively.

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan (Continued)

Contributions (Continued)

The Company may also decide each plan year to make a discretionary profit sharing contribution on behalf of the eligible participants. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. In order for a participant to qualify to receive a discretionary profit sharing contribution, the participant must be credited with more than 1,000 hours of service during the plan year and be employed on the last day of the plan year. In both 2021 and 2020, the Company did not make a discretionary profit sharing contribution.

Participants may also transfer (or rollover) funds from other qualified plans, with the consent of the Plan administrator.

Participant accounts

Each participant shall have an account which will be credited with the participant's contributions, Company contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances.

Vesting

Participants are immediately 100% vested in their elective deferrals and rollover contributions plus actual earnings thereon. Vesting in matching contributions and employer discretionary contributions is based on years of continuous service. A year of service is defined as a minimum of 1,000 hours worked during a plan year.

A vested percentage for discretionary matching contributions is determined in accordance with the following vesting schedule:

<u>Years of Service For Vesting</u>	<u>Vesting Percentage</u>
1	25%
2	50%
3	75%
4	100%

1. Description of Plan (Continued)

Vesting (Continued)

A vested percentage for discretionary profit sharing contributions is determined in accordance with the following vesting schedule:

<u>Years of Service For Vesting</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Additionally, accounts become fully vested upon attainment of age 62 while employed, death or total and permanent disability.

Forfeited accounts

Forfeitures arising under the Plan are used to reduce administrative expenses or to reduce employer contributions. Forfeiture activity during 2021 and 2020 consisted of the following:

	<u>2021</u>	<u>2020</u>
Forfeitures available for use, beginning of the year	\$ 2,564	\$ 3,520
Forfeitures generated	1,069	2,541
Earnings on forfeitures	-	23
Forfeitures used towards employer match	(2,564)	(3,520)
Forfeitures used to reduce administrative fees	<u>(567)</u>	<u>-</u>
Forfeitures available for use, end of the year	<u>\$ 502</u>	<u>\$ 2,564</u>

Payment of benefits

Upon retirement, death or disability, the entire account balance, if less than \$5,000, will be distributed in the form of a lump-sum payment. In addition, lump-sum distributions may be made, with participant consent, under the following conditions: the account balance is greater than \$5,000, separation from service or upon the hardship of a participant as provided for in the Plan and in government regulations.

Effective April 9, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan (Continued)

Notes receivable from participants

The Plan allows participants to borrow funds from their accounts. Loans may not exceed the lesser of 50% of the employee's vested account balance or \$50,000. No loan in an amount less than \$1,000 will be permitted. Repayments of principal and interest are made through payroll withholding. At any time, no more than two loans may be outstanding from the Plan to the participant. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Effective April 9, 2020, the Plan adopted the loan relief provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The provisions adopted by the Plan allows (1) Plan participants to take loans up to the lesser of \$100,000 or 100% of the participant's vested balances and (2) Plan participants to suspend loan repayments to until December 31, 2020. As a result of these temporary loan provisions, participants of the Plan were eligible to take a third loan from the Plan for the year ended December 31, 2020, if necessary.

Administrative expenses

Record keeping, tax filing and audit fees are paid by the Plan sponsor, Alliance Precision Plastics Corporation. All other expenses are paid out of the Plan assets. For the years ended December 31, 2021 and 2020, administrative expenses consisted of the following:

	<u>2021</u>	<u>2020</u>
Total administrative expenses	\$ 80,057	\$ 72,533
Less: Expenses paid by the Plan sponsor	<u>(19,698)</u>	<u>(19,546)</u>
Total plan administrative expenses	<u>\$ 60,359</u>	<u>\$ 52,987</u>

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for plan benefits and changes in those net assets.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements
December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Administrative expenses

Administrative expenses are recorded in the year incurred.

Payment of benefits

Benefits are recorded when paid.

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

ALLIANCE PRECISION PLASTICS CORP. 401(k) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds and exchange-traded funds: Values are determined based on quoted market prices in active markets.

Pooled separate accounts: Valued at quoted market prices which represent the net asset value of units held by the Plan at the end of the year.

Investment contracts: Valued at contract value, which approximates fair value, as reported to the Plan by The Voya Retirement Insurance and Annuity Company. Contract value represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value of these investments is subject to market volatility and may be susceptible to fluctuations.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2018.

2. Summary of Significant Accounting Policies (Continued)

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent plan year and October 10, 2022, the date the financial statements were available to be issued.

3. Financial Information Certified by the Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, Matrix Trust Company and The Voya Retirement Insurance and Annuity Company, the custodians of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

The fair value of investments determined to be level 1 as of December 31, 2021 and 2020 consisted of:

	<u>2021</u>	<u>2020</u>
Mutual funds and exchange-traded funds	\$ <u> -</u>	<u>\$11,548,208</u>

The value of other investments not included in the fair value hierarchy as of December 31, 2021 and 2020 consisted of:

	<u>2021</u>	<u>2020</u>
Pooled separate accounts	\$12,741,043	\$ -
Investment contracts	<u>382,383</u>	<u>-</u>
	<u>\$13,123,426</u>	<u>\$ -</u>

5. Related Party Transactions

The Plan invests in pooled separate accounts and investment contracts managed by affiliates of The Voya Retirement Insurance and Annuity Company. The Voya Retirement Insurance and annuity Company acts as a custodian for only those investments defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

6. Tax Status

The Plan obtained its latest determination letter in June, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
