Independent Auditors' Report

The Retirement Plan Committee
Cutter Automotive Galleries 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Cutter Automotive Galleries 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CUTTER AUTOMOTIVE GALLERIES 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of Plan

The following description of the Cutter Automotive Galleries 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of MJC, Inc., as well as its wholly owned subsidiaries (collectively, the Companies). The Plan is subject to the provisions of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration of Plan Assets

MJC, Inc. is the plan administrator and is responsible for the investment, administration, and disbursement of plan assets. The Retirement Plan Committee oversees the management and administration of the Plan.

COVID-19 Pandemic

On March 11, 2020, the World Health Organization declared the coronavirus disease 2019 (COVID-19) to be a global pandemic. The pandemic has adversely affected the global economy by, among other things, disrupting supply chains, lowering equity market valuations, creating significant volatility and disruption in financial markets, and increasing unemployment levels. The full impact of COVID-19 on the economy and on the Plan is uncertain and not within the Companies' control. Because the Plan's individual investment values fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. Management adopted certain relief provisions included in the CARES Act. These adopted provisions were temporary and expired on December 31, 2020.

Eligibility

All employees of the Companies, as stated in the plan agreement, are eligible to participate in the Plan following the later of attaining the age of 21 or on the date which the participant completes the earlier of six consecutive months of service commencing from the date of hire or rehire, or a year of service during a 12-month period during which the employee worked at least 1,000 hours. Participants become eligible for matching contributions once completing at least one hour of service during the plan year. Participants are eligible for profit-sharing contributions if regularly

CUTTER AUTOMOTIVE GALLERIES 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

employed at the rate of at least 20 hours of service per week or credited with a year of service during the plan year. Effective January 1, 2020, the Plan was amended and restated, changing the eligibility requirements for matching and profit sharing contributions to be the same as for participant contributions. Additionally, to be eligible for profit-sharing contributions, the participant must be an employee on the last day of the plan year.

Contributions

Eligible employees of the Companies are entitled to make salary deferrals to the Plan up to the lesser of 100% of the participant's eligible compensation or the maximum amount allowed by the IRC. Participants may also contribute amounts representing rollover distributions from other qualified plans or individual retirement accounts. Additionally, participants who attain age 50 before the end of a calendar year may elect to make additional catch-up contributions to the Plan, not to exceed the amount allowable under current income tax regulations, which was \$6,500 for the plan year ended December 31, 2021.

The Companies may make discretionary matching or profit-sharing contributions as determined by their respective board of directors. During 2021, the Companies elected to make a discretionary employer matching contribution of 50% of the participant's deferral contribution to the Plan up to a maximum of 2% of the participant's eligible compensation. The Companies did not elect to make any profit-sharing contributions for the year ended December 31, 2021. The aggregate of all matching and profit-sharing contributions cannot exceed 25% of statutory compensation as defined in the plan agreement.

Participant Accounts

Each participant's account is credited, as applicable, with the participant's contributions and the Companies' matching contributions and an allocation of (a) the Companies' profit-sharing contribution, if any, and (b) Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investment accounts are participant directed.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less the highest outstanding balance of any loans for the one year period preceding loan issuance or 50% of their vested account balance, provided that the loan is paid back with interest within five years. However, if the loan is for the purchase of a participant's principal residence, the plan administrator may permit a longer repayment term. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest as determined by the plan administrator based on the prevailing rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Current interest rates

CUTTER AUTOMOTIVE GALLERIES 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

range from 4.25% to 6.50%. Participants may only have one loan outstanding at a time. If a participant fails to make a payment required under the terms of the participant loan and the Plan, a deemed distribution shall occur on the last day of the calendar quarter following the calendar quarter in which the participant failed to make the payment.

Under the CARES Act, management adopted provisions which increases loan limits to the lesser of \$100,000 or 100% of the participant's vested account balance and allowed loan repayments for both new and existing loans to be deferred up to one year. However, the loan continued to accrue interest on the outstanding balance during the deferment period.

Vesting

Participants are immediately vested at all times in account balances attributed to their salary deferrals and rollover contributions plus earnings or losses thereon.

Participants become 100% vested in employer discretionary matching and profit-sharing contributions after completing six years of eligible service in accordance with the following schedule:

Years of Service	Vested Percentage
0 -1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits

Upon a participant's death, permanent disability, retirement, or other termination of employment from the Companies, the participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a fixed period, selected by the participant, that does not extend beyond the life expectancy of the participant and that of a designated beneficiary. However, if a participant's vested interest in his or her account is \$1,000 or less, the participant's vested interest shall be distributed in a lump-sum as soon as practicable. If a participant's vested interest in his or her account exceeds \$1,000 but does not exceed \$5,000, it will be rolled over to an individual retirement account designated by the Companies. Under certain circumstances, a participant may qualify for a hardship distribution and receive a lump-sum payment equal to all or a portion of the participant's account balance.

CUTTER AUTOMOTIVE GALLERIES 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Under the CARES Act, management adopted provisions that provides for expanded distribution options and favorable tax treatment for up to \$100,000 of coronavirus-related distributions. A participant was permitted to make a coronavirus-related distribution, even if it would occur before an otherwise permitted distributable event (e.g. severance from employment, disability, or death). Under the adopted provision, the 10% additional federal tax on early distributions did not apply to any coronavirus-related distribution.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts amounted to \$2,902 and \$23,576, respectively, and were available to pay administrative expenses and/or reduce future employer contributions. In 2021, \$34,340 of forfeitures were used to reduce employer contributions and \$606 of forfeitures were used to pay plan administrative expenses.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Participants are allocated a portion of administrative and accounting fees as stated in the plan agreement. Fees related to notes receivable from participants, distributions, and annual asset charges are charged directly to the respective participant's account and are included in administrative expenses. Fees paid by the Plan for investment management services are netted against investment income in the accompanying statement of changes in net assets available for benefits. Administrative expenses recorded in the Plan during the year ended December 31, 2021 totaled \$131,581.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

December 31, 2021 and 2020

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, the plan trustee, and third party administrators. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Excess Contributions Payable

Excess contributions payable to participants amounted to \$30,594 and \$13,501 at December 31, 2021 and 2020, respectively. Excess contributions payable to employer amounted to \$133 and \$691 at December 31, 2021 and 2020 respectively. These amounts represent contributions in excess of amounts allowed by the Internal Revenue Service (IRS) and are recorded as a liability with a corresponding reduction to contributions. The Plan distributed these excess participant contributions to the applicable participants in 2022 and placed the excess employer contributions into the forfeiture account.

Payment of Benefits

Benefits are recorded when paid.

(3) Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee and custodian have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31:	2021	2020
Investments at fair value	\$ 13,935,354	\$ 12,408,813
Investment at contract value	6,292,710	5,943,880
Notes receivable from participants	765,987	762,860

Year Ended December 31:	2021
Dividend income	\$ 1,078,915
Net appreciation in fair value of investments	1,003,795
Interest income	182,803
Interest income on notes receivable from participants	37,347

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

The accounting guidance for fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

December 31, 2021 and 2020

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The preceding measurement described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,935,354	\$ -	\$ -	\$ 13,935,354

Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,408,813	\$ -	\$ -	\$ 12,408,813

Notes to Financial Statements

December 31, 2021 and 2020

(5) General Account - Guaranteed Interest Account

The Plan has a fully benefit-responsive investment contract (the Contract) with Massachusetts Mutual Life Insurance Company (MassMutual). On December 31, 2020, Empower Retirement (Empower) acquired the retirement business of MassMutual and became the sole administrator of this business in 2021. Great-West Life & Annuity Insurance Company (GWLA), an affiliate of Empower, manages the Contract. GWLA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This guaranteed investment contract meets the fully benefit-responsive criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GWLA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020, was \$6,292,710 and \$5,943,880, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the Contract issuer. Such events include but may not be limited to the following: (1) partial or complete plan termination or (2) the establishment or activation of, or material change in, any plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

(6) Risks and Uncertainties

The Plan invests in various types of investment securities. Investments in general are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2021 and 2020

(7) Tax Status

The Plan is based on the volume submitter profit sharing plan sponsored by MassMutual, which was acquired by Empower effective December 31, 2020. The Internal Revenue Service (IRS) informed MassMutual by a letter dated March 31, 2014 that the volume submitter profit sharing plan upon which the Plan is based is designed in accordance with the provisions of the IRC. The Plan has not yet applied for its own determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and thus qualifies the Plan for tax exempt status.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

(9) Related Party Transactions

Certain plan investments represent units of mutual funds and a general account managed by Empower, which acquired the retirement business of MassMutual on December 30, 2020. Additionally, Empower receives revenue from investment providers for services Empower provides to the funds. This revenue is placed into an expense budget account and used to offset certain administrative expenses to the Plan. During the year ended December 31, 2021, the Plan applied \$42,533 to offset administrative expenses. These transactions, therefore, qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
