Independent Auditor's Report

To the Plan Administrator of the
Boulder Valley Gastroenterology, Inc. Profit Sharing Plan
Louisville, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Boulder Valley Gastroenterology, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2021 and delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

1. Plan Description

The following description of the Boulder Valley Gastroenterology, Inc. Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was adopted by Boulder Valley Gastroenterology, Inc. (the “Plan Sponsor”) and members of the controlled group who adopt the Plan (the “Adopting Employers”) (collectively the “Company”) effective May 1, 1991. Adopting Employers may begin or cease participation in the Plan during the year.

The Plan is a defined contribution plan covering eligible employees of the Company. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Trustee, Issuer and Administration of the Plan

Great-West Trust Company, LLC serves as the Plan Trustee, and Great-West Life Annuity & Insurance Company is the issuer of the insurance products, (collectively “Great-West”). Empower Retirement, a subsidiary of Great-West, services as the recordkeeper of the Plan. The Company determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

Each employee is eligible to become a participant in the Plan on the first day of the first month or first day of the seventh month of the Plan year, coincident with or next following the date the participant attains age 21 and completes 1,000 hours of service within a 12-consecutive month period beginning with the first day of employment. Union employees, leased employees, non-resident aliens, and independent contractors are not eligible to participate in the Plan.

Contributions

Eligible participants may contribute, on a pre-tax or after-tax Roth basis, up to 100 percent of their qualifying annual compensation as elected in their salary deferral agreements. Participant contributions are subject to certain IRC limitations. The Plan also allows catch-up contributions for participants age 50 or over subject to certain IRC limitations. Participants may contribute rollover contributions from other qualified retirement plans. Participants may change their contribution percentage and investment elections effective each pay period.

Effective January 1, 2021, the Plan was amended to add an automatic enrollment feature. All employees as of January 1, 2021, all eligible participants that are deferring less than 1 percent, and any employees eligible January 1, 2021 and later, will be automatically enrolled at a 1 percent pre-tax deferral rate, unless the participant affirmatively elects a different deferral rate.

The Company makes a Safe Harbor non-elective contribution, on an annual basis, equal to 3 percent of eligible compensation.

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

Discretionary profit-sharing contributions may be made by the Plan on behalf of the participants. Generally, participants must have completed at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year; however, that may be waived in a particular Plan year in order to meet certain new comparability testing requirements. For the year ended December 31, 2021, the Company made a discretionary profit-sharing contribution of \$436,874.

Participants' Accounts

Participants' accounts are credited with the participants' pre-tax, after-tax Roth and catch-up contributions; Company Safe Harbor non-elective and discretionary profit-sharing contributions; rollover contributions, and allocation of plan earnings or losses. Participants' accounts are charged with certain administrative fees that are paid by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various mutual funds and into a fixed-rate group annuity contract offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting and Forfeitures

Participants are immediately 100 percent vested in their participant deferral and rollover contributions, the Company Safe Harbor non-elective contributions, and the allocated earnings thereon. Discretionary profit-sharing contributions vest 20 percent per year after completion of the second year and are 100 percent vested after 6 years of service, as defined in the Plan Document. Participants are also fully vested upon reaching normal retirement age (55), death or disability.

Forfeitures of unvested accounts may be used to offset future employer contributions or pay Plan expenses. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$84,571 and \$45,573, respectively. During the year ended December 31, 2021, \$16,910 of forfeitures were used to pay Plan expenses and none were used to offset employer contributions.

Payment of Benefits

Upon termination of service due to death, separation of service, attainment of normal retirement age (55), or disability, as defined, a participant may elect to receive their benefit payment in the form of a lump-sum amount equal to the vested portion of the participant's account balance, remain in the Plan, or may roll over the amount to another qualified retirement plan or individual retirement account. Immediate lump-sum distributions are to be made to terminated participants if the participant's vested balance is \$1,000 or less. Balances between \$1,001 and \$5,000 are rolled over to an Individual Retirement Account ("IRA") for the benefit of the participant. These mandatory distributions are only applicable if the participant does not elect another form of distribution. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments (except for the fully benefit-responsive investment contract), as detailed in the accompanying supplemental Schedule of Assets (Held at End of Year), are stated at fair value as further discussed in Note 4 - *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by Great-West.

Interest income is recorded as earned on the accrual basis. Dividend income and reinvested capital gains are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments and reinvested capital gains.

Accounting for Fully Benefit-Responsive Investment Contracts with Insurance Companies

The Plan entered into the Key Guaranteed Portfolio Fund (the "Fund") with Great-West, which is a fixed-rate group annuity contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate can never be less than 0 percent and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This could cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value; however, the plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

Contributions

Participant contributions are recognized in the period during which the Company makes the payroll deduction from the participant's compensation. Company Safe Harbor non-elective contributions and discretionary profit-sharing contributions are recognized when due to the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2021 or 2020.

Expenses of the Plan

Administrative expenses may be paid by the Company or the Plan. Fees, including administrative, distribution processing and audit fees, are charged directly to the participant's account and are included in administrative expenses. Administrative fees of \$61,518 were paid by the Plan and certain investment expenses are net with investment earnings or losses of the investments. All other expenses of the Plan were paid by the Company and are excluded from these financial statements.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC and Great-West Life and Annuity Insurance Company, qualified institutions, have certified the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments as reported in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Net investment income as reported on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - As of December 31, 2021.

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets the Plan has the ability to access for identical assets and liabilities. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly (quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant value drivers are observable). Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>As of December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$10,366,765	\$ -	\$ -	\$10,366,765
Total investments, at fair value	\$10,366,765	\$ -	\$ -	\$10,366,765

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

<i>As of December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,804,304	\$ -	\$ -	\$ 9,804,304
Total investments, at fair value	\$ 9,804,304	\$ -	\$ -	\$ 9,804,304

5. Related Party and Parties-In-Interest Transactions

The Plan invests in a fixed-rate group annuity contract managed by Great-West. Certain investment fees are paid to Great-West and reflected within the net investment income for the year. Other charges paid directly by the Plan or Plan participants to the third-party administrator, auditor, and Great-West totaled \$61,518 for 2021. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Income Tax Status

The Company adopted a Volume Submitter Plan and Trust Document which received an advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014 indicating that the prototype plan and trust are designed in accordance with the applicable sections of the IRC. The Company believes that the Plan, as amended and restated, is designed and currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Concentrations, Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in value of investments securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying Statements of Net Assets Available for Benefits and participants' accounts.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation have continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

There are three investment that individually represent more than 10 percent of investments held at December 31, 2021 and 2020. See the Schedule of Assets (Held at End of Year) as of December 31, 2021 for a complete listing of investments held.

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

8. Delinquent Participant Contributions

The Company failed to timely remit certain participant contributions to the Plan in 2021 and 2020. Certain late contributions were corrected with lost earnings in January 2021 and management is in the process of correcting the remaining late contributions. See the accompanying supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2021.

9. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued. There were no events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

Effective January 1, 2022, the Plan was amended and restated for regulatory purposes. The restated Plan adopted a prototype plan document, which received an opinion letter dated June 30, 2020, stating that the form of the pre-approved profit sharing plan is qualified under Section 401 of the IRC, and therefore, is tax exempt. The following provisions were changed as a result of the restatement:

- The services requirement for eligibility to participate in the Plan changed to 1 month;
- Entry into the Plan is quarterly after meeting eligibility requirements;
- All participants hired prior to January 1, 2022 became fully vested in their accounts;
- Vesting schedules for all contributions became 100 percent immediately; and
- The automatic enrollment feature was removed from the Plan.
