Allredi, LLC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Allredi, LLC Retirement Plan (formerly Marco Group Retirement Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Plan Description

The following description of Allredi, LLC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Allredi, LLC (referred to as the Company) over the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for oversight of the Plan.

Administration: The Company is the administrator of the Plan. Principal Life Insurance Company (Principal) is the former custodian. Effective January 4, 2021, Voya Retirement Insurance and Annuity Company (Voya) became the new custodian. Voya is responsible for holding the assets of the Plan and for executing asset transactions at the direction of the Plan's participants. The trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

Plan merger: Effective January 4, 2021, the Abrasive Products and Equipment, LLC's plan, a related plan through common ownership, was merged into the Plan, and the Plan was renamed from Marco Group Retirement Plan to Allredi, LLC Retirement Plan. In connection with the merger, approximately \$4,330,000 of assets were transferred into the Plan on January 4, 2021.

Contributions: Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document, up to the maximum limits of the Internal Revenue Code (IRC) (subject to federal limitations). Participants may designate all or a portion of their deferred contributions as after-tax contributions in a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Plan has an automatic enrollment feature. Employees are automatically enrolled in the Plan at a pretax deferral rate of 3% of eligible compensation the first day of the calendar quarter coinciding with or following the date on which the eligibility requirements are met (entry date), unless the employee elects out, selects a different percentage or selects a Roth feature.

The Company, at the discretion of the Company's Board of Directors, can contribute both matching and discretionary contributions. For the year ended December 31, 2021, the Company's matching contributions were 50% of each participant's contribution up to 6% of each employee's eligible wages as long as the employee is participating. The Company did not make a discretionary contribution for the year ended December 31, 2021.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contribution, if any, and investment results. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant earnings, account balance, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Allredi, LLC Retirement Plan (formerly Marco Group Retirement Plan)

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant investment options: Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature, to which participants may designate the allocation of their account balances. Participants may elect, on a daily basis, to have all or part of their account balances and future contributions transferred from one fund to another or in any combination.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Company matching and discretionary contributions plus actual earnings thereon is based on years of continuous service. Participants vest in Company contributions ratably over a three-year vesting period. Notwithstanding the above, participants become 100% vested upon death or permanent disability.

Notes receivable from participants: The Plan does not allow for participant loans; however, participants from the former Abrasive Products and Equipment, LLC plan were previously allowed to borrow from their accounts, and upon merger the outstanding notes receivable from participants were carried over to the Plan. The notes are secured by the participant's accounts and are repaid in accordance with the repayment schedules through payroll deduction or participant checks issued to the trustee. Interest rates on notes outstanding at December 31, 2021 ranged from 5.00% to 6.50%, and the notes mature at various dates through June 2024.

Payment of benefits: Upon termination of service, death, disability or retirement, a participant may elect to receive, or have their beneficiary receive, the value of the vested interest in their account in the form of a lump-sum distribution, rollover or partial withdrawal. Distribution of benefits upon termination becomes automatic if the participant's account balance is less than \$5,000. Participants with an account balance less than \$5,000 but greater than \$1,000 receive a direct rollover into a qualified individual retirement account unless they elect to receive a lump-sum payment. Those with a balance less than \$1,000 receive a lump-sum payment. The Plan allows participants to withdraw funds from their account balance after the age of 59½. Participants may also withdraw funds derived from their account balance in the event of hardship, as defined by the Plan.

Forfeited accounts: Forfeited balances of terminated participant's nonvested accounts are used to pay for the Plan's general administrative expenses and/or to fund employer contributions. Total forfeitures used to fund employer contributions totaled approximately \$47,700 in 2021. There were approximately \$91,300 and \$25,500 of nonvested forfeiture accounts included in net assets available for benefits as of December 31, 2021 and 2020, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allredi, LLC Retirement Plan (formerly Marco Group Retirement Plan)

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: The Plan's investments are reported at fair value, except for a fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the fully benefit-responsive investment contract because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determined the valuation policies utilizing information provided by the Plan's investment advisors and custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Due from broker: At December 31, 2020, \$8,162,179 of funds in Principal's custody have been reflected as a due from broker on the statement of net assets available for benefits, as they were in the process of being transferred to Voya.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

Related fees are recorded as an administrative expense and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Notes receivable have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits paid to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included as an offset to net appreciation in fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan's Current and Former Custodian

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, obtained by management and agreed to or derived from information certified by Voya (the current custodian) as of and for the year ended December 31, 2021, and Principal (the former custodian) as of December 31, 2020. The Plan Administrator has obtained certifications from the current and former custodians that information provided to the Plan Administrator by the current and former custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2021	2020
Mutual funds	\$ 12,941,798	\$ -
Pooled separate accounts	-	40,022

Voya also certified to the completeness and accuracy of \$979,473 of net appreciation in the fair value of investments, \$598,771 of dividends and interest income related to the aforementioned investments, and \$1,218 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Accounting standards established the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual funds: Investments in mutual funds are valued daily at publicly quoted market prices of shares held by the Plan.

Pooled separate accounts: Pooled separate accounts were valued based on the net asset value (NAV) per unit as reported by the investment manager, which is published daily. The underlying assets of the pooled separate accounts consisted solely of investments in mutual funds registered with the Securities and Exchange Commission.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

		2021			
		Level 1	Level 2	Level 3	Total
Investments, at fair value:					
Mutual funds		\$ 12,941,798	\$ -	\$ -	\$ 12,941,798
		2020			
		Level 1	Level 2	Level 3	Total
Investments, at fair value:					
Pooled separate accounts		\$ -	\$ 40,022	\$ -	\$ 40,022

Note 5. Fully Benefit-Responsive Investment Contract

The Plan has a traditional, fully benefit-responsive guaranteed investment contract with Voya that is reported at contract value. Voya maintains the contributions in a general account. The account is credited with contributions, earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreement without the consent of the issuer

Note 6. Income Tax Status

The Plan has adopted a nonstandard form of a prototype plan sponsored by Voya. The prototype plan has received an opinion letter dated June 30, 2020, from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended subsequent to the version covered by the prototype plan's determination letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. Related-Party Transactions and Party-In-Interest Transactions

The Plan's investments include mutual funds and an investment contract managed by Voya. As a result, these transactions qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2021 statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits at December 31, 2020, per the financial statements to Form 5500:
