The Administrative Committee of
Lotus Group 401(k) Plan
Vancouver, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Lotus Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedules, Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, as of or for the year ended December 31, 2021 are presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 4, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LOTUS GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Lotus Group 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Lotus Group USA, Inc. and LotusWorks, Inc. collectively, (the Company), who meet the eligibility requirements, with the exception of union employees and nonresident aliens. Employees are eligible to participant in the Plan after completing six months of service and attaining 21 years of age. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, (ERISA).

Contributions - Contributions consist of employee elective deferrals, and discretionary employer matching contributions. Employees may voluntarily contribute up to 100% of their compensation, limited to \$19,500 in 2021 and 2020, annually, as prescribed by the Internal Revenue Code (IRC). Participants aged 50 and older may elect to make additional catch-up contributions of \$6,500 in 2021 and 2020, annually. The Company makes discretionary employer matching contributions in an amount equal to the sum of 50% of the participant's deferral contributions up to a maximum of 6% of the participant's eligible compensation. The Company may also elect to make discretionary employer profit sharing contributions. There were no discretionary employer profit sharing contributions made in 2021 or 2020. In addition, contributions are subject to other limits under the IRC.

Participant Accounts - A separate account is maintained for each participant, which is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings and administrative expenses. Allocation of Plan earnings and administrative expenses is based upon participant account balances. Allocation of employer matching contributions is based on a percentage of each employee's elective deferral. Allocation of discretionary employer profit sharing contributions is based on a percentage of each employee's compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in employer contributions plus actual earnings thereon at a rate of 20% after each year of credited service. A participant is fully vested after five years of credited service. Participants vest immediately in all contributions plus actual earnings when they reach normal retirement age or in the event of death.

Payment of Benefits - Upon termination of service due to death, disability, retirement or for other reasons, a participant may be paid as a lump sum amount equal to the participant's vested account balance. The Plan provides for hardship distributions which are available only for the purpose of meeting immediate and heavy financial needs. Account balances that are under \$5,000 may be automatically paid out at the discretion of the Company provided the account is at least \$50. An employee who has attained age 59½ may elect an in-service payment withdrawal of any portion of his or her vested account balance.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding increase to distributions. The Plan distributed the 2020 excess contributions to the applicable participants in February 2021. There were no excess contributions in 2021.

Expenses - Certain administrative expenses may be paid by the Company. Expenses not paid by the Company are deducted from participants' accounts. In addition, certain expenses of plan administration, including computer services, professional fees, office supplies, and payroll expenses of administrative and clerical personnel, are provided by the Company without charge to the Plan.

Forfeitures - Forfeitures may be used to pay administrative expenses of the Plan or to reduce discretionary employer matching contributions or discretionary employer profit sharing contributions. Forfeited accounts were \$50,752 and \$10,915 at December 31, 2021 and 2020, respectively. No forfeitures were used to reduce administrative expenses, discretionary employer matching contributions, or discretionary employer profit sharing contributions in 2021 or 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition - Investments are reported at fair value except for benefit responsive investment contracts, which are carried at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year and management and operating expenses associated with the Plan's investments.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but are not yet paid at year-end have not been accrued. At December 31, 2021 and 2020, there were no amounts payable to participants.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIANS OF THE PLAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held At End of Year), that was certified by the custodians of the Plan, Great-West Life & Annuity Insurance Company under a power of attorney granted by Massachusetts Mutual Life Insurance Company and Massachusetts Mutual Life Insurance Company on behalf of Talcott Resolution Life Insurance Company, as of and for the year ended December 31, 2021, and Massachusetts Mutual Life Insurance Company and Massachusetts Mutual Life Insurance Company on behalf of Talcott Resolution Life Insurance Company as of and for the year ended December 31, 2020, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodians that such information is complete and accurate.

	2021	2020
Investments	\$ 5,147,536	\$ 3,429,128
Net appreciation in fair value of investments	\$ 127,294	\$ 131,962
Interest and dividends	\$ 402,432	\$ 145,035

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC No. 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts (PSAs): The Plan holds a group annuity contract issued by Massachusetts Mutual Life Insurance Company. The contract allows the Plan to participate in pooled separate accounts, each of which holds underlying investments. The PSAs invest in a single mutual fund, or in a portfolio of securities. The PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities). While the majority of the PSAs' underlying asset values are based on quoted prices, the net asset value (NAV) of the pooled separate accounts are not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices and is used as a practical expedient to estimate fair value. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV. There are no unfunded commitments and no required redemption notice periods. The Plan is permitted to redeem investment units at NAV on the measurement date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Investment Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value (a)	\$ -	\$ -	\$ -	\$ 4,493,828
Total investments at fair value	\$ -	\$ -	\$ -	\$ 4,493,828

Investment Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value (a)	\$ -	\$ -	\$ -	\$ 2,754,623
Total investments at fair value	\$ -	\$ -	\$ -	\$ 2,754,623

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the Statements of Net Assets Available for Benefits.

Fair Value of Investment in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively:

	December 31, 2021 Fair Value	December 31, 2020 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts – equity	\$ 2,783,647	\$ 1,919,099	N/A	Daily	No significant restrictions
Pooled separate accounts – fixed income	\$ 89,922	\$ 102,724	N/A	Daily	No significant restrictions
Pooled separate accounts – bonds	\$ 95,817	\$ 97,566	N/A	Daily	No significant restrictions
Pooled separate accounts – target date blend	\$ 1,284,018	\$ 375,230	N/A	Daily	No significant restrictions
Pooled separate accounts – mid cap	\$ 240,424	\$ 260,004	N/A	Daily	No significant restrictions

NOTE 5 – GROUP ANNUITY CONTRACT

The Plan has a group annuity contract with Talcott Resolution Life Insurance Company (the Issuer). The account is credited with an annual rate no less than 3%. The Issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the Issuer. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure to the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption from ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with the participants are not probable of occurring.

The fixed account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. For the years ended December 31, 2021 and 2020, the interest rate in the fixed account was 3%.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and a group annuity contract managed by Massachusetts Mutual Life Insurance or Talcott Resolution Life Insurance Company (formerly, The Hartford), an affiliate of Massachusetts Mutual Life Insurance. Massachusetts Mutual Life Insurance is the custodian of the Plan and, therefore, these transactions are party-in-interest transactions. Fees for investment management services charged by the custodian are netted against Plan earnings and range from 0.93% to 1.35% of the average daily investment balance.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan holds investments that are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of the investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. There were two investments that individually represented more than 10% of the investments held as of December 31, 2021 and 2020. See the supplemental Schedule of Assets (Held at End of Year) for the complete listing of investments held as of that date.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred significant volatility in fair value since the initial outbreak. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time. These financial statements do not consider the potential future impacts of the pandemic.

NOTE 9 – TAX STATUS

The Plan is an adoption of a volume submitter profit sharing plan sponsored by Pension Plan Specialists, PC. An opinion letter was received on July 7, 2014, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – PROHIBITED TRANSACTIONS

During 2021, employee withholdings totaling \$2,819 were not remitted to the Plan within the appropriate time period required by the Department of Labor. These transactions constitute a prohibited transaction as defined by ERISA. The Company is aware of the occurrence and is in the process of working to correct the situation.

NOTE 11 – SUBSEQUENT EVENTS

Effective January 1, 2022 the Plan was restated through adoption of a pre-approved plan document sponsored by Pension Plan Specialists. As part of the restatement the discretionary employer match was amended to be remitted on a per payroll basis and allow for eligible employees to enroll in the Plan on a monthly basis. The pre-approved plan document received an IRS opinion letter on June 30, 2020.

The Plan's management has performed an evaluation of subsequent events through October 13, 2022, which is the date these financial statements were available to be issued.
