Communication with The 401(k) Investment and Administrative Committee

The 401(k) Investment and Administrative Committee
West Marine Associates 401(k) Savings Plan

We have completed a Department of Labor (DOL) limited scope audit of the financial statements and supplemental schedules of West Marine Associates 401(k) Savings Plan (the Plan), as of May 28, 2021 and December 31, 2020, for the period from January 1, 2021 to May 28, 2021, and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. However, our limited scope audit of the financial statements does not relieve you or management of your responsibilities. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America

Our responsibility is to plan and perform the audit in accordance with auditing standards generally accepted in the United States of America and to design the audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. We considered the Plan's internal control solely for the purposes of determining our audit procedures and not to provide assurance concerning such internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control. As part of the scope limitation discussed in the first paragraph, we did not consider internal control relating to the information summarized in Note 6 to those financial statements.

We are also responsible for communicating significant matters related to the financial statement audit that, in our professional judgment, are relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

You should understand that our audit is not specifically designed for and should not be relied upon to disclose matters affecting plan qualifications or compliance with ERISA and Internal Revenue Code requirements.

Other Information in Documents Containing Audited Financial Statements

The AICPA's Audit and Accounting Guide for Employee Benefit Plans requires that, before an auditor's report on the Plan's financial statements can be included with a filed Form 5500 (including any related schedules), the auditor must review the Form 5500 and consider whether there are any material inconsistencies between the other information in the form and the audited financial statements (including the related schedules) or any material misstatement of fact.

Our responsibility for other information in the Form 5500 does not extend beyond the financial information identified in our report. We do not have an obligation to perform any procedures to corroborate other information contained in the form, except as described above. However, we have read the information contained in the Form 5500 and nothing came to our attention that caused us to believe that such information or its manner of presentation is materially inconsistent with the information or manner of its presentation in the financial statements.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in the engagement letter dated June 7, 2021, and in planning discussions.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 1 to the financial statements.

No new accounting policies were adopted and there were no changes in the application of existing accounting policies during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transactions occurred.

Significant Accounting Estimates

Accounting estimates may be an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates may be particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

We did not note any significant accounting estimates in the financial statements. Significant accounting estimates are not commonly inherent in a defined contribution plan with investments that are readily marketable.

Financial Statement Disclosures

The disclosures in the financial statements are consistent, clear, and understandable. Certain financial statement disclosures may be particularly sensitive because of their significance to financial statement users.

We did not note any disclosures in the financial statements that we consider sensitive to potential users.

Significant Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all factual and judgmental misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

For the 2020 Plan year there were two audit adjustments made to the original trial balances provided to us by the trustee to (1) reverse prior year payable for 2020 Plan year contributions deposited during 2019, and (2) to reverse a payable for excess contributions refundable as a result of the non-discrimination testing.

For the 2021 Plan period there was one audit adjustment made to the original trial balance, to record assets held by Morgan Stanley as in-transit as of period-end.

We did not note any uncorrected misstatements in the course of the engagement.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2021.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Significant Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Communication of Internal Control Related Matters

Our responsibility under auditing standards with respect to internal control is described above. Had the scope of our audit not been limited as described on page 1, other matters might have come to our attention that would have been reported to you.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

We consider the following internal control deficiencies in the Plan's internal controls:

- During 2021, 2020, and 2019 the Company had decreases in head count due to reduction-in-workforce. Based on discussions with management, no assessment on whether a potential partial plan termination has been performed.

We recommend that management evaluate 2019, 2020, and 2021 events to determine if there was a partial plan termination and ensure the appropriate steps are taken to ensure the Plan remain in compliance with ERISA.

In our "Communication of Internal Control Related Matters" dated September 30, 2020, October 14, 2019, September 24, 2018, and September 28, 2017, we noted the following control deficiencies, which have not been remediated as of the date of this letter. Not making corrections timely may leave the Plan Sponsor vulnerable to errors in several aspects of plan administration. We consider the following deficiencies to be significant deficiencies in internal control:

- During our audit, we noted that the Plan has elected W-2 compensation (plus elective deferrals) as eligible compensation for 401(k) deferral. Upon review of the payroll compensation codes, we noted several compensation codes satisfied the Plan's elected eligible wages definition that were improperly excluded from eligible compensation for 401(k) deferrals.

Additionally, we noted that for catch-up contributions, the payroll system is improperly deducting the elective deferrals from the eligible compensation amount prior to calculating the catch-up deduction.

We recommend the Company consider amending the Plan to make such codes ineligible compensation. Furthermore, the Company should review the payroll calculation for catch-up contributions to ensure they are calculated from the eligible compensation amount in accordance with Plan provisions. The Company should investigate the effects of this with its ERISA counsel.

- During our prior year audits we noted several instances where employee contributions from supplemental payroll runs were not deposited in a timely matter. These delinquent deposits still have not been corrected as of the date of this letter.

These delinquent deposits, and any other delinquent deposits not identified in our audit tests, should be corrected for lost participant earnings, and a Form 5330 filed with the Internal Revenue Service for the excise tax.

This communication is intended solely for the information and use of management, the 401(k) Investment and Administrative Committee, and others within the organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

We were pleased to serve and be associated with the Plan as the independent auditors for 2021 and 2020. We provide the above information to assist you in performing your oversight responsibilities.
