Administrative Committee
Sarstedt, Inc. Retirement Plan
Newton, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Sarstedt, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Sarstedt, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sarstedt, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sarstedt, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan document, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sarstedt, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sarstedt, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Sarstedt, Inc. Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL. The Plan is a defined contribution plan sponsored by Sarstedt, Inc. (“Company”) covering substantially all employees who are age eighteen and are continuously employed during the three month period following the employee’s date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS. Participants may contribute a minimum of 1% up to a maximum of 90% of their compensation to the Plan through a salary reduction arrangement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers one money market fund, six common/collective trusts and thirteen mutual funds as investment options for participants.

The Company matches 75% of the employee's contribution up to an amount equal to 6% of their compensation. The Company may also make discretionary profit-sharing contributions determined annually by the Board of Directors to all employees who are eligible on the last day of the Plan year. Any profit-sharing contribution will be allocated based on the ratio that the participant's eligible compensation bears to the total eligible compensation, as defined.

PARTICIPANTS’ ACCOUNTS. Each participant's account is credited with (a) the participant's contribution, and an allocation of (b) the Company’s matching contribution, if any, (c) the Company’s profit-sharing contribution, if any, and (d) Plan earnings from the specific investment fund(s) elected by the participant. Participants’ accounts are charged for certain transactional fees. Allocations are based on participant account balances, as defined.

VESTING. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is one hundred percent (100%) vested in the Company matching contributions and in any non-elective contributions after six years of credited service. A participant also becomes 100% vested due to disability, as defined in the Plan document, or death.

NOTE A – DESCRIPTION OF PLAN (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS. Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000, reduced by the excess (if any) of the highest outstanding balance of all other loans from the Plan. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participants loan fund. The loan term may not exceed five years unless the loan is used to purchase the principal residence of the participant. The loans are secured by the balance in the participant's account and bear interest at the rate of prime plus 2%. Interest rates range from 5.25% to 7.50%. Principal and interest must be repaid through payroll deductions with equal installments made each pay period. If an eligible participant elects to take full distribution of his account balance and a loan balance remains, the entire loan balance remaining will be taxable.

PAYMENT OF BENEFITS. If a termination occurs due to a participant's death, the participant's beneficiary will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may elect to receive either a lump sum amount or periodic payments over a specified period of time in an amount equal to the value of the participant's vested interest in his or her account. The age at which required minimum distributions must begin is 72. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Account balances that are under \$1,000 may be automatically paid out at the discretion of the Company. Balances between \$1,000 and \$5,000 may be transferred to an IRA, also at the discretion of the Company. Upon approval by the Plan's Administrative Committee, early distributions may be made to active participants in the event of financial hardship. The Plan adopted certain provisions of the CARES Act which allowed, in accordance with section 2202(a) of the Act, participants to take up to a \$100,000 distribution from qualified plans between January 1, 2020 and December 31, 2020. Participants had the option to repay the Plan's distribution over a three-year period.

FORFEITED AMOUNTS. At December 31, 2021, forfeited nonvested accounts from employer match contributions totaled \$4,112. Employer contributions were reduced by \$10,490 and \$4,425 from forfeited nonvested employer match accounts as of December 31, 2021 and 2020, respectively.

PLAN TRUSTEE. Under the terms of a trust agreement, Reliance Trust Company is the trustee for the Plan and has fiduciary responsibility for Plan assets.

ADMINISTRATIVE EXPENSES. Certain expenses incurred in connection with the general administration of the Plan are paid by the Company. Participant accounts are charged for certain transaction fees.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING. The Plan's financial statements are prepared on the accrual basis of accounting, except for the cash basis recording of benefits paid.

USE OF ESTIMATES. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates and assumptions used in the financial statements and related notes.

INVESTMENT VALUATION AND INCOME RECOGNITION. Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note D for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The change in net unrealized appreciation of investments held from the beginning of the Plan year to the end of the Plan year is included with realized gains (losses) as net appreciation in fair value of investments.

NOTES RECEIVABLE FROM PARTICIPANTS. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

UNCERTAIN TAX POSITIONS. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan's Administrative Committee has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax period. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2018.

DATE OF MANAGEMENT'S REVIEW. The Plan's Administrative Committee has evaluated all events subsequent to the Statement of Net Assets date of December 31, 2021, through September 27, 2022, the date the accompanying financial statements and supplemental schedule were available to be issued, and determined there were no subsequent events requiring additional disclosures.

NOTE C – INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in the fair value of investments, interest and dividends for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the Trustee of the Plan.

NOTE D – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

- | | |
|---------|---|
| Level 1 | The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: <ul style="list-style-type: none">a. Quoted prices for similar assets or liabilities in active marketsb. Quoted prices for identical or similar assets or liabilities in inactive marketsc. Inputs other than quoted prices that are observable for the asset or liabilityd. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The following tables below segregate all financial assets and liabilities as of December 31, 2021 and 2020, that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

NOTE E – RELATED PARTY TRANSACTIONS

Certain Plan investments are units of common/collective trust funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the sub-custodian of the Plan's assets. Therefore, these transactions qualify as party-in-interest transactions.

The Plan does not consider Company contributions to the Plan to be party-in-interest transactions. The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

SARSTEDT, INC.
RETIREMENT PLAN
Notes to Financial Statements
December 31, 2021 and 2020

NOTE H – TAX STATUS

The Company adopted a non-standardized plan with a deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service on July 8, 2014. The letter stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and, therefore, are not subject to tax under present income tax law. The Plan is required to operate in conformity with the Internal Revenue Service to maintain its qualification. The Plan's Administrative Committee is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualification status.

NOTE I – DISTRIBUTIONS PAYABLE

At December 31, 2021 and 2020, net assets available for plan benefits included \$369,594 and \$213,237, respectively, of vested account balances of participants who had withdrawn from the Plan prior to the end of the Plan year.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE K – REFUNDS PAYABLE

At December 31, 2021 and 2020, a payable of \$ 5,772 and \$14,622, respectively, was recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.
