Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Trustees
HCR Employee Stock Ownership Plan
Rochester, New York

Opinion
We have audited the financial statements of the HCR Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Investments
As discussed in Note 4, the financial statements include an investment representing substantially all assets of the Plan as of December 31, 2021 and 2020, whose fair value has been estimated by an independent appraisal, in the absence of readily ascertainable fair values, with the assistance of management and approved by the Trustees. Because of the inherent uncertainty of the valuation, the estimated value may differ significantly from the value that would have been used had a market for the investment existed, and the difference could be material. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

(716) 634-8800 ▪ Toll Free (888) 634-0001 ▪ Fax (716) 634-8987 ▪ www.dopkins.com

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements, as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following brief description of HCR Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is sponsored by L. Woerner, Inc. d/b/a HCR Home Care (the Company) and operates, in relevant part, as an employee stock ownership plan and is designed to comply with Section 4975(e)(7) and the regulations, thereunder, of the Internal Revenue Code (the Code). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for oversight of the Plan.

The Plan was established to provide employees with the opportunity to accumulate capital ownership in the Company.

Eligibility:

Employees of the Company are eligible to participate in the Plan after attaining age 21 and completing one year of service during which they completed at least 1,000 hours of service. Participants who do not have at least 1,000 hours of service during a Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions:

The Plan is funded through discretionary Company contributions of cash or Company stock to the Plan. The Company made discretionary contributions of $200,000 in stock for the years ended December 31, 2021 and 2020. Employee contributions are not permitted.

Participant accounts:

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of forfeitures from terminated participants' nonvested accounts and the Company's discretionary contributions. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation of all eligible participants. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to the total of all participants' account balances. Participants' accounts are charged directly for benefit processing fees, if applicable.

Note 1. Plan Description (Continued)

Vesting:

Participants become vested in Company contributions based on years of continuous service. A participant receives credit for a year of service if they complete at least 1,000 hours of service at any time during the twelve consecutive month computation period. Employees are 100% vested in Company contributions and earnings thereon after three years of service. Vesting is immediate upon death, disability, or upon attainment of normal retirement age, as defined.

Forfeitures:

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation of all eligible participants for the Plan year. Forfeitures reallocated to participants during the years ended December 31, 2021 and 2020 totaled $5,500 and $2,160, respectively. There were no forfeited nonvested accounts at December 31, 2021 or 2020.

Payment of benefits:

Distributions on account of death, disability, or retirement are made in five annual installments commencing in the Plan year following the event. Distributions for other separations from service commence in the fifth Plan year following the separation and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Under provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. During 2021 and 2020, the Company repurchased 127,520 and 136,166 shares, respectively, from the participants, at prices determined by an independent appraisal.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan pays for fees related to benefit processing fees, which are charged directly to participants' accounts.

Voting rights:

In limited circumstances, each participant is entitled to direct the voting rights attributable to the shares allocated to his or her account. In such event, each participant is entitled to instruct the Trustees as to the manner in which any shares of Company stock allocated to his or her Company stock account will be voted. The Trustees are not permitted to vote any allocated shares for which instructions have not been given by a participant.

Note 1. Plan Description (Continued)

Put option:

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay the participant for the purchase of Company stock with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately liquidate their shares of common stock in the Company to cash.

Diversification:

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the total number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Investments which participants have elected to diversify are sold at the current appraised value, with proceeds of the sale transferred to another defined contribution plan maintained by the Company. For the years ended December 31, 2021 and 2020, $26,060 and $64,451, respectively, were transferred to the Company's Savings and Profit-Sharing Plan related to participants' diversification elections.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements have been prepared on the accrual basis of accounting.

Cash:

The Plan maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant risk with respect to its cash accounts.

Investment valuation and income recognition:

The Plan's investment in Company stock is reported at fair value. Fair value is the price the Plan's management expects would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Interest is recorded on the accrual basis.

Note 2. Significant Accounting Policies (Continued)

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through October 10, 2022, which is the date the financial statements were available to be issued.

Note 3. Investments

The Plan's investment in Company stock at December 31, 2021 and 2020 is presented in the following table. All shares of Company stock owned by the Plan have been allocated to participants.

	2021	2020
Number of shares	**984,570**	1,096,142
Cost	**$ 12,182,409**	$ 13,617,949
Estimated fair value	**$ 12,385,894**	$ 13,745,616

Note 4. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Interest bearing cash is valued at the amount on deposit.

The fair value of the Company's common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation approaches. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market valuations of comparable public companies and estimated fair value of Company assets and liabilities.

The valuation process involves Plan management's selection of an independent appraiser on an annual contract. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. Adjustments for lack of marketability have been applied, when appropriate. The appraiser prepares a preliminary report of estimated per share value that a participant will receive upon distribution, which management, along with the Plan's Trustees, reviews in detail, discusses and approves.

Because of the inherent subjectivity in any valuation, estimated fair values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The Plan transacts the sale of common stock for distributions net of Company contributions. The following is a summary of sales of L. Woerner, Inc. d/b/a HCR Home Care common stock by the Plan during the years ended December 31, 2021 and 2020:

	2021	2020
Shares sold (111,571 shares and 120,114 shares in 2021 and 2020, respectively)	**$ (1,339,100)**	$ (1,496,622)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021 and 2020:

	2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest bearing cash	**$ 2,736**	**$ -**	**$ -**	**$ 2,736**
L. Woerner, Inc. d/b/a HCR Home Care common stock	**-**	**-**	**12,385,894**	**12,385,894**
	$ 2,736	**$ -**	**$ 12,385,894**	**$ 12,388,630**

	2020			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 2,890	$ -	$ -	$ 2,890
L. Woerner, Inc. d/b/a HCR Home Care common stock	-	-	13,745,616	13,745,616
	$ 2,890	$ -	$ 13,745,616	$ 13,748,506

The following table sets forth the basic assumptions used in arriving at fair value and the range of unobservable inputs for the Company for the years ended December 31, 2021 and 2020. These methods did not change from the prior year.

Description	**Valuation Techniques**	**Unobservable inputs**
L. Woerner, Inc. d/b/a HCR Home Care common stock	Discounted Cash Flows Method	Projected cash flows
		Weighted average cost of capital
		Long-term growth rate
	Guideline Companies Method	Earnings-based multiples
		Revenue-based multiples
		Forecasted earnings
		Forecasted revenues

A lack of marketability discount of 5% was applied to the Plan's shares at the December 31, 2021 and 2020 valuations.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated October 21, 2014, that the Plan is qualified and the Trust established under the Plan is tax exempt under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter, however, the Plan Administrator and the Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 7. Party-in-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. Certain Plan investments are shares of Company common stock. The Company is the Plan sponsor and, therefore, transactions involving these investments qualify as party-in-interest transactions.

Transition Finance Strategies, LLC d/b/a Blue Ridge ESOP Associates (Blue Ridge) is the custodian and recordkeeper as defined by the Plan and, therefore, fees paid by the Plan to Blue Ridge qualify as party-in-interest transactions. The Plan made payments to Blue Ridge of $15,633 and $14,664 for the years ended December 31, 2021 and 2020, respectively.

Note 8. Risks and Uncertainties

The Plan invests in common stock of the Company. The Company and, as a result, this investment, is exposed to various risks such as interest rate, market and credit risks, as well as valuation assumptions. The valuation of the Company's stock is based on earnings, cash flows, and other such valuation assumptions. Due to the level of risk associated with the investment and to uncertainties in estimates and assumptions, it is at least reasonably possible that changes in the values of the investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Differences between these Financial Statements and the Financial Information Required on Form 5500

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements for the years ended December 31, 2021 and 2020 to Form 5500:

	For the Year Ended December 31, 2021	For the Year Ended December 31, 2020
Net decrease in net assets available for benefits as presented in these financial statements	**$ 1,333,816**	$ 1,344,622
Transfer to other plan	**26,060**	64,451
Net decrease in net assets available for benefits as presented on Form 5500	**$ 1,359,876**	$ 1,409,073

The transfer to other plan as presented in these financial statements, is classified as benefit payments and payments to provide benefits directly to participants or beneficiaries, including direct rollovers, on the Form 5500.
