INDEPENDENT AUDITORS' REPORT

To the management of Carco Group, Inc. Profit Sharing and 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the accompanying financial statements of Carco Group, Inc. Profit Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Carco Group, Inc. Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carco Group, Inc. Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carco Group, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Carco Group, Inc. Profit Sharing and 401(k) Plan's internal control. Accordingly, no opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Carco Group, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether it is in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) - December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

Background - Carco Group, Inc. Profit Sharing and 401(k) Plan (the "Plan") is a defined contribution plan as described in the Internal Revenue Code section 401(k), sponsored by Carco Group, Inc. (the "Company" or "plan sponsor"). The Plan was adopted on July 1, 1997 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Reliance Trust Company and the third-party administrator is ADP Retirement Services ("ADP"). Morgan Stanley provides investment advisory services to the Plan.

Plan Amendments - During June 2022, the Plan sponsor adopted an amended and restated version of pre-approved plan documents, which incorporated recent tax law changes.

The Plan was amended effective April 1, 2020 to grant prior service credit to employees of a company which had been acquired by the plan sponsor during 2020.

Effective February 1, 2020, the Plan was amended to change the eligibility for employer matching contributions from one year of service to three consecutive months of service consisting of at least 250 hours of service, and to modify the vesting schedule for employer matching contributions from a six year to a five year schedule. Pursuant to the amendment, participants vest in employer matching contributions and earnings thereon at the rate of 20 percent after one year of service, increasing by 20 percent each year, until 100 percent vested after five years of service.

The Plan has implemented certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), which was signed into law on December 20, 2019. The SECURE Act raised the age for minimum distributions from 70 1/2 to 72 effective January 1, 2020.

Pandemic and Related Law Changes - During March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market value of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess and will depend on future developments that are highly uncertain and cannot be predicted.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

1. PLAN DESCRIPTION (continued)

The Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was signed into law on March 27, 2020. For the year ended December 31, 2020, the CARES Act allowed certain eligible individuals to take COVID-19 related distributions, temporarily increased participant loan borrowing limits, allowed for the suspension of repayments on participant loans, and suspended required minimum distribution rules.

Written amendments to the Plan to reflect the operational changes in the SECURE and CARES Acts will be adopted in accordance with applicable law and IRS guidance.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Eligibility - The Plan is available to employees of the Company, excluding union employees who are covered under collective bargaining agreements and certain nonresident aliens who have no earned income source within the United States. To be eligible to participate in salary deferrals and employer matching contributions under the Plan, employees must have attained age 21 and have completed 250 hours of service in their first three consecutive months of employment.

Contributions and Vesting - Upon meeting eligibility requirements, participants in the Plan may make salary deferral contributions in the form of pre-tax 401(k) deferrals and Roth 401(k) deferrals, subject to section 401(k) maximum limitations (a combined limit for pre-tax and Roth contributions of \$19,500 applies in 2021.) Employees who attain age 50 are permitted to make catch-up contributions of up to \$6,500. The Plan limits deferral contributions to 90 percent of eligible compensation, as defined in the Plan documents.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their regular deferral rate set at 4 percent of eligible compensation and their contributions are invested in a target date fund until changed by the participant. The automatic deferral rate is increased by 1 percent annually up to a maximum of 6 percent, unless the participant elects otherwise.

An eligible employee may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as rollover contributions, with certain restrictions.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

1. PLAN DESCRIPTION (continued)

The Plan provides for discretionary employer matching contributions, which during the year ended December 31, 2021 and 2020 were equal to 50 percent of pre-tax and Roth salary deferral contributions of up to 6 percent of eligible compensation. Employer contributions receivable as of December 31, 2021 and 2020 in the accompanying statement of net assets available for benefits include the aggregate employer true-up contribution relating to such discretionary employer matching contributions.

The Plan also provides for discretionary employer profit sharing contributions, which would be allocated to eligible participants who have completed one year of service, as defined in the Plan. No such discretionary employer profit sharing contributions have been made by the Company since the Plan's inception.

Participants are fully and immediately vested with respect to their salary deferral contributions and earnings thereon. Vesting in employer contributions and the earnings thereon occurred at the rate of 20 percent after one year of service, increasing by 20 percent each year, until 100 percent vested after five years of service. The vesting schedule for employer contributions in place prior to the February 1, 2020 amendment to the Plan was 20 percent after two years of service, increasing 20 percent each year, until 100 percent vested after six years of service. Participants who are actively employed become fully vested upon attainment of the normal retirement age of 65, or in the event of disability or death.

Forfeitures – When participants terminate employment prior to full vesting, the nonvested amounts in their individual accounts, referred to as forfeitures, may be used to pay plan expenses or reduce future employer contributions. During the year ended December 31, 2021, forfeitures in the amount of \$32,545 were used to offset employer contributions. As of December 31, 2021 unallocated forfeitures amounted to \$43.

Distributions to Participants - Distributions to participants are available upon the following events: retirement, attainment of age 59 1/2, termination of employment, disability, or death. Payment shall be made as soon as administratively feasible following the date on which the event occurs provided that the participant's consent is obtained for distributions of amounts in excess of \$5,000. Distributions can be made in the form of lump sum payments or rollovers to qualified plans. Participants with vested balances in excess of \$5,000 can also elect to receive installment payments or partial withdrawals, as defined in the Plan, and may elect to defer payment until April 1 following the calendar year in which the participant attains age 72 or terminates employment, whichever is later. The Plan also provides for hardship withdrawals to participants meeting certain requirements as described in the Plan agreement.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

1. PLAN DESCRIPTION (continued)

Upon enrollment in the Plan, participants are directed to designate a beneficiary or beneficiaries by completing a designation form. If a married participant designates someone other than their spouse as primary beneficiary, then the spouse must consent to this designation by signing the form and his/her signature must be witnessed by a Plan representative or a notary public. A participant's entire account balance is payable to the designated beneficiary upon his/her death.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, which is determined by the Plan administrator based on prevailing interest rates, remains fixed for the duration of the loan. The interest rate ranged from 3.25 percent to 6.5 percent per annum on loans outstanding during the year ended December 31, 2021. Principal and interest is paid ratably through various biweekly payroll deductions over periods of 1 to 5 years, however this time period may be extended if the funds are being used to purchase a principal residence.

Administrative Expenses - A substantial portion of administrative expenses incurred in connection with the management of the Plan are paid by the Company. In accordance with Plan provisions, the Company may, at any time, elect to have some or all of such expenses paid by the Plan. Fees related to the administration of notes receivable from participants and processing distributions are charged directly to the participant's account. Under a discretionary institutional consulting arrangement with Morgan Stanley, investment advisory fees are allocated directly to participant accounts. Administrative expenses in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021 consist of loan and distribution fees paid to ADP and investment advisory fees paid to Morgan Stanley.

Termination - The Company intends to continue the Plan indefinitely, but reserves the right to modify or discontinue it at its discretion, subject to applicable provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Plan's policy is to prepare financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America for defined contribution plans.

Accounting Standard Implemented - In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirement for Fair Value Measurement*, which amends ASC 820 to remove and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The plan sponsor adopted ASU 2018-13 effective January 1, 2020 and presented the fair value disclosure in Note 5 in accordance with the updated standard.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions to the applicable participants in the subsequent year.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further information regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties - The Plan provides for various participant-directed investment options in securities including mutual funds and common/collective trusts. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. As a result of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Subsequent Events - The Plan has evaluated subsequent events through October 4, 2022, the date the financial statements were available to be issued.

3. INCOME TAX STATUS

In October 2020, the Internal Revenue Service stated in an opinion letter that the prototype plan adopted by the Plan administrator was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, however, the Plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, they believe that the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that would likely not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

4. INVESTMENTS CERTIFIED BY THE TRUSTEE (continued)

Investments in mutual funds - The participant-directed mutual funds offer various investment options ranging from conservative funds which principally seek to preserve capital and provide fixed income to aggressive funds invested principally in common stocks which seek growth of capital over the long term. The mutual funds also include TIAA-CREF Lifecycle Index funds with varied target retirement dates. See Note 5 for a description of mutual funds stated at fair value.

Investment in common/collective trust fund - The MetLife Reliance Stable Value Series 25053 held by the Plan has underlying investments which include guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions. Reliance Trust Company provides annual audited financial statements which describe the nature of the underlying investments. See Note 5 for a description of the measurement of the common/collective trust fund stated at fair value.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- * quoted prices for similar assets or liabilities in active markets;
- * quoted prices for identical or similar assets or liabilities in inactive markets;
- * inputs other than quoted prices that are observable for the asset or liability;
- * inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

5. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no material changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds - Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund - The MetLife Reliance Stable Value Series 25053 fund is valued at the net asset value of the units of the common/collective trust. The net asset value is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investments for an amount different from the reported net asset values. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the common/collective trust fund, the issuer reserves the right to require 60 days' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 30,508,032	\$ -	\$ -	\$ 30,508,032
Total assets in the fair value hierarchy	<u>\$ 30,508,032</u>	<u>\$ -</u>	<u>\$ -</u>	<u>30,508,032</u>
Investments measured at net asset value (a)				<u>1,350,854</u>
Investments at fair value				<u>\$ 31,858,886</u>

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

5. FAIR VALUE MEASUREMENTS (continued)

	Assets at Fair Value as of December 31, 2020			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 25,013,723	\$ -	\$ -	\$ 25,013,723

Investments measured at net asset value (a)				<u>303,849</u>
Investments at fair value				<u>\$ 25,317,572</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amount presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

6. RELATED-PARTY TRANSACTIONS

The Plan holds a common/collective trust investment in the MetLife Reliance Trust Company Stable Value Fund Series 25053, for which the trustee is also the trustee of the Plan. Administrative expenses in the accompanying statement of changes in net assets available for benefits represents the aggregate of fees paid to ADP as third-party administrator and Morgan Stanley as investment advisor (see Note 1). Transactions with the trustee, affiliates of the trustee, and service providers qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA.
