Owen-Adams, Inc. DBA Overhead Door Company of Dallas-Residential 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Owen-Adams, Inc. DBA Overhead Door Company of Dallas-Residential 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2 to the financial statements.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting for the 2021 Financial Statements

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 and supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Owen-Adams, Inc. DBA Overhead Door Company of Dallas-Residential 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Owen-Adams, Inc. DBA Overhead Door Company of Dallas-Residential 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Owen-Adams, Inc. DBA Overhead Door Company of Dallas-Residential (the “Company” or “Plan Sponsor”) under the provision of Section 401(a) of the United States Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Substantially all employees of the Company and its adopting employer (Adams/Ellison, L.P.) are eligible to participate in the Plan, provided they have reached 21 years of age and have completed one year of service. Employees earn a year of service for each service period in which there are 1,000 or more hours of service. Entry dates into the Plan occur semi-annually on each January 1 and July 1.

Plan Administration

The Plan is administered by the Company (the “Plan Administrator”). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities.

The daily operations, record-keeping, and third-party administration of the Plan are monitored and performed by Principal Life Insurance Company. Principal Life Insurance Company (the “Custodian” or “Principal”) is also responsible for the custody and management of the investment assets of the Plan.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, subject to certain maximum limitations imposed by the IRC. The Plan permits both “traditional” (before-tax) and “Roth” (after-tax) contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are not to exceed the limits imposed by Section 402(g) of the IRC. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Through September 30, 2020, for newly eligible employees, the Plan had an automatic contribution arrangement whereby employees were automatically enrolled into the Plan with a pre-tax compensation deferral rate of 4%. Participants could elect to stop or change the automatic contribution at any time. Effective October 1, 2020, the Plan was amended to remove the automatic contribution arrangement (see Notes 9 and 10).

The Company may contribute a discretionary matching contribution to the Plan. The Company will determine the percentage of the matching contribution, if any, to be made each Plan year, to be applied to all eligible participants for the entire Plan year. For the years ended December 31, 2021 and 2020, the Company contributed a discretionary matching contribution equal to 50% of a participant’s elective deferrals that did not exceed 4% of such participant’s compensation. Additionally, the Company may make a discretionary profit sharing contribution each Plan year, as determined by the Company’s board of directors. To share in the discretionary profit sharing contribution, participants must be an active participant on the last day of the plan year, or if not an active participant on that date, they were an active participant at any time during the plan year and had more than 499 hours of service. For the years ended December 31, 2021 and 2020, the Company did not make a discretionary profit sharing contribution to the Plan.

Owen-Adams, Inc. DBA Overhead Door Company of Dallas-Residential 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and profit sharing contributions, as well as the participant's share of investment income, appreciation (depreciation), administrative expenses, and any related distributions. Allocations are based on participant earnings or account balances as defined. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions, rollover contributions, and the earnings received on those contributions. Vesting in the Company's matching or profit sharing contributions portion of the participants' accounts is based on years of vesting service. A year of service is considered to be each twelve consecutive month period in which the participant is credited with 1,000 hours of service. A participant is 100 percent vested after six years of service. Full and immediate vesting will also occur upon attainment of normal retirement age, early retirement age, death, or total disability. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

The Plan allows for participants to borrow from their accounts under the Plan. These borrowings must be for an amount not less than \$1,000 and not more than the lesser of (a) 50% of the participant's vested account balance, reduced by any outstanding loan balance, or (b) \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. Participants may have only one loan outstanding at a time, and may only receive one loan in any twelve-month period. Each loan, by its terms, must be repaid in five years or less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with rates currently being charged by commercial lenders for loans made under similar circumstances. Principal and interest is paid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Plan, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. In the event of Plan termination, Participants will become 100% vested in their accounts to the extent not otherwise vested.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may receive a lump-sum distribution equal to the participant's vested account balance, unless the participant elects an alternate form of distribution in accordance with the Plan document. In addition, in-service and hardship distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Owen-Adams, Inc. DBA Overhead Door Company of Dallas-Residential 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts and may be used to pay Plan administrative expenses or reduce employer contributions. If any forfeitures remain, such forfeitures will be reallocated. At December 31, 2021 and 2020, there were no forfeited non-vested account balances in the Plan. Forfeitures of \$- and \$992 were used to pay Plan administrative expense during the years ended December 31, 2021 and 2020, respectively. Forfeitures of \$2,689 and \$1,390 were used to reduce employer contributions during the years ended December 31, 2021 and 2020, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is as follows:

Method of Accounting

The accounting records of the Plan are maintained on the modified cash basis. Under this basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. The Plan is under no obligation to reimburse the Company for expenses paid on its behalf. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Notes receivable from participants have interest rates ranging from 5% to 10% and are due at various dates through September 2026.

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of fully benefit-responsive investments, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Pooled separate accounts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities with the investment managers specifying the source(s) to use for underlying investment asset prices.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Units held in pooled separate accounts are valued at the net asset value ("NAV") as a practical expedient as reported by the investment managers at year end and as supported by the prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Interest income is recorded when received. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

The Plan has entered into investment contracts with Principal. Principal maintains certain investments in pooled separate accounts. Assets of these contracts are invested in shares of the specific funds elected in the contract application. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal. Each of the pooled separate accounts invests either in domestic stocks, fixed securities, or in single mutual funds which are generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the domestic stocks, fixed securities, and single mutual funds identified in the name of the fund. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the net asset value. The investment contracts may impose certain restrictions on the Plan and may be subject to circumstances (such as early termination of the contracts, lay-offs, plan termination, etc.) that impact the ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Principal Guaranteed Interest Accounts are fully-benefit responsive group annuity contracts issued by Principal, with varying terms and maturity dates. Principal is the contract issuer and is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. Principal maintains the contributions in a general account. These accounts are credited with contributions received plus earnings on the underlying investments and charged for benefit payments, participant withdrawals, transfers, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. These accounts are included in the financial statements at contract value as reported to the Plan by Principal. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. The methodology for calculating the interest crediting rate is defined in the contract. Such interest rates are continuously reviewed and reset on a routine basis.

There is a surrender charge equal to the fixed United States Treasury rate plus 0.50% that may be applied to transfers or withdrawals from a guaranteed interest account that has not matured. A surrender charge may not apply to withdrawals due to retirement, termination of employment, disability, or death.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Currently, Plan management believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or that also limit the ability of the Plan to transact at contract value with the participants. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2021 and 2020, there were no transfers in or out of levels 1, 2, or 3.

3. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Pooled separate accounts: Valued at the NAV of units of the pooled separate account held by the Plan at year end. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities, divided by the total number of units. The practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. The NAV is not a publicly-quoted price in an active market and is therefore not considered to have a readily-determinable fair value. The pooled separate accounts provide for daily redemptions by the Plan with no advance notice requirements, and has a redemption price that is determined by the NAV per unit. There are no significant unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Total investments in the fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	-
Pooled separate accounts (a)				14,713,540
Total investments at fair value				<u>\$ 14,713,540</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Total investments in the fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	-
Pooled separate accounts (a)				13,023,103
Total investments at fair value				<u>\$ 13,023,103</u>

- (a) These investments are valued using NAV as a practical expedient, and therefore have not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate as of and for the years ended December 31:

	2021	2020
Investments:		
Pooled separate accounts	\$ 14,713,540	\$ 13,023,103
Guaranteed investment contracts	<u>250,710</u>	<u>329,950</u>
Total investments	<u>\$ 14,964,250</u>	<u>\$ 13,353,053</u>
Investment income:		
Net appreciation in fair value of investments	\$ 2,067,121	\$ 1,562,935
Interest and dividends	<u>-</u>	<u>2,134</u>
Total investment income	<u>\$ 2,067,121</u>	<u>\$ 1,565,069</u>

5. TAX STATUS

Effective September 15, 2014, the Company adopted the Principal Financial Group Prototype Basic Savings Plan – Basic Plan Document No. 02 with the related adoption agreement. The United States Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2014 stating that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan, as adopted and amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan qualifies under Section 401 of the IRC and continues to be tax-exempt. Accordingly, no provision for federal income taxes has been provided in the financial statements.

Plan management evaluates tax positions taken by the Plan and determines if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. PROHIBITED TRANSACTIONS

During the years ended December 31, 2021, 2020, and 2019, the Plan inadvertently failed to deposit \$1,643, \$34, and \$125, respectively, of participant elective deferrals and loan repayments within the required timeframe as stated by the DOL. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions, which is included in the supplementary information to these financial statements for the year ended December 31, 2021. Delinquent participant contributions stemming from the 2021 and 2019 Plan years were fully corrected during the year ended December 31, 2021. However, delinquent participant contributions stemming from the 2020 Plan year remain uncorrected as of December 31, 2021. In accordance with DOL requirements, the Plan Sponsor is following the self-correction program to correct the late remittances and restore lost earnings.

NOTES TO FINANCIAL STATEMENTS

8. REPORTABLE TRANSACTIONS

During the years ended December 31, 2021 and 2020, there were no reportable transactions, investment assets both acquired and disposed of during the Plan year, loans in default or uncollectible, or non-exempt transactions with parties-in-interest which would require supplemental presentation under DOL regulations.

9. PLAN OPERATIONS

Management has identified certain operational failures through September 30, 2020 concerning the automatic contribution arrangement of the Plan, whereby certain employees may not have been automatically enrolled into the Plan properly. Management is currently evaluating any affected participants and calculating the required contributions owed to the employees. The contributions will be funded to the Plan as soon as administratively feasible after its determination.

Additionally, management has identified certain operational failures concerning the application of the Plan's definition of compensation as it applies to calculating employee deferrals and related discretionary employer matching contributions. The definition applied resulted in excess employee deferrals and employer matching contributions being contributed to participant accounts. Management is currently determining whether to forfeit the excess match which has been provided or to retroactively amend the Plan to allow the definition of compensation which has been applied. Corrective action will be taken by Plan management as soon as administratively feasible after its determination.

10. PLAN AMENDMENTS

Effective October 1, 2020, the Plan was amended to remove the automatic contribution arrangement for enrollment. As such, employees will no longer be automatically enrolled into the Plan. Enrollment will occur manually at the time employees become eligible to participate and if they choose to enroll in the Plan.

11. CHANGES IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70 ½ prior to 2020, then the prior rule of age 70 ½ applies. If a participant reaches the age of 70 ½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the SECURE Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

Effective April 7, 2020, Plan management elected the following provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act: (1) increased penalty-free distribution limits of up to \$100,000 for qualifying coronavirus reasons; (2) repayment policy of three years for all qualified distributions without being subject to retirement plan contribution limits; (3) access to all contribution sources for coronavirus disbursements; (4) increased loan limits for qualifying individuals to the lesser of (i) one hundred percent of the vested account balances or (ii) \$100,000; (5) deferment of loan repayments, if applicable, up to one year (at which point the loan will be re-amortized); and (6) waiver of required minimum distributions which would otherwise be payable during the Plan year ending December 31, 2020. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the CARES Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2203 of the CARES Act, which includes a temporary waiver of required minimum distributions for certain retirement plans and accounts. The extended deadline under this notice is December 31, 2025 for calendar year-end plans. On September 26, 2022, the IRS announced in Notice 2022-45 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2202 of the CARES Act, which includes coronavirus-related distributions and changes in loan limits and repayment requirements. The extended deadline under this notice is also December 31, 2025 for calendar year-end plans.
