Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Mammoet USA South, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

October 13, 2022

Mammoet USA South, Inc. 401(k) Profit Sharing Plan and Trust

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

October 13, 2022

Mammoet USA South, Inc. 401(k) Profit Sharing Plan and Trust

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mammoet USA South, Inc. 401(k) Profit Sharing Plan and Trust

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MAMMOET USA SOUTH, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1 - Plan Description

The following brief description of the Mammoet USA South, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information only. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan covering employees of Mammoet USA South, Inc. and adopting employers (collectively, the Company). The Company is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted by the Company on January 1, 2006 and has been amended and restated from time-to-time.

Transfer In From Affiliated Plan

In January 2020, the Company acquired ALE (UK) including its U.S. subsidiary, ALE Heavylift, Inc. Employees of ALE Heavylift Inc. continued to participate in the ALE 401(k) Plan until they adopted the Plan on January 1, 2021. In January 2021, \$870,532 of assets from the ALE 401(k) Plan transferred into the Plan.

Plan Administration

Mammoet USA South, Inc. serves as the plan administrator. Prudential Retirement Insurance and Annuity Company (PRIAC) is the asset custodian for the pooled separate account and the guaranteed investment contract and Prudential Bank & Trust, F.S.B. (PBT) is the Plan's trustee and the asset custodian for the mutual funds and the notes receivable from participants.

Eligibility

The Plan is provided for all eligible employees of the Company. Employees aged 18 and older who are covered employees, as defined, are eligible to participate in the Plan on their first day of employment. Additionally, the Plan permits certain part time, temporary or seasonal employees who are at least 21 years of age and who complete 1,000 hours or more in a consecutive 12-consecutive month period of time, as defined, to participate in the Plan upon completing the hours requirement. The Plan includes a savings feature designed to permit employees and the Company to contribute to the Plan at amounts allowable by the Internal Revenue Code (IRC).

MAMMOET USA SOUTH, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Contributions

Eligible employees may elect to defer between 1% and 96% of their eligible compensation, as defined, on a pre-tax and/or Roth basis, subject to amounts allowed under the IRC. The Plan provides for an auto enrollment feature, whereby all eligible employees hired or rehired on or after January 1, 2015, automatically begin deferring 6% of their eligible compensation after a 30 day opt out period unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee. In April of each year, the deferral percentage for those participants hired or rehired on or after January 1, 2015, will have their deferral rate increased by 1% up to a maximum contribution of 15% of eligible compensation, unless an affirmative election is made to opt out of the annual increase. Eligible employees who have attained age 50 before the close of the plan year are eligible to make catch-up contributions subject to the limitations under the IRC. Rollover contributions are permitted from other qualified retirement plans only if such rollover will not jeopardize the tax-exempt status of the Plan.

The Company is required to make safe harbor matching contributions in an amount equal to the participant's deferral that does not exceed 6% of compensation. The Company may also make discretionary non-elective contributions. The Company elected not to make discretionary non-elective contributions for the year ended December 31, 2021.

Vesting

Participants are fully vested at all times in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. With the exception of certain grandfathered employer contributions and earnings thereon as further described in the plan document, participants vest in their employer discretionary non-elective contributions at 20% after two years and in increments of 20% for each year thereafter, with the participant 100% vested after six years.

Forfeitures

Forfeitures may be used to pay administrative expenses of the Plan or to reduce future Company contributions. The balance in the forfeiture account at December 31, 2021 and 2020 was \$9,870 and \$1,299, respectively. During 2021, \$1,030 of forfeitures were utilized to pay plan expenses and \$1,624 of forfeitures were utilized to reduce Company contributions.

Participant Accounts

Separate accounts are maintained for each participant. Under the Plan, net earnings and losses are allocated daily to the participants' accounts according to an allocation formula provided in the plan document. Upon enrollment in the Plan, a participant directs the investment of his or her account balances and may change their investment options daily.

MAMMOET USA SOUTH, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Benefit Payments

Distributions may be made to participants or their beneficiaries upon termination of employment, disability, retirement or death, as applicable. In-service distributions are allowed for participants who have reached the age of 59½. Participants may also withdraw their rollover contributions at any time. Upon termination, participants with an account balance of \$1,000 or less shall receive an automatic lump sum distribution from the Plan. For participants who terminate with an account balance of more than \$1,000 but less than \$5,000, the plan administrator shall make a direct rollover into an individual retirement account. Upon withdrawal from the Plan, participants may be subject to income tax on contributions and income earned.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their respective accounts as prescribed in the plan document. Interest rates are set on a quarterly basis and are equal to the prime rate plus one percent. The loans are repaid through payroll deductions. Participants are allowed to request only one loan during each plan year. Loans issued are not less than \$1,000, with a maximum value limited to the lesser of \$50,000 or one-half of the participant's vested balance. Loan terms are limited to five years unless for the purchase of a principal residence, which could then be extended to ten years.

Note 2 - Summary of Accounting Policies

Basis of Financial Statements

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Valuation of Investments and Income Recognition

Investments of the Plan, except for the fully benefit-responsive investment contract reported at contract value, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements and Note 5 for discussion of contract value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as the unrealized gains or losses on the investments held at the end of the year.

See independent auditor's report.

MAMMOET USA SOUTH, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses as the notes are collateralized by the participants' account balances. Interest income is recorded on the accrual basis. In general, notes receivable from participants are considered in default in the calendar quarter following the quarter in which no payment is made. Defaulted loans are treated as distributions based upon the terms of the plan document.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

Administrative Expenses

Loan fees and certain transactional charges are paid by the participants. All other administrative costs are paid by the Plan, unless paid by the Company at its discretion.

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Subsequent Events

Management of the Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 13, 2022, which is the date the financial statements were available to be issued. See Note 10.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Note 3 - Information Certified by PRIAC and PBT

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from PRIAC and PBT as of December 31, 2021 and 2020 and for the year ended December 31, 2021, that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all the related information in the supplemental schedule of assets (held at end of year) is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes and the supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: These funds are valued daily at their quoted market prices.

Pooled Separate Account: This investment is valued by the issuer at its net asset value (NAV) based upon the quoted market prices of the underlying investments, when available. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Note 5 - Investment Contract with Insurance Company

The Plan has a group annuity contract with PRIAC with respect to the Plan's investments in the pooled separate account and the Guaranteed Income Fund. The pooled separate account is segregated from PRIAC's general assets, while the Guaranteed Income Fund is part of PRIAC's general account.

See independent auditor's report.

MAMMOET USA SOUTH, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

As described in Note 2, the Guaranteed Income Fund is a fully benefit-responsive investment contract that is reported at contract value. It is made up of deposits made under the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a semi-annual basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. In addition, there are no events that allow PRIAC to settle at an amount different from contract value.

Note 6 - Federal Income Tax

The Plan obtained a determination letter from the Internal Revenue Service (IRS) on December 4, 2015, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is currently designed and was being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Effective January 1, 2022, the Plan was amended and restated. The pre-approved plan adopted by the Plan received an opinion letter from the IRS dated December 4, 2020, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan has since been amended; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in any unvested Company contributions.

Note 8 - Party-in-Interest Transactions

The Plan engages in investment transactions with funds issued by PRIAC or funds issued by an affiliate of PRIAC and PBT. These transactions qualify as party-in-interest transactions and are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Note 9 - Nonexempt Party-in-Interest Transactions

As disclosed in the supplemental schedule of delinquent participant contributions, there were unintentional delays in remitting participant contributions and participant loan repayments to the Plan within the timeframe specified by the DOL's Regulation 29 CFR 2510.3-102 in the amounts of \$22,817 and \$3,644, respectively. The participant contributions and loan repayments relating to the 2020 plan year in the amount of \$2,291 and \$766, respectively, were remitted to the Plan during 2020 and lost earnings on these amounts were remitted to the Plan during 2021. The participant contributions and loan repayments relating to the 2021 plan year in the amount of \$20,526 and \$2,878, respectively, were remitted to the Plan during 2021. Lost earnings for a portion of the 2021 late remittances were remitted during 2021 and 2022. Management will correct the remaining 2021 late remittances as soon as administratively possible.

Note 10 - Subsequent Events

Effective January 1, 2022, Mammoet Northern USA, Inc., an affiliate of Mammoet USA South, Inc., adopted the Plan. Concurrently, the Plan was amended to reflect the merger of the Mammoet Northern USA, Inc. 401(k) Plan (Mammoet Northern Plan) into the Plan effective January 1, 2022. Assets of approximately \$2,448,000 were transferred into the Plan from the Mammoet Northern Plan in January 2022.
