INDEPENDENT AUDITORS' REPORT

To the Trustees
Faithlife 401(k) Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Faithlife 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Faithlife 401(k) Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Faithlife 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Faithlife 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Faithlife 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Faithlife 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 12-13 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. FAITHLIFE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Faithlife 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan covering eligible employees of Faithlife Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is designed as an ERISA Section 404(c) plan. Accordingly, the participants, and not the Plan fiduciaries, are responsible for investment decisions relating to their account assets under the Plan.

Eligibility – Employees who have completed 90 days of service are eligible to contribute to the Plan. Employees covered by a collective bargaining agreement and non-resident aliens are not eligible to participate in the Plan. Faithlife Corporation (the Sponsor) is the Plan's sponsor. The purpose of the Plan is to enable eligible employees to save for retirement.

Contributions – Upon meeting eligibility requirements, participants are automatically enrolled in the Plan with salary deferrals at 3% of eligible compensation unless the participant makes a contrary election. Every year, the deferral increases by 2% until the maximum amount of contributions allowed by the Internal Revenue Service is reached. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may elect to make nondeductible Roth contributions to the Plan.

The Sponsor may also contribute nonelective and/or matching contributions at the discretion of the Sponsor's Board of Directors. The Sponsor made matching contributions of 15% and 10% of participants' eligible salary deferral contributions up to 5% of eligible compensation for the years ended December 31, 2021 and 2020, respectively.

Participant accounts – Contributions to participant accounts are deposited into participant-directed funds at Charles Schwab Bank (the Custodian). Participants direct the investment of their contributions into various investment options offered by the Plan. The Sponsor periodically reviews the investment fund options available to participants and drops or adds investment funds as deemed appropriate.

Each participant's account is credited with the participant's contribution and allocations of the employer contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FAITHLIFE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1. DESCRIPTION OF THE PLAN, (continued)

Vesting – Participants are immediately vested in their 401(k) salary deferral contributions, amounts rolled over from other qualified plans, and any earnings thereon. Participants are 100% vested in all accounts upon reaching normal retirement age, death, disability, or termination of the Plan. The Sponsor's nonelective and matching contributions, plus any earnings thereon, vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-1	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6 or more	100 %

Notes receivable from participants – Participants may borrow from participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loan repayment terms are five years or less except for loans used to acquire a primary residence, in which case the repayment period may not exceed 15 years. A participant may have only two loans outstanding at any time. The loans are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the plan administrator. Interest rates ranged from 3.25% to 5.50% at December 31, 2021 and 2020, respectively. Principal and interest is paid ratably through payroll deductions.

Payment of benefits – A participant's normal retirement age is 65, but participants may be entitled to receive in-service distributions at age 59½. Participants may receive distributions of some or all of the vested portion of their account balance at normal retirement, disability, death, or termination of employment. Participants may also qualify for hardship distributions to satisfy certain immediate financial needs. Participants may elect to receive distributions as a single lump-sum payment, installments over a period of time not more than assumed life expectancy, and partial withdrawals of at least \$1,000. If the vested account balance does not exceed \$5,000, then the distribution must be made as a single lump-sum payment.

Administration – The Plan has an Administrative Services Agreement with Standard Retirement Services, Inc. and a Directed Benefit Custody Agreement with Charles Schwab Bank. Payroll is processed by Paylocity.

Administrative and investment expenses – Certain administrative expenses are covered by the Sponsor at no cost to the Plan. Plan administrative expenses are partially paid by the Plan and the Sponsor. Such costs include accounting, auditing, and other plan administrative expenses. Plan administrative and investment expenses paid by the Plan totaled \$6,433 and \$7,757 for the years ended December 31, 2021 and 2020, respectively. Plan administrative expenses paid by the Sponsor and not reimbursed by the Plan totaled \$131,806 and \$109,322 for the years ended December 31, 2021 and 2020, respectively.

FAITHLIFE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1. DESCRIPTION OF THE PLAN, (continued)

Forfeitures – Forfeitures of terminated participants' non-vested account balances can be used to pay plan expenses and/or to reduce the Sponsor's matching contributions. Forfeited non-vested accounts applied to reduce employer matching contributions totaled \$19,011 and \$21,881 for the years ended December 31, 2021 and 2020, respectively. There was no forfeiture balance at December 31, 2021 and 2020.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 3 for discussion of fair value measurements.

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Insurance contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive insurance contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid to participants and beneficiaries.

Subsequent events – The Plan has evaluated subsequent events up to October 10, 2022, the date the financial statements were available to be issued.

FAITHLIFE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data via correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. FAIR VALUE MEASUREMENTS, (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,709,988	\$ -	\$ -	\$ 25,709,988
Group annuity contract at contract value				<u>1,384,774</u>
Total investments				<u>\$ 27,094,762</u>
	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,844,728	\$ -	\$ -	\$ 19,844,728
Group annuity contract at contract value				<u>1,013,141</u>
Total investments				<u>\$ 20,857,869</u>

NOTE 4. GROUP ANNUITY CONTRACT

In 2012, the Plan entered into a fully benefit-responsive insurance contract in which contributions are maintained in a group annuity contract at Charles Schwab Bank. The insurance contract is reported at contract value which equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the contract issuer but is not to be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The average yield of the account based on actual earnings was 2.21% and 2.42% for the years ended December 31, 2021 and 2020, respectively.

As described above, because the insurance contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the insurance contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their insurance investment at contract value.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, may limit the Plan's ability to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of such events, which would also limit the Plan's ability to transact at contract value with participants, is likely.

FAITHLIFE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 6. FEDERAL INCOME TAX STATUS

In March 2009, the Sponsor adopted a non-standardized prototype profit-sharing plan with a cash or deferred arrangement which received a favorable determination letter from the Internal Revenue Service (IRS) dated March 31, 2008, which stated the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (the Code). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with applicable requirements of the Code. Therefore, no provision or liability for federal income taxes has been included in the Plan's financial statements.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan allows participants to direct contributions into various investments. The underlying securities of these investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain underlying securities and the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 8. CERTIFICATION

Charles Schwab Bank is the Plan's custodian. The custodian's certification applies to all investments, investment income, and notes receivable from participants.

NOTE 9. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain participants hold Standard Insurance Company Stable Asset A as an investment within the Plan as described in Note 4. The value of Stable Asset A increased \$303,536 and \$87,867 in 2021 and 2020, respectively. Standard Retirement Services, Inc. is the third party administrator, and, therefore, these transactions qualify as party-in-interest transactions. As described in Note 1, the Plan has a number of service providers who are also parties-in-interest under ERISA.
