Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Gregory Industries, Inc. Retirement and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule of Assets Held Required by ERISA

The supplemental schedule of assets held as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GREGORY INDUSTRIES, INC. RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 DESCRIPTION OF PLAN

The following description of Gregory Industries, Inc. Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description and Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, safe harbor 401(k) plan covering substantially all employees of Gregory Industries, Inc. and Subsidiaries (Plan Sponsor or Company). Subsidiaries of the Plan Sponsor include Gregory Roll Form Company, Gregory Galvanizing & Metal Processing, Inc. and Mid-Ohio Tubing, LLC (refer to Note 2 for subsequent name change). The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective September 15, 2020 (See also Note 2 for subsequent plan restatement).

The Plan covers: (1) hourly employees of Gregory Roll Form Company, who are covered by a collective bargaining agreement with the United Steelworkers of America AFL-CIO, and (2) salaried or hourly employees who are not covered by a collective bargaining agreement. Excluded employees not permitted to participate in the Plan are as follows: Employees of affiliated employers who have not specifically adopted the Plan and employees classified by the employer as independent contractors who are subsequently determined by the Internal Revenue Service (IRS) to be employees, employees acquired under a Company purchase (effective September 15, 2020), or employees who are leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of Gregory Industries, Inc. and Subsidiaries (the Company) are eligible to participate in the deferral and match components of the Plan on their date of employment.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants may elect to have their deferral percentage automatically increased each year effective January 1, 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

For the years ended December 31, 2021 and 2020, the Plan's provisions require the Company to make a safe harbor match in which they match participant contributions equal to the sum of 100% of the amount of salary reductions that are not in excess of 5% of compensation. For the years ended December 31, 2021 and 2020, the Company matching safe harbor contribution was \$385,329 and \$357,771, respectively. The Plan's provisions also allow for discretionary contributions. There were no discretionary contributions for the years ended December 31, 2021 and 2020. Contributions are subject to certain statutory limitations. The Plan further provides that contributions will be made on behalf of the union employees of Gregory Roll Form Company, who are covered under the collective bargaining agreement with the United Steelworkers of America, AFL-CIO. The contribution rates per hour for those union employees hired prior to January 1, 2012 are as follows:

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

<u>Years of Employment</u>	<u>Contribution on or After Anniversary of Employment</u>
Less than 1 Year	No Contribution
At Least 1 Year but Less than 3 Years	Fifty Cents (\$.50) Per Hour of Service Completed by Such Participant in Such Plan Year
At Least 3 Years but Less than 5 Years	Seventy-Five Cents (\$.75) Per Hour of Service Completed by Such Participant in Such Plan Year
At Least 3 Years but Less than 10 Years	One Dollar and Twenty-Five Cents (\$1.25) Per Hour of Service Completed by Such Participant in Such Plan Year
At Least 5 Years but Less than 15 Years	One Dollar and Fifty Cents (\$1.50) Per Hour of Service Completed by Such Participant in such Plan Year
After 15 Years (Effective November 1, 2017)	One Dollar and Seventy-Five Cents (\$1.75) Per Hour of Service Completed by Such Participant in Such Plan Year

Employer contributions made on behalf of employees covered by the collective bargaining agreement with the United Steelworkers of America, AFL-CIO for the years ended December 31, 2021 and 2020, were \$70,644 and \$67,855, respectively.

For those union employees hired after January 1, 2012, the Company match will equal two dollars (\$2.00) Company match for every one dollar (\$1.00) contributed by the employee on the first one hundred seventy-five dollars (\$175.00) contributed by the employee. On November 1, 2017 this match was amended and the Company match will equal three dollars (\$3.00) Company match for everyone dollar (\$1.00) contributed by the employee on the first one hundred seventy-five dollars (\$175.00) contributed by the employee.

On contributions by the employee greater than one hundred seventy-five dollars (\$175.00), the employee will receive a one dollar (\$1.00) employer match for every one dollar (\$1.00) contributed, not to exceed five percent (5%) of total wages (including overtime and profit sharing). For the years ended December 31, 2021 and 2020, the Company matched union employees \$37,653 and \$37,044, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their deferrals and the Company's safe harbor contributions plus actual earnings thereon. Employer contributions made on behalf of employees covered by the collective bargaining agreement with the United Steelworkers of America, AFL-CIO are 100% vested. Vesting in discretionary Company contributions plus actual earnings thereon is based on years of service with full vesting taking place after three years of credited service.

Participant Investment Options

Upon enrollment in the Plan, a participant must direct Employer contributions and employee deferrals to any of the investment options made available and determined by the Plan administrator. Participants may change their investment options and withholding percentage at any time without penalty.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 55 and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, and the participant fails to elect either a lump sum or rollover, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

Effective September 15, 2020, forfeited nonvested accounts may be used to reduce administrative expenses or reduce future Company contributions. Prior to this, forfeited nonvested accounts were first used to reduce administrative expenses and then were used to reduce future Company contributions. If any forfeitures still remain, such forfeitures will be reallocated whenever a discretionary contribution is made. There were no forfeited nonvested accounts at December 31, 2021 and 2020. There were no forfeitures used to pay administrative expenses for the years ended December 31, 2021 and 2020, respectively. There were no forfeitures used to reduce Company contributions for the years ended December 31, 2021 and 2020.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. The cost of administrative expenses is paid out of the Plan unless the Company elects to make payment.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

In January 2022, the Mid-Ohio Tubing, LLC subsidiary was formally amended to be Gregory Tubing, LLC. The name change did not impact the subsidiary's participation in the Plan.

In July 2022, the Plan was restated to comply with required regulatory changes and legislative amendments. The Plan was also amended to allow hardship withdrawals from qualified matching contributions and qualified nonelective contributions.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Delaware Charter Guarantee and Trust Company dba: Principal Trust Company, and Principal Life Insurance Company, the trustee and insurance company of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the supplemental schedule of assets (held at end of year) as of December 31, 2021. The statements of changes in net assets available for benefits were certified from the following trustees and insurance company:

- Delaware Charter Guarantee and Trust Company dba: Principal Trust Company, and Principal Life Insurance Company, for the period September 28, 2020 through December 31, 2021.
- Charles Schwab Bank, the trustee, for the period January 1, 2020 through September 27, 2020.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

GREGORY INDUSTRIES, INC. RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Because the participants transact at contract value, contract value approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2021			
	Level 1	Level 2	Level 3
Mutual Funds	\$ 17,549,421	\$ -	\$ -

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated June 30, 2020 received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore, not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Delaware Charter Guarantee and Trust Company dba: Principal Trust Company, and/or Principal Life Insurance Company, the trustee and insurance company of the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
