Report of Independent Auditors

To the Administrator of Equitable 401(k) Plan

Opinion

We have audited the accompanying financial statements of Equitable 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, Part IV, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EQUITABLE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of the Equitable 401(k) Plan, (the “Plan”) sponsored by Equitable Financial Life Insurance Company (“Equitable” or the “Company”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

Effective June 15, 2020, the Plan sponsor, AXA Equitable Life Insurance Company was legally renamed to Equitable Financial Life Insurance Company. The change in legal name of the Plan sponsor did not impact the terms, conditions or plan activity of the Plan.

General

The Plan is a defined contribution plan with a cash or deferred arrangement providing benefits for eligible common-law employees and statutory employees of Equitable and certain participating affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended, and the Internal Revenue Code of 1986 (the “Code”), as amended.

The Chief Human Resource Officer is permitted to appoint Committee members to be responsible for reviewing investment guidelines, monitoring asset managers, selecting asset allocations and investment options for the Plan, and delegating such responsibility as deemed appropriate.

Effective January 1, 2020, the Plan was amended to comply with the IRS guidance issued in late 2019 that repealed the previously-required 6-month suspension of elective deferrals after a participant receives a hardship distribution, expanded the types of contribution sources available for hardship distributions, removed the requirement to take available plan loans prior to requesting a hardship, added a new type of safe harbor hardship expense for losses relating to a federally-declared disaster, and updated the administrative process required to document that the distribution is necessary to meet the financial need.

Plan Fiduciary, Administrator and Trustee

The named fiduciaries of the Plan are the Administrative Committee and the Investment Committee. The Plan transitioned from Alight solution for recordkeeper and Northern Trust for custodian, trustee and disbursement services to Fidelity for recordkeeping and Fidelity Trust Company for custodian and disbursement services, effective December 1, 2021. The Administrative Committee serves as the Plan administrator. Fidelity Trust Company (“Fidelity”) serves as the legal custodian for the fixed income investments in the form of fully-benefit responsive synthetic guaranteed investment contracts.

Plan Expenses and Administration

The Plan entered into an administrative agreement with Fidelity, effective December 1, 2021, as amended from time to time, for the recordkeeping and administration of Plan. Prior to the transfer to Fidelity the Plan had an administrative agreement with Alight, effective March 21, 2011 until November 30, 2021 for the recordkeeping and administration of the Plan.

Eligibility

The Plan covers full-time employees, “Group I” part-time employees, financed financial professionals, and statutory employees, as well as other employees of Equitable and employees of certain participating affiliates who are scheduled to work a minimum of 1,000 hours in a Plan year.

EQUITABLE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Eligible new hires are automatically enrolled in the Plan after performing one hour of service. Each year, participants may contribute to the Plan on a before-tax basis, an after-tax basis, or a Roth 401(k) basis (or any combination of the foregoing), up to a percentage of annual compensation as defined in the Plan. The Plan has an automatic participation feature with a 30-day opt-out option. Eligible new hires who do not opt out, are automatically deemed to have elected a 5% before-tax contribution rate, which is automatically invested in the target allocation fund closest to the individual's 65th birthday. Participants can elect to have before-tax contributions automatically increase each year by 1% until the participant reaches a 10% deferral percentage or elects out of the automatic increase program. New hires can opt-out or change their contribution rate or investment options at any time. The maximum before-tax and/or Roth 401(k) contribution a participant can contribute is 75% of his or her annual eligible compensation, subject to reduction by limits imposed by the Code (\$19,500 for 2021).

The maximum after-tax contribution is \$10,000 (prior to January 1, 2014, the Plan permitted after-tax contributions of up to \$25,000) or 20% of the participant's annual eligible compensation (10% for Puerto Rican participants and up to \$10,000 per Plan year), whichever is less, provided that the participant's combined before-tax, Roth 401(k) and after-tax contributions cannot exceed 95% of his or her annual eligible compensation (Puerto Rican participants cannot make 401(k) Roth contributions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in the amount of \$6,500 for 2021 (The catch-up contribution limit is \$1,500 for Puerto Rican participants). The maximum before-tax and/or Roth 401(k) contribution that a participant eligible for catch up contributions can contribute per the Code was \$26,000 for 2021. Under Internal Revenue Service Code 415 (c), total maximum contribution for all contributions is the amount of \$58,000 for 2021 for 401(k) and for Puerto Rico Plan participants. Puerto Rico Plan participants are subjected to a \$19,500 annual elective deferral limit and an age 50+ catch up contribution limit of \$1,500 for 2021, for a total elective contribution limit of \$21,000 for Puerto Rican participants.

Participants may also contribute amounts representing eligible rollover distributions from other qualified defined benefit or defined contribution plans. For purposes of the Plan, compensation does not include non-benefits eligible compensation.

The Plan provides for a 100% employer match contribution on the first 3% of a participant contribution made on a before-tax or Roth basis. Plan participants may make contribution elections or changes that would apply to specific pay periods or sources of compensation starting with the 2021 Plan year.

The Company provides an annual discretionary performance-based contribution opportunity of up to 4% compensation if the applicable employer meets certain performance goals. For 2021, the Company made a performance-based contribution of 3% which equaled \$21,696,710 in March 2022.

The Plan provides non-elective Company contributions for all participants each payroll period equal to 2.5% of the eligible participant's eligible annual compensation up to the Social Security Wage Base (\$142,800 in 2021) and of 5% of the eligible participant's eligible annual compensation in excess of the Social Security Wage Base up to the IRS compensation limit of \$290,000 in 2021 (herein referred to as "Company Contributions"), provided that such participant meets certain employment conditions.

EQUITABLE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN (continued)

Performance-based contributions (if any), non-elective Company contributions and matching contributions are invested in (i) accordance with the participants' current investment election or, (ii) if no election, in the qualified default investment alternative designated by the Investment Committee, which is the target allocation fund closest to the individual's 65th birthday.

No more than twice a year, participants may convert at least \$500 or more of their eligible vested Plan account balance to a Roth 401(k) account.

Allocation Provisions

Participants direct the investment of their contributions and existing account balances into various investment options offered by the Plan. In 2021, the Plan offered thirteen target allocation funds through a group annuity contract, ten mutual funds, a self-directed brokerage window program and a fixed income mutual fund as investment options for participants. No new contributions, loan repayments, or transfers can be made to the AXA S.A. stock fund. Participants can trade out of the AXA S.A. stock fund at any time. All dividend income granted to participants invested within the common stock fund is paid to the participant and are not reinvested within the fund.

Participant Accounts

Each participant's account is credited with the participant's contribution, matching contribution/ performance-based contribution, company contribution, as applicable, and investment earnings/losses, and is also charged with an annual fee for administrative expenses taken proportionately on a quarterly basis from each participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

Active participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 or (ii) 50% of their vested account balance (minus any outstanding loans). Participants may have up to two loans outstanding at any time, either two general purpose loans or one residential and one general purpose loan. The loans are collateralized by the balance in the participant's account. Interest on the loan is equal to the prime rate at the beginning of the calendar quarter during which the loan is issued plus one percent. The interest rates for all outstanding loans in good standing ranged from 4.25% to 6.50%, respectively as of December 31, 2021 and 2020.

Principal and interest is paid over a range of one to five years for general purpose loans and five to fifteen years for residential loans. Participants whose loans are deemed distributed are not permitted to actively participate in the Plan for 6 months from the date of the deemed distribution (Under Section 11.7 of the 401(k) Plan, a 401(k) Plan participant who fails to pay the required loan payments in any month shall have the amount of such loan (plus any accrued interest) deemed to be a distribution under Internal Revenue Code Section 72(p)(1)(A) if the Participant fails to bring the loan current by the end of the following calendar quarter), which means that they will not be able to make employee deferrals or receive matching contributions but will, however, be eligible to receive the performance-based contribution (if any) and the Company Contributions.

EQUITABLE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

Upon termination of service, including due to death, disability, or retirement, the normal forms of benefit are a single sum cash payment or for single individuals is a straight life annuity and for married individuals is a qualified joint and survivor annuity. Additional forms of distribution available for participants include monthly installments or the purchase of an annuity. Required minimum distributions as required by the Code are also paid, as necessary. Participants may also become eligible for benefit distributions through special circumstances, such as natural disasters, in accordance with IRS guidance. For participants who have MONY Life Retirement Plan for Field Underwriters ("FURP") subaccounts the normal form of benefit for single individuals is a straight life annuity and for married individuals is a qualified joint and survivor annuity.

A participant who has separated from service or is disabled (as defined under the Plan) may elect to receive partial lump sum withdrawals from his or her vested account balance.

If a participant were to default on an outstanding loan, the participant's account as reflected in notes receivable from participants will be reduced by the unpaid balance of the loan. Upon default, the Plan will also record the defaulted loan balance as a benefit payment to the participant. An individual default will have no effect on the other plan participants' investment balances.

Vesting

Participants are vested immediately in their own contributions plus actual earnings, if any, thereon. Matching contributions, performance-based contributions and Company Contributions are vested upon completion of three years of service. Participants also become 100% vested upon reaching normal retirement age, or becoming disabled, or dying while in service, or if Equitable terminates the Plan or discontinues all employer contributions.

Forfeited Accounts

Upon termination of service, other than due to death or disability (as defined under the Plan), a participant will forfeit the non-vested portion of his or her account balance. Forfeitures will be used to pay for administrative expenses (see Note 5) or to reduce employer contributions, matching contributions or performance-based contributions (if any). The balance in the forfeiture account totaled \$1,464,722 and \$5,901,230 at December 31, 2021 and 2020, respectively. During 2021, \$4,436,508 from the forfeiture account was used to pay for administrative expenses.

2. SUMMARY OF ACCOUNTING POLICIES

Use of Estimates and Basis of Accounting

The accompanying financial statements are prepared in conformity with U.S. generally accepted accounting principles ("US GAAP") which requires management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. The Plan's Investment Committee determines the Plan's valuation policies and procedures utilizing information provided by its investment advisors and trustee. A description of the valuation methodologies used for assets measured at fair value is described in Note 3, *Fair Value Disclosures*. Purchases and sales of securities are recorded on a trade-date basis. The cost of investments on sales is determined using specific identification. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

EQUITABLE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Net appreciation/ (depreciation) includes the Plan's unrealized and realized gains and losses on investments bought and sold as well as held during the year.

Fully benefit – responsive synthetic guaranteed investment contracts are stated at contract value, which is the relevant measurement attribute for these contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract values, as reported by Fidelity, represent contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE DISCLOSURES

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The accounting guidance also establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value, and identifies three levels of inputs that may be used to measure fair value:

- Level 1 Quoted prices for identical instruments in active markets. Level 1 fair values generally are supported by market transactions that occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar instruments, quoted prices in markets that are not active, and inputs to model-derived valuations that are directly observable or can be corroborated by observable market data.
- Level 3 Unobservable inputs supported by little or no market activity and often requiring significant management judgment or estimation, such as an entity's own assumptions about the cash flows or other significant components of value that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level that is significant to the fair value measurement. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in these securities. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Common stock

Common Stock valued based on the last sale price traded in an active market generally would be classified as Level 1. Securities issued by AXA, S.A. traded in an over the counter foreign markets exchange and are considered Level 2.

3. FAIR VALUE DISCLOSURES (continued)

Mutual funds

Mutual funds valued at the closing net asset value of shares held by the Plan are classified as Level 1. When quoted prices in active markets are not available these securities are generally considered either Level 2 or 3 depending on the availability and observability of the inputs most significant to the measurement of fair value, hence there are no redemption restrictions.

Short-term investments

Short-term investments primarily consist of interest-bearing cash in a clearing account.

Self-Directed Brokerage Account ("SDBA")

Part of participant account balances that have been transferred to the brokerage account by the participants and invested in mutual funds as chosen by the participant.

Collective Trusts

Collective trust funds are stated at fair market based on the collective trust funds fair market value of the underlying investments. Funds with a daily "published" NAV that is used to support transactable activity (purchases/redemptions) even though the price is not in the public domain are classified as Level 2. When quoted prices in active markets are not available these securities are generally considered either Level 2 or 3 depending on the availability and observability of the inputs most significant to measure of fair value, hence there are no redemption restrictions.

The methodologies used to measure the fair values of the Plan's investments may produce amounts that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those applied by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. GUARANTEED INVESTMENT CONTRACTS

The Plan has entered into fully benefit-responsive synthetic Guaranteed Investment Contracts (“GICs”) with various insurance companies and other financial institutions (“Issuers” or “Issuer”) under the fixed income fund investment option (the “Fund”) as indicated in the tables below.

Synthetic GIC

A Synthetic GIC is a wrap contract paired with an underlying investment or investments, usually a portfolio, owned by the Plan, of high-quality, intermediate term fixed income securities. The Plan purchases a wrapper contract from a financial services institution with the intent of maintaining a stable contract value. The fair value of a Synthetic GIC equals that total of the fair value of the underlying assets plus the total wrap rebid value, which is calculated by discounting the annual rebid fee, due to rebid, over the duration of the contract assets.

A Synthetic GIC provides for a variable crediting rate, which typically resets at least quarterly, and the issuer of the wrap contract provides assurance those future adjustments to the crediting rate cannot result in a crediting rate of less than zero. The crediting rate is primarily based on the current yield-to-maturity of the covered investments, plus or minus amortization of the difference between the market value and contract value of the covered investments over the duration of the covered Investments at the time of computation. The crediting rate is most impacted by the change in the annual effective yield to maturity of the underlying securities but is also affected by the differential between the contract value and the market value of the covered investments. This difference is amortized over the duration of the covered investments. Depending on the change in duration from reset period to reset period, the magnitude of the impact to the crediting rate of the contract to market difference is heightened or lessened.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. GUARANTEED INVESTMENT CONTRACTS (continued)

The terms of the contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro-rata, based on the percentage of investments covered by each issuer. Contract termination also may occur by either party upon election and notice.

A Synthetic GIC generally imposes conditions on both the Plan and the issuer which can result in terminations in the event of default by the Plan or the issuer. An issuer may terminate a contract if the appointed Investment Manager's investment management authority over the contract is limited or terminated, as well as if all of the terms of the contract fail to be met (i.e., a breach of material obligation under the contract; a material misrepresentation; or a material amendment to the Plan agreement). In the event that the market value of the covered assets is below their contract value at the time of such termination by the issuer, the terminating issuer would not be required to make a payment to the Plan. The Plan may terminate and replace a contract in various circumstances, including where there is a default by the issuer. Instances where the issuer may be in default, include but are not limited to, the following: issuer breach of material obligation under the investment contract; a material misrepresentation; decline in the issuer's long term credit rating below a threshold set forth in the contract; acquisition or reorganization of the issuer wherein the successor issuer does not satisfy the investment or credit guidelines applicable to the issuer. In the event that the market value of the covered assets is below their contract value at the time of such termination by the Plan, the Plan may elect to keep the contract in place until such time as the market value of the covered assets is equal to their contract value. The Plan may be unable to maintain a stable contract value if the Plan is unable to promptly find a replacement Synthetic GIC with comparable terms following termination of a Synthetic GIC contract. The Plan will attempt to assess the credit quality of issuers, but there is no guarantee as to the financial condition of an issuer. Synthetic GICs are nontransferable, have no trading market and there are a limited number of issuers.

The average yield for the Synthetic GICs based on actual earnings was 1.66% and 2.15% in 2021 and 2020, respectively. The average yield for Synthetic GICs based on the interest rate credited to participants was 1.26% and 1.62% in 2021 and 2020, respectively.

As described in Note 2, because the Synthetic GICs are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Synthetic GIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Synthetic GICs purchased by the Plan are designed to pay all related participant-initiated transactions at contract value. Participant-initiated transactions are those transactions allowed by the Plan (typically this would include withdrawals for benefits, loans, or transfers to non-competing funds within the Plan).

However, the Synthetic GICs limit the ability of the Plan to transact at contract value with the Issuers upon the occurrence of certain events.

These events include:

- The Plan's failure to qualify under Section 401(a) or Section 401(k) of the Code;
- The establishment of a defined contribution plan that competes with the Plan for participants' contributions;
- Any substantive modification of the Plan or the administration of the Plan that is not consented to by the Issuer;
- Complete or partial termination of the Plan;

EQUITABLE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. GUARANTEED INVESTMENT CONTRACTS (continued)

- Any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the Fund's cash flow;
- Merger or consolidation of the Plan with another plan, the transfer of Plan assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the Plan Sponsor;
- Any communication given to participants by the Plan Sponsor or any other Plan fiduciary that is designed to induce or influence participants not to invest in the fund or to transfer assets out of the Fund;
- Exclusion of a group of previously eligible employees from eligibility in the Plan;
- Any early retirement program, group termination, group layoff, facility closing, or similar program;
- Any transfer of assets from the Fund directly to a competing option.

The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are no reserves against contract value for credit risk of the contract Issuer or otherwise.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan transitioned from Alight Solutions for recordkeeping and Northern Trust for custodian, trustee and disbursement services to Fidelity for recordkeeping and Fidelity Trust Company for custodian, trustee and disbursement services, effective December 1, 2021. Prior to December 1, 2021, Alight was the record keeper until November 30, 2021 and Northern Trust was the custodian trustee and disbursement agent of the Plan. Fidelity is the custodian for the GIC investments as well as recordkeeper effective December 1, 2021. The Plan invests in a fixed income fund managed by Fidelity. Certain Plan investments are managed by Equitable Investment Management Group, LLC and AllianceBernstein L.P., parties-in-interest. Both Equitable Investment Management Group, LLC and AllianceBernstein L.P. are affiliates of Equitable. Administrative service fees paid by the Plan directly to Equitable Investment Management Group, LLC were determined by the expense ratio of 0.80 for the fund EQ GAMCO Small Company Value K. 5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Alight, Fidelity, and Northern Trust were \$313,730, \$36,488, \$970,892, \$117,285 and \$296,538, respectively, during the year ended December 31, 2021.

The Plan incurred expenses in the amount of \$1,716,417, including \$161,198 of accrued expenses at December 31, 2021, for administrative services paid by Equitable on the Plan's behalf.

The Plan administrator and the Plan's counsel believe that the Plan's transactions with related parties and parties-in-interest are permitted by the U.S. Department of Labor's prohibited transaction exemptions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, Equitable has the right under the Plan to discontinue its contributions at any time and/or to terminate the Plan subject to the provisions of ERISA and the Code. In the event of Plan termination, the Participants would become 100% vested and assets will be distributed to participants in accordance with the provisions of the Plan.

7. TAX STATUS

The Internal Revenue Service has determined and informed Equitable by a letter dated January 19, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Code. Effective January 1, 2011, the Plan was amended to comply with the tax qualification provisions of the Puerto Rican tax code and to provide for dual qualification. A determination letter from the Puerto Rican Hacienda was received on October 25, 2013. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan has analyzed the tax positions taken, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements and does not expect this position to change within the next twelve months. The Plan is subject to routine audits by various federal, state, and local tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

The Plan recognizes accrued interest and penalties related to unrecognized tax benefits in tax expense. There were no interest and penalties included in the Plan's financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risk includes global event which could impact the value of investment securities, such as pandemic or an international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
