Independent Auditor's Report

Plan Administrator
Retirement Plan for Employees of GSCNC
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of **Retirement Plan for Employees of GSCNC**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Retirement Plan for Employees of GSCNC's** 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of **Retirement Plan for Employees of GSCNC**. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion for the 2021 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Independent Auditor's Report (continued)

Basis for Disclaimer of Opinion on the 2021 Financial Statements

As more fully described in Note 11, the **Retirement Plan for Employees of GSCNC** has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Retirement Plan for Employees of GSCNC's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of **Retirement Plan for Employees of GSCNC's** financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of **Retirement Plan for Employees of GSCNC**, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Independent Auditor's Report (continued)

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2021 and Delinquent Participant Contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion for the 2021 Financial Statements* section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of **Retirement Plan for Employees of GSCNC**. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, **Retirement Plan for Employees of GSCNC** has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our report dated July 27, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

Retirement Plan for Employees of GSCNC

Notes to Financial Statements

-
1. **Description of the Plan** The following description of the Retirement Plan for Employees of GSCNC (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Girl Scout Council of the Nation's Capital (the "Organization"), except for employees who normally work fewer than 20 hours per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In response to the coronavirus ("COVID-19") pandemic's impact on the economy, Congress passed legislation in March 2020 that eased restrictions on distributions and loans from retirement plans. Management has adopted certain provisions in 2020 in Plan operations. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

Contributions: Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Organization contributes a non-elective safe harbor contribution of three percent of eligible compensation to the Plan. The Plan allows for discretionary matching and non-elective contributions. Participants must attain age 21 and complete one year of service with at least 900 hours worked to be eligible for discretionary Organization contributions. During 2021, the Organization contributed 100 percent of the first two percent of eligible compensation that a participant contributed to the Plan as a discretionary matching contribution. Once eligible, participants must complete at least 900 hours of service during the Plan year and be employed on the last day of the Plan year to receive an allocation of any discretionary non-elective contribution. There are no such requirements to receive any discretionary matching contributions. There were no discretionary non-elective contributions for the Plan year ended December 31, 2021. Contributions are subject to certain limitations.

Retirement Plan for Employees of GSCNC

Notes to Financial Statements

Participant accounts: Each participant's account is credited with the participant's contributions, the Organization's non-elective safe harbor contributions, the Organization's discretionary matching contributions, if any, as well as allocations of the Organization's discretionary non-elective contribution, if any and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of any discretionary non-elective contributions will be made by grouping methodology, whereby each participant may constitute his or her own group. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits: Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 65 are also permitted, subject to provisions described in the Plan document. Benefits are payable in lump sum payments. Installment or periodic payments are permitted for in-service distributions only.

Vesting: Participants are vested immediately in their contributions and non-elective safe harbor contributions plus actual earnings thereon. Vesting in the Organization discretionary matching and non-elective contributions is based on years of continuous service of at least 900 hours per year. A participant is 100 percent vested after three years of service is completed in the Organization discretionary contributions. Prior to attaining three years of service participants have no vested interest in discretionary contributions.

Forfeited accounts: At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$5,251 and \$8,021, respectively. These accounts will be used to reduce future Organization contributions or to pay Plan expenses. During 2021, \$7,023 of forfeited nonvested accounts were used to pay Plan expenses and no amounts were used to reduce Organization contributions.

Notes receivable from participants: Participants may borrow from their fund accounts, held by Capital Bank and Trust Company, a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account, held by Capital Bank and Trust Company, and bear interest at the prime rate plus two percent. Principal and interest are paid through payroll deductions.

Retirement Plan for Employees of GSCNC

Notes to Financial Statements

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Organization. Transaction expenses, such as distribution administration fees are charged directly to the participant's account and are included in administrative expenses. During 2021, the Plan also paid its auditor from the forfeited nonvested accounts. These expenses are also included in administrative expenses and considered allowable Plan expenses.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Retirement Plan for Employees of GSCNC

Notes to Financial Statements

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through October 11, 2022, which is the date the financial statements were available to be issued.

3. **Certified information**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust Company and Mutual of America Life Insurance Company, the custodian and insurance company of the Plan.

Retirement Plan for Employees of GSCNC

Notes to Financial Statements

4. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of the units of pooled separate accounts is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the accounts. The NAV is used as a practical expedient to estimate fair value and is determined by Mutual of America Life Insurance Company based on fair value of the underlying assets in the account, less its liabilities.

Retirement Plan for Employees of GSCNC

Notes to Financial Statements

Money market mutual funds are reported at cost, which approximates fair value.

The fair value of assets is as follows:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,916,452	\$ -	\$ -	\$ 8,916,452
Money market mutual fund	18,288	-	-	18,288
Total assets within the fair value hierarchy	\$ 8,934,740	\$ -	\$ -	8,934,740
Investments measured at net asset value ^(a)				422,928
Total assets at fair value				\$ 9,357,668

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,491,106	\$ -	\$ -	\$ 7,491,106
Money market mutual fund	23,884	-	-	23,884
Total assets within the fair value hierarchy	\$ 7,514,990	\$ -	\$ -	7,514,990
Investments measured at net asset value ^(a)				346,256
Total assets at fair value				\$ 7,861,246

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2021 and 2020 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Retirement Plan for Employees of GSCNC

Notes to Financial Statements

The following objectives are the significant investment strategies by nature and risk for the pooled separate accounts held by the Plan as they are not directly filing entities. The objective of the asset allocation funds is capital appreciation and current income. The objective of the balanced funds is total return by investing in stocks, bonds, and money market instruments. The objective of the equity funds is long term growth of capital and income. The objective of the fixed income funds is current income. The objective of the retirement fund is current income and capital appreciation for asset allocation associated with its approximate year of retirement.

Investments in all pooled separate accounts can be redeemed immediately at the current net asset value. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2021 and 2020.

5. Guaranteed investment contract

The Plan participates in fully benefit-responsive investment contracts with Mutual of America Life Insurance Company ("MOA") via an investment in a Guaranteed Interest Accumulation Account under group annuity contracts. MOA commingles the assets of the Guaranteed Interest Accumulation Account with other assets in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MOA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value, as reported to the Plan by MOA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

6. Risks and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

The COVID-19 pandemic continues to evolve with direct and indirect economic impacts for companies world-wide. As of the date of issuance, the ultimate duration and severity of the pandemic cannot be reasonably estimated. Management will continue to monitor the impact of COVID-19 on the Plan and will reflect the consequences, as appropriate, in the Plan's financial records.

Notes to Financial Statements

-
7. **Plan termination** Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.
8. **Tax status** The Plan is a volume submitter plan of Abacus Benefit Consultants, Inc. which received an opinion letter on May 15, 2019, in which the IRS stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.
- Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
9. **Party-in-interest transactions** Certain Plan investments are managed by affiliates of Capital Bank and Trust Company and MOA. Capital Bank and Trust Company and MOA are the custodian, insurance company and recordkeepers as defined by the Plan. The Plan paid fees for recordkeeping and auditing services. These transactions qualify as exempt party-in-interest transactions.
- During 2019 and 2018, the Organization failed to remit to the custodian certain employee contributions and loan repayments totaling \$505 within the period prescribed by Department of Labor regulations. The Organization intends to make the corrective contributions to compensate affected participants in 2022. These delinquent remittances are considered nonexempt party-in-interest transactions.

10. Plan loans

Participants may borrow directly from MOA. Plan loans may be requested by a participant, and collateralized using a participant's MOA account balance in an amount equal to 120 percent of the outstanding loan balance. A Plan loan is not treated as a distribution from the Plan and is not consider a Plan asset. Therefore, Plan loans are not reported on the Statements of Net Assets Available for Benefits. Participants may borrow 50 percent of their vested account value, reduced by any loan reserve amount required by MOA, up to a maximum of \$50,000. Loans may be further limited by funding vehicles.

As of December 31, 2021 and 2020, participant accounts in the MOA account totaling approximately \$6,900 and \$8,500, respectively, served as collateral for outstanding Plan loan balances. At December 31, 2021, the interest rate of Plan loans was 3.25 percent.

11. Records management

On November 16, 2007, the Department of Labor published Form 5500 revisions and related final regulations generally effective for plan years beginning on or after January 1, 2009, which among other things, changed the annual reporting requirements for Code Section 403(b) plans covered by ERISA. The form revisions and final regulations eliminated special limited reporting for 403(b) plans. Under the new annual reporting rules, beginning with their Form 5000 filing for the 2009 plan year, "large" ERISA-covered 403(b) plans (generally plans with 100 or more participants) are required to file audited financial statements with their Form 5500. Pursuant to these new rules, the year beginning January 1, 2013, was the first year the Plan had been subject to a financial statement audit.

Prior to January 1, 2009, MOA was the insurance company for the Plan and maintained records at a contract, not Plan level. Neither the Organization nor MOA have sufficient historical accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.
