Independent Auditor's Report

The Plan Administrator and Investment Committee
Red Wing Shoe Company, Inc. 401(k) Profit Sharing Plan
Red Wing, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Red Wing Shoe Company, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of Red Wing Shoe Company, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Red Wing Shoe Company, Inc. (the Employer) and is available to all salaried employees of the Employer, retail hourly sales employees, hourly employees of the Potosi, Missouri; Danville, Kentucky; and Salt Lake City, Utah locations, and employees of the St. James Hotel. As of January 1, 2015, the Plan also covers the employees of the Boot and Shoe Local Union 527 (Union 527), Warehousing Employees Local Union 160 (Union 160), all salaried and hourly employees of S.B. Foot Tanning Company, and employees of the United Food and Commercial Workers International Local 335 Union (Union 335). Employees who are over 18 years of age and have completed at least three months of service are eligible to participate in the Plan. Upon amending the Plan, effective December 1, 2020, employees over 18 years of age are eligible to participate in the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant

Each year, participants may contribute a percentage of pre-tax annual compensation, as defined in the Plan, through elective deferrals up to the maximum allowed by tax law. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. In addition to pre-tax deferrals of compensation, participants may defer a percentage of their post-tax compensation under a Roth 401(k) election. The Plan also allows participants to transfer contributions into the Plan from another qualified plan or from an individual retirement account.

All newly eligible participants are automatically enrolled in the Plan with a 4% pre-tax deferral with an annual increase of 1% at the beginning of each subsequent Plan year until a maximum of 10% is reached, unless the participant affirmatively elects a different percentage or elects not to make an elective deferral contribution.

Employer Matching

The Employer matches 50% of each non-union participant's contributions up to 3% of the participant's compensation.

The Employer also matches contributions made by Union participants, pursuant to terms of the respective Union's Collective Bargaining Agreement. For Union 527, the Employer matches 50% of the first 4% of participant deferrals, as defined in the Plan, not to exceed \$1,400. For Union 160 and 335, the Employer matches 50% of each participant's contributions up to 3% of the participants plan compensation.

Red Wing Shoe Company, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Employer Non-elective

The Plan allows the Employer to make non-elective contributions to Union participants, pursuant to terms of the respective Union's Collective Bargaining Agreements. In order to be eligible for an Employer non-elective contribution, the participant must be employed on the last day of the year and have completed 1,000 hours of service during the Plan year. Effective for Plan years beginning on and after January 1, 2012, the Union 527 non-elective contribution is equal to 1% of eligible annual plan compensation. Effective for Plan years beginning on and after January 1, 2011, the Union 160 and 335 non-elective contribution is equal to 2% of eligible plan compensation. Union 335 participants that are also participating in the Red Wing Shoe Company pension plan are not eligible for the non-elective contribution.

Non-elective employer contributions totaled \$268,213 for the year ended December 31, 2021. These non-elective contributions were funded through forfeitures and the Vanguard Federal Money Market fund subsequent to December 31, 2021.

Employer Discretionary

The Employer may make discretionary contributions to non-union participants employed on or after June 1, 2008 and substantially all employees at the Potosi, Missouri; Danville, Kentucky; and Salt Lake City, Utah locations, all of whom were not eligible to participate in the Red Wing Shoe Company pension plan, a related plan that is sponsored by the Employer. In order to be eligible for an Employer discretionary contribution, the participant must be employed on the last day of the year and have completed 1,000 hours of service during the Plan year. Discretionary employer contributions made to non-union participants totaled \$859,022 for the year ended December 31, 2021. These discretionary contributions were funded through the Vanguard Federal Money Market fund subsequent to December 31, 2021.

Participant Accounts

Each participant account is credited with the participant's contributions, Employer contributions, an allocation of Plan earnings (losses), and charged with an allocation of administrative expenses.

Investment Options

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA, and therefore, subject to the provisions of the Plan, participants have the right to direct the investment of all their accounts to specific investment funds made available by the plan administrator.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. A participant is 100% vested in the Employer's matching, discretionary and flat non-elective contributions after three years of service. A year of service, for vesting purposes, represents each Plan year the participant works at least 1,000 hours.

Red Wing Shoe Company, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Distributions

The benefit to which a participant is entitled is the vested balance in their account. As prescribed by the Plan, the payment of benefits shall be made according to the election of the participant in the form of a rollover to another qualified plan, a lump-sum distribution, or installment payments.

Distributions of the vested portion of a participant's account can be made upon termination of employment, death, total disability or retirement. Voluntary withdrawals from a participant's pre-tax contributions are permitted for qualified financial hardship. Participants may also obtain in-service distributions under certain circumstances, as defined in the Plan. Vested benefits that do not exceed \$1,000 must be distributed in a lump-sum payment upon termination of employment. If the vested benefit is over \$1,000 but not more than \$5,000, and the participant has not elected a lump-sum distribution payment, the participant's entire balance will be automatically rolled over to a traditional IRA serviced by the Plan's third-party administrator. Effective May 1, 2021, the Plan was amended and no longer requires the involuntary cash out of account balances of terminated participants less than \$1,000. All participant accounts less than \$5,000 will be subject to the automatic rollover requirements. If the vested balance exceeds \$5,000, the participant may elect a lump-sum distribution, installment payments or partial withdrawals.

Notes Receivable from Participants

Individuals may take loans against their investment balances for reasons of qualified hardship or financial necessity. Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms may not exceed 5 years unless the loan is for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the Prime rate plus 2%.

Forfeited Accounts

Forfeitures of Employer contributions are used to offset Plan expenses and reduce future Employer contributions. During 2021, forfeitures totaled \$302,842. Forfeitures totaling \$191,236 were used to offset Employer contributions during the year ended December 31, 2021. Unused forfeitures totaled \$237,952 and \$126,346 as of December 31, 2021 and 2020, respectively.

Nonparticipant-Directed Investments

On December 30, 2019, the Plan received a cash transfer into its interest-bearing cash account of \$7,443,939 from the liquidation and excess plan assets of the Red Wing Shoe Company Pension Plan for Hourly Wage Employees. During the year ended December 31, 2020, this cash and related earnings was reinvested into a nonparticipant directed mutual fund, Vanguard Federal Money Market, and is used to pay future expenses of the Plan or to fund plan sponsor contributions to participants. Funds totaling \$908,287 were used to offset Employer contributions during the year ended December 31, 2021. The remaining balance in the Vanguard Federal Money Market account was \$5,680,577 as of December 31, 2021.

Plan Expenses

Investment management fees, custodial and recordkeeping fees, net of revenue sharing, are paid by the Plan. Fees incurred as a result of participant-directed transactions are charged directly to each participant's account. All other administrative costs are paid by the Employer.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Trades placed that have not settled as of the financial statement date are reflected as due from broker. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of investments consists of the realized gains or losses on investments sold and the change in unrealized appreciation (depreciation) on held investments.

Notes Receivable from Participants

Notes receivable from participants are secured by the balance in the participant's account and are measured at the unpaid principal balance plus unpaid accrued interest. Interest is charged based on the prevailing interest rates as determined at the time of the loan by the Plan Administrator. At December 31, 2021 and 2020, interest rates on outstanding loans ranged from 5.25% to 7.50%. No allowance for credit loss has been recorded at December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the remaining balance to be a distribution, the participant loan balance is reduced and a deemed benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Red Wing Shoe Company, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

3. Fair Value Measurements

In accordance with GAAP, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described below:

Level 1 -Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 -Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 -Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust (CCT): Valued at the net asset value ("NAV") per unit, as reported by the issuer of the collective investment trust fund on each valuation date, without further adjustment. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, less its liabilities. The Plan's investment in this common and collective trust fund is not subject to any withdrawal or redemption restrictions, and there are no unfunded commitments at December 31, 2021 and 2020.

Interest bearing cash: Valued at quoted prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Red Wing Shoe Company, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

4. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, State Street Bank and Trust Company, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Related Party Transactions

The Plan maintains certain interest bearing and non-interest-bearing cash reserve accounts with State Street Bank and Trust, the Plan's trustee. These transactions qualify as party-in-interest transactions which are exempt from prohibited transactions rules.

6. Plan Termination

While the Employer has not expressed any intent to terminate the Plan, it has the right to do so at any time subject to the provisions of ERISA. In the event of such termination of the Plan, participants will become 100% vested in their accounts.

7. Tax Status

The Plan adopted a pre-approved profit-sharing plan which received an opinion from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the plan is qualified and the Trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Service Code (the Code). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its tax qualification. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Red Wing Shoe Company, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

8. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued, for potential recognition or disclosure in the financial statements.
