Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Tarkett 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 6, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the qualified institution, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TARKETT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1-Description of plan

The following description of Tarkett 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor, defined contribution plan covering substantially all employees of Tarkett Finance, Inc. (the Company and Plan Sponsor) or employees of any of the following companies (the Participating Employers):

Tarkett Alabama Inc.
Tarkett USA Inc.
Diamond W. Supply Co.
Lexmark Carpet Mills, Inc.

An employee becomes eligible to participate in the Plan upon achieving certain service requirements with the Company or the Participating Employers, as defined in the Plan agreement. Employees covered by a collective bargaining agreement are subject to eligibility rules based on the Plan agreement. The Pension Administration Committee is responsible for oversight of the Plan. The Pension Administration Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan amendments

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws require the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

Contributions

Participants may elect to make salary-deferral contributions ranging from 1% to 80% of their annual compensation, as defined in the Plan agreement. Certain employees are subject to automatic enrollment in the Plan upon achieving certain service requirements, as defined in the Plan agreement, unless the employee elects otherwise. The Plan was amended effective August 16, 2021, to establish participant deferrals to automatically increase 1% each August 16th until the deferral rate is 10% of eligible compensation unless a participant has elected to remove such an increase. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

The Company will make a safe harbor matching contribution to the Plan equal to 100% up to the first 3% of eligible compensation and 50% up to the next 3% of eligible compensation contributed by the employee to all participants who are not covered by a collective bargaining agreement.

TARKETT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 1-Description of plan—continued

Contributions—continued

For participants who are members of the Johnsonite Bargaining Union represented by Local 507 of International Brotherhood of Teamsters (Local 507), the Company will match contributions each year, at a rate of 100% of the first 3% of eligible compensation contributed and 50% of the next 3% of eligible compensation. For the year ended December 31, 2021, the Company match for Local 507 was approximately \$470,000.

For participants who are members of the Tarkett Alabama Bargaining Unit Employees Local No. 481 (Local No. 481), under the non-contributory portion of the Plan, the Company contributes an amount equal to \$0.70 for each hour worked by the participants. The Company funds this contribution subsequent to each Plan year for the immediately preceding Plan year. For the years ended December 31, 2021 and 2020, the Company contributed \$92,658 and \$118,341, which was funded by the Company in February 2022 and 2021, respectively.

For participating members of Local No. 481, the Company also matches contributions each year. If hired prior to October 1, 2012, matching contributions are at a rate of 40% per dollar contributed by an employee, up to a maximum of 6% of eligible compensation contributed to the Plan. If hired after October 1, 2012, matching contributions are equal to 100% up to the first 3% of eligible compensation and 50% up to the next 3% of eligible compensation contributed by the employee. For the year ended December 31, 2021, the Company match for Local No. 481 was approximately \$203,000.

Contributions are subject to certain IRS limitations.

Participant accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Company's contributions and Plan earnings. Participants direct the investments of their accounts among the investment options offered by the Plan. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. In addition, participants are also 100% vested in their rollover contributions, employer matching contributions, qualified non-elective contributions, and any earnings thereon.

For matching employer contributions under the contributory portion of the Plan, participants who are members of the Local No. 481 hired prior to October 1, 2012 are entitled to 20% of their account balance after two years of service and continue vesting ratably until 100% is attained after six years of service.

Investment options

Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

TARKETT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 1-Description of plan—continued

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years, or longer for the purchase of a primary residence. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate, which is commensurate with local prevailing rates, as determined by the Plan Administrator. These rates range from 4.25% to 6.50% on loans outstanding at December 31, 2021, and mature through 2041. Principal and interest are repaid ratably through payroll deductions or alternative methods.

Payment of benefits

On termination of service due to death, disability, retirement or for any other reason, the participant or beneficiary may request a distribution equal to the value of the participant's vested interest in his or her account upon proper direction delivered to the trustee. Distributions may only be made in the form of a lump sum payable to the participant or beneficiary or a rollover into another qualified retirement plan. A participant may also elect to receive in-service distributions under the Plan upon the attainment of age 59½. Hardship withdrawals of elective contributions are permitted.

Former participants in the Tarkett Alabama Inc. Retirement and Savings Plan who had pension assets transferred into the Plan may elect to receive pension benefits in the form of a single life annuity or joint and 50% or 75% survivor annuity.

Forfeitures

Forfeited nonvested accounts totaled \$15,492 and \$299 at December 31, 2021 and 2020, respectively. The accounts will be used to reduce future employer contributions or to pay Plan administrative expenses. Forfeitures in the amount of \$448 were used to pay Plan administrative expenses during 2021.

Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balances.

Note 2-Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Note 2-Summary of significant accounting policies—continued

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Contributions

Participant deferrals and Company contributions are included in income during the period the related compensation is earned.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued and has determined there are no subsequent events that require disclosure.

Note 3-Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2021 and 2020, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, were obtained or derived from information supplied to the Plan Sponsor and certified by Fidelity Management Trust Company (the Trustee), as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. As of December 31, 2021, the Plan changed its investment methodology of common collective trusts to classify such investments as Level 1 within the fair value hierarchy. Prior to December 31, 2021, the Plan classified such investments at net asset value using the practical expedient available under Subtopic 820-10. This change in classification was retrospectively applied to investments held at December 31, 2020. There have been no other changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds – valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

TARKETT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 4-Fair value measurements—continued

Common/Collective Trust Fund – valued daily at the net asset value of units of a collective trust. The net asset value, as provided by the Trustee, is the basis of current transactions. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts – included within the self-directed brokerage accounts are interest-bearing cash, common stocks, mutual funds, and unit investment trusts. Common stocks, mutual funds, and unit investment trusts are valued at the closing price reported on the active market on which the individual investments are traded. The interest-bearing cash is valued at fair value based on its outstanding balance.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets that are measured at fair value:

Description	Total	Fair Value Measurements at December 31, 2021		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 113,882,817	\$ 113,882,817	\$ 0	\$ 0
Common/collective trust funds	86,030,465	86,030,465		
Self-directed brokerage accounts	5,349,233	5,349,233

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The common collective trust fund has no unfunded commitments, has a daily redemption frequency and require a 1-day redemption period. The fair value of the common collective trust fund, as measured at the net asset value (or its equivalent), is \$17,312,452 and \$16,195,455 at December 31, 2021 and 2020, respectively.

Note 5-Related party transactions and party in interest transactions

Fidelity Management Trust Company is the custodian as defined by the Plan, therefore, transactions with Fidelity Management Trust Company qualify as party in interest transactions. The Plan made direct payments to Fidelity Management Trust Company in the amount of \$236,195 during 2021.

Notes receivable from participants totaled \$3,510,318 and \$4,149,887 at December 31, 2021 and 2020, respectively, and the interest income from the notes receivable from participants totaled \$209,315 for the year ended December 31, 2021.

Note 6-Federal income tax status

The IRS has determined and informed the Plan Sponsor by letter dated June 30, 2020 that the Prototype Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code (IRC). The Prototype Plan has been amended since receiving the determination letter; however, the Plan Sponsor and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

TARKETT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 6-Federal income tax status-continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8-Reconciliation to Form 5500

The investments made through self-directed brokerage accounts have been reported on the Form 5500 based upon the underlying investment categories while these investments have been reported as a single line item in the Plan's financial statements.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Tarkett 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 6, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the qualified institution, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TARKETT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1-Description of plan

The following description of Tarkett 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor, defined contribution plan covering substantially all employees of Tarkett Finance, Inc. (the Company and Plan Sponsor) or employees of any of the following companies (the Participating Employers):

Tarkett Alabama Inc.
Tarkett USA Inc.
Diamond W. Supply Co.
Lexmark Carpet Mills, Inc.

An employee becomes eligible to participate in the Plan upon achieving certain service requirements with the Company or the Participating Employers, as defined in the Plan agreement. Employees covered by a collective bargaining agreement are subject to eligibility rules based on the Plan agreement. The Pension Administration Committee is responsible for oversight of the Plan. The Pension Administration Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan amendments

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws require the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

Contributions

Participants may elect to make salary-deferral contributions ranging from 1% to 80% of their annual compensation, as defined in the Plan agreement. Certain employees are subject to automatic enrollment in the Plan upon achieving certain service requirements, as defined in the Plan agreement, unless the employee elects otherwise. The Plan was amended effective August 16, 2021, to establish participant deferrals to automatically increase 1% each August 16th until the deferral rate is 10% of eligible compensation unless a participant has elected to remove such an increase. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

The Company will make a safe harbor matching contribution to the Plan equal to 100% up to the first 3% of eligible compensation and 50% up to the next 3% of eligible compensation contributed by the employee to all participants who are not covered by a collective bargaining agreement.

Note 1-Description of plan—continued

Contributions—continued

For participants who are members of the Johnsonite Bargaining Union represented by Local 507 of International Brotherhood of Teamsters (Local 507), the Company will match contributions each year, at a rate of 100% of the first 3% of eligible compensation contributed and 50% of the next 3% of eligible compensation. For the year ended December 31, 2021, the Company match for Local 507 was approximately \$470,000.

For participants who are members of the Tarkett Alabama Bargaining Unit Employees Local No. 481 (Local No. 481), under the non-contributory portion of the Plan, the Company contributes an amount equal to \$0.70 for each hour worked by the participants. The Company funds this contribution subsequent to each Plan year for the immediately preceding Plan year. For the years ended December 31, 2021 and 2020, the Company contributed \$92,658 and \$118,341, which was funded by the Company in February 2022 and 2021, respectively.

For participating members of Local No. 481, the Company also matches contributions each year. If hired prior to October 1, 2012, matching contributions are at a rate of 40% per dollar contributed by an employee, up to a maximum of 6% of eligible compensation contributed to the Plan. If hired after October 1, 2012, matching contributions are equal to 100% up to the first 3% of eligible compensation and 50% up to the next 3% of eligible compensation contributed by the employee. For the year ended December 31, 2021, the Company match for Local No. 481 was approximately \$203,000.

Contributions are subject to certain IRS limitations.

Participant accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Company's contributions and Plan earnings. Participants direct the investments of their accounts among the investment options offered by the Plan. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. In addition, participants are also 100% vested in their rollover contributions, employer matching contributions, qualified non-elective contributions, and any earnings thereon.

For matching employer contributions under the contributory portion of the Plan, participants who are members of the Local No. 481 hired prior to October 1, 2012 are entitled to 20% of their account balance after two years of service and continue vesting ratably until 100% is attained after six years of service.

Investment options

Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Note 1-Description of plan—continued

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years, or longer for the purchase of a primary residence. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate, which is commensurate with local prevailing rates, as determined by the Plan Administrator. These rates range from 4.25% to 6.50% on loans outstanding at December 31, 2021, and mature through 2041. Principal and interest are repaid ratably through payroll deductions or alternative methods.

Payment of benefits

On termination of service due to death, disability, retirement or for any other reason, the participant or beneficiary may request a distribution equal to the value of the participant's vested interest in his or her account upon proper direction delivered to the trustee. Distributions may only be made in the form of a lump sum payable to the participant or beneficiary or a rollover into another qualified retirement plan. A participant may also elect to receive in-service distributions under the Plan upon the attainment of age 59½. Hardship withdrawals of elective contributions are permitted.

Former participants in the Tarkett Alabama Inc. Retirement and Savings Plan who had pension assets transferred into the Plan may elect to receive pension benefits in the form of a single life annuity or joint and 50% or 75% survivor annuity.

Forfeitures

Forfeited nonvested accounts totaled \$15,492 and \$299 at December 31, 2021 and 2020, respectively. The accounts will be used to reduce future employer contributions or to pay Plan administrative expenses. Forfeitures in the amount of \$448 were used to pay Plan administrative expenses during 2021.

Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balances.

Note 2-Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Note 2-Summary of significant accounting policies—continued

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Contributions

Participant deferrals and Company contributions are included in income during the period the related compensation is earned.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued and has determined there are no subsequent events that require disclosure.

Note 3-Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2021 and 2020, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, were obtained or derived from information supplied to the Plan Sponsor and certified by Fidelity Management Trust Company (the Trustee), as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. As of December 31, 2021, the Plan changed its investment methodology of common collective trusts to classify such investments as Level 1 within the fair value hierarchy. Prior to December 31, 2021, the Plan classified such investments at net asset value using the practical expedient available under Subtopic 820-10. This change in classification was retrospectively applied to investments held at December 31, 2020. There have been no other changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds – valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4-Fair value measurements—continued

Common/Collective Trust Fund – valued daily at the net asset value of units of a collective trust. The net asset value, as provided by the Trustee, is the basis of current transactions. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts – included within the self-directed brokerage accounts are interest-bearing cash, common stocks, mutual funds, and unit investment trusts. Common stocks, mutual funds, and unit investment trusts are valued at the closing price reported on the active market on which the individual investments are traded. The interest-bearing cash is valued at fair value based on its outstanding balance.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets that are measured at fair value:

<u>Description</u>	<u>Total</u>	<u>Fair Value Measurements at December 31, 2021</u>		
		<u>Level (1)</u>	<u>Level (2)</u>	<u>Level (3)</u>

Investment measured at net asset value (a)	16,195,455			
Total investment assets at fair value	<u>\$ 195,840,833</u>			

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The common collective trust fund has no unfunded commitments, has a daily redemption frequency and require a 1-day redemption period. The fair value of the common collective trust fund, as measured at the net asset value (or its equivalent), is \$17,312,452 and \$16,195,455 at December 31, 2021 and 2020, respectively.

Note 5-Related party transactions and party in interest transactions

Fidelity Management Trust Company is the custodian as defined by the Plan, therefore, transactions with Fidelity Management Trust Company qualify as party in interest transactions. The Plan made direct payments to Fidelity Management Trust Company in the amount of \$236,195 during 2021.

Notes receivable from participants totaled \$3,510,318 and \$4,149,887 at December 31, 2021 and 2020, respectively, and the interest income from the notes receivable from participants totaled \$209,315 for the year ended December 31, 2021.

Note 6-Federal income tax status

The IRS has determined and informed the Plan Sponsor by letter dated June 30, 2020 that the Prototype Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code (IRC). The Prototype Plan has been amended since receiving the determination letter; however, the Plan Sponsor and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

TARKETT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 6-Federal income tax status-continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8-Reconciliation to Form 5500

The investments made through self-directed brokerage accounts have been reported on the Form 5500 based upon the underlying investment categories while these investments have been reported as a single line item in the Plan's financial statements.
