Independent Auditor's Report

The Plan Administrator
Dematic Corp. 401 (k) Retirement Plan
Grand Rapids, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Dematic Corp. 401 (k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

The 2020 financial statements of Dematic Corp. 401 (k) Retirement Plan were audited by a predecessor auditor. Their report dated October 11, 2021, indicated that

- the amounts in the 2020 financial statements, other than those derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP; and
- the certified information in the 2020 financial statements agreed to, or was derived from, in all material respects, the information prepared and certified by a qualified institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 – Description of the Plan

The following brief description of the Dematic Corp. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all eligible non-bargaining unit employees of Dematic Corp. (the Company and Plan Sponsor), and its subsidiaries. Effective January 1, 2020, the Plan was amended to change its name from Dematic Corp. Investment Plan for Non-Union Employees to Dematic Corp. 401(k) Retirement Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1975 (ERISA).

Participation Requirements

An employee is eligible to participate in the Plan upon date of hire. Upon participation in the Plan, an employee is eligible to receive a discretionary employer matching contribution. Eligible employees also receive a safe harbor employer matching contribution.

Contributions

Participants may elect to make contributions to the Plan through payroll deductions from each participant's compensation, as defined, subject to statutory limitations. Eligible participants will be automatically enrolled to defer 3% of their eligible compensation after 30 days of employment, unless they elect otherwise. Participants may elect to have their compensation deferrals allocated to pre-tax, after-tax, or Roth accounts. The Plan also allows participants to transfer funds from other employer-qualified plans into the Plan. Beginning in 2020, the Plan was amended to allow In-Plan Rother rollover contributions.

The Plan allows discretionary employer contributions not to exceed 2.5% of eligible participants' compensation during the Company's fiscal year ending during that Plan year. No discretionary employer contribution is required, and the contribution is allocated only to participants who were employed on December 31 of the Plan year. For the Plan years ended December 31, 2021 and 2020, the discretionary employer contribution was 2% of eligible compensation. The 2021 and 2020 discretionary employer contributions were paid in April 2022 and March 2021, respectively, and are included in the statements of net assets available for benefits as employer contribution receivables.

The Company also makes a safe harbor matching contribution. The matching contribution is the sum of 100% of the participant's deferral contributions on the first 3% of the participant's compensation, and 50% of the participant's deferral contributions that exceed 3% of compensation but are less than 5% of the participant's compensation during the pay period.

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains, or losses. Allocations to participant accounts are based on compensation or account balances. As specified by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct the investment of their account balances into various investment options offered by the Plan. In addition, participants may choose to invest their accounts in self-directed brokerage accounts, subject to certain restrictions.

Notes to Financial Statements

Vesting

Participants are immediately vested in their voluntary contributions and their safe harbor contributions plus actual earnings thereon. Vesting in the discretionary employer matching and equalization contribution accounts is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vesting Percent</u>
Less than 2	0%
2	40%
3	60%
4	80%
5 or more	100%

A Participant also becomes fully vested at the time of the participant's death, if the participant becomes disabled while employed, if the participant's position is eliminated due to a force reduction, or upon attainment of normal retirement age.

Forfeitures

Forfeiture balances of terminated participants' non-vested accounts are used to reduce future employer matching contributions or reduce Plan expenses. The balance in unallocated forfeiture account at December 31, 2021 and 2020 was \$2,247 and \$9,539, respectively. Forfeitures of \$424,828 and \$228,276 were used to reduce employer matching contributions during the years ended December 31, 2021 and 2020, respectively.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum payment equal to the vested interest in his or her account, or installment payments for a specific number of years, not to exceed the participant's life expectancy or the joint life expectancy of the participant and his or her spouse. In-service withdrawals are permitted upon attaining age 59 ½ and in cases of financial hardship. A participant may request a distribution from his or her rollover account or after-tax contribution account at any time. Under certain circumstances, participants may also request an in-service distribution from their matching accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates when issued. Interest rates on notes receivable outstanding at December 31, 2021 range from 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the notes were used to construct or purchase a primary residence, in which case the note terms do not exceed ten years.

Administrative Expenses

Certain custodian fees, transaction fees and other administrative expenses are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are paid by the Company. In addition, certain Plan expenses have been offset by revenue sharing income and are included on the statements of changes in net assets available for benefits.

Notes to Financial Statements

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$10,000.
- Extended the period for loan repayments, if applicable, up to one year.
- Suspended required minimum distributions for 2020.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in financial statements.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus (the COVID-19 outbreak). In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Investment Valuation and Income Recognition

The Plan's investments, except for guaranteed investment contracts, are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Guaranteed investment contracts (GICs) held by a defined contribution plan that are fully benefit responsive are reported at contract value. Contract value is the relevant measurement because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. See Note 5 for discussion of guaranteed investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Dematic Corp. 401 (k) Retirement Plan

Notes to Financial Statements

Notes Receivable – Participant Loans

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible and are recorded as benefits paid to participants in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefits payments are recorded when disbursed.

Income Taxes

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits in progress for any tax periods. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 3 – Fair Value Measurements

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, and other input that are observable or can be corroborated by observable market data.

Level 3 – Inputs to the valuation methodology are both significant to the fair value measurement and unobservable. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Pooled Separate Accounts (PSAs) - Units held in PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, short-term securities). While the majority of the underlying assets values are based on quoted prices, the net asset value (NAV) of PSAs are not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments or other restrictions relating to these investments.

Registered investment companies - These assets are valued based on quoted market price in an exchange and active market, which represents the NAV of shares held by the Plan.

Dematic Corp. 401 (k) Retirement Plan

Notes to Financial Statements

Common/Collective Trust (CCT) -These assets are valued at the NAV of the shared held by the Plan at year-end, which is provided by the trustee and is determined based on the fair value of the underlying investments, primarily GICs and similar contracts issued by insurance companies, banks and other financial institutions, and fixed-income securities. CCT provides for daily redemptions by the Plan at reported NAV with no advance notice requirement. There are no unfunded commitments or other restrictions relating to this investment.

Self-Directed Brokerage Accounts – Underlying investments consist of mutual funds and common stocks which are valued at the closing price reported on the active market on which the individual securities are traded.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's investments, by level, within the fair value hierarchy. There have been no significant transfers into or out of Levels 1, 2 or 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total

*The investments in PSAs and a CCT are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4 – Investments and Information Certified by the Plan’s Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule are complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan’s independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

The amounts included in the financial statements at December 31, 2021 and 2020 are the values reported to the Plan by the certifying trustee and have been summarized from the following:

<i>December 31,</i>	2021	2020

* Individually represent at least 5% of total plan assets at December 31, 2021 and 2020, respectively.

The Plan’s investment income (net appreciation or depreciation in fair value includes gains or losses of investments sold, as well as held during the year) is as follows:

<i>December 31,</i>	2021	2020
Net investment appreciation	\$ 85,382,095	\$ 80,462,872
Interest and dividends	\$ 3,320,431	\$ 3,391,775
Interest on notes receivable from participants	\$ 375,348	\$ 386,584
Net income on self-directed brokerage accounts	\$ 4,023,209	\$ 7,098,812

The Plan’s independent auditors did not perform auditing procedures with respect to the information included in this note except to compare such information to the related information included in the financial statements and supplemental schedule.

Dematic Corp. 401 (k) Retirement Plan

Notes to Financial Statements

Note 5 – Guaranteed Fund Contract

The Plan invested in the Principal Guaranteed Fund Contract (GFC), a guaranteed investment contract. The GFC is a benefit responsive contract entered into with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The GFC is valued at contract value for presentation in the Plan's statements of net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract has a surrender fee, should the Plan discontinue without proper notification as prescribed in the contract. Effective July 30, 2021, the Plan divested all holdings in this contract.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was a blended rate using dollar-weighted average of all the guaranteed interest rates of the guaranteed interest funds under this contract. The average yield earned by the Plan and credited to participants was 1.55% and 1.31% in 2021 and 2020, respectively.

Note 6 – Party-in-Interest Transactions and Fees

Certain Plan investments include PSAs and a GIC managed by Principal, an affiliate of Principal Trust Company. Principal Trust Company is the trustee, as defined by the Plan and, therefore, these transactions, as well as participant loans, qualify as party-in-interest transactions.

Fees paid by the Plan to Principal Trust Company for services rendered to the Plan were \$652,754 and \$564,082 for the years ended December 31, 2021 and 2020, respectively. Such fees were based on reasonable and customary rates.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, each participant's account will become fully vested.

Note 8 – Income Tax Status

The Plan obtained its latest determination letter dated March 10, 2015 in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently not audits for any tax period in progress.

Note 9 – Subsequent Events

Subsequent events have been evaluated by management through October 7, 2022, the date these financial statements were available to be issued.
