Independent Auditor's Report

To the Trustees
Orthopedic Institute of Pennsylvania
401(k) Profit Sharing Plan
Camp Hill, Pennsylvania

Opinion

We have audited the financial statements of Orthopedic Institute of Pennsylvania 401(K) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes and schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 - PLAN DESCRIPTION

The following description of the Orthopedic Institute of Pennsylvania 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing plan with a 401(k) salary deferral provision that is available to employees of Orthopedic Institute of Pennsylvania (the Company). Eligible employees commence participation in the Plan at the beginning of each calendar quarter after completion of one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participating Companies

The following Companies, which are related parties, are participating employers in the Plan:

Susquehanna Orthopedic Associates, Ltd.
Appalachian Orthopedic Center, Ltd.
Arlington Orthopedic Clinic, Inc.

Contributions

Participants may contribute up to the maximum limits, as defined by the IRS, of their compensation into the Plan. Contributions may be allocated between a regular 401(k) elective deferral account (pre-tax) and a Roth 401(k) elective deferral account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Company makes an annual non-forfeitable safe harbor contribution equal to 3% of compensation for all participants who are employed during the Plan year. The Company may also make an annual discretionary profit sharing contribution, which is allocated among the Plan's participants based on pre-defined employee classifications. Contributions are subject to certain annual limitations as imposed by the Internal Revenue Code.

Forfeitures

Forfeiture balances from terminated participants' non-vested accounts are used to reduce the Company's profit sharing contribution and if amounts remain, are reallocated to eligible Plan participants. For the period ended December 31, 2021, \$24,486 of forfeitures were used to reduce employer contributions. Amounts available for future use were \$50,169 and \$33,020 and as of December 31, 2021 and 2020, respectively.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with allocations of (a) the participant's salary deferrals, (b) employer safe harbor and profit sharing contributions, (c) Plan earnings and (d) administrative expenses. The Plan's earnings are allocated according to the participant's relative account balance in the various investment options, or specifically for those who choose to self-direct their accounts. Investment expenses for self-directed accounts are charged to each participant based upon the costs incurred for their specific advisors, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

Participants may elect to have their accounts invested in any of several diversified registered investment companies, a common/collective trust and a group annuity contract. In lieu of investing in the investments made available by the Plan administrator, participants may choose to invest 100% of their accounts in a self-directed brokerage account, subject to rules established by the Plan administrator.

Vesting

Participants are immediately vested in their salary deferral contributions and the Company's safe harbor contributions plus actual earnings thereon. The portion of participants' accounts attributable to the Company's profit sharing contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year of service until fully vested after six years.

Payment of Benefits

Payment of benefits on account of retirement, death, disability or termination of employment will be made in a lump-sum or in a series of installments. Participants 59 ½ years old may make withdrawals of their vested balance prior to termination of employment. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan. Benefits are recorded when paid.

Administrative Expenses

Administrative expenses paid by the Plan consist primarily of investment management fees. All other expenses are paid by the Company.

Termination Priorities

Although they have not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The Plan's financial statements are prepared on the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value excluding annuity contracts, which are stated at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair Value Measurements

ASC 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances. The three levels of fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

ORTHOPEDIC INSTITUTE OF PENNSYLVANIA
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Subsequent Events

The Company has evaluated subsequent events through October 13, 2022, the date on which the financial statements were available to be issued.

Effective January 1, 2022, the Plan was restated in its entirety to incorporate recent law changes in accordance with the IRS Cycle 3 restatement period.

NOTE 3 - TAX STATUS

The Plan has adopted a non-standardized volume submitter plan sponsored by Dunbar, Bender & Zapf, Inc. The Plan has received a favorable determination letter dated June 30, 2020, stating the Plan was qualified under Section 401(a) of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the code and, therefore, believes the Plan is qualified and tax exempt.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits, which totaled \$0 for the year ended December 31, 2021.

NOTE 4 - GROUP ANNUITY CONTRACT

The Plan has a fully benefit-responsive group annuity contract with an insurance company, which is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

ORTHOPEDIC INSTITUTE OF PENNSYLVANIA
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 4 - GROUP ANNUITY CONTRACT (CONTINUED)

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy and (6) early retirement incentives.

Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2021 was 0.90%. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments includes a guaranteed interest account managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the custodian, therefore, these transactions qualify as party-in-interest transactions.

NOTE 6 - PARTICIPANT DIRECTED INVESTMENTS

Participant contributions held in the Plan are participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investment options.

NOTE 7 - FAIR VALUE MEASUREMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

ORTHOPEDIC INSTITUTE OF PENNSYLVANIA
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 7 - FAIR VALUE MEASUREMENTS (CONTINUED)

Common Stocks, Preferred Stocks, Exchange-Traded Funds and Registered Investment Companies: Valued at the daily closing price as reported by the underlying investment, which is traded on a national exchange.

Corporate Bonds, Notes and Government Securities: Fixed income securities do not always trade on a daily basis so the fair values of each security are dependent upon various pricing models that incorporate benchmark yields, interest rates, credit risk, broker-dealer quotes and other valuation processes.

Life Insurance: Life insurance policies are stated at their cash surrender value, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers between Level 1, 2 or 3 assets or liabilities during the year ended December 31, 2021.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets reported at fair value as of December 31, 2021 and 2020:

Unrealized gains on investments still held at the reporting date	<u>37,118</u>
Balance, December 31, 2021	<u><u>\$ 945,407</u></u>

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit sales. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - NON-EXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer.

Contributions amounting to \$68,645 were not remitted timely to the trust during the year ended December 31, 2021.
