REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees

The Catholic University of America Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We were engaged to perform an audit of the financial statements of The Catholic University of America Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Disclaimer of opinion on the 2021 financial statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statements.

Basis for disclaimer of opinion on the 2021 financial statements

As described in Note J to the financial statements, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the 2021 financial statements may have been affected by these conditions.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matters***2021 supplemental schedules required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section on the 2021 financial statements of our report, it is inappropriate to and we do not express an opinion on the 2021 supplemental schedule referred to above.

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that because of the significance of the information that we did not audit and because the Plan had not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - DESCRIPTION OF PLAN

The following description of The Catholic University of America Retirement Plan (the "Plan"), formerly known as The Catholic University of America Defined Contribution Retirement Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by The Catholic University of America (the "University") on January 1, 1949. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is a 403(b) defined contribution plan that provides retirement benefits to qualified employees of the University. Benefits are funded by fixed dollar annuities issued by the Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") (together, TIAA and CREF), insurance providers for the Plan and TIAA, FSB, custodian for mutual funds that are record kept by TIAA. The University is the Plan administrator.

Contributions

Under the terms of the Plan, eligible regular full-time and part-time employees who are at least 26 years old and who have completed at least one year of service may elect to contribute 0.0%, 2.5% or 5.0% of their pre-tax income to the retirement plan. The University contributes 5.0% to those employees who elect a 0.0% deferral rate, 7.5% to those employees who elect a 2.5% deferral rate, and 10.0% to those employees who elect a 5.0% deferral rate. Eligible participants may elect to contribute more than 5.0% of their pre-tax income, and the additional employee deferrals more than 5.0% will be remitted to a group retirement supplemental retirement annuity ("GSRA") account. The University does not match any portion of employee deferrals remitted to the GSRA account. Each employee who elects to participate in the Plan may elect tax deferred contributions to the Plan through a salary reduction agreement specifying the amount of the participant's regular earnings to be contributed. A salary reduction agreement may be modified or terminated at any time, but changes will become effective in the month after the change is received. Effective June 1, 2020, the University may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferrals. The University may make a discretionary nonelective contribution to the Plan each year. Effective September 1, 2020, the University suspended matching contributions until August 31, 2021. Effective September 1, 2021, the matching contributions has been reinstated. There were no discretionary nonelective contribution to the plan in 2021.

Plan contributions are limited by Internal Revenue Service ("IRS") contribution limits, including limits on both employee and employer contributions. With the exception of certain catch-up contributions by participants who have attained the age of 50 prior to the end of the Plan year, a participant's salary reduction contributions to the Plan during any calendar year may not exceed the dollar limit applicable to the Plan for that year (\$19,500 for 2021). Catch-up contributions are subject to the limitations of section 414(v) (\$6,500 for 2021).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the University's contribution and (b) plan earnings, and charged with administrative expenses and plan losses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum, partial payment, or installment payment. The Plan also allows for limited withdrawals prior to separation of service for participants aged 59½ and older, and for certain hardship situations, as defined by the Plan. The Plan also provides for minimum required distributions per IRS regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 72 or the calendar year the participant retires.

The “Coronavirus Aid, Relief, and Economic Security Act” or the “CARES Act” was signed into law on March 27, 2020. In September 2020, the Plan adopted certain provisions of the CARES Act, including: adding CARES Act distributions, which allowed qualified individuals to take a coronavirus-related distribution up to \$100,000 from all eligible retirement plans; increased loan amounts for qualifying participants up to \$100,000 or 100% of vested account balances; allowed qualifying participants to defer loan repayments that would otherwise be due between March 27, 2020 and December 31, 2020; increased the required minimum distribution age from 70½ to 72; and no longer required minimum distributions with effect from April 6, 2020.

Notes Receivable from Participants

Participants may borrow from their account, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance of the participant's account. Interest rates are based on reasonable rate as outlined by the Plan at inception of the loan. Interest rate is 4.25% on outstanding notes amounting to \$91,749 as of December 31, 2021. There were no outstanding notes receivable from participants in 2020. No term extends up to a period of five years or up to 10 years for the purchase of a primary residence. A participant may have a maximum of three loans outstanding at a given time.

Plan Loans

Loans are available to participants through TIAA, subject to certain limitations. Plan loans are issued directly from the funds owned by TIAA and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity Contract (the “Traditional Annuity”) account balance is reserved, or held in collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding. See Note D for discussion of the Traditional Annuity. Investments collateralizing defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution occurs. At December 31, 2021 and 2020, participants had outstanding plan loan balances due to TIAA of approximately \$2,202,850 and \$2,421,107, respectively. These loans were collateralized by Traditional Annuity account balances of approximately \$2,423,135 and \$2,663,218, as of December 31, 2021 and 2020, respectively.

Administrative Expenses

Administrative expenses were \$91,033 for the year ended December 31, 2021. Certain administrative fees paid by the Plan are included in the expense ratios for the various investment options for TIAA and CREF and are included in net appreciation in fair value of investments. Certain participant-directed investment transactions result in purchase or redemption fees. Other routine legal, audit, and reasonable and necessary costs of the Plan are paid through the Plan's Revenue Credit Account. Plan earnings in the form of revenue credits are generated from investment options and are credited to the Plan by TIAA and CREF where they are classified as other income.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain Traditional Annuity contract types, including the GSRA, are considered fully benefit-responsive. All other Plan investments, including the Plan's interest in non-fully benefit-responsive contracts, are reported at fair value. See Note D for further discussion of the TIAA Traditional Annuity.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the GSRA contract, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Recently Adopted Accounting Pronouncement

The Plan adopted Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement* for the year ended December 31, 2021. This standard was issued by the Financial Accounting Standards Board to modify the disclosure requirements on fair value measurements, including removal of disclosures that are no longer considered cost beneficial, clarification of specific disclosure requirements, and addition of disclosures identified as broadly relevant. In accordance with ASU 2018-13, the Plan has disclosed the purchases, sales, and transfers in and out of Level 3 of the fair value hierarchy in lieu of the rollforward of Level 3 fair value measurements.

NOTE C - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, insurance providers for the Plan have certified that the following information included in the financial statements and supplemental schedule is complete and accurate. The certification made by TIAA also extends to investments that were record-kept by TIAA, but were held by TIA,FSB, a federal savings association, as directed trustee or custodian.

- Investments, at fair value and contract value, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - TIAA TRADITIONAL ANNUITY

The Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including the non-fully benefit responsive Retirement Annuities ("RA") and the fully benefit responsive GSRA. The type of contract through which a participant invests in the Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. Plan loan default balances are invested in the GSRA fund.

When participants choose to allocate a portion of their retirement savings to the Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA contracts, the crediting interest rate was 3.70% as of December 31, 2021 and 3.00% as of 2020. For accumulating GSRA contracts, the crediting interest rate was 3.00% as of December 31, 2021 and 2020.

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. The GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

NOTE E - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are deprived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued based on quoted prices of the fund in active markets and are classified within Level 1 of the fair value hierarchy.

Variable Annuity Contracts: The fair values of accumulation units held by the Plan in the CREF accounts (registered investment companies held as variable annuity accounts) are based on each account's daily net asset value ("NAV"), which is considered by Plan management to be the best approximation of fair value. CREF accounts are not exchange-traded. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website (Level 1) and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

The Catholic University of America Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Pooled Separate Account: The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV. This investment is classified within Level 2 of the fair value hierarchy. The unit value of the fund is calculated daily and available to plan administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participants in the Plan who invest in this account.

Fixed annuity contracts: The Plan has a TIAA Traditional Annuity investment through the RA, a non-fully benefit-responsive contract. The RA Traditional Annuity is a fixed-rate contract-based investment for which observable prices for identical or similar investments do not exist and is classified as Level 3. Investments in the RA TIAA Traditional Annuity earn a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. See also Note D for discussion of the Traditional Annuity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 176,750,300	\$ -	\$ -	\$ 176,750,300
Variable annuity contracts	229,336,336	-	-	229,336,336
Pooled separate account	-	18,489,247	-	18,489,247
Fixed annuity contracts	-	-	137,130,829	137,130,829
Total assets at fair value	<u>\$ 406,086,636</u>	<u>\$ 18,489,247</u>	<u>\$ 137,130,829</u>	<u>\$ 561,706,712</u>

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 152,056,424	\$ -	\$ -	\$ 152,056,424
Variable annuity contracts	210,505,576	-	-	210,505,576
Pooled separate account	-	14,415,301	-	14,415,301
Fixed annuity contracts	-	-	137,165,931	137,165,931
Total assets at fair value	<u>\$ 362,562,000</u>	<u>\$ 14,415,301</u>	<u>\$ 137,165,931</u>	<u>\$ 514,143,232</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Catholic University of America Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no transfers in or out of Levels 1, 2, or 3.

The Plan's level 3 assets for the year ended December 31, 2021 included purchases of \$11,908,552 and sales of \$16,098,618.

Except for the Plan's investment in TIAA Traditional Annuity accounts, gains and losses (realized and unrealized) are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits. Realized and unrealized gains (losses) from the TIAA Traditional Annuity accounts are not included in the statement of changes in net assets available for benefits as the contracts are recorded at contract value for purposes of the net assets available for benefits; the Plan's income related to these contracts is reported as interest income.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2021 and 2020:

	2021 Fair Value	2020 Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range*
TIAA Traditional Annuity Accounts	\$ 137,130,830	\$ 137,165,931	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA 3.00% - 3.80%

**See Note D for definitions of the RA contract type.*

Significant increases or decreases in the above unobservable inputs in isolation would result in a significantly lower or higher fair value measurement for such assets.

Gains and losses (realized and unrealized) included in changes in net assets are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

The Plan permits notes receivable from participants and investments are managed by the Plan's insurance providers and custodian for mutual funds, as such, these transactions qualify as party-in-interest transactions.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are automatically 100% vested in their University contributions.

NOTE H - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("IRC"). The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. Plan is required to operate in conformity with the IRC to maintain the tax-exempt status

The Catholic University of America Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

for Plan participants under Section 403(b). The Plan was restated effective January 1, 2018 using a volume submitter plan document for which TIAA received an advisory letter dated August 7, 2017 from the IRS stating the form of the Plan was acceptable under Section 403(b) of the IRC. The Plan administrator believes the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified, and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or assets) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak, related advisories and restrictions, and the impact of COVID-19 on the financial markets and the overall economy; all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

NOTE J - RECORDS MANAGEMENT

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of the ERISA, as amended. Prior to the amended regulations, the Plan, established January 1, 1949, was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the University. Accordingly, various accounting records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 4, 2022, the date the financial statements were available to be issued.

Management is not aware of any subsequent events which would require recognition or disclosure in the accompanying financial statements.
