INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Fairfield Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit the financial statements of the Fairfield Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, and Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan

The following description of the Fairfield Retirement and Savings Plan (the "Plan") provides only general information. Participants should refer to the legal *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan is a qualified retirement plan originally effective January 1, 1991, to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The amended and restated provisions of the Plan became effective January 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligible employees of Fairfield-Maxwell Ltd. (the "Company") who have attained the age 21 and completed 90 days of service are eligible to participate in the Plan. Fairfield Industries Incorporated; Fairfield-Maxwell Services Ltd.; Great American Lines, Inc; and SP Equity Holding LLC are other employers which have adopted the provisions of the Plan. Reliance Trust Company and Great-West Trust Company, LLC serve as custodians of the Plan. Massachusetts Mutual Life Insurance Company ("MassMutual") serves as the recordkeeper of the Plan.

Contributions

The Plan includes an automatic salary deferral feature. The Company will automatically withhold 5% of compensation if the participant does not complete a salary deferral agreement to elect an alternative deferral amount or to elect not to defer under the Plan. Deferral contributions for participants having automatic enrollment contributions made on their behalf are increased annually by 1%, not to exceed 10% of compensation. Total deferrals in any taxable year may not exceed a dollar limit which is set by the Internal Revenue Code ("IRC"). Participants at least age 50 or will attain age 50 before the end of a calendar year may elect to defer additional amounts as catch-up contributions.

The Company adopted the safe harbor provisions of the IRC. In order to maintain safe harbor status, the Company will make a safe harbor matching contribution equal to 100% of participant contributions that do not exceed 5% of the participant's compensation. The Company may also make a discretionary contribution to the Plan. For the years ended December 31, 2021 and 2020, no discretionary employer contributions were made.

Participants are permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions, rollover contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Fairfield Retirement and Savings Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan (Continued)Vesting

Participants are always 100% vested in their participant contributions, employer contributions, and rollover contributions, plus actual Plan earnings thereon.

Notes receivable from participants

Loans are available to participants on a reasonably equivalent basis. All loans are adequately secured and charged a reasonable rate of interest. Loans will be limited to the lesser of \$50,000 reduced by the highest outstanding balance of loans during the one-year prior period or 1/2 of their vested interest in the Plan. No loan in an amount less than \$1,000 will be made. Generally, the term of the loan may not exceed five years unless the loan is for the purchase of a principal residence. Principal and interest are paid ratably through payroll deductions.

During 2020, the Company made the election to allow participants to take Coronavirus-related loans under the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). Coronavirus-related loans were permitted to qualified individuals up to the lesser of \$100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Distributions to participants

Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan upon termination of employment, normal retirement, disability, or death. In-service distributions are permitted when a participant attains age 59 1/2 or in the event of financial hardship. Benefits under the Plan will generally be paid in cash only.

If the participant's vested account balance does not exceed \$5,000, then the vested account balance may only be distributed in a single lump-sum payment. If the participant's vested account balance exceeds \$5,000, the participant may elect to receive a distribution in a single lump-sum payment, installments, partial withdrawals, or an annuity.

During 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the CARES Act. CRDs were permitted to qualified individuals during 2020 not to exceed \$100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or Individual Retirement Account over a three-year period.

Plan termination

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will continue to be 100% vested.

Fairfield Retirement and Savings Plan

Notes to Financial Statements

December 31, 2021

Note 2 - Summary of Accounting PoliciesBasis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the 2020 financials for consistency with current year presentation. These reclassifications has no effect on net assets available for benefits or net decrease in net assets available for benefits.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Fairfield Retirement and Savings Plan

Notes to Financial Statements

December 31, 2021

Note 2 - Summary of Accounting Policies (Continued)Subsequent events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued. The Plan was amended and restated effective January 1, 2022.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

- Mutual funds – Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective investment trusts – Valued at the NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liability. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV.

Note 4 - Guaranteed Investment Contract

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with MassMutual totaling \$4,285,082 and \$3,525,172 at December 31, 2021 and 2020, respectively. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Fairfield Retirement and Savings Plan

Notes to Financial Statements

December 31, 2021

Note 4 - Guaranteed Investment Contract (Continued)

The crediting rate is based on a formula established by MassMutual. The average yield earned by the Plan and credit to participants for 2021 and 2020 was 2.66% and 2.81%, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on MassMutual's ability to meet its financial obligations. MassMutual's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with MassMutual. Such events include but may not be limited to the complete or partial termination of the Plan; the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. No events are probable that might limit the ability of the Plan to transact at contract value with MassMutual and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow MassMutual to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines; a breach of material obligation under the contract; a material misrepresentation; and a material amendment to the agreement without the consent of MassMutual.

Note 5 - Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing/money purchase/Cash or Deferred Arrangement (CODA) plan which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the pre-approved plan was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

December 31, 2021

Note 6 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest income on notes receivable from participants for the years then ended, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Reliance Trust Company and Great-West Trust Company, LLC.

Note 7 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by MassMutual. MassMutual is the recordkeeper for the Plan and, therefore, these transactions qualify at party-in-interest transactions.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Prohibited Transactions

During 2021 and 2020, the Company failed to remit certain participant contributions totaling \$229,325 within the period prescribed by Department of Labor regulations. In December 2021, the Company made a contribution to the affected participants' accounts for potential lost income due to the delays. These contributions are considered prohibited transactions. These prohibited transactions do not affect the tax status determination of the Plan.
